

END OF THE "EMPRESS BAY"—With the Brooklyn Bridge in the background, the bow of the gasoline tanker "Empress Bay" slowly slides beneath the waters of the East River. The tanker was rammed by the Swedish freighter "Nebraska," which was towed to port still afloat. Two crewmen aboard the tanker were killed but 49 were carried off the doomed ship by fire-fighting craft. The fire and explosion on the tanker after the collision spread to both ships and the Manhattan Bridge overhead. A warning buoy is in the foreground.

## The Passing Parade

By HAROLD S. MAY

There's no use in "hoarding" 3-cent stamps in an effort to beat the increase in price effective August 1—you'll still have to affix four-cents-worth of postage to every letter you mail. We understand that the increased price of postage will cut down the volume of mail in every category except monthly bills and love letters, both of which will continue costly.

If you can't say something nice about a person, go ahead and say it anyway. Somebody is bound to enjoy it.

We don't know whether to tell you about the two patients in a hospital who were exceedingly bored—but, here goes. It seems they found a stack of diagnosis cards in a corner and began a game of poker. One shuffled the cards and dealt. They picked up their cards and looked at their hands. One bet, the other raised, and they raised and raised again, until finally one of them called. "Looks like I win. I've got three pneumonias and two gallstones," said one. "Not so fast. Not so fast," countered the other. "I've got four enemies." "Well," replied the first, "I guess you take the pot."

A man who thinks marriage is a 50-50 proposition, doesn't understand one of two things—women or fractions.

Practically every TV program today is sponsored by some cosmetic firm, so the manufacturer of a revolutionary cream deodorant has gotten around to considering a program. However, the type of program to produce is being questioned as this product makes you vanish and then the people wonder where the odor is coming from.

It may not be true but we are told that the other Monday morning a man was brought before the city recorder on a drunk and charge. His honor asked the arresting officer what made him think that the prisoner at the bar was drunk Saturday night when he was arrested. "Well, Judge," the officer said, "it didn't bother me when he staggered up Court Street and fell flat on his face, but when he put a nickel in the mailbox at the corner of Tennessee Street, looked up at the Court House clock and said: 'My Gawd, I've lost fourteen pounds! I brought him in.'"

The girl who lays all her cards on the table—will usually be left playing solitaire.

The lovesick suitor had reached the point where he could go no farther without the sweet young thing by his side and so, when the proper moment arrived that Sunday night, he began: "I'm not wealthy and I do not have a comfortable and fine camp and yacht on the lake like John Jones—but, darling, I love you so much." "And I love you, too, my dear," replied the fair one. "But, Jim, tell me more about John Jones."

Have you listened to your voice on a play-back of a tape recorder? If so, you just don't believe that your voice sounds like that. In addition, if we could see ourselves as others see us—we wouldn't believe our eyes.

Even a successful man can lose his shirt—if he has a teenage daughter.

The young man and the young lady walking in opposite directions bumped into each other as they turned a corner. Backing up, they both apologized and started up again. Both dodged the same way and bumped again. Backing up a second time, the young man tipped his hat and remarked: "Just once more, honey, then I've really got to go."

We don't believe it, but a fellow just told us that the new styles in women's dresses were concocted by a drunken tent maker that hates women.

## President Tells Canada Of U. S. Good Intentions

### Eisenhower In Talk To Parliament Stresses Need For Mutual Harmony

President Eisenhower told Canada's Parliament Wednesday that differences between the two neighbor nations can be solved and must not be allowed to overshadow the "transcendent importance of free world cooperation in the winning of the global struggle against Communism."

In his prepared address: Mr. Eisenhower said, "we stand together at a pivotal point in history. All that we Canadians and Americans, and those who went before us have built, all that we believe in, is challenged as it has never been challenged before. The new horizons of competition range from the polar areas and extend to the infinity of outer space."

In the light of recent differences between the United States and Canada Mr. Eisenhower told his audience there "is no cause to be surprised or disturbed." He got down to specific points of difference in referring to wheat exports, American restrictions on oil imports, Canada's trade imbalance with this country and the heavy flow of U. S. investment capital into Canada.

It was in awareness of such criticism that Mr. Eisenhower made the Canadian trip in an attempt to placate the feelings of the Canadians and strengthen the ties of friendship that have been slipping of late. The President was presented to Parliament by Prime Minister John G. Diefenbaker.

The President did not mention the proposed creation of a joint Canadian-American Cabinet of Defense though this is considered a new means for mutual assistance and cooperation between the two nations.

Canadians consider that U. S. wheat disposal program has cut into Canadian markets abroad and Mr. Eisenhower hastened to assure his listeners that this nation has no intent to damage normal commercial markets overseas. He said he believed most of the basis for objection had been removed and he added, "the doors of consultation will be kept fully open on this subject."

He contended that many hungry people have had food which they would not have had otherwise and that storage of the products would have depressed world markets.

Canada, it was pointed out, had been unhappy about an unfavorable balance in trade with the United States amounting to about a billion dollars a year. The President observed that American goods flow across the border "only because Canadians want to buy them." He pointed out also that control of Canadian industries by Americans is subject to Canada's laws.

Canadians were understood to be favorable toward a joint defense cabinet committee. The two countries already have a joint military board set up during World War II.

## Refund Forms For Gas Available

Forms for claiming a refund on tractor gasoline are available at the county agent's office, says Agent L. T. Waggon.

The filing period began on July 1 and will end on Sept. 30. Gas claimed must have been purchased from Sept. 23, 1957 (effective date of new law) through June 30, 1958. Thereafter, claims will cover purchases for 12-month period ending on June 30 of each year.

Farmers will list purchases from different dealers separately, Waggon stated. The total number of tractors will be given in order that they may be assessed for ad valorem tax purposes. All tractors must be assessed before the claim is made.

The rate of refund of state tax will be six cents per gallon, Waggon concluded.

## Late News

Cuban rebels freed another American civilian hostage Tuesday, leaving 33 North Americans still in insurgent hands. Released was Raymond Elmore, 53, of Haynesville, La., assistant manager of the Ermita Sugar Mill near Guantanamo. He was seized June 28. Elmore was brought out of the mountains by helicopter to the U. S. Naval Base at Guantanamo with U. S. Vice Consul Robert Wiecha. Elmore was the 17th hostage to be released since the kidnappings began last month.

Nikita S. Khrushchev, Russian premier, told a rally in Communist East Germany Tuesday that Russia will defeat capitalism without a war. In a speech peppered with derisive thrusts at the United States, he cited the American recession and Soviet Sputnik triumphs as proof of his claim. Khrushchev's speech in the industrial town of Halle differed in tone from the weary words he voiced at a half-hearted welcoming ceremony in East Berlin earlier Tuesday. He warned, however, that capitalism still was strong and the Red-ruled countries must increase the speed of their buildup from year to year. He said that Yugoslavia would march with Russia.

Unemployment reached a 17-year high of 5,437,000 in June, Secretary of Labor James P. Mitchell has announced. Secretary Mitchell had previously warned that unemployment might reach six million in June. The June record topped May's record by 533,000 and was the highest since August, 1941, when 6,190,000 were unemployed.

## Alabama Cotton Acreage Suffers 25 Per Cent Cut

### Deficit in Crop May Eliminate Surplus According To Reports

It is estimated that farmers cut their cotton acreage this year 12 per cent under the crop control and land retirement program. This, it was stated, may well eliminate the cotton surplus.

Alabama's cotton acreage suffered one of the largest reductions, 25 per cent. Acreage planted in cotton this year was 560,000 or 75 per cent of last year's figure. Acreage in cultivation July 1 was 550,000. By contrast California had 103 per cent of last year's figure, Arizona 107 per cent, New Mexico 96 per cent and Texas 91 per cent.

In its first report of the year the Department of Agriculture estimated the cultivated cotton acreage in July to be 12,402,000 acres compared with 14,066,000 for last year. The 10-year average for the 1946-55 period was 22,611,000 acres. At one time 40 million acres were planted in cotton.

While it made no forecast on production the department predicted the crop at about 9,549,000 bales at recent average acre yields. This would be the smallest crop since 1946 when production was 8,640,000 bales.

Last year the crop totaled 10,964,000 bales.

The first official forecast of cotton production will be made Aug. 8.

Under the Department's control program farmers were allotted about 17,500,000 acres but they placed nearly five million acres in the President's Soil Bank. Federal payments are made for acreage under this program.

The crop deficit was far below the prospective market requirements of 13 million bales and will have to be supplied from reserve and surplus stocks estimated at 8,700,000. It may be the shortest crop since 1876.

The cotton crop generally is late this year due to late planting in many areas.

## New Westminster Church is Opened

### 1st Presbyterian Church Sponsors Congregation in Edgemont Section

The first services were held in the new building of the Westminster Presbyterian Church located at Rickwood Road at Hermitage Drive in Edgemont on July 6.

This first unit which is the educational plant includes on the first floor 3,900 square feet of classroom space while the second floor has a large fellowship hall which is to be used temporarily for worship services, church suppers, and other meetings.

The building was constructed at a cost of over \$100,000 and was financed through the joint efforts of the First Presbyterian Church which sponsored the colonization and members of Westminster Church, 92 of whom were former members of the parent church.

Services will be held at 11 a. m. each Sunday with Church School at 9:45 a. m.

## Mayor E. F. Martin Misses His First Commission Meet

Ellie F. Martin, serving his fourth term as Mayor of Florence, was absent from a city commission meeting for the first time Tuesday. At the time, he was in Washington, D. C., discussing the plight of Alabama cities with Congressmen and other delegates of the Alabama League of Municipalities.

Mayor Martin estimated that during his almost 10 years as mayor, he has attended more than 500 regular commission meetings.

## Cotton Group Draws Support But Prospects Held Very Dim

### Hospital Board Hears Progress Report By Barnes

#### New Addition May Be Started In September; Plans Will Be Studied

The Board of Governors of Eliza Coffee Memorial Hospital in session Tuesday noon at Mitchell-Hollingsworth Annex heard various progress reports by R. C. Barnes, administrator, and acted upon several important matters. Probate Judge Herman K. Longshore, co-chairman, presided.

Mr. Barnes said that the plans for the new addition to the hospital, now being prepared by Northampton, Smith and Kranert, architects, were being rounded into shape and that in the near future would be placed before the board for further study.

The preliminary plans for the \$1,500,000 addition were approved by the board at its meeting on February 24. It was originally thought that the addition could be started by August 1, but as a result of the intricate plans that are being approved, the work has been set back to at least a month after the bids are expected to be taken in early September.

The plans for the addition include a four-story wing that will extend to the north and a three-story wing extending to the south. The number of beds will be raised from its present total of 100 to between 175 and 192, according to Mr. Barnes.

In the north wing will be housed the out-patient section, along with the laboratory, X-ray and cobalt services in the basement or first floor. The second floor of the north wing will contain a large kitchen and dining facilities, with the third floor housing four complete operating rooms and a "recovery" room, where patients will be removed directly from surgery for observation in their beds.

The top floor of the north wing will be given over to the obstetrical and nursery services.

In the south wing will be included additional bedroom spaces, area for administrative offices, retiring and prayer rooms, emergency and out-patient departments, space for keeping of medical records, and a research laboratory with the latest medical facilities available.

## George J. Green In Commission Race

### Widely-Known Resident Of Florence Has Active Civic, Fraternal, Church

George J. Green, widely-known resident of Florence, today announced his candidacy for member of the City Commission, subject to the action of the voters in the municipal election, Monday, September 15.

Mr. Green, who recently retired as County Service Commissioner of the State Department of Veterans Affairs, has been active in civic, veteran and church affairs since moving to Florence in 1912. He is a veteran of World War I, a past commander of Florence-Lauderdale Post No. 11, American Legion, a member of Post 5140, V. F. W., the Florence Civitan Club and the Masonic Lodge.

Long a member of the affairs of North Wood Methodist church, Mr. Green has served as the chairman of the Board of Stewards and at present is chairman of the Board of Trustees.

Some years prior to his connection with the State Department of Veterans Affairs, Mr. Green was in the automobile business as the local Oldsmobile dealer, also successfully operated a garage and service station in North Florence.

Through his business endeavors and close association with a large portion of the residents of Florence in his various civic, fraternal and church activities, Mr. Green is well informed on the operations and future needs of the city. Progressive in his thinking, but with thorough training in sound business operation, his friends throughout the city who have urged his entry in the commissioner's race, point to his ability to render an outstanding service to the people of Florence.

In discussing his entry in his race, Mr. Green said: "For so many years it has been a pleasure to serve the people of Florence and our county and now that I am retired from my long-time office of county service commissioner, I have full time to devote to the office, if honored with election. It is my desire to serve my hometown faithfully and conscientiously in order that we may have a bigger city, a better city and a cleaner city. To this I shall be dedicated if favored with your vote on September 15."

### Horse Show Said Successful Event

#### Weather Thins Crowd; Winners of Various Classes Announced

The second annual Muscle Shoals Horse Show, which was held July 5, was termed a "success" by N. R. Starkey, chairman.

"Although the weather conditions were not what we had hoped for, a nice crowd was on hand for the event. It was impossible to change the time for the event as the owners and riders of the horses had their schedules arranged; thus, we had to go on with the show as scheduled," Mr. Starkey stated.

Winners of the first of the 13 classes, which was the Hunters and Jumpers class, was Pegases, owned and ridden by H. R. Bal-jew, Jackson, Tenn.

In the 2-Year Walking Stallions and Geldings class, Maids Mackey, owned by Joe Urquhart, Columbia, won first place. For the Pleasure Horses class, riders 13 and under, Mamie Allen, ridden by Nancy Jeter, Florence, won first place.

In the same class, riders 13 and under, Marjorie Allen, ridden by Mrs. Frank Parnell, Newbern, Tenn., was first place winner.

Go Boys Maggie, ridden by Vic Thompson, and owned by Dr. R. H. Pegram, Tupelo, Miss., won first place in the Three-Year Old Walking Mares, Stallions and Geldings Class. Mac Gambler, ridden by Bobby Burns, and owned by Grace Swalley, Cleveland, Ohio, (Continued on Page 2)

## Hill, Sparkman Hold Out Little Hope For Relief

A meeting was held on Capitol Hill with the Alabama cotton delegation Tuesday, highlighting the days activities in which members met with Alabama's congressmen and senators with respect to the acreage allotment and price support bill.

Rep. Cooley, (D-N.C.), who talked with members of the state's Legislative Cotton Study Committee in Washington in support of their bill, was quoted as strong in support of the committee's proposals but was of the opinion it would not be acceptable to Secretary of Agriculture, Ezra Benson.

Legislation Doubtful  
Ed Mauldin of Leighton is serving as consultant to the legislative group and was told by Cooley that he doubted any farm legislation would be passed before the 1959 session of Congress.

Senators Lister Hill and John Sparkman, Eighth District Representative Bob Jones, and Seventh District Carl Elliott, were "helpful" members stated.

However both Hill and Sparkman, while in hearty accord and sympathy with the committee's efforts, told the group that chances of amending the farm bill in the senate were not too good at this time.

### Mayor In Washington

A delegation of Alabama Mayors including mayors E. F. Martin of Florence, C. L. Breard of Sheffield, and Hayes Malone of Russellville, were also in Washington this week to bolster the Alabama cotton committee's program. They introduced a resolution recommending that the program outlined in the official report of the Alabama Legislative Cotton Study Committee be incorporated in national cotton legislation.

One thing that confronted proponents of the cotton bill was another bill supported by the Alabama Farm Bureau Federation that is said to be unacceptable to the legislative group. It was described by Rep. Gilchrist of Morgan County, chairman of the study group as dangerous.

This afternoon they called on Marvin L. McLain, assistant secretary of agriculture.

Thursday they will visit congressmen from other Southeastern states in hopes of picking up support.

Gilchrist told the Alabama congressmen that this year Alabama will have only 11 operating cotton oil mills as against 25 in 1954.

The others have gone out of business.

## The Sixty-Four Dollar Question

There are basic causes for the present recession that should certainly be recognized before any real cure is attempted. This the administration has not done, choosing instead to apply artificial stimuli in order to perpetuate the status quo with respect to taxes and spending.

The administration takes the attitude that given time the economic slump will right itself with a little doctoring such as extending unemployment benefits and a bolstered public works program. Any high school student knows that this is not applying the cure.

This country has indulged in a national tax policy that has undermined individual and business incentive and drained away risk capital. Inflationary wage increases in many instances have exceeded gains in production, forcing prices up on certain goods to the point where consumers refuse to buy and workers are laid off.

To correct these conditions Congress should move quickly to reform the federal tax rate structure to restore business incentive and risk capital. A strong and expanding economy can produce the tax revenue the government needs if the government in turn will administer its own affairs with economy in mind.

Just how the Eisenhower Administration expects to deal with basic economic maladjustments by inflationary expedients is today's \$64 question.

## They Dare Not Sleep

Khrushchev's rise to power in Russia has been both spectacular and rapid. It has been accomplished at the expense of the careers and lives of others less endowed with Khrushchev's type of ruthlessness and clever contriving. Khrushchev's fall however will be less spectacular because he too will fall as have the others. In fact, looking back, Russia has had almost as many changes in top brass as France . . . though the deposed Frenchmen can at least return to home and family without fear of the firing squad or the terrors of a Siberian winter.

In this constant jockeying for power mutual confidence cannot exist. When Russia's leaders fancy someone else aspires to a little more power, that someone is quickly liquidated. They dare not let anyone live who might undermine their precarious positions . . . they live in a constant state of fear and that is one of the reasons they are dangerous to the peace of the world and a very valid reason why they cannot be trusted no matter what pact of agreement they may sign.

Neither Khrushchev's position nor Russia's has been helped by the execution of the Hungarian leaders, Imre Nagy and General Malter. In fact there are evidences of greater unrest among the satellites than before and there is little doubt the Russian people themselves suffered a few cold chills up and down their spines at the utter uselessness of this stupid and ruthless act. It is symbolic of the real reason why Russia will finally fail in her efforts to communize the world. You simply cannot make people accept wanton cruelty indefinitely. Sooner or later they will rebel and when they do despotic heads will fly.

## Colonel Maxwell Given Citation

Officer Distinguishes Self In Meritorious Service To Air Force

A citation to accompany the award of The Legion of Merit recently presented to Col. Matt T. Maxwell, Jr., whose recently distinguished himself by "exceptionally meritorious conduct" in the service of the United States Air Force, read as follows:

Colonel Matt T. Maxwell, Jr., distinguished himself by exceptionally meritorious conduct in the performance of outstanding service to the United States from 15 June 1953 to 10 May 1958 as Installations Engineer, Headquarters Air Defense Command. During this period, despite tremendous obstacles incident to tremendous expansion, Colonel Maxwell, through his professional qualifications, resourcefulness, leadership and ability, was able to discharge his many responsibilities as Installations Engineer in an exemplary manner. Among his specific accomplishments were a new master planning procedure which resulted in savings to the Air Force of approximately \$50,000 per base, interim operation and maintenance of the complicated SAGE air tracts, a simple efficient cover for Century series aircraft, and construction of facilities for storage, assembly and handling of M-99. The distinctive accomplishments of Colonel Maxwell reflect great credit upon himself and the United States Air Force.

Colonel Maxwell is the son of Mrs. M. T. Maxwell and the late Mr. Maxwell of Tuscaloosa and the husband of the former Evelyn Bailes of Florence.

He was in active service before Pearl Harbor and spent five years in the Philippines being later sent to Gen. Curtis LeMay's SAC Command in Omaha, Neb. From there he went to Colorado Springs, Colo., where he has spent the past five years at the Ent Air Force Base.

He and Mrs. Maxwell and son, Jess Bailes, leave Colorado Springs today for Honolulu where he will be stationed for the next few years.

## H. E. Lamar Talks On European Trip

Exchange Club Members Enjoy Most Interesting Account of Visitation

Henry E. Lamar, of Lamar Furniture Co. and president of the National Retail Furniture Association, addressed the Florence Exchange Club at Hotel Reeder last Tuesday night on some of the experiences he and Mrs. Lamar enjoyed on their recent visit to Europe as members of a party of 30 United States retail furniture dealers. "Chuck" Dixon was in charge of program arrangements and introduced Mr. Lamar.

Mr. Lamar, after given a run-down on preliminary arrangements for this visit to the furniture manufacturers of Europe, told of their visit to England and to London where he addressed the House of Commons as president of the furniture association. He gave an interesting review of their visit to the Brussels Fair where he was especially impressed with the Ford exhibit.

Mr. Lamar and his party then visited Paris, France where they were royally greeted and entertained and where the furniture manufacturing plants and markets were visited and inspected.

The tour continued on into Italy where visits were paid to Rome, Milan and Florence. Mr. Lamar was privileged to hear Pope Pius while in Rome and in addition visit points of interest of special significance to the furniture business.

Then a visit to Germany, where he observed that the principal attention was being paid to the rebuilding of industry rather than the rehabilitation of the bombed-out areas. On to Copenhagen, Stockholm and Oslo where Mr. Lamar and his party were further entertained and shown the efforts of furniture manufacturers there. The party returned to the United States via England.

Mr. Lamar's address was termed one of the finest and most interesting ever to be presented before the Exchange Club.

Mrs. James Albert Bendall, Mr. Bendall, and their little daughter, Lynn, spent the weekend of the Fourth with her mother, Mrs. A. J. Long, Prospect Street.

## TVA Advocate's Ashes Scattered Over Norris Lake

Services For Judson King, 86, Held In Washington Tuesday

Funeral services were held Tuesday at 5 p. m. in Washington, D. C., for Judson King, 86, one of the first advocates of the TVA and other public power projects.

King was active for years in the American Public Power Association. He also served as a consultant for the Rural Electrification Administration from 1935 until 1944. He was a frequent adviser to the late President Franklin Delano Roosevelt on power problems, and made a lasting contribution to his country in those roles.

King's body was cremated and the ashes scattered over Norris Lake in the TVA water wonderland.

He is survived by the widow, Bertha Mae King.

## Against Cut In Foreign Aid Bill

The Alabama League of Women Voters is against cutting the \$625 million foreign aid bill now before Congress, Mrs. Jane Smith, of Florence, state chairman of national security for the League, has stated.

Telegrams are being sent by the League urging Alabamians to wire or write their congressmen immediately urging the full appropriation of the \$625 million Mutual Security Development Loan fund, recently cut to \$300 million by the House Appropriations Committee.

Area citizens are urged to write Honorable Robert E. Jones, House of Representatives, Washington, D. C.

## Replanted Cotton Is Poor Stand; Pests On Crops

Late planted cotton in northern areas of the state came up as a poor stand despite replanting. However, several weeks of favorable weather permitted vigorous growth and some plants are now blooming and squaring. Insect infestation is prevalent but not intensified. In southern localities, practically all plants are in bloom and many are fully squared. Heavy rains in mid-July promoted boll weevil infestation. Boll worms are also causing significant damage. Farmers are applying insecticides to control these pests.

The corn crop made good growth during the week, but suffered for moisture in some areas. In North Alabama, the European cornborer is causing serious damage to early planted corn. Cultivation is still necessary in many fields but some have been laid by. Practically all corn has been cultivated for the last time in southern localities. Worms earlier caused a limited amount of damage in these areas, but if rain is received when needed, yields should be excellent.

Insects and diseases had previously caused considerable damage to the peanut crop. However, effective control measures have limited the activities of these pests. Plants made good growth during the week and many fields are in full bloom. Some fields are still grassy as a result of July rains and are in need of additional cultivations. If weather conditions are favorable, good yields should be realized.

## Canning Plant Open For Use

C. J. Pennington, vocational agriculture teacher, announces that the Rogersville Canning Plant is now open for canning. The plant will be open each Tuesday and Friday during the canning season. The plant opens at 7:00 a. m. All products must be checked in by noon.

Persons using the plant must furnish their own wash clothes, towels, seasoning, glass jars, and lids. Tin cans are furnished by the plant.

The following prices will be charged for canning this season: Tins—No. 2, 7c; No. 3, 8c; No. 10, 17c; Glass Jars—pints, 2c; Quarts, 4c; half gallons, 6c.

## Humane Society Urges Citizens To Obey Rules

Pets Need Shades, Plent of Exercise, A Good, Clean Home

The Lauderdale County Humane Society urges all dog owners that have their dogs in pens or tied on their premises to see that the pens have plenty of shade and especially so if the dog is tied to a wire or other places. Dogs cannot stand a lot of constant sun. The confined pet should be placed in a shade and should have fresh water at all times.

Dogs need exercise. If they do not get the proper exercise, they become sick. If you have your dog tied, give him plenty of rope of chain so he will have plenty of room to run and romp. The requirement of the Lauderdale County Humane Society for tied animals is not less than 12 feet of rope or chain. The dog should have a collar and the lead should be attached to it and not tied around the animal's neck.

Every dog needs a home and wants a home, but they also deserve a good home. The pens should be kept clean, as all pets like a clean home and bed to sleep in. All penned or tied dogs can only be injured by your improper care.

Citizens are requested to keep a container of water on their property even though they don't have pets of their own. The wild birds and stray animals will be grateful for a cool drink of water.

The Society urges cooperation with these simple rules.

## Florence Natives Celebrate Jubilee

Sister Mary Gusmus, Father Damian Gusmus, Honored at Cullman

Two Florence natives, Sister Mary Paul Gusmus, O.S.B., and Rev. E. Damian Gusmus, O.S.B., celebrated their Silver Jubilee of religious profession July 1 in Sacred Heart Chapel, Cullman.

A Benedictine monk, Father Damian was ordained in Rome, Italy, in 1938. He then studied two years at San Anselmo College, before returning to the United States. For two years, he was procurator at St. Bernard College. He is now pastor of Annunciation Church, Columbus, Miss., and serves as director of the Newman Club at Mississippi State College for Women.

For the past 25 years, Sister Mary Paul has been busy as a parochial school teacher. She has been the Sister in charge at St. Francis Xavier School, Birmingham, since 1954. She is a graduate of Florence State College.

Eugene McMeans, 237 Roosevelt Ave., is a surgery patient at Eliza Coffee Memorial Hospital.

### Sara Gray Spain Weds John Hobson Price

An afternoon ceremony on Thursday, July third, was the occasion of the marriage of Sara Gray Spain, daughter of Mr. and Mrs. John Wesley Spain of Sheffield, and John Hobson Price, son of Mr. and Mrs. Hobson Price of Bailey Springs Road, Florence.

The altar of First Methodist Church in Sheffield was decorated with an arched background of green foliage and burning tapers against which great arrangements of majestic daisies and gladioli flanked the altar cross.

The Reverend John C. Calhoun, pastor of the church, officiated at the five o'clock service following nuptial music presented by Miss Grace Jones, organist, and Oliver Brazelle, vocalist.

Candlelighters were John Spain, brother of the bride, and Glenn Gaskins of Birmingham, the bride's cousin.

Serving as maid of honor was Miss Catherine Mitchell, and

bridesmaids were Miss Gethryn Stevenson and Miss Linda Pollard of Anniston, also a cousin of the bride. Their short-sleeved dresses of sea blue pucelon were fashioned with deep V necklines at the back, and butterfly bows marked the waistlines of their very full skirts. Veiled circular headaddresses matched their frocks and they carried bouquets of shasta daisies.

The bride approached the altar with her father who gave her in marriage. Her gown of Chantilly lace was fashioned over pure silk, the bodice featuring rounded cameo neckline and long tapering sleeves finished at the waistline with a tucked cummerbund. Sweeping into a chapel train, the skirt was designed with bustle-effect and panels of matching lace. Scattered with seed pearls and sequins her Juliet cap of matching lace held her fingertip veil of illusion, and her bridal bouquet was fashioned of gardenias garlanded with white rosebuds.

Attending the bridegroom as best man was his father, and ushers were Henry King, Thomas Schell and James Parrish, all of Florence, and Thomas Tomlinson of Decatur.

Immediately after the ceremony Mr. and Mrs. Price honored the bridal couple at a reception in Fellowship Hall of the church. A white cutwork cloth was caught with white satin bows and lilies of the valley to cover the refreshment table where a triple-ringed cake was decorated with similar blossoms and flanked by silver candelabra of burning white tapers. White gladioli and daisies were used to complete the decoration.

Assisting were Mrs. O. B. Clark, Mrs. E. W. Gray, Miss Irene Pollard, Mrs. Joe Connell, Mrs. James Pollard, Mrs. Roy Gaskins, Mrs. Duncan Gray, Mrs. Dale Teague, Mrs. Ray Pierce, Mrs. James Edward Price, Mrs. C. O. Walker, Mrs. T. M. Mitchell, Mrs. Jack Nichols, Mrs. Kenneth Suggs, Miss Wanda Gaskin and Mrs. J. T. Coons.

Later, for their wedding trip, the bride changed to a navy blue silk suit with which she wore a white linen collar, black accessories and, at her shoulder, the gardenias from her bouquet.

### Richardson-Burney Nuptials Planned

Two Florence State College students, Miss Patsy Ruth Richardson and Billy Carpenter Burney, son of Mr. and Mrs. T. L. Burney of Town Creek, will be married in early August.

The bride-elect is a graduate of Coffee High School; her fiancé was graduated from Hatton High School.

The announcement was made by Miss Richardson's parents, Mr. and Mrs. J. E. Richardson of Florence.

### Russellville Group Feeted At Town Club

In honor of Mary Cathryn Underwood of Russellville, whose wedding was an event of last Saturday evening, and of her mother, Mrs. Edgar Underwood, who will leave Russellville in the late summer to make her home in Dallas, Texas, Mrs. James McIntosh, and her daughter, Mrs. J. E. McDonald, Jr., entertained at The Town Club on Wednesday, July 2, where luncheon was served in the Old South Room to a group numbering a round dozen.

In keeping with the room's appointments, magnolia foliage was used with lemon lilies to fill an oblong silver bowl for the central table decoration, carrying out the wedding colors of yellow and green.

The honoree, a friend-from-childhood of the hostesses, and two other brides included in the invitation list, were presented gifts.

### Spain-Price Parties Climax

Honoring their son and his fiancée on the eve preceding their wedding day, Mr. and Mrs. Hobson Price, Bailey Springs Road, were hosts to an after-rehearsal party on Wednesday, July second, in Fellowship Hall of First Methodist Church, Sheffield.

Rose satin ribbon bordered the tiers of the white organdie covering used on the party table, and nosegays of rose-colored gladioli were posed at intervals near the table's edge. A gold basket of similar blossoms were suspended above the punch bowl, encircled with greenery, and pink tapers in silver candelabra completed the appointments.

Assisting were Mrs. James Edward Price, Mrs. Ray Pierce, Mrs. Bill Woods and Mrs. Dale Teague.

The guest list included the wedding attendants, members of the two families and out-of-town arrivals.

### Mrs. Karr 'Comes Home' For Brief Summer Visit

Many Florentines continue to think of Florence as "home" to Mrs. D. A. Karr, who lived for a number of years in the spacious residence which formerly stood on the site at the corner of North Wood and Nellie Avenues, now occupied by Florence's First Christian Church.

Down from her present home in Lynchburg, Virginia, for a summer visit to her daughter, Mrs. Wilmer Hall in Decatur, Mrs. Karr "spared" a few days last week to friends made during former years, visiting in the home of Mrs. Frank Irvine on Old Jackson Road, and being warmly welcomed as many small and informal courtesies were extended.

Inviting a few "old - timers" to The Town Club on Wednesday, July 2, Mrs. W. F. McFarland and Mrs. Richard Smith were luncheon hostesses for the visitor and Mrs. Hall, who drove over for the occasion.

Colorful blossoms from the gardens of the Smith home were used about the rooms, with pink roses centering the table around which eight guests were seated.

### Phillips-Comer Vows Said In Late Afternoon

Lighted by tapers in tall holders the altar of Elgin Methodist Church was decorated with baskets filled with gladioli against a background of greenery for the wedding occasion of Saturday, June twenty-eighth, of Sherry Ann Phillips, daughter of Mr. and Mrs. Reeder M. Phillips, and Gene Edward Comer, son of Mr. and Mrs. Almon Comer of Rogersville.

Franklin Phillips, minister of Lexington Methodist Church, read the six o'clock vows following a program of nuptial music presented by Misses Judy and Sherry Belew. Candlelighters were Miss Diane Stanfield and Miss Diane Dean.

Miss Louise Hampton was the bride's honor attendant and bridesmaids were Miss Faye Comer and Miss Kaye Phillips, with Susan Comer serving as flower girl. They wore full-skirted frocks of pink nylon organdie with rounded necklines and wide sashes tied in big bows at the back. Their headaddresses were of matching material and they carried bouquets of daisies.

Given in marriage by her father the bride wore a gown of white lace and tulle fashioned over taffeta distinguished by a portrait neckline and long sleeves tapering to points over the hands. A sequined headpiece held her elbow length veil and she carried a white Bible, the gift of the bridegroom, topped by a white orchid encircled by white carnations.

James Romine served as best man and ushers were Wynndell Phillips, brother of the bride, and David Snoddy. Allen Ezell was ring-bearer.

A reception followed the ceremony, the bride's parents entertaining with a garden party at their home. Lace over pink satin covered the refreshment table and pink carnations and daisies formed the centerpiece.

Leaving later for their honeymoon to the Smokies, the bride wore blue brocade cotton satin with white accessories. The orchid from her bouquet was her corsage.

Mr. and Mrs. Comer are now at home in Trailer Park, Huntsville.

### Christopher Edward Eckl Will Wed Rhode Islander

Of cordial interest is the announcement which has been made by Mr. and Mrs. Eugene A. Doyle of Providence, Rhode Island, of the betrothal of their daughter, Elizabeth Frances, to Christopher, Edward Eckl, son of Mr. and Mrs. Louis A. Eckl of Florence.

The bride-elect received her education at the Academy of the Sacred Heart, Elmhurst, and at Newton College of the Sacred Heart, Newton, Massachusetts.

Mr. Eckl was graduated from Coffee High School and from the University of Notre Dame, class of 1956, before entering the United States Navy where he has recently completed a tour of duty. He has now joined the editorial staff of The Anniston Star, Anniston.

The nuptial event will take place in December.

### Miss Peggy Barber Affianced To Dr. Henry G. Campbell

Announcement has been made by Mr. and Mrs. Coil Thomas Lindsey of Haleyville of the approaching marriage of their daughter, Peggy Barber, to Dr. Henry G. Campbell of Florence, son of Mr. and Mrs. Thomas Gustin Campbell of Rogersville.

The bride-to-be, daughter of the late Oscar Lennon Barber, has been a member of the faculty at Lindenwood College, St. Charles, Missouri, since receiving her Bachelor of Music degree there. She is a member, and a past-president, of Delta Theta music fraternity. Her grandparents are the late Mr. and Mrs. Priestley Trimble and the late Mr. and Mrs. Chester Monroe Barber, all early settlers in Haleyville.

After attending the University of Alabama, Dr. Campbell was graduated from Washington University School of Dentistry, St. Louis, Missouri, where his professional fraternity affiliation is Xi Psi Phi. The late Mr. and Mrs. Daniel Winston Slaton and the late Mr. and Mrs. Thomas Huey Campbell, all of Rogersville, are his grandparents.

### Mrs. Cheney's Tea Welcomes Newcomer

Mrs. Henry W. Cheney used charming arrangements of Peacocks and carnations in elevated positions about the high-ceilinged rooms of her home on North Wood Avenue when she entertained at teatime on Tuesday afternoon, inviting members of the Lauderdale County Medical Auxiliary to meet Mrs. Otto L. Burton, whose husband is the new Director of Public Health.

Pink roses fashioned the centerpiece on the serving table where the hostess was assisted by wives of Board members including Mrs. T. L. Bennett, Mrs. L. E. Bayles, Mrs. James Jeter, Mrs. Lester Norvell, Mrs. Lance Price, and by the Auxiliary president, Mrs. Harry M. Simpson, Jr.

Others assisting were Mrs. Earl Fraser, Mrs. Henry Brown, Mrs. Wyatt Simpson and Mrs. Harry Herndon.

About fifty guests called between the hours of four and half past five.

Mrs. Walter Y. Roberts, of Chester, Ill., the former Martha Collier, will arrive today by plane to spend the remainder of July with her father William I. Collier, and her brother, William J. Collier and Mrs. Collier at their home 824 No. Wood Ave., Florence.

Mrs. Rutland Cunningham is in Birmingham for a stay with her daughter, Mrs. William P. Walker, Mr. Walker, and their little daughter, Ann Elizabeth.

Sandra and Gregg Matthews are here from their home in Arlington, Va., to spend the summer with their grandmother, Mrs. Herbert W. Miller, Mattie Lou St.

Arriving for the Pride-Spain wedding last Thursday were Mrs. H. E. Hutcheson of Talbotton, Ga., and Mrs. Jack Nichols of Tuscaloosa.

Holiday guests of Mr. and Mrs. Robert Crumby were her parents, Mr. and Mrs. William DeVore, Dennis and Bill, of Cincinnati, and his sister, Mrs. Jack Whittaker, and Mr. Whittaker, of Memphis.

Mr. and Mrs. John Marshall have returned from a vacation trip which included visits to her son, Carter Gable, and his family, Lima, Ohio, to his daughter, Mrs. John Carper, and her family in Charleston, W. Va.

After a trip through New England and visits in Virginia, Mrs. D. R. Williams and her daughter, Miss Jane Williams, have returned to their home on Hermitage Drive.

Mr. and Mrs. Philip Curran and son, Kent, left Sunday for their home in New York after a visit with his parents, Mr. and Mrs. M. P. Curran, West Lelia St.

Mrs. Farley Snow arrived Tuesday from her home in Tuscaloosa and is a guest of the Vernon

Browns at their home on North Wood Avenue.

Mrs. P. A. Young and daughter, Miss Mary Alice Young, have returned to their home in Oakland after visiting Mr. and Mrs. N. H. Thurman in Louisiana.

Mr. and Mrs. George Mauney and Mr. and Mrs. Don Heidorn have returned to their homes in Camden and Columbia, Tenn., after attending the Spain-Price wedding the past week.

En route from Montego to their home in California, Mr. and Mrs. Van Kennedy and son, Jonathan, will arrive mid-month for a visit to her mother, Mrs. B. W. Cunningham, Tuscaloosa Street.

## Miss Harding To Present Recital

### College Professor Will Perform In Wesleyan July 14

Miss Mildred Harding, assistant professor of music at Florence State College, will present a piano recital in the College's Wesleyan Auditorium on July 14 at 8 p. m. with the public invited.

Miss Harding did her undergraduate study at the University of Georgia where she received her B. F. A. degree in music. After being graduated from Georgia, she did graduate work at Columbia University, earning a Master of Arts degree.

Since coming to FSC in 1956, Miss Harding has given previous performances and all have been lauded highly by both musical au-

Dear Sara Saze,  
Another girl likes the boy I'm going steady with and when I go out with him she always tries to get his attention. She just comes over and sits by him and tells him she likes his new suit, or something like that, and maybe the suit isn't even new. The other night she walked up close to him and with a long, deep sigh she said, "You use the most heavenly shaving lotion." She knows me real well but honestly, Mrs. Saze, she doesn't speak to me when I'm out with my steady. She just seems to pretend that I'm not there.

Now, what am I supposed to do? It always embarrasses me, and it

thorities and others in attendance. The program is as follows:

I: Two Sonatas in C Major, Domenico Scarlatti; Sonata in A Minor, Mozart; Andante Cantabile Espresione; Presto.

II: The Sunken Cathedral, Debussy; Prelude: To A Young Musician, Norman Dello Jolo; Hill-billy, Morton Gould; Excursion IV, Samuel Barber.

III: Twelve Etudes Symphoniques, Op. 13, Schumann.

makes me mad, too. Don't you think I should say something to her about the way she is interfering with us? He doesn't seem to mind the way she is doing, so that makes it hard, too.

Please answer.  
Young Reader.

Dear Young Reader,  
I should say he doesn't mind. He's having a play made for him, and how!

However, underneath it all, he's probably conscious that the girl is behaving very unbecomingly. Just don't be embarrassed to a point where YOU behave unbecomingly, too.

Getting mad has never helped any situation, so try to keep a level head and an even temper. If this little vixen wins out, philosophical about it. After all, there're plenty more. And some who're above falling into a brazen snare.

Dear Sara Saze,  
Where should the American flag be in relation to other flags in a Memorial Day parade?  
R.B.R.

Dear R.B.R.,  
I regret my extreme lateness in getting to this. For future reference when used with other flags the American flag should be either on the marching right or in front of the center of a line of flags.

Dear Sara Saze,  
My husband is in bad shape and I think he could be drawing veteran benefits but he won't go to the Legion Home or anywhere to find out about it and he don't want me to go, either. He is down

a big part of the time. Is there any way I can find out what I need to know some other way?

Veteran's Wife  
Dear Veteran's Wife,  
Send 15c to the Superintendent of Documents, Washington 25, D. C., and ask for the 42 page booklet, "Federal Benefits Available to Veterans and Their Dependents." It states eligibility requirements and tells where and how to apply.

## Tax On Freight Due This Month

The three percent tax on payments for freight shipments must be collected and paid during the month of July, 1958, says George D. Patterson, district director of Internal revenue.

The director pointed out that President Eisenhower signed H. R. 12695 on June 30, 1958. That bill extended existing corporate normal-tax rates and certain excise-tax rates for another year beginning July 1, 1958. The bill, as amended, continued the tax on transportation of persons but repealed the tax on transportation of property.

"Generally, payments for the transportation of property on or after August 1, 1958 are not subject to the tax," Patterson said. "In the case of transportation of oil by pipeline, under certain circumstances, the exemption applies only if the transportation begins on or after August 1, 1958."

GO TO CHURCH SUNDAY.

## THE SPILLWAY

THE DOOR-BELL RANG . . . They could not guess  
Who'd come to call . . . (they say) . . .  
For they'd not told a single soul  
That 'twas their wedding day . . .

WEDDING ANNIVERSARY . . . the setting for a family gathering is what it REALLY was . . . Their twenty-fifth . . . And when Lloyd Johnson answered the door-bell on last Thursday evening it was to a whole raft of callers . . . Mary Sue's Sewing Club had arrived . . . accompanied by hubbies . . . just a fraction of a moment before dessert-time at the Johnson dinner table . . . (Son) Buddy disappeared . . . to return in a flash with a tremendous white cake decorated in HAPPY ANNIVERSARY fashion . . . (daughter) Cissie whisked out coffee cups amidst the merriest well-wishing we've ever been a party to . . . Later in the evening momma and poppa Mary Sue and Lloyd . . . still wearing their "diggins" clothes and still breathless with surprise . . . were presented an exquisite silver tray by the two charming hosts . . . Who'll get our vote as "host and hostess with the mostess" . . . from this day forward . . .

ONE OF THE SWEETEST christening services we've witnessed took place in Florence's First Methodist Church last Sunday morning when two young cousins . . . Margaret Cheryl Walker and Brian Wells Aronson . . . were presented by their parents . . . Mary Ann and Robert Walker and Gloria (Walker) and Edwin Aronson . . . as proud grandparents Florrie and Ray Walker looked on . . . Proud . . . too . . . were we to be among those present on this occasion . . .

MORE AND MORE POPULAR are the Sunday evening buffets "at Florence Golf and Country Club . . . as friends gather to "chat and chew" in groups both large and small . . . Among the hosts we noticed on last Sunday were Marguerite and (Doctor) Al Jackson . . . and Nora and Bob Drane . . . including numbers of visitors along with "oldtimers" in their invitation lists . . .

WHILE AT THE TOWN CLUB Polly and Jake Nicholson entertained Tommie and Sy Shobe and their guests . . . Mae and Harry Brown (Fort Lauderdale, Florida) and Katherine and Harold Wood (Birmingham) . . . who "drove up" in their Twin Beechcraft and broke popularity records during their all-too-brief visit . . .

Over Bailey Springs way we're happy to report Magie and Fred Osborn domiciled again in their comfortable and lovely camp-home . . . bringing charming Glen Barnett and Irene McLaughlin from Decatur for a holiday weekend "amongst us Florentines" . . . And on the BL GLAKE the palatial Stanley Robbins home was

as Martha Rose's sister . . . Doris Moody . . . arrived from Dallas-of-the-LoneStar-State . . . with hubby Jim and their notable threesome . . . Jimmy . . . Boone and Stuart . . . who were in ecstasies as they indulged in numerous water sports to their hearts' content . . .

ALL IN ALL . . . 'twas a glorious fourth everywhere . . . including Camp Hillcrest . . . where Girl Scout groups are holding forth and enjoying . . . amongst other things . . . their beautiful new swimming pool . . . Included in the splashes we recognized Hayden Megar . . . Janette Hassell . . . Ruthie Klibanoff . . . Donna Barr . . . Nancy Wilson . . . and over from Courtland there's Carolyn Hudson . . . whose mother (one-time Florentine) Alie Durbin Hudson is enjoying brief visits with her former friends as she does the trekking back 'in forth' twist home and camp . . .

CORRECTION . . . PLEASE . . . It is Jane (Douglass) and John Owen . . . whose son . . . Johnny . . . won valedictory honors upon graduation from High School in Talladega . . . We confused a family relationship . . . and we're deeply regretful . . .

RUNNING FROM THE city's heat . . . Mary Ellen (Robert's) Haley has come from Birmingham to spend several weeks with her mother . . . Mary Roberts . . . and her sister . . . Ann Megar and hubby George and their youngsters . . . in the cool shade of Spanish Oaks Court . . . bringing daughter Ninian with her and being followed in short order by (son) John Owen . . . who's the very living image of his poppa (colonel) Harley Haley, Jr. (remaining for the once in the sizzling city) . . .

To our question about "the other children" we learned that ten-year-old Marian is attending camp at Skyline Ranch (Mentone) and that Chip is now Pvt. 1/C Charles Haley, 11 . . . of United States Army Reserves . . . stationed in Fort Jackson, S. C. . . A charming family whose members are warmly welcomed and enjoyed "back home" in Florence . . .

YOU'LL WANT TO WATCH for Ed Arnold who's scooting about town in an exquisite new car . . . which has every comfortable "plus" of which we'd heard . . . and some of which we hadn't . . . and looking delightful as she scoots . . . And for Liz Gerber . . . who's scooting in one which looks new to us (tho' you may want to argue) . . . and looking very LIKE LIZ . . . which is a compliment in any man's language . . .

WELCOME NEWCOMER . . . Ann Elizabeth Walker . . . who arrived in Birmingham on Wednesday . . . July 2 . . . and whose parents are Joanne (Cunningham) and William Parker Walker . . . Localites Sara and "Rut" Cunningham of 714 Old Jackson Road are proud maternal grandparents . . . AND NOW . . . CHEERIO and goodbye . . . until more news comes through The Spillway . . .

### REED YOUNGSTERS ATTENDING CAMPS

Miss Philicia Reed, daughter of Mr. and Mrs. Ray Reed, 1721 Palmer St. is attending Camp Farwell for Girls at Wells River, Vt., for an eight weeks session. The camp features horseback riding, in which activity she is already a considerable expert; also, swimming, boating, tennis and camping trips. She is expected home late in August to resume her studies at Appleby Elementary School.

Gregory Reed, the five-year-old youngster of Mr. and Mrs. Reed, is attending Camp Half Moon at Great Barrington, Mass., where the boys receive similar training and participate in like activities. He will return in late August.

### Persons Earning Over \$1200 Yearly Should Get Benefit

Persons receiving social security benefits should notify the Social Security Administration district office promptly if they expect their earnings to exceed \$1200 a year.

Mrs. Mary King Temple, manager of the Sheffield office, stated today that frequently no report is made until the \$1200 mark is reached, and as a result, some of the payments already received have to be returned. Earnings of over \$1200 a year by anyone receiving social security benefits may cause one or more months benefits to be withheld. This is true for all years up to and including the year in which the social security recipient reaches 72 years of age.

Mrs. Temple pointed out that notice should be given the social security district office as soon as it is known that earnings will exceed \$1200 a year. The necessity for repayment of benefits already received can usually be avoided by such prompt action. Social security beneficiaries are given a form at the time they apply for benefits which can be used to report earnings, or the report can be made by writing, phoning or calling at the social security office.

In 1957, 94 percent of American farm families had electricity; 90 percent had mechanical refrigerators; 84 percent had power washing machines; 39 percent had home freezers; and 74 percent had automobiles. Television was in 63 percent of the farm homes in 1957.

## Leo Views the College Campus

By Dottie McRae

Collier Library is strangely attractive to birds. Do you remember the coot that got in last semester? He didn't stay very long. According to one of the student librarians, there was a pigeon (or dove, or something) in the library for two days last week.

It flew in one of the open windows Thursday night and made itself at home. Friday it was still there, taking an occasional flight around the library. In fact, it may have been somewhere among the stacks Saturday.

There must be something about Collier Library.

Nothing very exciting happened last week, though, as far as a good many disgruntled students were concerned, there was enough reason to have a riot or a strike.

It isn't that Florence Staters don't like to go to school, it's just that so few of us had included classes in our plans for the Fourth. Oh, well, you have to admit it was a different sort of celebration.

The College Choir is planning a program for Thursday, July 17, in Wesleyan Auditorium. The program will include everything from Beethoven to Gerstwin.

Florence State will bestow its first Masters Degree this summer. Mrs. Louise Yates, who has been working, summer and winter, for several years, is to be the only recipient of the masters this summer.

Coach George Gibbons took his camping class on a camping trip last Saturday. After setting up their tents, the students fished and swam and cooked (over a campfire) and came in Sunday not much the worse for wear.

Color plays an important part in the courtship of butterflies. A male is most attracted to a female bearing its own colors. In two species the scarlet wing patch is a recognition sign. Orange and blue are vital hues for other species.

Army M/Sgt. Simer J. Ricker, 54, whose wife, Lillian, lives at 105 Seymour Ave., Florence, is assisting in the six-week summer camp training of Reserve Officer Training Corps cadets at Fort Benning, Ga.

Sergeant Ricker is scheduled to return early in August to his regular assignment as a member of the Army Instructor Group in Florence.

He entered the Army in 1948 and is a recipient of the Bronze Star Medal for valor, Purple Heart and the Combat Infantryman Badge.

Ricker was graduated from high school in Carbondale, Pa., in 1926

Eighth District  
REPRESENTATIVE

"There Are None So Blind"

Private utility companies were subsidized to the tune of \$2,621,318,000 in the 1955-57 period, according to Russell C. Rainwater, Chief Accountant of Federal Power Commission, in recent testimony before Congress. Not called gifts or subsidies, these billions masquerade under the phrase "fast tax write-off policy." That they are subsidies was admitted at a U. S. Senate hearing by Walter H. Sammis, President of the Ohio Edison Co., one of the leaders of the pack, which wrings its hands and cries "socialism" when Uncle Sam gives comparative pittance for public power, but "good business," when private power gets fortunes.

This Administration insists public-owned electrical power is socialism and bad for Americans, but is just what is needed abroad to help other nations of the free world raise their living standards, make their economies strong and resist communism. While attempting to strangle TVA, the Administration now is begging Congress to provide nearly \$500 million to help Europeans build six big public-owned power plants. The American Power Trust has no hope of building an empire abroad, so the Administration is free to act like Santa Claus abroad, but Scrooge at home.

New facts show that if TVA had been a private utility it would have paid taxes of \$170 million over the past 24 years, but it has paid the U. S. Treasury and local governments, \$212 million, or \$42 million more than would have been paid under private ownership. Still facts do not stop circulation of the worn out old charges against TVA. There are none so blind as those who will not see.

### A Monument To A Great Alabamian

Extension of the Hill-Burton Act for three years has won House approval and is pending in the Senate. Few federal activities have more importance for the country than the Hill-Burton program, for in its 12 years of operation, it created 3,725 badly needed hospitals, nursing homes, treatment clinics and public health centers. In a country so richly endowed as ours, there is no reason why decent hospital and health facilities can't be made available to all our people. Firm congressional support of this project is a deserved tribute to Senator Lister Hill, who started this great humanitarian enterprise. Senator Hill has carved his own niche among the immortals in the U. S. Senate as a legislator, but operation of this Act, which bears his name and has comforted so many afflicted, could well be his most enduring monument. I always consider it a pleasant duty to do all I can to support continuation of this program.

**Business More Than Usual**  
Although other news is taking the headlines, Congress is conducting the American people's business at a record-breaking clip. The Clerk of the House informs me that from January 7 through June 30, the House was in session for about 375 hours. It was given 4,216 bills to consider and has passed over 645. Five bills were vetoed by the President, including the one sponsored by the Alabama delegation to freeze cotton acreage to prevent lower allotments in 1959 and to give other benefits to the cotton planter. It appears now that Congress will remain in session until August 16.

### Police Academy At Montgomery

Bill Lyerly, Director, Department of Public Safety and Ed E. Reid, Executive Director, Alabama League of Municipalities, co-sponsors of the Alabama Police Academy announced today that they will conduct the Eighth Session of the Academy from September 22 through October 21, 1958. The school will be conducted at the Highway Patrol Training School at Gunter Air Force Base, Montgomery, Alabama.

The Academy will be open to all state, county and municipal officers of the state, which includes the sheriffs elect, who will take office in January.

The only cost to the officers attending the Academy will be personal expenses plus meals and the cost of ammunition used in firearms training.

If you are a full-time officer and want to attend the Eighth Session of the Academy, contact Colonel Bill Lyerly, Director, Department of Public Safety, P. O. Box 1511, Montgomery, Alabama.

### Alabama Reports Diphtheria Cases

Seven states have reported more diphtheria cases than Alabama this year. According to a report prepared by the National Office of Vital Statistics, 14 cases had occurred in Alabama by June 14. States reporting more cases were Texas 36, Georgia 24, Oklahoma 20, Florida 19, New York, Pennsylvania and Montana 15 each. Virginia has also had 14.

At this time last year, Alabama had had 24 cases, a figure exceeded by only Texas, Georgia and Florida.

### PROGRAM REPORT ON ALCOHOLISM

Alabama's Commission on Alcoholism has under consideration the need for more than one clinic for alcoholics in North Alabama plus a petition by representatives of the Mobile Mental Health Center that their operation be subsidized

by the Commission so that the center might expand and treat alcoholics, it is announced.

Nimrod Frazor, the Commission's Administrator, meanwhile points out that a clinic is scheduled to open in Birmingham, July 28, and a building has also been leased in Montgomery for the location of an outpatient clinic.

## News Of POWELL

By Mrs. J. N. Phillips

### Church

One hundred thirty-five attended Sunday school at the Bethel Baptist Church on Sunday morning, with a number of visitors arriving for the eleven o'clock worship hour. Among them were visitors from Georgia, Virginia, Ohio and a number of our home folk who live away were with us again on this day. There were three additions to the church at the morning service—that of Sarah Cockrell, Annita Belue, and Larry Gullet. Fifty eight were present for Training Union and evening worship, and we were glad to have visitors in the evening also.

On Sunday afternoon four new deacons were ordained into the Bethel church. They were Alton Bailey, H. C. White, Robert Cockrell and Ronald Middlebrooks. The sermon was brought by the Rev. Oldham of Lexington and the Rev. Wilson of Rogersville gave the charge to the newly ordained deacons. The Presbytery was made up of deacons from the Lexington and Anderson churches.

### Personals

### GUNTERSVILLE SETS

BOAT RACE JULY 18

Beautiful Guntersville Lake will again be the setting for one of Alabama's top three attractions the weekend of July 18, 19 and 20th.

The weekend festivities will begin Friday night July 18th with the judging of the bathing beauties at the high school football stadium. The second half will be the final judging, in evening dress, for those seeking the title "Miss Guntersville Lake 1958" at the Boat Race dance, Saturday night, July 19th.

The race will start Sunday, July 20 at 1:30 P. M., featuring the following classes, 48, 135, 225 and 266. There will be no championship races this year, however, the Jaycees are working around the clock to make this year's Boat Race Festival the biggest and best ever held in Guntersville.

## TVA Runoff Seen Lower This Year

The first six months of 1958 have ended with a below-normal runoff, TVA said today. Runoff is the amount of water that finds its way into the various streams and reservoirs. The runoff for January-June, measured at Chickamauga Dam near Chattanooga, was 15.94 inches, below the long-range mean of 16.53 inches for that period. At Kentucky Dam, the runoff was even more deficient for the first six months, measuring 14.86 inches, compared with the mean of 16.54 inches.

TVA explained that a runoff measurement of 15.94 at Chickamauga Dam is equivalent to an amount of water of that depth over the 20,790 square mile drainage basin above that point.

The June runoff, TVA said, was considerably below the long range average for that month, measuring 1.01 inches at Chickamauga Dam (long range average 1.44 inches) and 0.76 inch at Kentucky Dam (long range average 1.24 inches).

### AUTOS REGISTERED IN STATE INCREASE

In the first six months of the current fiscal year, Alabama had almost as many motor vehicles registered as were listed for the entire 1956-7 fiscal year.

Last year, a total of 1,092,968 vehicles were registered, and in the first six months of this year, which began October 1, 1957, the State Revenue Department had 1,028,859 vehicles registered.

A breakdown of these figures show that in the entire 1956-7 year, Alabama had 880,406 private passenger cars registered, compared with the 812,802 cars already registered this year.

The number of trucks registered in 1956-7 was 196,167; the number of trucks listed first six months of this year totals 183,961.

## Hill Sponsors Bill to Provide Aid For Veterans

Senator Lister Hill, Chairman of the Senate Committee on Labor and Public Welfare, announced today that his Committee has approved and sent to the Senate a bill to provide unemployment compensation for veterans of peacetime military service at a maximum of \$26 a week for a maximum of 21 weeks. The bill, sponsored by Senator Hill, would also extend the life of a similar program now available to veterans of the Korean War from the present 1960 cut-off date to 5 years beyond the end of compulsory military service.

To be eligible for benefits, the peacetime veterans, under the Hill-sponsored bill, must have served on active duty for a period of 2 years, except that in the case of a veteran who is separated from service for the convenience of the government, eligibility would be established after only 1 year of active duty.

The program for peacetime veterans will become effective 30 days after the bill is enacted into law and will terminate 5 years after end of compulsory military service, Hill stated.

## News Of ANDERSON

By Myrtle McGraw

Miss Pat McKelvy of Pulaski, Tenn., spent the weekend in the home of Mrs. Tottie Denham. Dr. and Mrs. R. B. Cox and children are visiting in the home of her parents, Mr. and Mrs. W. J. Hamilton.

Mr. and Mrs. Billy Clemmons and children of Chicago visited relatives here during the holiday weekend. Mr. Clemmons returned to his work while Mrs. Clemmons and children remained for a longer visit with her parents, Mr. and Mrs. Wyatt Cook.

London Roden is confined to the ECM Hospital. Rev. Dell Sewell, pastor of the Corum's Chapel Baptist Church was a dinner guest in the home of Mr. and Mrs. Ben Garner Sunday.

Mr. and Mrs. V. A. Nix Jr., and Miss Jean Nix of Tampa, Florida visited relatives here during the weekend.

Revival services will begin at the Corum's Chapel Baptist Church the third Sunday in July with Rev. Powell doing the preaching.

The Vacation Bible School of the first Baptist Church got off to a good start Monday morning with seventy six enrolled. The workers are as follows: principal Miss Cleo Givens, Intermediate leaders, Mrs. Frenchie Raney and Mrs. Pauline Patterson, Juniors 8-10 leaders, Mrs. Susie White, Mrs. Valeria Ridgeway, Mrs. Virginia Berryhill and Mrs. Athalee Herston; Juniors 11-13 Mrs. Ethel Goodman and Mrs. Hilda Fincher, Primary leaders, Mrs. Marsha Phillips and Mrs. Jessie Mae Williams; Beginners Leaders, Mrs. Christine Belue, Mrs. Elizabeth Tucker, Mrs. Esther Johnson, and Mrs. F. A. Haney.

The pulpit was filled Sunday at the Baptist Church by Rev. Charles Wagner. One hundred twenty five were present for Sunday School and many others came in for the preaching service.

The fourth of July picnic was well attended and the games between the little leaguers was enjoyed by a nice crowd. The little league and the pony league both lost to Rogersville by a small score. The little league club netted a nice sum from the proceeds derived from the stew, drinks etc. Obbie Kelly was the lucky person, winning the lawn mower given by the Lion's Club. The Lion's Club did well with the tickets sold on the mower.

Visiting in the Woodrow Word home during the holiday weekend were Mr. and Mrs. Edward Wernett, Robert Davis and Miss Elaine McCravy all of Toledo, Ohio.

Miss Gail Liles of Green Hill is spending this week with her sister, Mrs. Harold Sinyard.

## TRAVELING SALESMAN!

YES, our familiar symbol bearing Southern's industrial slogan Look Ahead—Look South! has certainly "been around" since it was created in 1943. Every year since then it has appeared consistently in our advertisements in national magazines and financial newspapers reaching millions and millions of readers annually.

Why do we keep on saying Look Ahead—Look South! so many times to so many people? For the same reason that we maintain an Industrial Development Department that constantly and aggressively seeks new industries for every available plant location along our lines. It's good for the Southern—and good for the South—to promote and "sell" the industrial expansion of the Southland in every way possible.

Here is proof. In the six-year period, 1952 to 1958, there have been 2,086 major industrial developments along the Southern alone. They represent an investment of almost \$3½ billion and have created more than 119,000 new job opportunities for workers here. Keeping our "traveling salesman" busy selling the South helps keep the Southland busy, too!

There is a revival meeting in progress this week at Hyden Chapel Church of Christ each evening at 7:30. Every one is welcome.

### TVA Power Use Up 18 Per Cent

The average annual home use of electricity in the TVA area reached 7,584 kilowatt-hours in the 12 months ending April 30.

TVA said today. This is an increase of 1,077 kwh, or 18 percent, during that period.

For the same period the national average was approximately 3,260 kwh, less than half the figure for the TVA area. On the basis of recent published forecasts the Nation's electric industry does not expect to reach the present use in the TVA region before 1958.

The 7,084 kwh figure for the 12 months is nearly three times the average annual residential use of 2,497 kwh in the TVA area ten years ago. TVA attributes the increase to the continued rapid growth in appliance use and last winter's extreme cold which caused heavy use of electricity by the more than 200,000 electrically heated homes in the region.

## Come to Church for Services

"A FAMILY THAT WORSHIPS TOGETHER—STAYS TOGETHER"

THE CHURCH FOR ALL ...  
ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

What does he see? A school of minnows? A shining pebble? Or his own wavering reflection?

Whatever it is, he sees through the wonderful eyes of a child. God's creations are new and bright to him. He is fascinated by the sight of a bee searching for pollen. He marvels at the color of autumn leaves. He is enchanted by the brilliance of a star.

Somewhere along the line, most of us lose our childhood vision. We forget to wonder. We forget to marvel. Sometimes we even forget God.

We can get our perspective back into sharp, clear focus through the Church. We can recapture and strengthen our love for God.

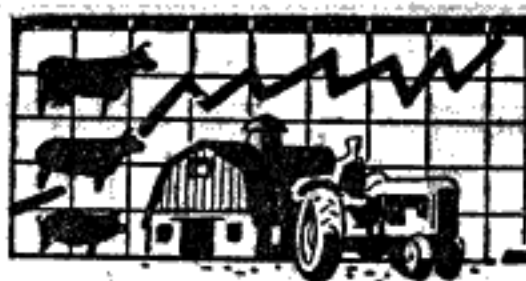

If you haven't noticed, lately, how many miracles take place in your daily life, start going to Church. You'll soon see.

Rolls baked before freezing are superior to those made from frozen brown-and-serve dough or shaped roll dough. They are better in flavor and texture. On the other hand, vegetables cooked and then frozen are inferior to fresh-frozen or blanched and frozen vegetables, the former tending to be flavorless, off-flavor, soggy, mushy, and decreased in food value.

## Bollworm Said Threat To Crop

The real problem in cotton fields so far this year has been the heavy bollworm infestation. Bollworms have appeared in the highest number ever recorded at this stage of the cotton season, reports API Entomologist Jerry Ruffin, and farmers in all parts of the state are cautioned to watch their fields.

On the other hand, boll weevils have been very few, continued the specialist. Fields checked throughout the state show they are present in about the same numbers in North, Central, and South Alabama.

Other insects, such as thrips, spider-mites, and aphids, have not caused any serious damage, said Ruffin.

"The same kind of insecticides that have been used in the past—aldrin, BHC, dieldrin, endrin, heptachlor, and toxaphene—are recommended for poisoning," Ruffin noted, "and all of these except endrin and toxaphene should contain five percent DDT. These materials or combinations of materials will control both bollworms and boll weevils. They should be applied at the rate of 12 to 15 pounds per acre per application, and infested fields should be treated at least three times at five-day intervals. Following this series," he continued, "each field should be checked, and if infestation justifies additional applications of poison, continued to apply insecticides at five-day intervals until boll weevils start to migrate. In late season, when migration is in progress, insecticides should be applied at three to four-day intervals, and in fields where the cotton is four to six feet tall, the rate of application should be increased to 20 to 25 pounds per application," advised the specialist.

## Hints On Raising Early Lambs

Sheepmen who want to have their lambs ready for the early spring market should get their ewes bred within the next 30 days.

This advice is more than a timely reminder, because not infrequently, getting sheep to breed in the summer is extremely difficult. According to API Extension Animal Husbandryman W. H. Gregory, controlled breeding is harder to achieve with sheep than with any other species of farm animal. "Ewes are seasonal breeders," explained Gregory. "Under normal conditions, they breed when the weather begins to turn cool in the fall."

Another difficult aspect of the situation is the rams' tendency to become sterile in hot weather.

"Among the practices which shepherds should follow is keeping the rams cool during the early summer. Everything the farmer can do to achieve this is important," the specialist emphasized. "He should be sure to re-shear them immediately if they were shorn at the usual time this spring, and re-shear them again in 30 days if it appears necessary."

"Keeping the rams in a shady lot with plenty of water or in a cool barn is another means of maintaining lower body temperatures," said Gregory. "It's a good idea to keep them in a cool place during the day and turn them out with the ewe flock only at night." One practical way of attempting to overcome the seasonal breeding habit of ewes is using females from those breeds which have this trait to a lesser degree. Gregory suggested Rambouillet, Corriedale, Columbia, and grades of these breeds for Alabama sheepmen to consider in a long-range management program.

Since 1950, the largest decrease in farm population has been in the 18-44 years age group, while the number of persons 65 and over on farms has remained about the same.

## Classing Cotton Help To Grower

The cotton farmer does himself a favor when he has his cotton classed.

And under the Smith-Dooley Act, classification is free to members of cotton improvement associations, pointed out API Extension Agronomist Jasper Jernigan. "Therefore, growers are urged to organize cotton improvement associations and make application for free classing service," added the cotton specialist. These associations may be organized on either a community-wide or a county-wide basis.

"Classification information will most certainly be useful to farmers this fall," said Jernigan, "to help them get the maximum price for their cotton. For if they know the grade and staple-length of the cotton they are selling, they will be able to bargain for top prices in the marketplace."

Jernigan suggests that farmers discuss plans for organizing cotton improvement associations with their ginners and county agents, so that applications can be completed and sent to the cotton classing office before the deadline, which is August 1.

Since there is a big premium on high-quality cotton this year, Jernigan urged farmers to use plain duck or plastic-lined sacks for harvesting their crops. Asphalt-coated pick sacks may leave tar spots on the cotton, which will lower its grade.

**Springer Says Vows With Airman Camp**

Wedding vows were exchanged between Miss Peggy Ann Springer, Birmingham and Airman Buford E. Camp Saturday, June 14, at 7 p. m. in the Stedley Memorial Chapel of the Y. W. C. A., Birmingham.

The bride is the daughter of Mr. and Mrs. Louis T. Springer, Rogersville. Airman Camp's parents are Mr. and Mrs. Elbert Camp, Athens.

The Rev. Farris Smith officiated at the ceremony. Music was provided by Miss Frieda Echols and Mrs. Fred Easter.

The altar was banked with white gladioli, fern, and white candles. Given in marriage by her father, the bride wore a floor length gown of lace over taffeta. The moulded bodice featured a sweetheart neckline outlined with pale pink sequins. The long sleeves came to a point over the wrists. Her veil was attached to a Juliet cap of lace and pearls. She carried a white orchid and stephanotis mounted on a small white pearl-studded Bible.

Attending her sister as matron of honor was Mrs. W. C. Mobley. Bridesmaids were Mrs. Guy Wheeler, another sister of the bride, and Mrs. Byron Lee May sister of the bridegroom.

The bridesmaids wore identical dresses in aquiline with bouquets of shaded blue carnations. For her daughter's wedding, Mrs. Springer wore a pink embroidered linen dress with white accessories. Mrs. Camp chose a blue dress with white accessories. Both mothers wore orchid corsages.

For a wedding trip to the Smokies, the bride wore a blue embroidered cotton dress with white accessories and a white orchid. Following the trip, Airman Camp will return to German and Mrs. Camp will follow later.
