

## The Passing Parade

By HAROLD S. MAY

After a lapse of many years—far too many—the Chamber of Commerce will hold a membership dinner-meeting Friday, January 13 (we hope the Black Cat date is not a jinx) at the Florence Golf and Country Club after open house at the Chamber headquarters that afternoon. We have felt most sincerely that regular membership meetings, not necessarily accompanied by a dinner, should be held at least quarterly and have pointed to the importance of such meetings repeatedly. We hope that every member will attend the meeting in January and trust that an opportunity will be given for each to express his views, if he so desires.

● Aren't you glad you live in the Sunny South instead of those old cold regions in the East and Middle West? B-r-r-r-r!

● The efforts of some leaders in the Republican party to upset the election of Senator John F. Kennedy as the next president of the United States have centered mainly around the Illinois vote, now declared officially to have been duly cast for the President-Elect. Without Illinois' electoral vote Kennedy, whose 300 votes held steady, it was shown erroneously that his victory margin would have been only four votes. But this is not true. If Illinois could not have cast its 27 votes, which would have been impossible unless a complete recount of the November 8th vote had been made and this could not have been made under law until after inauguration day, the size of the electoral college would have shrunk from 537 to 510. To elect a president, then, majority would have been 256, which would have then left Kennedy with a margin of 17 votes. But, what the heck, it's all over now. We must give a pat on the back to Vice President Nixon who accepted defeat on November 9th and kept out of this controversy that did the country no good.

● A girl strings along with a guy only to see if he's fit to be tied.

● The head of the family returned home the other evening to find his young son sitting on the curb outside the house, his chin in his cupped hands, as they rested on his knees, and a brooding expression on his face. "What's the matter, son?" asked the doting dad. "Aw," said the boy bitterly, "I just had a big fight with your wife."

● My husband would never chase after another woman," declared the lady. "He's too fine, too decent—too old."

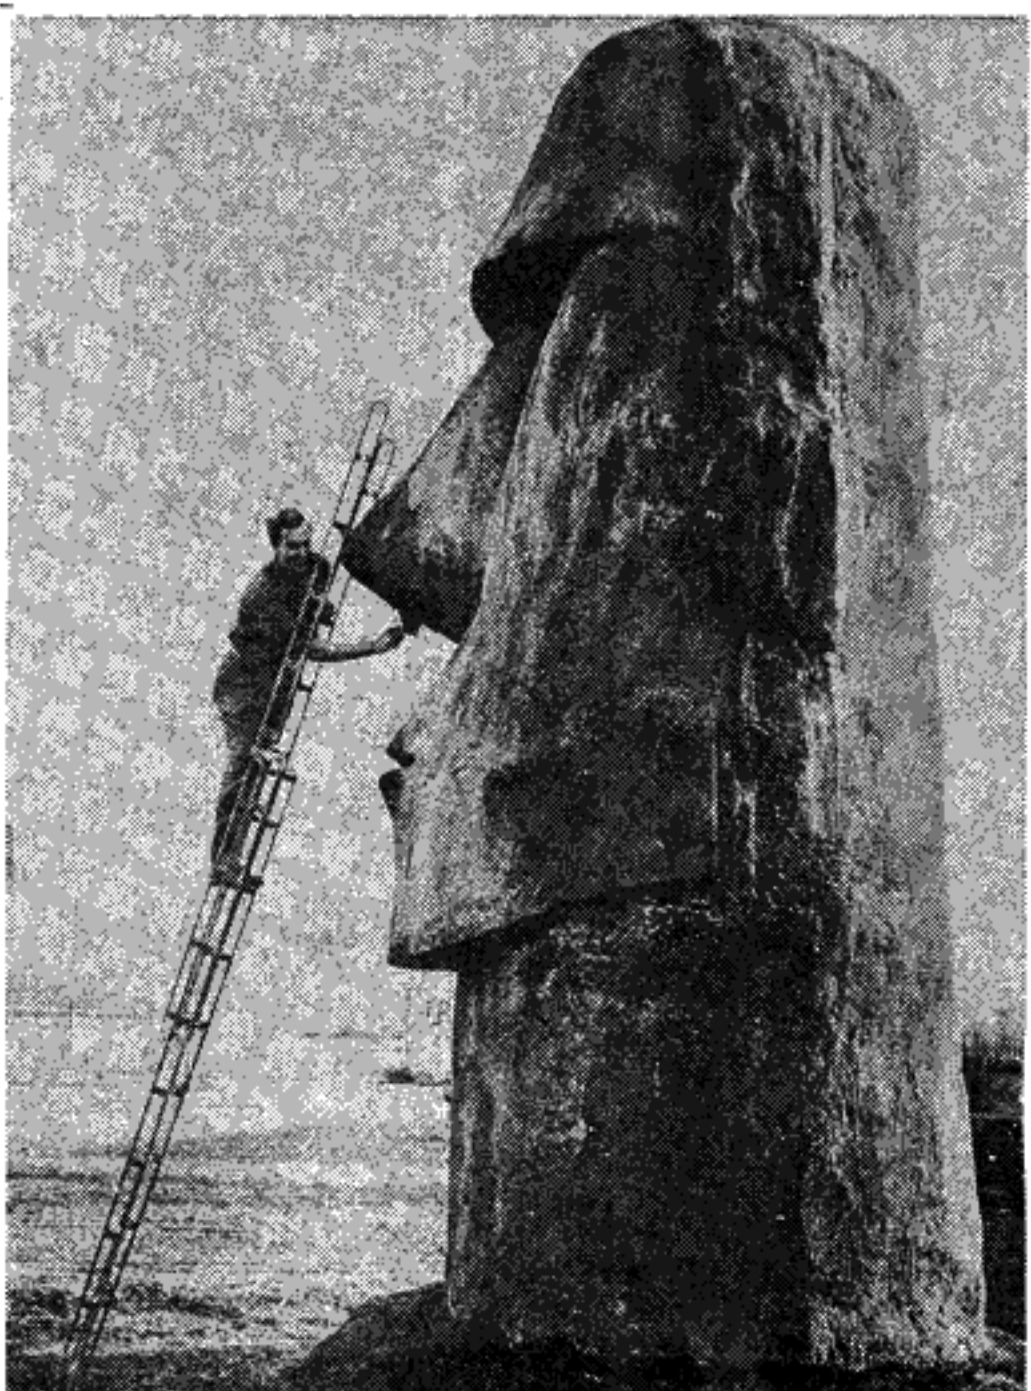

● The word got around that a certain family was leaving town for the city. The report was that the husband had said that he just couldn't stand it there any longer. It was hard to understand why he had decided to leave and he was asked for the reason. "Well," he said, "the town's all right, but it just ain't no place where a woman can find work."

● Out of the mouth of babes come words—we shouldn't have used in the first place.

● It is said that there are more than 750 special days and weeks in the year during which tribute is paid to one thing or another. There's Thrift Week, Cottage Cheese Week, Boy Scout Week, Girl Scout Week and on down the line. It seems to us that the one group to which honor should be paid that never receives recognition is the taxpayers. Why not have the Congress designate a "Taxpayer Day" during which all tax dodgers and others who have found the way to keep from paying taxes join together to honor the poor old taxpayer, who struggles through the year in order to accumulate enough money to "pay the freight" of various levels of government. That would be the day on which all other such celebrations would come to an end.

● It wasn't too long ago that you could finance a pretty good war for what six months of peace cost today.

● The superintendent was visiting one of the schools. As he stopped at a third grade classroom, he noted that the teacher was having a little discussion on the subject of math. The teacher explained to the visitor that little Johnny just couldn't learn his multiplication tables. The superintendent, desiring to be helpful, took over. "Johnny," he said, "what is two times two?" "I don't know," was the reply. "Well, then, how much is two times three?" he asked. Still Johnny didn't know. "All right, how much is two times four?" was the question. "Please, sir," said Johnny. "I don't even know what two times means."

## Only 5 Vacancies Remain

# Most Top Cabinet Posts Appointed By Kennedy

President-elect John F. Kennedy Monday named Dean Rusk, president of the Rockefeller Foundation, secretary of state. At the same time he announced the appointment of Adlai Stevenson as U.S. ambassador to the United Nations and Chester Bowles (D-Conn.) as undersecretary of state.

Kennedy in making the announcement of his choice for secretary of state said that it would be the objective of the United States to bring within reach of the rest of the world the goals of "peace, freedom and the pursuit of a just life."

Stevenson had been offered the post of UN ambassador last week but had deferred his answer until this week when he learned he would be working with Dean Rusk as secretary. Stevenson said his acceptance was based on the assurance that he would have a "voice in the formation of foreign policy."

Stevenson said it would be his task in the United Nations to maintain this nation's position under conditions in which the West no longer controls the world organization.

Previously mentioned was G. Mennen Williams who was Kennedy's choice as under secretary of state for African affairs. The President-elect, it was pointed out, wants more from his new policy team than a "stop-Russia movement."

Taking over the defense post was 44-year-old Robert S. McNamara who gave up a \$400,000-a-year job as president of Ford Motor Co.

Still to be filled are the posts of secretary of agriculture, treasury, labor, attorney general and postmaster general.

## Cave-In At FSC Fatal To Worker

Florence firemen, policemen, nurses and doctors worked patiently for an hour in an effort to revive Charles E. Pounders, 24, a construction worker at the new men's dormitory at Florence State College.

Mr. Pounders was buried in a cave-in about noon Wednesday while working on the building. He was an employee of G. E. Bass and Co., and lives on Rt. 6, Florence. Florence firemen rushed to the scene and used a resuscitator in an attempt to revive the victim who had been buried for approximately fifteen minutes. He was immediately taken to ECM hospital, but never gained consciousness.

## Army's Guided Missile School Cites Progress

Installation At Huntsville Now Ranks Third In Higher Institutions

The Army Ordnance Guided Missile School at Huntsville now ranks as the third largest institution of learning in Alabama and its facilities are officially valued at \$65,000,000.

These facts were made public by Col. Charles W. Eifler, commandant, on the eighth anniversary of the school which was established by the Department of the Army in December of 1952. It is the Army's only school devoted entirely to missile training.

About 5,000 missile men are graduated annually from 61 resident courses taught by a staff and faculty of 600, he said.

These statistics place the Missile School just behind Auburn and the University of Alabama, which respectively have about 8,500 and 7,800 students on campus.

The Missile School since 1952 has a trained almost 22,000 men from all branches of the U.S. armed forces and from 12 Allied nations. This compares with 29,128 graduates of the University of Alabama from its founding and 25,870 for Auburn.

The Missile School's curriculum covers eight weapon systems: Nike-Ajax, Nike-Hercules, Corporal, Redstone, LaCrosse, Hawk, Jupiter and the new Pershing. Several new missile systems are soon to be added, including the Nike-Zeus "anti-missile" missile. The Missile School also activates complete maintenance units for assignment to combat forces throughout the free world.

## Kilgore Speaker At Beagle Club

Describes Rabbit As Important Revenue Producer In State

Assistant Director of Conservation Joe S. Kilgore, was principal speaker at the dedication of the new Muscle Shoals Beagle Club on Chisholm Highway near Florence last Saturday.

Mr. Kilgore, who was accompanied by William C. Younger, Alabama's Conservation Director, spoke of some of the work the department is doing in game management and preservation especially with respect to the rabbit, which he said is considered the number one revenue producer in the game and fish management program.

More people purchase licenses to hunt rabbits than any other game bird or animal found within the boundaries of Alabama," Mr. Kilgore said, adding that the department was conducting a detailed rabbit research program to best manage and increase the rabbit population.

Mr. Younger pointed out that the Beagle club served an even greater purpose by setting a standard of sportsmanship for youngsters.

Other visitors included Bert B. Weak, editor of Alabama Conservation, Charles Kelley, Chief of the Game and Fish Division, was invited but was unable to attend.

## BIDS ON RIVERVIEW SCHOOL EXPECTED JAN. 15

Supt. Rufus G. Hibbert said Wednesday the Florence Board of Education hopes to let bids on the Riverview School about January 15, 1961. The architect is still working on the drawings of the school, which has to be approved by the state architect; estimated cost of the structure in round figures is about \$300,000.

Tuesday afternoon, the City Commission approved the city's participation in running a sewer from Grove Street to the school site.

## Cattlemen Told Facts About Beef Industry In State

County's Cattle Income \$2,350,000 In 1960; Big Increase Foretold

W. H. Whitten, president of the Lauderdale County Cattlemen's Association told members at their annual meeting held at Central High cafeteria, Thursday, income from beef cattle during 1960 in Lauderdale County was \$2,350,000.

Ed Wadsworth of Montgomery, president of the Alabama Cattlemen's Association and Ham Wilson, executive director of the state group, told the gathering of cattle growers, their wives and special guests that Alabama is now "a leading cattle producing state in the nation with the largest state cattle association in America."

"Income during 1959 in Alabama from beef cattle reached \$102,000,000," Mr. Wilson told the Lauderdale group that he and Wadsworth were attending their third beef cattle meeting in "twenty four hours."

He gave praise to Whitten who produced the Grand Champion bull at the annual Hereford show and sale in Demopolis recently. "In 1959 in Alabama we had 450,000 head of cattle and produced \$31,000,000 in income," Wilson said. "In 1959, we had 1,297,000 head and produced \$102,000,000," the association executive stated.

Also present at the meeting was Lauderdale County's 1960 Maid of Cotton, Miss Janice Chappell, daughter of a cotton farmer who said she remembered following in her father's footsteps and "plowing and planting cotton for five years while a youngster." Miss Chappell told the beef growers that "already 22,899 bales of cotton have been ginned in Lauderdale this year or an average of 425 pounds of lint cotton per acre." "Cotton farmers are important people," she added. "We rely on the cotton farmers and the cattlemen." "Someday, as Maid of Cotton, I would like to see everything made of cotton," she concluded.

Vernon Cash, Walker Brown and W. H. Whitten were elected to three-year terms on the Board of Directors of the Cattlemen's Association.

Along with a number of agriculture workers who attended the session, were special guests, Probate Judge and Mrs. Estes Flynt, Representatives Bob Broadfoot and Charles Long, Colbert County Agent D. G. Somerville and R. G. Preuit, president of the Colbert Cattlemen's Association.

## Farmers Vote In Favor Of Quotas

Marketing quotas on the 1961 crop of upland cotton in Lauderdale County was given overwhelming approval as farmers voted on the referendum at polling places throughout the county. In this county, 444 farmers cast ballots in the annual election and voted in favor of marketing quotas for next year's cotton crop by a margin of 434 to 10. Lauderdale has a cotton acreage allotment in excess of 30,000 acres for 1961.

If the marketing quotas are approved across the country it will mean price supports will be in effect on cotton during 1961, ASC office managers pointed out locally Wednesday.

## Airport Grant Is Again Delayed By Commissioners

Pending a report from Brodnax and Knight, investment brokers, the Lauderdale County Commissioners Monday again delayed action on a five year \$10,174 annual grant to the Muscle Shoals Airport administration building. The funds for the airport grant will have to come out of the public building fund, and a report on whether financing of the airport grant could be handled without disturbing the proposed \$1,250,000 courthouse and jail project is being waited upon.

Florence has approved an annual grant of \$5,970 annually and will wait until Dec. 27 before giving a reply on the grant for a second and third floor and tower at the airport building. Other payments scheduled on the project are Sheffield, \$2,900 a year and Tusculum, \$1,782 a year. Muscle Shoals City is not participating in the financing.

**BULLETIN**  
It was announced Wednesday that Republicans have lost court tests in their last ditch efforts to overturn President-elect John F. Kennedy's winning margins in both Texas and Illinois, leaving the Massachusetts Senator with 390 electoral votes, 31 more than the 269 minimum needed to win. Kennedy now has a nationwide popular vote margin of 114,859 out of more than 68 million votes cast.

Mississippi and Alabama's 14 unpledged electors gave their votes Monday to Senator Harry Byrd (D-Va.) in an effort to block the election of Senator John F. Kennedy and gain civil rights concessions for the South.

The decision of the electors followed a five-hour closed session at which the heretofore non-political private Citizens Councils participated.

The electors, in an 840 word long statement called on the governors, congressmen, electors, public officials, etc., of other states to join the stop-Kennedy movement. The statement said that ultimate victory depended on the official leadership and the electors of other southern states. "We cannot," it said, "assure that election (of Byrd) alone."

The statement warned that "unless the South acts now then we must prepare to accept New Orleans, Little Rock, school integration, judicial despotism, and finally, federal dictation and tyranny."

Mississippi's delegation headed by Governor Ross Barnett had said previously that its electoral votes would be cast for a man like Byrd. The state issued by the electors said they would not seek to block the election of Lyndon Johnson to the vice presidency but its plan was to block a Kennedy-Johnson victory in the Electoral College on Dec. 19. This would throw the presidential election into the House of Representatives, according to the unpledged electors, and the vice presidential election into the Senate.

Under the Constitution the House chooses a president from the top three candidates in the electoral college and the Senate chooses a vice president from the top two. If no president is chosen then the vice president-elect becomes president.

The statement further contended that if the election can be forced into the House of Representatives Byrd would be elected president "because it is incredible that any southern congressman could refuse to vote for a southerner such as Byrd who is recognized as one of the strongest champions of constitutional government."

Further, it contended that in this situation the Republican delegations, recognizing that Nixon could not win in any event, would join forces with this independent southern bloc in assuring the election of Senator Byrd.

Alabama's electors at the meeting were: Ed Blair, Pell City; former governor Frank Dixon, Birmingham; Bruce Henderson, Prarie; C. E. Hornsby, Centerville; W. W. Malone, Athens, and Frank Mizell of Montgomery.

## You Can't Have Everything

The following editorial by Lt. Col. Hansen of the Salvation Army is so very appropriate as Christmas approaches we think it well worth reproducing in this column.

Someone said to me the other day that one of my frequent expressions is, "You can't have everything." Well, I guess it is. Certainly it is one of my most deep-seated convictions, as well as being an obvious fact, and, at times, perhaps even a comfort!

So often we are tempted to feel that all things should be ours. The world—our world, at least—should go just the way we want it to or think it ought to. We should be favored and considered and our preferences and desires granted. We feel that this should surely be so—no matter what the cost to someone else, or however much such action, such developments might inconvenience or even hurt or harm those about us, or those we do not even know.

You see, our world is such a personal one, such a self-centered one, really, such a small world, such a limited one! It is always, I think, most difficult for us to really see or understand any viewpoint but our own.

So often we are quite conversant with what we want or desire, but not nearly so well informed concerning the needs and desires of others, or even concerning the price or cost of obtaining our own desires.

There is always a price, obviously, for everything. Not necessarily a monetary cost, but a toll in preparation, thought, effort, drive, interest, perseverance. And so many people—either individually or collectively—are far from willing to pay the price. Perhaps some of them are sometimes not even aware of the need to pay such a price or even of the amount required.

Jesus, always so profoundly discerning when it comes to human nature, reminds us to: "Lay up for yourselves treasures in Heaven . . ." In other words, invest—your life, your time, your talents, your service in God's cause, unselfishly and with dedication, and persistence—that in the life to come, the life eternal and everlasting—the deepest desires and longings of your heart may be fulfilled.

And, if you would have the richest, most worthwhile satisfactions during your lifetime on earth—not the "everything," but surely the things that matter most—then, Jesus said, "Follow Me." Not to wealth. Not as an endeavor to escape from the trials, the temptations, the ills that are the common lot of all mankind. Not to power or position. But to peace and pardon, to rest of soul, to growth of spirit, to communion with the Divine, to Heavenly treasures, to most meaningful earthly living, to eternal life.

Of course, there's a choice to be made. For no one can face in one direction, and start moving in the other. Have you made that choice? Is your life centered in His will and way?

Jesus paid the price—with His life, and through His Resurrection—for our pardon. The price we pay is of acceptance, of surrender and of conformity to His will. The rewards are deeply personal, everlasting, richly soul-satisfying.

It pays to think it over, remembering that no one—not even you, not even I—can possibly ever have everything! (By Lt. Col. Lillian Hansen in War Cry, Dec. 10, 1960)

## Be Sure To Drive Carefully

Americans are "holiday-minded" and, usually, enjoyment of a holiday means piling into the family car and taking off for a visit with friends and relatives. Christmas and the after-Christmas holidays are no exception.

Yet, this is the time of the year when driving conditions are at their "worst" in many sections of the country—snow, ice and unpredictable weather conditions.

Most winter drivers have snowgrips, chains, and comfortable heaters, all of which make driving easier, safer and certainly more enjoyable. But winter driving offers many more hazards than are present during other seasons of the year. So—be careful—don't mar the holiday season by injecting a note of tragedy. If you drive, drive carefully, as if your life depended upon it—which it does.

## Don't Risk Loss From Accident

Herald Subscribers  
May Have Low Cost  
Insurance Protection

There are more natural hazards during the winter season and the longer periods of darkness. Rain, fog, sleet and snow contribute to dangerous slippery highways, streets, sidewalks and stairways. These unpleasant elements result in an enormous total of injuries at home, at work, on the farm, at school, at play and while traveling.

Now is a good time to prepare for such mishaps. Don't wait until they happen. You may be an unfortunate victim. Stop in at this newspaper office and apply for the Emergency Protection Personal Policy which contains benefits for practically every accident, whether serious or simple. It provides helpful indemnities in varying amounts, depending upon the type of accident, for loss of life, limb, or sight, total disability, first aid, ambulance, hospital and X-ray.

This essential and low-cost personal accident protection program was adopted by the Florence Herald with the purpose of assisting our subscribers and their family household members when those unexpected accident expenses arise. Mother, dad, sister and brother are all eligible for and need

### LETTERS TO THE EDITOR

### DIABETIC PROGRAM AID APPRECIATED

Editor: On behalf of the Lauderdale County Medical Society and as Chairman of The Diabetes Detection Drive of 1960, I want to at this time express our sincere appreciation to you for your cooperation in helping us to publicize this drive. You will be interested to know that we distributed about 12,000 Detection Units, we had 3,500 Units returned, out of which we found 35 positive tests for sugar. This of course does not mean that we found 35 diabetic patients. We are sending only positive reports to those 35 and no report at all to those who had negative tests.

Again thanks very much for your cooperation.

Sincerely,

## In The Week's News

### Nehru Condemns Belgians

Prime Minister Nehru of India who called on the United Nations to take a stronger stand against the Belgians, said Monday Belgians are trying to create a new empire in the Congo with Congo army commander Col. Joseph Mobutu as their frontman. "An attempt is being made to create a new kind of Belgian empire in the Congo," Nehru told Parliament. The UN has adopted a policy of nonintervention while the Congo "is going to pieces," he said.

### Khrushchev Wins China Agreement

In trying to arrange for a summit conference with President-elect John F. Kennedy and other Western leaders sometime next year, Soviet Premier Khrushchev apparently has won reluctant Red Chinese support. He also apparently has had to agree to follow a much tougher and more belligerent Communist policy line toward the United States and the other allied powers as advocated by Red China.

### Big Barge Released By Army

The Palaemon, a 180-foot-long barge especially built to carry the Saturn space booster, the largest in the free world, was released by the U.S. Army to the civilian space agency in ceremonies at Redstone Arsenal, Huntsville, Tuesday. The Saturn booster is 82 feet long, and 21 and one-half feet in diameter. Its size is so great that it cannot be shipped by rail, truck, or air and will be protected during the 2,200 mile trip from Huntsville to Cape Canaveral in a sealed enclosure wherein temperature and humidity will be closely controlled. Todd Shipyard Corp., Houston, Texas, built the barge.

### Blizzard Takes Huge Toll

The worst blizzard in thirteen years which took more than 120 lives, crippled transportation and brought much business to a halt, hit the Northeast Sunday, the effects of which were still felt Tuesday as people began shoveling their autos out of the mountainous drifts. The mercury slithered to 9 degrees in New York City, and in some surrounding areas fell to nearly zero, the coldest Dec. 13 in the records of the Weather Bureau. Only the blizzards of 1888 and 1947, which occurred during the official winter period, produced a greater snowfall.

### School Boycott Continues In NO

School superintendent James F. Redmond, of New Orleans, predicted a near-complete white boycott at two elementary schools would stand firm as integration moved into its fourth week. White attendance slipped, back to eight by Friday and was at its peak of 23 at William Frantz School last Tuesday. No whites now attend McDonough 19 School, Governor Jimmie H. Davis called a third session of the Legislature and asked for a possible boost of one cent in the statewide sales tax to promote private segregated schools and bolster state revenues for other purposes.

● Haile Selassie, "Lion of Judah" and Ethiopia's emperor, was ousted Wednesday in a bloodless coup by crown Prince Wossen, who took over the reins of the world's oldest kingdom at Addis Ababa as the emperor was visiting in Brazil.

● Marketing quotas which require planting controls but guarantee supports for the 1961 crops, are overwhelmingly favored by cotton and rice farmers who grow both upland cotton and extra long staple cotton as well as rice. They voted Tuesday over the required two-thirds majority to continue the Agriculture Department's price support operations on the 1961 production. Secretary of Agriculture Ezra Taft Benson already has proclaimed a national marketing quota of 15,562,000 bales and a national acreage allotment of 18,398,424 acres for the 1961 crop of upland cotton. Benson has set a national marketing quota of 66,590 bales and a national acreage of 63,740 acres for the 1961 crop of extra long staple cotton.

● A late report stated that pro-Communists under Capt. Kong Le had recaptured Vientiane, in a seaway battle which has been raging between pro and anti Communist Laotian forces for control of the Asian country's capital. The sporadic fighting began at noon Tuesday when the pro Western force of Gen. Phoumi Nosavan began pushing the pro Communists out of the city. The fighting was generally light, although control of the capital tipped back and forth from one side to the other in less than 24 hours. Only a few buildings were damaged by shellfire, and apparently no foreigners were killed or wounded.

● President Charles de Gaulle announced he is more determined than ever to press his policy for a semi-independent Algeria "because it is the right one." Fighting spread between European settlers and Moslems from Algiers and Oran to the East Algerian Port of Bone, even as De Gaulle returned, angry and determined to punish the riot ringleaders from his riot-wrecked Algerian tour. He made it plain he is resolved to push through his aim of creating a semi-independent Algerian republic despite the bitter opposition of die-hard European settlers that touched off the new outburst of rioting.

● John Charles Thomas, famed baritone star of opera, concerts and radio during his 45-year career, died Tuesday of cancer at his home. He was 68. March 18, 1959, he had undergone what was considered minor surgery at the UCLA Medical Center, and had been ill for several months and in a coma for days. Death was attributed to cancer.

## Residents Receive New Phone Books

Tri-Cities Area Now  
Has 31,295 Telephones,  
1,896 More Than 1959

Some 31,850 telephone directories are being delivered to residents of the Tri-Cities and surrounding areas. Delivery of the new books began Saturday and was completed on Tuesday, December 13, 1960.

F. W. Brice and W. L. Ferguson, local telephone managers, revealed that there is an increase of 1,609 listings over last year's directory. The total listings now number 21,707. "This is a sign of a growing and prospering area," Brice and Ferguson said.

The Tri-Cities area has a total of 31,295 telephones. A year ago the figure stood at 29,399.

This year's book shows 151 Jones, 204 Johnsons, 136 Browns and 308 Smiths in addition to one Tonn, one Langstaff, and only one Zinsmeister.

## Siding Salesmen Use High Pressure

Pair Selling Aluminum  
In Area Not Employed  
By Reynolds Metals

Florence police and Chamber of Commerce officials have received calls about abusive and high-pressure tactics being used by two men selling aluminum siding here. Names of the two men are now known but they're reported to be driving a car with out-of-county license tags.

C. Hewlett, Jackson, manager of the Florence Chamber of Commerce, said, "We know nothing of these men or of the product they're selling. However, we strongly advise home owners to deal only with home improvement firms having permanent offices in the Shoals area."

"There have been many cases of home owners being defrauded by out-of-town firms which send in high pressure salesmen, do a shoddy job and then leave town. I know of no case where local owners can't get better work at more reasonable prices from local firms who'll be around to stand behind their work."

Reynolds officials here said the aluminum siding salesmen were definitely not employed by Reynolds. "Several local firms," they pointed out, "sell quality aluminum siding made from Reynolds aluminum produced at the Listerhill plants but we are not familiar with the material being sold by their two out-of-town salesmen. In any event, Reynolds does not believe in high pressure or abusive tactics."

Farmers, their suppliers, and those directly dependent on processing and distributing farm products account for more than one-third of total United States employment.

LEONARD THOMAS WAGGON

"Lauderdale county has a great agricultural potential. Some good agricultural programs have been carried on here, but there still remains a lot to be done. We find here, as you find in all counties in Alabama, a need for a great job of improving the fertility of the soil, meaning that our yields

are low and our income is not as great as it should be because of the soil and the farmers' failure to use the proper type and ratio of fertilizer materials. We feel that when farmers begin to see the necessity of plant food in the production of crops, that our yields and income will rise together," Mr. Waggon said in discussing present agricultural conditions in the county.

"Appreciating this condition, in 1959 we embarked on a soil testing program and continued through the spring of 1960, which has paid remarkable dividends with the 1960 crop. About one sixth of the farmers have taken advantage of this program. The results from this year's soil testing program shows that farmers, who followed fertilizer recommendations from the laboratory, increased cotton yields 280 pounds per acre and corn yields fifty per cent. This is my pet project because of its importance and crop results of 1960 have proven this beyond a doubt," Mr. Waggon continued.

Leonard Thomas Waggon was born in rural Colbert county, April 20, 1904, the son of John Seborn and Ada McCormick Waggon. He attended New Bethel Elementary School and was graduated from Deshler High School, Tusculum, in 1924.

Mr. Waggon attended Florence State Teachers College briefly and in 1929 entered Auburn where he received his B. S. degree in agriculture in 1933.

At Deshler, Mr. Waggon played football, participating in the first game he ever saw. While attending Auburn, he was a member of Sigma Pi, social fraternity, a representative of the agricultural school on the Undergraduate Student Government. During his freshman year, he played football, but had to quit when a sophomore because of a knee injury.

After his graduation from Auburn, he returned to his Colbert county home and again became engaged in farming, putting into use many of the practices he had learned at Auburn.

In October, 1933, Mr. Waggon accepted the position of teacher and assistant football coach at Deshler. He resigned after one year to accept the position of educational advisor of the Civilian Conservation Corps, Wilson Dam, where he remained until December, 1935.

Mr. Waggon then accepted a position with the Alabama Extension Service, Auburn, as Assistant County Agent in charge of 4-H club work in Morgan and Cullman counties. He served both counties from December, 1935 until October, 1938, when he devoted his full time to Morgan county. In 1940, Mr. Waggon was named County Agent for Jackson county where he served for five years, then returned to Morgan county in 1945, continuing as County Agent there until 1957. In November, 1957, he accepted the position of Lauderdale County Agent, the post he has held since.

Mr. Waggon was married to

## Public Urged To Support TB Seal Sale In County

Walker Brown, president of the Lauderdale County Farm Bureau, today urged all farm residents to give their generous support to the 1960 Christmas Seal Campaign to fight tuberculosis.

Mr. Brown reminded members of the Farm Bureau that the Christmas Seal Campaign is the Lauderdale County TB Association's one source of funds for the year-round fight against TB. The campaign opened November 14 and will continue through December.

Over half a century ago, when the Christmas Seal Campaign began, many cattle were infected

Elizabeth Robinson, of Cullman, October 24, 1937. They have five children; Betty, a junior pharmacy student at Auburn, who recently received a scholarship in that school; Lynda, a freshman commercial art student at Auburn; Wanda, a junior at Coffee High School; Robbie Ann, a fourth grader, and Thomas, a second grader, both at Harlan Elementary School.

Mr. Waggon is a member of the Lauderdale County Farm Bureau, an honorary member of the Lauderdale County Hog Producers' Association and a member of the National Association of County Agricultural Agents. He is a member, past president and past director of the Alabama Association of Agricultural Agents, presently serving on the Relationship Committee.

Mr. Waggon is secretary of the Lauderdale County Cattlemen's Association. He holds membership in many additional professional organizations.

In 1953, Mr. Waggon received the National District Service Award for his outstanding accomplishments in the Extension Service from the National Association of County Agricultural Agents.

Having been a charter member, serving as president and director, of the Hartsville Kiwanis Club, Mr. Waggon, when he moved to Florence, became a member of the Kiwanis Club of North Florence, which he presently serves as director.

Mr. Waggon served as Lieutenant Governor of the Alabama Kiwanis District, Division I, Kiwanis International in 1957.

He is a member of the Sherrod Avenue Church of Christ and has just completed the teaching of a training class for Sunday School teachers.

Mr. Waggon's hobbies are, besides being a sports enthusiast, improving his home, doing odd jobs, repairs and working in his yard, in which he finds relaxation as well as proving out some of his theories.

Although serving as County Agent in Lauderdale county for only three years, Mr. Waggon is appreciated by the farmers and businessmen of this area for his sincere efforts to bring about a greater prosperity for the farmer and a closer relationship between the farmers and the city dwellers. He has been instrumental in the launching and growth of the very successful Farm-City meeting that already have meant so much to those participating.

Mr. Waggon long ago became dedicated to taking the women folk out of the fields and keeping them in the homes where their talents pay the greatest dividends. From the days when his entire family worked in the fields until today when all the comforts of gracious living are found in the farm home, Mr. Waggon has felt that farmers must move forward and do an even better job for the prosperity to which they are entitled.

Lauderdale county is fortunate to have a County Agent such as Mr. Waggon to render the service for which he is so ably fitted.

with tuberculosis and their milk spread crippling bovine tuberculosis to human beings. Alabamians will remember some of the stormy events preceding the now universal practice of tuberculin testing cattle.

No laws required human beings to be tested regularly for TB, he pointed out, but the TB Association works tirelessly to convince people of the importance of taking a yearly chest X-ray.

The farm leader presented the endorsement of the Seal Campaign to W. T. Watson, chairman of the 1960 Lauderdale County Christmas Seal Campaign.

## Victory Found In Judah's Hammer

Story Told Of Famous  
Weapon Used Against  
Idolaters In Palestine

By RABBI J. S. GALLINGER

The sun was setting over the little Judean town. Modin's whole population stood massed in the market place. In it's center, an alien altar braggily offered the bloody carcass of a heathen offering. The conqueror's orders were explicit: "Blasphemy or die!" A sacrifice to Zeus in the city of the Judean priests!

Tension mounted. The choice was clear: The order of the heathen ruler against the ordinance of God's law; a pleasant life in sin against a sure death in obedience to God.

The men of Modin stood unmovingly. But secretly some of them waived. One, Tobies, hesitantly stepped forth, knelt, dipped his hand into the sacrificial vessel and scooped some of the forbidden blood to his lips.

It was then that the last rays of the sinking sun flashed on metal. From under the prayer cloaks of the Jewish priests there appeared a motley collection of weapons. Judah, the Maccabee, raised his hammer. It crashed into bare heads and burst helmets. That night no enemy soldier remained alive in Modin.

That night too, the river of faith, which eventually was to produce our way of life, the way of Western civilization, washed away another dam thrown up by hands that wanted to divert it into fields of idolatry. Had the powerful Syrian army succeeded in breaking the dedication of the Maccabean Jews to the worship of the one God, had they prevailed in forcing the ancient idols of Greece upon the people of Palestine, then there would be today no synagogue, no church, no mosque. Instead, Western man of today, whether Jew, Christian or Moslem, would be worshipping the imagined deities of Zeus' Olympos, or the man-God Caesar of Rome, or Wotan with his Valkyries, or the Druids.

The victory of the Maccabees enabled Western man to develop his belief in Monotheism, to know that "the Lord our God is one," to find his salvation in his faith based in the Bible.

In commemoration of this victory Judaism, the mother faith of both Christianity and Mohammedanism, still celebrates in our time "The Feast of the Maccabees," called in Hebrew Chanukkah. This holiday is being celebrated in Jewish homes and Temples this year from December 14 (starting the evening before) through December 21.

When the Jew symbolically lights his Chanukkah lamp, starting with one candle and increasing the number by one progressively each following night, he expresses his unshakable conviction that man's Father in Heaven will progressively increase His glory among His children until the darkness of evil will have been vanquished completely from the face of the earth.

## Cancer Program In County Headed By Mrs. Wright

Mrs. S. B. Wright, Jr. of 223 Seymour, Florence, has again accepted the responsibility of leadership in the American Cancer Society's educational program for Lauderdale County during the coming year, according to an announcement from State headquarters in Birmingham. She served in this capacity during the past year.

Mrs. Lillian G. Meade of Birmingham, executive director of the Alabama Division, announced the appointment of Mrs. Wright and expressed "sincere appreciation for her willingness to undertake this most important effort."

"The American Cancer Society is grateful to such fine, public spirited leaders as Mrs. Wright and to all who cooperate in the educational program," Mrs. Meade said. The program is sponsored by the Home Demonstration Council of Lauderdale.

The American Cancer Society carries on a continuous crusade to alert the public to cancer's danger signals and to spread life-saving information through newspaper, radio and television publicity, film showings, printed literature, talks before civic, business, employee groups, window displays and other means.

Mrs. Wright is a member of the North Florence Home Demonstration Club and the Ladies Auxiliary V.F.W. She is a member of the Church of Christ.

She and Mr. Wright have three daughters and one son.

### SHOALS DAY CHAPTER PRESENTED CHARTER

Muscle Shoals chapter of Disabled American Veterans No. 63 was presented a charter by Judge Alfred English, a native of Florence and past national commander of the DAV, at a meeting of the North Alabama district at the municipal building, Sunday.

With 98 percent of Alabama's cotton crop ginned by December 1, production at 760,000 bales was about in line with earlier forecasts of the Alabama Crop and Livestock Reporting Service. Production in 1959 amounted to 718,000 bales and the 1949-58 average is 768,000.

Farmers planted 880,000 acres to cotton and harvested 860,000. Included in the 20,000 acres abandoned are 11,600 acres removed voluntarily to comply with acreage allotments. Yield per acre at 424 pounds is 108 above average and 12 pounds above 1959. The 1960 yield per acre has been exceeded only by the record of 478 pounds harvested in 1955.

Ginnings to December 1 were enumerated by the Bureau of the Census at 744,326 bales. A slightly higher percentage of the crop was ginned prior to December 1 than in each of the past three years.

Cotton was planted late in all parts of Alabama. Low temperatures at mid-May caused heavy replanting in north Alabama and scattered replanting in central areas. Insufficient July moisture limited plant growth, especially on Sand Mountain. Only 8 percent of the crop was ginned prior to September 1 for the lowest percentage in the bale on that date since 1949. Growers made good progress picking cotton during September. October was another month of full harvest. By November 1 only one-eighth of the crop remained in the field. Mechanical pickers were used more extensively than in any other year as farmers tried to overcome a tight labor supply.

Yields in north Alabama, especially on Sand Mountain, did not come up to the high yields of 1959. In other parts of the State, however, they were higher. Even so, the south Alabama crop was below preharvest expectations. Rains there again took a toll of the cotton crop and lowered grades of unharvested production.

## Sullivan Attends Company Meet

Plans For Expanding  
Local TV Cable Service  
Discussed At Conference

John Sullivan, manager of the Muscle Shoals TV Cable Co. of Florence, has returned from a several days' business conference in Los Angeles with executives of Transcontinent Communications Systems, Inc., new owners of the local community television antenna company.

Sullivan met with David E. Bright, chairman of the board of Transcontinent, and his executive vice-president, Leon N. Papernow, in meetings in which plans for expanded service for this city's television viewers were discussed.

"The new owners of the Muscle Shoals TV Cable Co. have every confidence in their ability to constantly improve service to our subscribers in this area," Sullivan said. "These improvements will bring more diversified programming and continually-improving clear-picture television reception. Top engineers have been retained and have already embarked on surveys toward this end. Howard S. Frazier, leading engineer and management consultant in this industry, has just completed the first phase of these surveys locally."

The community television antenna networks nationally now serve approximately two and a half million people who rely on this service for television reception in over 750 communities like Florence.

## Exchange Hears Coffee Glee Club

The Coffee High School Glee Club, under the direction of Floyd C. McClure, made its annual appearance before the Florence Exchange Club and delighted the membership with a program of Christmas music Tuesday noon at Hotel Reeder. Dr. William Bradley made arrangements for the most enjoyable program.

The program as presented included:

Benedictus and Hosanna, by Bright, Gesu Bambino, by Yon-Martens, Let All Mortal Flesh Keep Silence, by Holst, Christmas Day, by Holst, Celestial City, by McCormick, As It Fell Upon a Night, by Davis, Carol of the Drums, by Davis.

The club joined with the Glee Club in singing Silent Night, the concluding number.

### JOE PUTNAM IS SPEECH WINNER

Joe Putnam who won an oratorical honor with a speech entitled "The Changing Valley" in a school competition held Friday, will represent Coffee High School in the Lauderdale County Oratorical contest to be held at a later date. The subject chosen tied in with the state-wide theme, "The Industrial Development of Alabama." Alternate winner was Jo Wilbanks with "The Seamless Web." Judges were Mrs. William Milliken, W. H. Mitchell and Rev. J. V. C. Summerell.

**Gerald Garriss McGlamery Takes Marietta, Ga., Bride**

The wedding of Miss Barbara Coggins and Gerald Garriss McGlamery took place in a four o'clock ceremony the afternoon of November twenty-six at First Presbyterian Church in Marietta, Georgia. Dr. Harry K. Holland read the vows of the double ring service.

The bride is the daughter of Mr. and Mrs. L. H. Lautenschlager of Marietta and the bridegroom's parents are Mr. and Mrs. G. A. McGlamery of Lelia Street, Florence.

White gladioli and chrysanthemums against a background of fern fronds decorated the altar and branched candelabra of burning white tapers cast a soft glow on the nuptial scene.

Mrs. Maynard Young, organist, and Milton Alexander, vocal soloist, presented a program of wedding music.

Mr. Lautenschlager gave his step-daughter in marriage. Her gown of white silk organza was distinguished by a scalloped neckline embroidered in sequins and pearls, the same trim finishing the bodice's elongated waistline, and long sleeves which tapered to calla points over the hands. Her only ornament was a diamond pendant, a gift from the bridegroom. A coronet of orange blossoms held her elbow-length veil and she carried a bouquet of white mums and stephanotis showered with satin ribbons.

Wearing green taffeta with matching net headdress and carrying pink Fugli mums, Miss Ann Whitmore of Smyrna, Georgia, served as maid of honor. Little Gina Beckler, niece of the bride and flower girl, wore pale pink organza and carried a single pink mum. Walter Coppedge of Atlanta, a cousin, was candlelighter.

Harris S. Burns was best man for the bridegroom and ushers were his brother, Charles McGlamery, both of Florence; Jack Beckler, brother-in-law of the bride, of Marietta; and Tom Bridges of Brevard, North Carolina.

For her daughter's wedding, Mrs. Lautenschlager chose a dress of Chinese blue satin, matching accessories and a white orchid corsage. Mrs. McGlamery, mother of the bridegroom, wore satin-trimmed navy blue crepe, navy accessories and she, too, wore a white orchid.

A reception in the church parlors followed the ceremony. Assisting were Mrs. J. G. Beckler, Jr., sister of the bride, Mrs. Olen Reger, both of Marietta; Mrs. J. B. Sewell of Columbus; and Miss Mary Jo Reed and Miss Jane Brock of Atlanta.

Among the out-of-town guests were the bride's grandmothers, Mrs. C. J. Richardson of Pensacola, Florida, and Mrs. Clara Lautenschlager of Honesdale, Pennsylvania.

For travel, the bride changed to a suit of gold-colored wool with which she wore a matching hat and a yellow-throated white orchid corsage.

Mr. and Mrs. McGlamery are now at home in Brevard, North Carolina, where he is with Olin Mathieson Chemical Company.

**Morning Coffee Fetes Alabama LWV President**

Local chapters of the League of Women Voters were hosts on Tuesday morning, December 13th, when they entertained with a 10 o'clock coffee at Temple B'nai Israel.

Mrs. Robert Futrell of Montgomery, State President of the League, was the honor guest and Mrs. Donald Pierce of Wetumpka, State Legislative Chairman, addressed the group following the social hour. Mrs. Pierce illustrated with color slides her talk on the charter tour of Europe taken last summer by a number of Alabama League members whose experience brought them in touch with many political personalities and places of interest.

Other special guests were Mrs. Franklin Broyles of Huntsville, State Bulletin Chairman, and Mrs. Paul Guinn and Mrs. J. G. Baker of Sheffield who participated in the tour.

At the home of Mrs. M. E. Eisenberg, Palisade Drive, board members of the local LWV chapters entertained at teatime on Tuesday afternoon as a courtesy to the three visiting members of the State Board and Mrs. Atherton Hastings of Florence, State First Vice-President.

**Christmas Party Lovely Friday Afternoon Affair**

Continuing a series of courtesies which began in mid-autumn, Mrs. Jewett Flagg, Mrs. Fred Osborn and Mrs. Harry Simpson entertained with a Holiday party on Friday afternoon at the Flagg home in Norwood Park.

A white Christmas tree hung with blue baubles stood near the entrance hall and a white figurine centered a colorful mantel setting above the living room fireplace. Other decorative features were a wreath of blending foliage on the family-room wall... chubby candles with greenery on low tables... and the all-white party table, veiled in a floor-length cloth of linen and lace and lighted by tall, slender tapers.

Assisting during the half past three 'til half past five affair were Mrs. Fred Osborn, Jr., Mrs. Robert

Osborn, Mrs. Harry Simpson, Jr., Mrs. Shaler Roberts, Jr., and Mrs. James H. Johnson.

Guests numbered eighty.

**Christmas Program Of Florence Music Study Club**

The December meeting of Florence Music Study Club took place on Saturday afternoon in the sanctuary of First Presbyterian Church where a presentation of Christmas and sacred music was heard.

Mrs. J. W. Powell, program leader, introduced the numbers. Vocal renditions were by Mrs. Ralph Roberts, Mrs. J. Will Young, Mrs. George Fogleman and Mrs. Edwin Gregory, Alan Flowers accompanying. Mrs. Ben Luna, Sr., gave a paper on Christmas and Church Music; organ solos were by Mrs. George Jackson, Mrs. L. S. Doster and Alan Flowers.

Pastel pink and green were the colors featured in the church dining hall for the tea hour which followed the program. A green organza cloth veiled the refreshment table and pink snow and pink tapers decorated the small centerpiece tree.

Hostesses were Mrs. Philip Arell, Mrs. Charles Jackson, Mrs. Jewell Archer, Mrs. Roberts, Mrs. B. O. Chaney, Mrs. A. B. Cranwell, Jr., Mrs. W. M. Holland, Mrs. Monte Sandlin, Mrs. Walter Urban. Each club member was accompanied by a special guest.

**Mrs. Finley Hostess To Firenze Club Meet**

By the use of colored slides and descriptive phrases, members of Florence Firenze Club were transported during last Thursday's meeting to the former homeland of one of their group as Mrs. James Wood, program leader for the afternoon, talked of her native Uruguay.

Among the memorable views of beaches and flower gardens were scenes of the speaker's own garden which lies just across the bay from Buenos Aires. Also of interest were the exotic ceibo blossoms, national flower which flourishes on tree plants comparable in size to our own magnolias.

Mrs. John Finley, Jr., was hostess at her home on Prospect Street and Mrs. Hoyt Brock, Miss Ann Finley and Mrs. Henry Richeson were included with members in the hospitality.

During the refreshment hour, Mrs. Turner Allen and Miss Julia Neal served coffee and salad from a tea table appointed in the Christmas motif.

**Jacksonburg HD Club Installs New Officers**

Jacksonburg Home Demonstration Club met on Wednesday, December 7, in the home of Mrs. W. R. Kershaw, Jr., for the club's annual Christmas covered-dish luncheon.

At this meeting new officers were installed by Miss Sara Frances Connor, Lauderdale County Home Demonstration Agent, as follows: Mrs. Kershaw, the hostess, president; Mrs. J. D. Wright, 1st vice-president; Mrs. R. Laverne Abston, 2nd vice-president; Mrs. H. T. Miles, secretary; Mrs. Yancy McClure, treasurer; Mrs. T. L. Watkins, parliamentarian; and Mrs. Wm. R. Kershaw, Sr., reporter.

Among the fifteen guests were one new member, Mrs. Amos Quillen, and four visitors, Mrs. W. K. Zehner, Mrs. John Weaver, Mrs. T. M. Nix of Phil Campbell and Mrs. Thomas Kershaw of Tusculumbia.

An exchange of gifts was a feature of the after-luncheon hour.

**Christmas Music Delights Discussion Club Members**

Christmas Music was the theme of the Discussion Club's December program, presented on last Thursday afternoon when Mrs. Harry Simpson and Mrs. W. J. Callaway were hostesses at the Simpson home on Sherrod Avenue.

Accompanied by Mrs. Julian Nance, Mrs. George Fogleman sang selections which included an aria from Tosca by Puccini, "The Island" by Rachmaninoff, and an unusual and quaintly charming group of Christmas songs by Cornelius.

Guests for the program and the tea hour which followed were Mrs. H. P. Lucas, Mrs. T. T. Hackworth and Mrs. Cosby Summerell.

**Christmas Spirit Prevails In Univ. Heights Garden Club**

Silvered foliage and big red candles decorated the tables in the Negley Hotel's Green Room when members of the University Heights Garden Club met for their Christmas dinner party and the accompanying program.

A Christmas tree and tray favors for patients at El Reposo were among the plans discussed, and a gift from the club will go to the "Helen Keller Garden of Fragrance" (for the blind) at Talledega.

Various countries were represented on the "Christmas In Other Lands" program by the following: Mrs. Richard Cagle who brought with her a newspaper sent from Japan; Polish Christmas bread and a star displayed by Mrs. A. L. Dew; Christmas in England described by Mrs. T. B. Conwill; greetings and gifts from Pakistan, Mrs. Ralph Vines. Mrs. J. E. Weeks presided during the business session and also told of Christmas customs in other lands during the program hour.

A gift exchange was a concluding feature.

**Mrs. Holt Hostess Current Books Club**

Mrs. Frank Pollock, here for a recent visit with her parents, Mr. and Mrs. Hewlett Jackson, was a guest when Current Books Club met for its December meeting in the home of Mrs. Fred Holt, 1065 Dixie Avenue.

Mrs. Charles Mullins, program chairman for the meeting, retold Harnett Kane's inspiring story of Martha Berry entitled "Miracle In The Mountains," giving numerous delightful incidents of the Berry Schools near Rome, Ga., with the institution's fairy story-like origin.

Christmas-y refreshments were served by the hostess following the program.

**Miss Betty Carole Campbell To Wed In Early January**

The betrothal of Betty Carole Campbell and Jimmy Neil Phillips, son of Mr. and Mrs. J. V. Phillips of Rogersville, has been announced by Mr. and Mrs. Tom Campbell, parents of the bride-elect, of Lexington.

Miss Campbell, a graduate of Lexington High School, is now locally employed and her fiancé, also a Lexington High graduate, is a member of the faculty at Anderson Business College in Guntersville.

Lexington Methodist Church will be the scene of the January seventh nuptials.

**Reeder Grove Gardeners' Annual Holiday Dinner**

Members of Reeder Grove Garden Club, with their husbands as guests of honor, gathered at King Cotton Court on Saturday evening for their annual Christmas dinner party.

Pleasant joviality accompanied the exchange of gaily wrapped packages of toys, collected later by Mrs. M. L. Hauerwas, club president, who presented them for distribution by The Empty Stocking organization.

Seated in the private dining room around a U-shaped table decorated with evergreen foliage and bright red tapers were Mr. and Mrs. Hauerwas, Mr. and Mrs. Morton Prouty, Jr., Mr. and Mrs. Harry Dunn, Mr. and Mrs. Clay Thomas, Mr. and Mrs. H. J. Furman, Mr. and Mrs. Dan Glenn, Mr. and Mrs. L. A. Graham, Mr. and Mrs. Karl Potts, Mr. and Mrs. Henry Romine, Mr. and Mrs. Howard Sims, Dr. and Mrs. Gordon E. Smith, Mr. and Mrs. Grady Ward, Mr. and Mrs. Fred Thomas, Mr. and Mrs. James D. White, Mr. and Mrs. Logan White and Mr. and Mrs. Neil Wilcoxson.

Mrs. Prouty, Mrs. Dunn and Mrs. Thomas were in charge of arrangements and entertainment.

Mrs. Ben Cabbage of Birmingham and her mother, Mrs. Frank Foxworthy of 441 North Court, Florence, have returned from visits with Mrs. Cabbage's sons, Frank Kennedy at Ft. Benning, Ga., and Trey Kennedy in Gulfport, Miss., being joined for the latter by little Candy Kennedy of Huntsville.

Mr. and Mrs. J. R. Petty and children, Ruth and Ann, of Jackson, Miss., will arrive tomorrow for a brief stay with their parents, Mr. and Mrs. H. H. Bradford of

Oakview Circle and Dr. and Mrs. T. E. Petty of Cypress Mill Road. Alex Locker of Middle Road, Florence, a patient for the past several weeks at Vanderbilt Hospital in Nashville, is expected home for the Christmas holidays.

Wyatt Simpson, Jr., a Co-op student from Auburn University who is with Western-Electric at Winston-Salem, N. C., is arriving this weekend to spend the approaching holidays at home.

Mrs. Sigmund Levi of Memphis is a guest of her son, Louis Levi, and his family on Sorrento Road.

After a year's residence in Birmingham, Mr. and Mrs. Walter Harrison and children, Doonie, Gretta, Sammy and John have returned to Florence and are at their home at 905 Stewart Ave.

Harris Burns left last week for Atlanta, Ga., where he has accepted a position.

Mr. and Mrs. Otto Kerr, Walnut St., have returned from a week's stay with their daughter, Mrs. James Flanagan, Mr. Flanagan, and children in Huntsville.

## THE SPILLWAY

The "days until Christmas" Are dwindling, but fast . . . Better 'tend to those duties Or they'll all be past.

AND TEMPUS FUGIT, more at this time of year than any other. Most of the conversations are running . . . "I must get those packages in the mail today" . . . or "Should we get the tree this week or next?" . . . or "Wish we could have a big Christmas party this year" . . . and the latter of these must be the most popular because the parties are coming "thick and fast" at this point.

PARTIES ALWAYS IN THE SUPERLATIVE are those given by the Gourmet Club. And LE DEJEUNER of last week was up to the usual standard. The six hostesses had, naturellement, thought of tous les choses . . . all the way from gorgeous hors d'oeuvres placed around a silvered pineapple, to stuffed Cornish hens and petites pouffes de creme . . . must've all been tres elegante. In other words, What fun!

ANOTHER HOLIDAY GATHERING with the international touch was the morning "cleveness" at the home of Dot Hill on Jackson Road . . . with Kathleen Bevis as co-hostess, and Dot's three-year-old, pigtails and all, as junior assistant. The guests must've felt very English, since they were served wassail (we imagine from a bowl of the same name).

A BEAUTIFUL SETTING FOR A LOVELY PARTY . . . and this

time we're mentioning the afternoon teaparty given by Charlotte Flagg, Ethelyn Simpson, and Marge Osborn. Charlotte's home itself combined with the gorgeous decorations, was surpassed only by the charm of the hostesses and those assisting them.

MUST MAKE MENTION of the Florence Dinner Club's Christmas Dance where many members were heard to say "This is the best one yet" . . . The decorations around the club rooms added to the enjoyment as did the music of Virginia Robbins and her band. Hear that the ladies dressed with the season in mind, and that there were many colorful greens and reds twirling around the dance floor.

AND TO SHOW YOU that we're not partial to any one group, we'll tell you of a real surprise birthday party given Vernon Brown, Jr. by his mother last Saturday night. Hear that Margaret put her professional know-how to work and "put on the dog" for a group of charming teen-agers who made it a real dress-up affair. The setting, of course, was the Town Club . . . and the young honoree CAN'T say he's like the cobbler's son!

(SPEAKING OF THE Town Club, did you know that Barbara Simpson is now "affiliated" there? Know she'll add to the charm of the place, and be a real asset.)

WAS WONDERFUL SEEING Harwell Darby here with his better-half Caroline and their little Margaret, and there were get-togethers for them with their many friends. Harwell is the editor of the paper in South Boston, Virginia, which must be a fine paper since it has such a smart and attractive editor.

ALSO GRAND SEEING Ethel (Smith) Graham who is here with her two offsprings until after Christmas, at which time hubby-Raymond will come to take them to Fort Eustis, Virginia for the next six months. According to Ethel, they are then to be assigned "an undesirable tour of duty," which, when translated, means Raymond will go alone. But there is a silver lining to this cloud too, since this means that Ethel and the children will be here with her parents, the Ralph Smiths.

HOPE YOU ATTENDED the piano concert given last week by Walter Urban at Wesleyan Hall. The large audience consisting of groups ranging from teen-agers to grandmothers gave him a wonderful applause for his fine performance, which presented composers from Scarlatti to the modern composers. We should be proud of our local artists!

FAMOUS PEOPLE IN OUR MIDST always give us a feeling of pride. Must've been the way TVA's Roy Crabtree felt recently when he picked up a current magazine and saw in the listings of some technical articles the mention of an article by our own Fannon Beauchamp. And the surprise ending to this tale, if we get the details correctly, is that Fannon wrote the article when he was a precocious seventeen years of age!

BETTER GET ONTO THOSE CHRISTMAS "DUTIES" because we heard a youngster telling his playmate the other day that Santa is about now embarking on his journey from the North Pole, which means it can't be long now . . . must add that this bit of information confused the said playmate because he had just talked to Santa down on Court street!

GOODBY FOR NOW . . . UNTIL MORE NEWS COMES THROUGH THE SPILLWAY!

### Failure To Pass Driver Test Due To Carelessness

Lieutenant T. L. Payne, Chief Drivers License Examiner of the Department of Public Safety, is asking all applicants to obtain the drivers handbook and read it carefully before attempting to take the examination. He also stated that the vehicle one plans to take the road test in should be safety-checked before applying for the examination. This will save a great deal of the applicant's time and that of the examiner.

Lieutenant Payne says, "be sure that your vehicle will pass a close inspection on the following points before you pull in place for a road test."

1. License plates, 2. Head-lights, tail-lights, and brake or stop light, 3. White light on tag, 4. Rear View Mirror, 5. Muffler, 6. Brakes, 7. Windshield wipers, 8. Steering mechanism, 9. Horn, and 10. Turn light signals are not required. However, if your vehicle is equipped with them they must be in good working order.

Many applicants disqualify themselves by driving vehicles to obtain a drivers license without having a licensed driver with them.

Each unlicensed driver must be accompanied by a licensed driver when the applicant applies for the road test.

### Alcoholism Said To Be An Illness

The local group known as the Muscle Shoals Committee on Alcoholism is comprised of members from industry, the clergy, and business professional fields in general. Its main function is to promote the idea that alcoholism is an illness and must be treated as such. It takes no issue pro or con on the liquor question since it is entirely non-political.

It was pointed out by the committee that Alabama is one of the states that has become prominently identified in the field of research and treatment of alcoholism and now has two in-patient clinics, one in Montgomery and one in Birmingham, and a number of out-patient clinics, the one serving this section being located in Decatur.

The Muscle Shoals Committee on Alcoholism not only cooperates with the work of these clinics and with Alcoholics Anonymous but urges the public to call the Committee at any time at EV 3-2629 for any assistance it may render. Literature is free for the asking and the Committee points out that Alcoholics, contrary to the belief of many, can be helped.

### Kennedy Favors Peacetime Vets Education Bill

According to predictions of President-Elect John Kennedy, educational benefits for peacetime veterans will receive early attention in the next Congress. Mr. Kennedy outlined his views on the subject in a recent letter to the president of the National Association of State Approval Agencies.

Last year, as a member of the Senate, Mr. Kennedy voted in favor of a peacetime benefit measure, but it died in the House of Representatives. In his most recent comments on the matter the next President of the United States indicated he believes such legislation would be justified.

Mr. Kennedy made it clear that he would not favor enactment of a measure as generous or as costly as the War Two and Korea GI Bills, and it looks as if the question of at least some educational benefits for peacetime veterans will be receiving attention of the Congress early next year.

### Young Farmer Makes Success

Bruce Ellis, Jr., a young farmer in the Waterloo community of Lauderdale County credits the Sears FFA Bull Program and soil testing with much of the success he has made with farming.

He says that the first bull received by Teacher W. D. Hagood Waterloo chapter helped him to get started in the beef cattle business and the second enabled him to make great advances in both the number and quality of his cattle. "Fertilizing land that hasn't had a soil test," he says, "is like a doctor prescribing medicine without examining the patient."

Bruce took his first soil samples four years ago and since that time every pound of fertilizer used on the farm was bought and put out according to the test recommendations. Results of the soil tests are evident all over his farm on Route 2, Waterloo.

Hogs are another cash crop on the farm and a Landrace boar owned by the Waterloo FFA chapter is helping him with this enterprise too. He averages selling about

### Central Member Produces Honey

Ronnie Paulk, 15-year-old Central High School FFA member has a most unusual project in his supervised farming program, reports W. G. Spillers, vo-ag teacher and FFA advisor.

This project is bees and he is making a success of it. His honey won second place in the North Alabama State Fair in October. Ronnie has sold \$35 worth of honey this year and expects to do even better next year as he has expanded his hives to 14.

In addition to looking after the bees and helping his father, R. H. Paulk, on the farm, Ronnie built a study desk and a heater from old boiler metal as shop projects in vo-ag. He also carried out some home improvement projects.

140 top hogs a year. The boar is available for FFA's with gilts from the Waterloo pig chain to breed their animals to and, in return for feeding it, Bruce also uses

**THEY WORK HARDER BECAUSE THEY RIDE EASIER!**

CHEVROLET

Because they ride easier they last longer, too. They take better care of payloads and they make a long day's work a lot more pleasant for the driver. All that—primarily because of Independent Front Suspension (I.F.S.). If you think it's stretching a point to attribute that many advantages to a suspension system, you haven't driven a new Chevy with I.F.S. Take the wheel and feel its road-leveling ride, its almost total absence of shimmy and wheel fight, its ease of steering even in the big rigs. Spend hours behind the wheel and you're not nearly as tired. You're not and neither is the truck. That independent suspension soaks up the worst shock and vibration—the kind that can twist sheet metal and loosen joints and increase your maintenance costs. That's why Chevy trucks keep on working and saving for extra thousands of miles.

I-beam type front axle. A stiff-beam design that transmits road shock right through the truck.

Chevy Independent Front Suspension. Wheels flex independently, minimize body wear and tear.

## News Of Rogersville

By Mrs. Oswald Waddell  
Phone CH 4-3256

### FHA Meeting:

A guest of the Rogersville Future Homemaker's Club on Tuesday was Miss Winnie Bowman, TVA Home Economist, who made indoor and outdoor decorations for the holiday season showing how to use materials at hand.

Nelda Romine is the club president and introduced Miss Bowman. Mrs. Jerry Albers is advisor. There were some 45 members present.

### Gift To The King:

Evidences of the Christmas season; outside manger scenes and lighted trees were in full season in the Walter Dison home on Monday evening when the Woman's Missionary Society met for their annual "Christmas Gift to the King" and an exchange of personal gifts.

The program was led by Mrs. Walter Ingle who also installed in an impressive service these officers: president, Mrs. Hubert Bedingfield; vice-president, Mrs. George Tucker; secretary, Mrs. Ishmael Perry and treasurer, Mrs. Clyde Haraway.

In the dining room a white magnolia tree formed the centerpiece for the refreshment table from

which the guests were served a dessert course.

### Garden Club Banquet:

One of the prettiest affairs of the holiday season is the annual banquet of the Rogersville Garden Club held in the dining room of the home economics department which is made festive with the loveliest decorations devoted garden clubbers can conceive and create.

Traditional red berries with sprigs of spruce on white were the colors used on the long table.

Mrs. Buford Mitchum presided. Miss Bessie Crow read the Christmas story from Luke before the gifts were exchanged.

Mrs. Preston McCormick, secretary, presented plates, which she had decorated, to Mrs. Essie Goad, Mrs. Walter Dison and Mrs. Buford Mitchum for having been perfect in attendance during the year.

The Club will present a 1st and 2nd prize on the 20th of December to the homes having the most attractively decorated fronts and entrances after their judges have toured the town and made their decision.

Officers elected to serve next year were: president, Mrs. Essie Goad; vice-president, Mrs. Reynolds Thornton; recording secretary, Miss Bessie Crow; treasurer, Mrs. Henry Hudson and corresponding secretary, Mrs. Walter Ingle.

**PTA:** Rev. R. H. Myers, pastor of the Rogersville Cumberland Presbyterian Church, gave the devotional to open the meeting of the Rogersville Parent-Teacher meeting on Thursday evening.

Supper will be served by the PTA on December 16 in the cafeteria from 5:30 until 7:30.

Mrs. Annabelle Parker's room received the attendance prize.

### Four-H Club:

A song and the allegiance to the American flag were used to open the 4-H Club meeting on Tuesday which was presided over by Sammy Whitehead.

The feature was a program on "Safety With Guns."

There were two new members reported by Bo Waddell, secretary.

### Birthday Party:

Mike Solley, who was celebrating his 3rd birthday with his little sister, Kim, had as his guests on Tuesday his grandparents, Mr. and Mrs. Willie Springer and Mrs. Alvin Stutts, Stephen and Gregory, his cousins, of St. Joseph, Tenn. Cindy and Pam Jackson and Jimmy Romine joined the group for playing and refreshments. His parents are Mr. and Mrs. Stanley Solley.

### Personals:

J. B. Powell is confined to his home because of illness.

Robert Earl Dean, the son of Mrs. Hurl Hudson, is recuperating at his home in Decatur after undergoing surgery.

Mr. and Mrs. Douglas Ezell are the parents of a little girl, whom they have named Amy Rose, born December 6.

J. C. McKinney is still hospitalized following serious injuries received on Tuesday in a freak accident at the garage in Rogersville where he is employed.

Also a patient at ECM hospital following injuries sustained when she fell early Friday morning at the home of her daughter, Mrs. Fay Sharp, is Mrs. Callie Foster.

On Sunday evening, December 18th, there will be a Christmas program, "Christmas in the Cobler's Shop," presented by the Church of God at 6:00 p.m.

The public is invited to attend.

On Sunday, December 18, at 7:00 p.m. the choir of the Rogersville Baptist Church will be heard in a Christmas Cantata with Joyce Boston directing.

Mr. and Mrs. Frank Crumbley and children and Mr. and Mrs. M. A. Hammond spent the week end in Bowden, Ga. where they visited Mr. and Mrs. Joe Jeter and Mr. and Mrs. Bud McGraw and in Atlanta where they visited the Tom McGraws.

Visiting friends in Rogersville last week were Mr. and Mrs. Jess Fuls of Athens and Mr. and Mrs. Lem Ingram of Tuscaloosa.

## News Of GRASSY

By Mrs. Agnes Williams

Mr. and Mrs. Reeder Walker and girls visited Mr. and Mrs. Duell Walker and family at Shoals Creek Sunday.

Mr. and Mrs. Milton Shelton and family visited Mr. and Mrs. Johnnie Owens at Etheridge, Tenn. Sunday.

Visiting the home of Mr. and Mrs. J. M. Hammond Sunday were Mr. and Mrs. Jim Cannon of Nashville, Mr. and Mrs. Gentry Wisdom of Florence and Mr. and Mrs. James Hooie and family of Birmingham.

Gerald Balch of Rogersville visited Mr. and Mrs. Almon D. Williams over the week.

Mr. and Mrs. Jack White, and Mr. and Mrs. Junior White and Debra visited Mr. and Mrs. Hollis Davis and family in Nashville Sunday.

Rev. James preached at the Cumberland Presbyterian Church last Sunday.

Rev. Bill Kaylor will preach at the Presbyterian Church next Sunday morning, also Sunday night is singing at the Presbyterian Church.

We were sorry to hear of the passing of Thomas Pedigo. Our sympathy goes out to his wife and daughter and other relatives. We know that the Powell community has lost a good friend and neighbor as folks there spoke of him so well as doing for every one who needed help in any way.

Mr. and Mrs. Steward Hammond are relocating I am sure, as they have two new grandchildren, a girl for Mr. and Mrs. O'Neal Hammond, and a boy for Mr. and Mrs. Billy Hammond.

Mr. and Mrs. L. L. Green are the proud grandparents as Sgt. and Mrs. Bob Miller have a boy.

Mr. and Mrs. Herbert White are here visiting relatives for the holidays. They are from Everett, Washington. Also Mrs. White's sister and children are with them.

## News Of NEBO

By Mrs. Ada Haney

Nebo community was shocked and saddened last Friday morning to hear that Dale Joiner a well-loved young man of this community had been killed on his job at Hohenwald, Tenn. To his mother and father, Mr. and Mrs. Willie Joiner, his brother and relatives

## Marines Offer Good Training

Young men in the Shoals area can take advantage now of the more than 400 different jobs that will be available during the new

year 1961, according to Sergeant B. R. Stanfill, Local Marine Recruiter.

The jobs range from Aviation Electronics to Heavy Equipment Operators.

Qualified young men may take advantage of these opportunities

by enlisting now in the U. S. Marines and choosing any time within the next four months to leave for training.

Additional information may be obtained by writing the Marine Recruiter, Room 320, Post Office Building, Florence, Ala.

THE BOOK IS CLOSED—A policeman carries the books of Jimmy Phillips, 12, killed by a train in Dallas, Tex.

## Employers Must Obey Regulations

### Teenagers May Fill Certain Jobs During Coming Holidays

Employers confronted by job-hunting teen-agers during the holiday season must be sure that the work and the hours they are assigned conform with requirements of the Fair Labor Standards Act, Sterling B. Williams, regional director of the U. S. Labor Department's Wage and Hour and Public Contracts Divisions, pointed out here today.

"Federal law permits boys and girls as young as 14 to work as sales clerks and office employees in business places engaged in commerce or in the production of goods for commerce," Williams said.

Such work by 14-and-15 year olds is not permitted at any time that schools in the area are in session. On these days working time must be limited to three hours per day and 18 hours per week. When schools close for vacation, the boys and girls may work as much as eight hours per day or 40 hours per week if the work is scheduled between 7 a.m. and 7 p.m.

"Since 16 years is the minimum age for general employment under the Act, a wider range of jobs is open for older teen-agers," Williams added. Employers also must guard against assigning persons under 18 years to any of the 15

occupations now listed as hazardous by the Labor Department.

Employers and parents are invited to obtain further information from the Wage-Hour Division's regional office or field office at 1401 South 20th Street, Birmingham, Ala.

Farmers spend almost two-thirds as much for capital improvements as all manufacturers or durable goods combined.

### News Of GREENHILL

By Mrs. Mary McLaurine

The Green's Chapel WSCS held their Christmas meeting at the home of Mrs. Milton Green Thursday night with seventeen members present. The program was in charge of Mrs. Reba Pettus, assisted by Mrs. Robert Truitt. At the close of the program gifts were exchanged and delicious refreshments were served by the hostess.

The students of T. M. Rogers School will present their Christmas program Thursday evening at 7:30 p.m. in the school auditorium.

The Rogers PTA will sponsor a bake sale at the program.

The 4-H Club members met at the school Wednesday. The fourth grade girls new officers are: president—Brenda Thorne, vice-president—Brenda Sue Olive, Song leaders—Peggy Le Fan and Deborah Holden, Reporter—Deborah McMurtrey, secretary—Gail Allen, publicity chairman—Jean Ann McLaurine.

Stevie Green celebrated his ninth birthday with a party at the home of his parents, Mr. and Mrs. Milton Green, Saturday. Those present were June and Gary McFalls, Donald and Ricky Goins, and Billy Cummings of Florence, Wally, Regina, Lynn and Terry Green, James Fowler, Louis and Joe Hannah, Roger Joe Green, Dale Barnett, Jean Ann McLaurine, Cathy Chandler, Danny, Ronny and Alan Reed Green.

Jimmy Keeton was absent from school last week because of illness. Mr. and Mrs. W. T. Hill and son of Florence were the Saturday guests of the T. L. Greens.

Mr. and Mrs. Taylor Johnson of New Prospect, Tenn, visited relatives here Sunday.

Miss Dalene Willingham, who is a student at Snead College, Boaz, is spending the holidays with her parents, Rev. and Mrs. J. C. Willingham.

Mrs. Ralph Perry and William of Florence were guests of Mrs. Joe Scott, Sr. Monday.

### "COUNTRY PLATTERS" by LES CARROLL

Remember the days when a meeting of almost any four young men was an occasion for harmonizing? Maybe the harmony wasn't sweet, but it was fun. Unfortunately the whirl of modern living doesn't leave much time for that any more, but the S.P.E.B.S.Q.S.A. is doing a wonderful job of keeping fond memories alive. The initials, of course, stand for Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America.

In "The Top Ten Quartets of 1960" the 10 winners of the 22nd International Quartet Contest put sweet old barber-shop harmony to some of your

old favorites. And you will enjoy the choral harmony in more fine old tunes in "1960 International Barber Shop Chorus Winners" (both Decca).

In "Songs I Love to Sing" Tommy Collins does a great job of singing old favorite country songs. And fans of the Delmore Brothers will treasure the Louvin Brothers' album, "A Tribute to the Delmore Brothers" in which they sing 12 of the Delmores' most famous songs. And for old-time Gospel singing, "Glorybound Train"

Mr. and Mrs. Phil Day and son and Mrs. Eva Haynes and daughter, Becky, of Shelbyville were guests last week end with their mother, Mrs. Christine Lindsey.

## Foods of the Future

### CHOICE CHOPS FROM COOL STOCK!

Livestock gain weight faster and produce better meat, researchers found, when protected from hot summer sunshine by shades or other cooling devices. Beef cattle with access to shade gained 2/3-pound more per day than hot, exposed stock, while hogs with hog wallows available gained 2/5-pound a day more than hogs without this way of cooling.

Soon many stock farms will have plastic or sheet metal shade panels, or clean modern pools for pigs. With faster weight gains, stock mature faster at lower feed costs. The farmer — and the housewife — will get better meats for less cost!

Modern farming may mean more of many better foods for your table, to be enjoyed with tried-and-tested BEER and ALE. These wholesome beverages will go well with "Foods of the Future" just as they do with foods of today!

Beer belongs... Enjoy it

## PIPELINERS OF ENERGY

Gas flame used to subject nose cone materials to "re-entry" temperatures

### Natural gas — industry's most versatile fuel

Natural gas, the ideal fuel for cooking and heating, is a favorite with industry, too. Its versatile energy is used in a thousand ways.

Gas is helping to solve re-entry problems of missiles through the processing of nose cones. And, in contrast, pin-point gas flames are used in fashioning intricate jewelry patterns.

Just a few of the other mounting uses to which the latent energy in natural gas is put:

Processing aluminum, steel and glass. Annealing tinplate at a mile-a-minute clip. Forming panoramic automobile windshields.

Hardening bearings and metals requiring abrasion-resistant surfaces, and strengthening steels that must resist high shock loads.

Baking enamel and porcelain finishes on appliances. Doing hundreds of commercial baking and cooking chores.

Wherever controlled, economical, clean heat is needed, you'll find natural gas being used. That's why the demand for this energy fuel is growing, constantly... and why Texas Eastern's role as Pipeliner of Energy daily grows in importance.

## Rogersville FFA Member Busy With Program

Harold McConnell, a member of the Rogersville FFA chapter, is staying busy with his supervised

farming program, according to C. J. Pennington, vo-ag teacher and FFA advisor.

The livestock Harold is carrying in his farming program include a brood cow and calf, two dairy heifers, two steers and two market hogs. His row crops this year included three acres of cotton which

made three-fourths bale per acre. Harold, son of Mr. and Mrs. E. P. McConnell, also assists his father in operation of the family farm. The 18-year-old youth is a senior this year and a member of the football team. The family belongs to the Union Hill Cumberland Presbyterian Church.

"A FAMILY THAT WORSHIPS TOGETHER — STAYS TOGETHER"

LIFT  
A  
CHILD

...and hold him above you.

You don't expect a child to stand toe to toe with a man. You lift a child . . . and hold him above you.

You don't expect a child to understand fully what is right and wrong.

You don't expect a child to comprehend every spiritual ideal.

You don't expect a child to sense instinctively the constant concern of God in his life.

You lift a child . . . you give him the opportunity in his Church and in his Christian home to gain moral and religious insights.

And you hold him above you . . . dedicating your own time and strength to your Church so that you and your child can find together the spiritual foundation on which men should build their lives.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH  
The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## Purchase Of TB Seals Will Help

### Health Of Hundreds Of Lauderdale Citizens Depends On Cooperation

Today has been designated "DO IT DAY" by W. T. Watson, chairman of the 1960 Christmas Seal Campaign, in an effort to encourage all Lauderdale County residents to answer their Christmas Seal letter.

The Christmas Seals, sole support of the Lauderdale County TB Association, went into the mail on November 14.

Mr. Watson said that funds to support your TB Association are made available through the annual Christmas Seal Campaign. The Chairman added, "Since the first Christmas Seal was sold great progress has been made against tuberculosis, but the battle is far from won. Tuberculosis is definitely Alabama's Number One communicable disease problem. 10,859 cases of TB are a matter of record and 519 of those cases are right here in Lauderdale County."

"The many sufferers of TB in Alabama are looking to us for help. But we must look to you, the citizens of Lauderdale County, for without your help our association's efforts to control TB must fail."

"I know," said the chairman, "that many people, beset by the hustle and bustle of preparing for the holiday season, forget to answer their Christmas Seal letter. I hope that 'DO IT DAY' will serve as a welcome reminder that the fine work being carried on by our TB Association depends upon

## Arrange Early For Cottonseed For '61

Alabama farmers may be faced with a severe shortage of genetically pure high germinating cottonseed when planting time for the 1961 crop comes around.

"Certified cottonseed producers made a real effort this year to produce an adequate supply of high quality certified seed. The seed were produced on the largest acreage in the history of the Alabama Crop Improvement Association. However, Melvin Moore, Extension seedman, says that because of adverse weather conditions at harvest time, a large portion of the seed produced did not germinate up to the 80 percent margin—the minimum for top quality. So the Board of Directors of the ACIA lowered the requirements to 65 percent germination for this year only.

Moore recommends that cotton producers secure or arrange for their cottonseed needs early because the better seed will move first.

## Meat Makes Nice Gift For Person

Don't let the selection of a gift for that "person who has everything" present a big problem this year.

Ray Cavender, Auburn Extension meat marketing specialist, has a unique idea—give meat for Christmas. The selection is almost unlimited. You can choose from beef, lamb, pork, and veal. And the meat can be fresh, frozen, pickled, cured, smoked, cooked or uncooked in cans or jars, or already prepared for easy meals.

And a meat gift is available in any price range from a pound of sausage to a side of beef. For parents or very special friends, Cavender suggests several T-bone steaks, a standing rib roast, or a leg of lamb. And for far-away friends, send a country cured ham or a delicious canned ham that does not require refrigeration.

Speaking of ham, why not bake one, glaze it with brown sugar, add fruit for taste and color, and put it under someone's Christmas tree. "You'll get the biggest thank you yet," Cavender assures.

## Poinsettia Will Need Attention

The poinsettia, native of Mexico, is the traditional Christmas plant. Few holiday pot plants are more striking, and few require more care.

Troy Keeble, Auburn Extension horticulturist, says that a poinsettia will stay presentable for a longer period of time if it is kept in a room where the temperature is between 60 and 75 degrees, where it gets bright light but not direct sun, and where the air is not too dry.

The once-a-year blooming plant should not be left in the window at night if there is any danger of chilling. And soil moisture should be kept at a moderate and uniform level. Keeble says that this unusually sensitive plant can be damaged by drafts, sudden temperature changes, dry atmosphere, improper watering, and dim light. These factors may cause loss of leaves and withering of bracts—the part of the plant usually thought of as the flower.

## Food Of Plenty In Santa's Bag

Shoppers will have an abundant supply of farm-produced products available for the holiday season.

Seven food items which will be especially plentiful all month are cranberries, broiler-fryers, pork, onions, dates, peanuts and peanut products, and vegetable fats and oils, says Dorothy Overbey, Auburn Extension specialist in consumer education.

Miss Overbey advises consumers to watch for special sales on these plentiful items. "The food industry usually cooperates with producers in attempts to move the abundance in normal trade channels," she says.

## Don't Let Cattle Eat Your Scrap

In feeding, all farm animals, particularly cattle, pick up metal and other hard objects which may lead to a condition veterinarians refer to as "hardware disease."

Small objects that are rounded are not so dangerous, but sharp material such as nails and baling wire can lead to real trouble, says Dr. Worth Lanier, Auburn Extension veterinarian. Sharp articles may penetrate beyond the stomach

wall and injure any of the surrounding organs. Keeping nails, wire, feed bag tag wires, and similar material picked up, and thus avoiding their becoming mixed with feed is the best way to prevent the disease.

A veterinarian should be consulted immediately if "hardware disease" is suspected, Dr. Lanier says.

Since the end of World War II, cotton farmers reduced the amount of labor per bale from 170 hours to a record low of 79 hours in 1958. This saving is equal to more than 600,000 people, each working a full year of 52 weeks, 40 hours per week.

Alabama has only one-third as many cotton fields as it did 25 years ago.

## Seal Of Approval May Save Trouble

Looking for a "seal of approval" when you buy an appliance can save you both money and trouble later on.

Several independent organizations test appliances for performance and safety and mark equipment that passes the test, says Elizabeth Bryan, Auburn Extension home management specialist. Many of these seals are reliable guides to quality merchandise.

Some examples are the Underwriters Laboratories, Inc. seal found on electrical equipment, the Blue Star seal of the American Gas Association Laboratories and the Certified Performance symbol on gas equipment. Your home agent can give you valuable information on seals that are reliable and methods of identifying them, Miss Bryan says.

## Alabama's Eggs In Competition

Consumers not only demand quality when they buy, but they also like products that are attractive. Alabama egg producers are becoming more aware of the demands of the consumer and are giving more consideration to the merchandising of their product.

Many producers in the state are selling their eggs under their own brand names and are making an effort to see that their product is properly stored, displayed, and priced at the retail outlet, says Allen Brown, Auburn Extension poultry marketing specialist. Brown adds that this concern for quality and merchandising is the best safeguard against competition from other areas for Alabama eggs.

Medical science has found that rice is one of the few non-allergic foods and that it has a beneficial place in the diets of people suffering from high blood pressure, heart, kidney, and eye ground diseases, diabetes, and hardening of the arteries.

## Get A Loan And Let Trees Alone

Like all other businessmen, timber growers occasionally need money for expansion or improvement. Tree planting, weed tree control, and a score of other forest improvements require a certain amount of capital.

"It's not a good practice to obtain money for these purposes by cutting young trees since money can be obtained cheaper through a timber loan," says Ike Martin, Auburn Extension forester.

A tree with 200 board-feet of lumber will increase as much as 20 board-feet in volume each year. And its value will go up from eight to ten per cent annually. Loans on growing timber are available at much cheaper interest rates for period ranging from five to 40 years.

When mature trees are marketed, the grower can then pocket additional cash representing the difference between his loan rate and the higher growth rate of his trees.

## Increase In Meat Expected For '61

"Total red meat production will set a new high next year," predicts Otis Russell, Auburn livestock marketing specialist.

"Meat production will probably increase enough during 1961 to supply each consumer with about four pounds more meat than he had last year," Russell expects the largest increase in beef production. And he says that pork supplies will be less plentiful during the first half of the year but should push above the figures of a year earlier in the second half if the 1961 spring pig crop is as large as expected.

Red meat consumption per person will likely total about 165 pounds next year, second only to 166.7 pounds consumed in 1956, the marketing specialist says.

**Tide Favored To Win Bowl Tilt**

The second annual Bluebonnet Bowl game which will be Saturday between Texas and Alabama could draw a capacity crowd, setting a record for a two-year-old bowl. Alabama, loser in four previous bowl games against the Texans, is a one-point favorite.

Only 5,000 tickets remained unsold at week end. An overflow crowd of 75,000 is expected for the Rice University Stadium.

In three seasons, Paul (Bear)

Byard has compiled a 20-7-4 record for the Crimson Tide. Darrell Royal's four-year Texas Longhorn record is 20-12-1.

The farmer got only 38 cents of the ten dollar in 1939. He got 40 cents in 1940 and 53 cents in 1943 (the peak was 1943).
