

The Passing Parade

By HAROLD S. MAY

With the annual city election rapidly approaching, we, again, can't keep from urging that a change in the form of our municipal governing body be made if we are to meet the challenge that we face as a rapidly growing city. We have been most fortunate in the caliber of officials who have served us throughout the years but no man, however dedicated he may be, can now adequately serve our community on a part-time basis. It is unfortunate the manner in which the proposed change was approached some months ago but it appears to us that it is imperative, before too many months have passed, that we change our governing body to full-time officials.

Despite inflation, a penny for some people's thoughts continues a fair price.

The collapse of the Wheeler Lock wall has been declared by officials of the TVA and Corps of Engineers to have caused sufficient losses to date to establish it as the greatest economic disaster in U. S. inland waterway history. Grain shippers are still seeking the best manner in which to meet their problem while shippers of petroleum products appear to have reached a possible solution. When navigation is resumed on the river in this area, which may be as much as eight months from now, a real celebration should be held as every citizen is vitally affected.

The only time a dime goes as far as it did ten years ago is when it rolls under the bed.

One new law, badly needed, that has been overlooked by members of our Legislature, now in session, is one that will allow voters to sue a successful candidate for breach of promise.

The age of chivalry is not dead, as yet. If a teen-age girl drops her book, usually a teen-age boy will kick it over to her.

A colored preacher was trying to explain the fury of Hades to his congregation. "You have all seen molten iron running out from a furnace, haven't you?" he asked. The congregation said: "Amen." "Well," the preacher continued, "they uses that stuff for ice cream in the place I'm talking about."

Why is it that people seldom start conserving their strength until there is little or nothing left to conserve?

His son had reached that age when he knew more than his father, or so he thought, and had started on those late teen years apparently in an effort to live life to the fullest. His father took him to task: "Son, you must change your ways or else you'll bring disaster upon yourself and your parents. Why, I know a man who doesn't drink, smoke or chase after the girls and he has just observed his 100th birthday." The son, who had listened intently, asked: "How?"

And then there was the man who met his wife at a travel bureau. She was looking for a vacation - and he was the last resort.

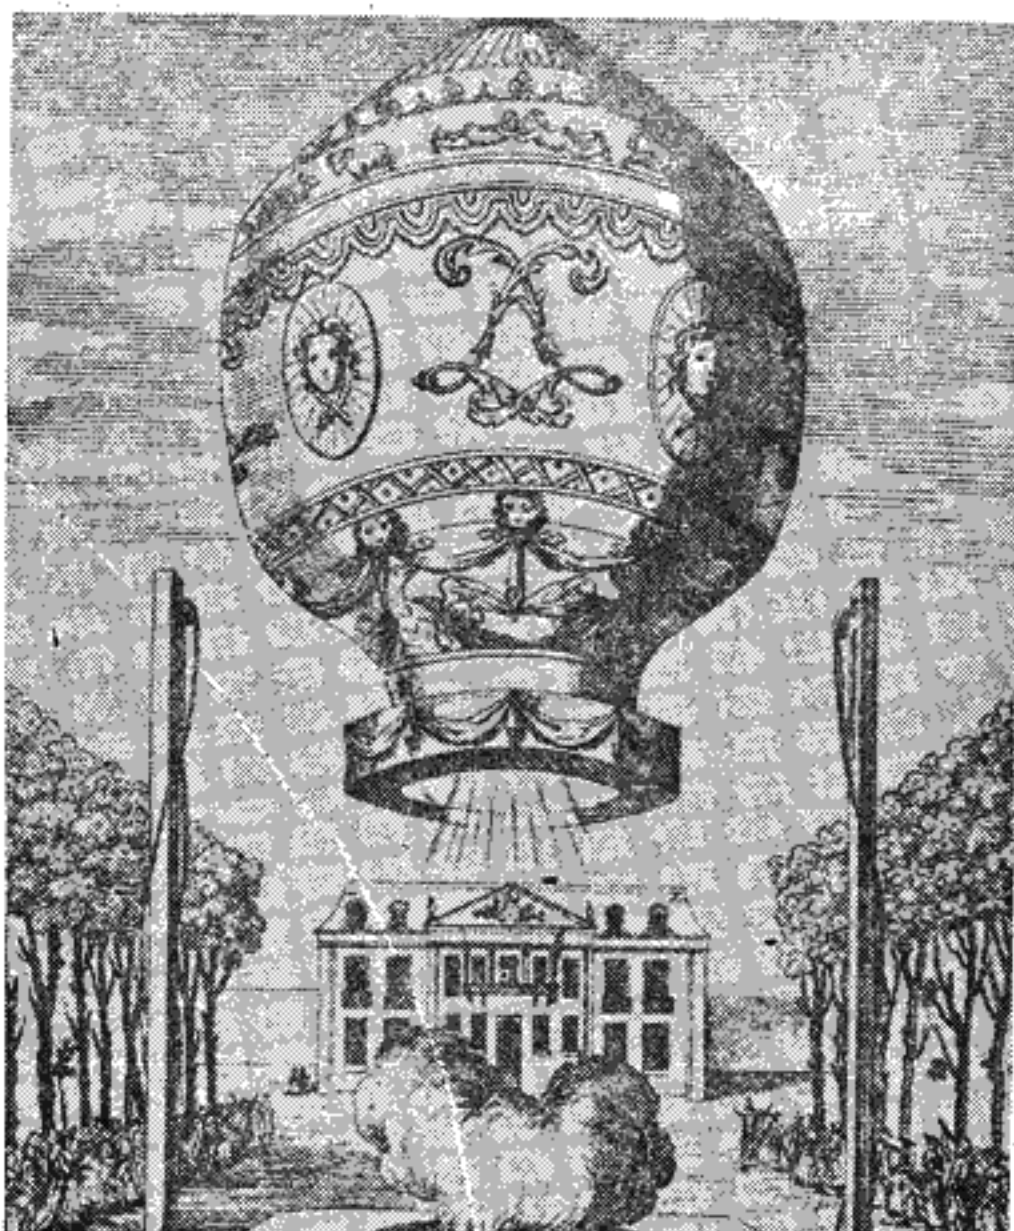

A number of years ago the State of Alabama issued only one tag for each motor vehicle and this tag was affixed to the rear bumper. Some consideration was given, we understand, to returning to this system as a money-saving measure. However, law enforcement officers in general were against the change and yet one sheriff, of considerable experience, defended the plan of just one tag by remarking: "Remember," he stressed, "that nine out of ten pinches are made from the rear."

Everything is much easier for the federal government these days. Instead of solving the problem faced, it is just subsidized.

It's a strange thing that you always hear about the man who hit the jackpot - but the guys who built it up remain anonymous.

A chaperone is someone who never made the team - but is still in there intercepting passes.

The Pullman conductor was truly puzzled one night as he was making his final check, before taking his forty winks, when he saw a red lantern hanging on one of the lower berths. "George," he called to the new porter, "what's that red lantern hanging on lower 12 for?" George, who was trying hard to do a good job, pulled out his little red book and pointed to rule 23 which read: "Always hang a red lantern when the rear end of a sleeper is exposed."

TRIED AND STILL TRUE—It seemed almost too simple when 178 years ago the Montgolfier brothers brought man's dream of flight to reality. Their balloon, left, was launched over the French countryside by building a fire under the craft. As the air within warmed, the balloon rose in the air. As it cooled, it settled slowly earthward.

Temporary Plans Proposed

Wheeler Lock Inspected By TVA Board Officials

Brigadier General Herbert D. Vogel, TVA board chairman, and Aubrey J. Wagner, Associate Director and former TVA general manager, inspected damage at the wrecked north wall of Wheeler Lock, Thursday, in an effort to learn the best possible way to immediately alleviate the bottleneck that has tied up navigation on the Tennessee River.

Shippers Assured
The board instructed Porter Taylor, TVA navigation director, to assure the more than 25 river shippers of grain and barge line operators who met in separate sessions while the board met, that "TVA will do everything possible to facilitate the fastest possible restoration of traffic."

Taylor's appearance before the grain shippers brought first disclosure of three alternative methods of "bridging" the gap in river transport upstream from Wheeler which would hasten restoration of freight service.

The techniques were: Quick grading of emergency roads through the Wheeler Dam reservation so that trucks may haul grain from barges parked downstream around the lock to barges tied to the bank upstream; mooring barges parallel to the dam upstream and downstream so that a conveyor belt trip of less than 30 feet would move the cargo from one barge to the other; and construction of piers running out into the water at right angles from the dam both upstream and downstream. These piers would carry short pipelines, conveyors and cranes. Cargo would be shifted from barges moored to the piers.

All three methods are expensive, however, TVA did not commit to expenditure of any money, pledging only cooperation. Mr. Wagner said TVA has "no intention of losing the river freight it worked for 25 years to build up." The growth of river traffic on the Tennessee River has followed an unprecedented development of heavy industry along the river.

Mr. Vogel praised TVA's construction and engineering crews stationed at Wheeler Dam for their magnificent effort in installing an emergency gate in the upstream end of the dam, thus making possible the shutting off of most of the water.

He also reported that it would be necessary to build coffer dams around the entire downstream end of the lock before effective work on repairs could be started.

The lower end of the old lock was closed off by a dike, Monday, and some dewatering in the area was done. The dike is across the lower end of the lock where one gate was damaged and one washed away when the wall collapsed.

Barge To Tow Saturn
The National Aeronautical and Space Administration, Huntsville, said Monday, a Navy barge would be used to transport the booster and second stage of the first Saturn flight rocket to Capt Canaveral, Fla.
The Saturn booster, along with the special barge built to transport it to Canaveral, are at the Marshall Space Flight Center at Redstone Arsenal which is above Wheeler Dam. The rocket units would be moved to a point just above the disabled dam aboard the special barge Palamoon, where the units would then be unloaded, carried over a road for slightly more than a mile, and then unloaded on the

Reapportionment Still Live Question As Final Vote Delayed Another Week

4-H Fund Drive Now Underway

Investment Will Give Aid To Members For Numerous Activities

An "investment in the future" is a good way of looking at contributions to the 4-H Foundation Fund Drive which is underway. This "investment" goes to provide financial aid to 4-H'ers which cannot be taken from tax funds.

With the \$3 million expected from this drive, the Foundation will provide camping facilities, awards, training programs for Junior and Adult leaders and various other activities.

"Investments in such training programs now, will help the 4-H club boys and girls of today become better citizens of tomorrow," says Lloyd Johnson, Florence Chairman. A former 4-H'er, he believes that the training received through the incentive program offered through club work is a great factor in developing leadership at an early age.

The Foundation Advisory Committee, of which he and Basil Horsfield, Jr. are members, consists of business and civic leaders from all over the state. It was this committee's thinking that led to the development of these ideas.

Mr. Johnson is working with a volunteer corps of solicitors who will contact business leaders for their income-tax deductible contributions. These volunteers are: Charles Moore, Uhlend Redd III, Howard W. Bramlett, Hollis Rice, W. O. Whitten, Jim Smyth, A. J. Darby, Jr., Jack Gonce, Elvis Gist, John H. Jones, James Brown, Judge Estes R. Flynt.

Local Churches To Host Meeting

The First Presbyterian Church, Florence, and the First Methodist Church will host the Cumberland Presbyterian General Assembly and Foreign Missions convention which begins June 21. A total of 1,000 are expected to attend.

The meetings will begin with a Communion service for delegates that afternoon followed by the election of a moderator. The General Assembly will be held in the First Presbyterian Church sanctuary while the foreign missions convention will meet at night at the First Methodist Church.

On Sunday, June 25, a Cumberland Presbyterian minister will preach at both morning services.

Program To Cost \$3,000,000

Construction Begins On Phosphorous Furnace

Construction has started in a new \$3,000,000 electric phosphorous furnace at TVA's Fertilizer and Munitions Development Center at Wilson Dam, the Tennessee Valley Authority board of directors announced Thursday.

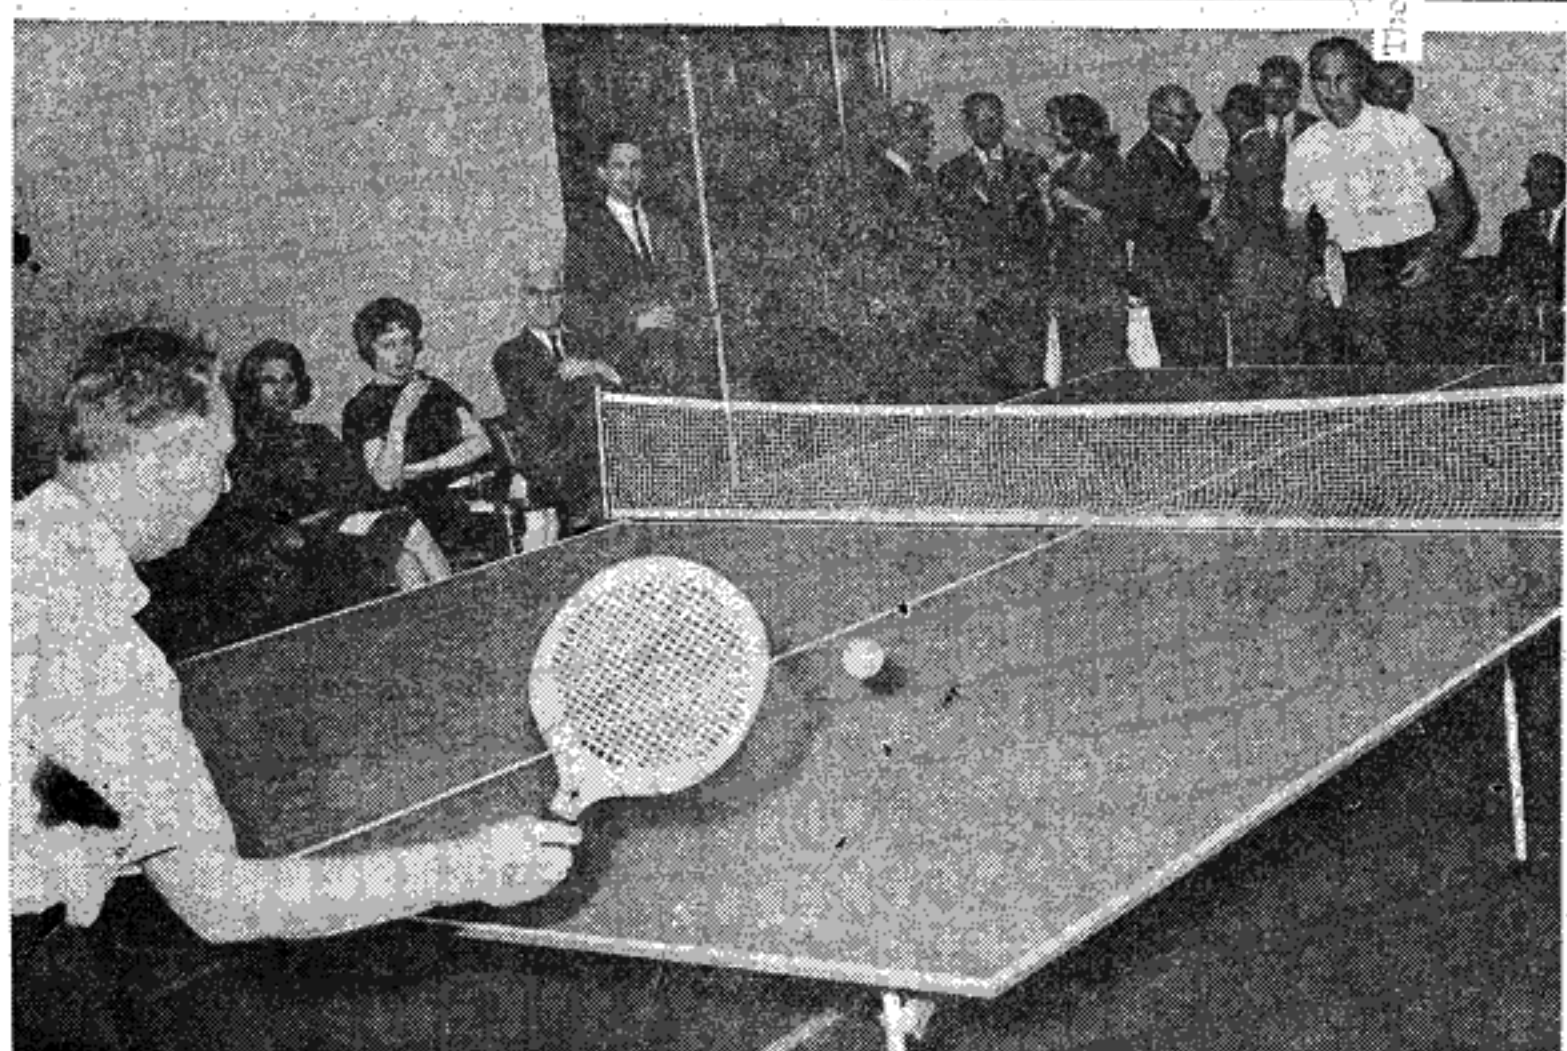

At the semi-monthly session at the TVA Chemical Engineering Building, attended by Brigadier General Herbert D. Vogel, board chairman, and Associate Director Aubrey J. Wagner, former TVA general manager, it was stated the new phosphorous furnace will incorporate the latest advances in the science of phosphate smelting and will replace several smaller furnaces that have given years of successful service.

The furnace will have a rotating hearth which will turn at a rate of one revolution in 150 to 300 hours, thereby reducing and distributing wear on the lining, a feature adapted to phosphate smelting by TVA over 10 years ago. Less wear means fewer costly replacements of lining than are required in stationary furnaces; low maintenance costs and economies of operation are expected of the rotating furnace.

The three-million-dollar furnace, scheduled for operation early in 1963, will help modernize the TVA phosphate plant where fertilizers are made in peacetime and materials of war in time of emergency.

Advances in phosphate processing for application in American plants and others throughout the world will be brought through construction and operation of the furnace.

Bolling Nominated Legion Leader

State Probation Officer Has Served As Second In Command For Past Year

Howard F. Bolling, state probation officer for the immediate area who has served as Senior Vice Commander of Florence-Lauderdale Post No. 11, American Legion during the current year, was nominated for Post Commander at the membership meeting Thursday night. Nomination will remain open until Thursday night, June 22 when the annual election will take place.

Other nominations made included John H. Smith, senior vice commander; William R. Ray, junior vice commander; H. Grady Richards, historian; Walter D. Banks, chaplain, and James Morris, sergeant-at-arms.

The post is ending one of its most successful years and plans for a large delegation to attend the state convention in Huntsville next month are being made.

Mr. and Mrs. O. T. Mefford, Jr., and children, Nancy and Olin, are guests this week of Mr. and Mrs. Creed Mefford and little Merrie Lee in Fort Walton, Fla.

Pickwick Bridge Bids Asked

Announcement Affects Proposed Scenic Hiway

Houses On North Pine To Be Sold

Highway Department To Accept Sealed Bids Until June 30 On Structures

The State Highway Department will sell ten structures on North Pine Street, Florence, to the highest bidder on June 30 which must be removed by the purchaser from the right of way within 30 days from date of notice that bid has been accepted unless otherwise specified.

Charles Bowling, resident engineer, State Highway Department, will receive bids until 10 a.m. of June 30 at his office at which time the bids will be opened and publicly announced.

The structures, to be removed in connection with the widening of Pine Street, will be sold for sealed bids only and for cash. Payment for the structures will be by cashiers check or certified check within five days from date of notice to the successful bidder, with all bids subject to approval of the State Highway Department which reserves the right to reject any and all bids at its discretion.

Bids must be signed and sealed in an envelope with the bidder's name and address appearing on both the bid and envelope; the envelope must be marked "Bid on structure of Tract No." The tract numbers will appear on signs at the sights of the structures which are listed as follows:

Tract 3, a frame residence on North Pine Street; Tract 4, a frame residence on North Pine Street; Tract 6, Unit 1, a frame residence and garage on North Pine Street; Tract 7, a frame residence on North Pine Street; Tract 8, a frame residence on North Pine Street; Tract 6, Unit 2, a frame residence and garage on North Pine Street; Tract 6, Unit 3, three frame apartment buildings on Florence State College property just north of the intersection of Pine Street and Circular Drive; Tract 11, a frame residence at the intersection of North Pine Street and Mattie Lou Street which must be removed from the right of way by August 1.

Additional information may be obtained by calling Bowling at AT 2-0716 between 8 o'clock a.m. and 5 o'clock p.m., Monday through Friday.

'Bama Basketball To Be Seen Here

Coach Hayden Riley, Coffee High's former all-around coach, will bring his University of Alabama basketball team here on Friday night, December 22 to do battle with the basketball team of Davidson College.

Coach Riley, who led the Yellow Jackets to fame on the hardwoods of the state, expects to have one of the better teams to represent the University in the coming basketball season.

With apparently needing only three votes to give the Haltom Reapportionment Bill passage in the House of Representatives, Gov. John Patterson's administration leaders decided to delay a final vote until next Tuesday while efforts are made to gain a total of 64 votes to send the measure to the Senate for consideration. At the same time that the House battled the merits of Senator Haltom's bill, the Senate was engaged in a filibuster that halted further consideration of the congressional redistricting measure.

Lauderdale County's Senator, who has held the limelight during the current legislative sessions, along with his colleagues in this fight are said to be attempting to secure the support of three Jefferson County legislators - Reps. Walter Perry, Jr., Holt Rast and Hugh Morrow, III - who, by their votes, could assure the passage of Haltom's bill. They, it appears, are holding out for the allotment of two senators for Jefferson County and are asking for an amendment to bring this about. The Haltom bill would enlarge the House delegation for this county from seven to 12 but gives Jefferson but one Senator.

With 61 votes of the needed 64 necessary for passage in hand, Morgan County's Bob Gilchrist called for postponement of further consideration and by a vote of 63-42, the measure was carried over until next Tuesday when administration leaders believe that the shy votes can be rounded up to assure passage.

The Haltom Bill, a constitutional amendment, would go to the voters if it receives legislative approval but it is practically certain that it would receive overwhelming approval as the great majority of the votes in the state are in the areas benefitted by the reshuffling of the Legislature. The measure provides for an increase in the number of Senators from 35 to 40 and the House from 106 to 120.

Walker Sisters Value 4-H Work

Both Are Assisting In Self-Help Phase Of Foundation Fund Drive

"It's like dropping a pebble in a pond, the ripples increase and are unending," said Miss Belle Walker, 4-H local leader. She's in position to know the value of club work, having served as a girls 4-H leader for 21 years. During her time at Wilson Junior High School, she has seen clubs grow from two clubs to six.

Her sister, Miss Katherine Walker, runs her a close second, having been boys' 4-H local leader for 13 years. During this time two of her boys have been state project winners who received as their awards, trips to the National 4-H Congress in Chicago. She too has watched the growth of club work at Rogers High School as clubs increased from two-thirteen years ago to the ten now organized at her school.

They and other teacher-leaders are assisting in the 4-H Foundation Fund drive by helping the 4-H'ers in the self-help phase of the drive. Beginning this fall, 4-H clubs will renew their efforts to reach their goal of \$3,000 to help build camps and expand the awards program.

These sisters are in agreement on the value of 4-H work and the expanded program the Foundation will provide. They agreed, "Having been reared on a farm in the Mars Hill community, we have a good understanding of the problems of farm boys and girls."

Freedom Comes High

Sometimes it is very surprising to the practical mind that men in high places would seek to promote freedom as if it were something to be bartered or exchanged or sold to people. But actually if we were to come down to basic facts about the quality of our political leaders we would find there are no super brains after all and that most of them simply had opportunities that others have not. In fact many have used questionable tactics to achieve their high position.

Freedom definitely is not something that can be promoted. It must be earned and if this country, which enjoys the greatest freedom, took two hundred years and three wars to achieve it then who are we to say that any people can be made free over night. And by the same token how can Democracy be made to work in the underprivileged and uneducated countries whose people know nothing of either freedom or Democracy?

We are engaged in a terrific struggle for the minds of men throughout the world and we are losing that struggle thus far from a lack of understanding. We have been using dollar-diplomacy in lieu of our failure to win those minds. In little Laos we spent \$225,000,000 and lost the country to the Communists. A few people were made tremendously rich and the people were poorer than ever.

We (our leaders) plead with Russia to allow free elections. How naive can we get? They are not going to change and free elections are not in the cards. We are continually trying to sell the world a quick road to peace and freedom and Democracy when there is no quick road.

Mutual respect does not necessarily mean mutual admiration. Right now the Russians respect the U.S. as a great military power ready and able to deliver a crippling attack or mass retaliation. It is when they lose that respect that we are in danger and that is why we must not only remain strong and in a position of leadership but why it is imperative that we have strong alliances and that our allies are not just friends who have been bought with American dollars.

Don't Send Troops, Please

Wire reports reveal that up to 1,000 persons gathered into an angry mob and threatened the lives of police officers in a public park in Los Angeles on Memorial Day.

The mob assembled and some 200 angry participants moved against officers who tried to arrest two Negro youths for horseplay on the park's merry-go-round.

The mob was held at bay until reserves arrived when one of the officers fired his pistol into the ground. Of the 75 police called out to curb the mob, five were injured. Two civilians also were hurt.

Mississippians who abhor such riotous and bumptious conduct by uncontrolled, savage passions will extend prayers of sympathy to the wounded as well as to those misguided souls who stoop to mobocracy.

We know, too, that California people know how to handle incidents of this kind, for California people and the press of that great state have been issuing advice to the South for years on a multitude of subjects.

Although the largest park in Los Angeles is now closed due to this unfortunate episode, it is our belief that local authorities are fully capable of arriving at a peaceful solution to their multitude of problems and nightly explosions of murder and mayhem.

It is, therefore, our sincere hope that Los Angeles and its massive police manpower will somehow maintain command of their impatient, mongrelized hordes.

We urge Washington officials to be patient with California authorities. Please do not send Federal troops unless requested from our beleaguered sister state in the Far West. And as to those wounded police officers, may their civil rights shine through their scars.—Jackson (Miss.) Daily News

AWOL Youths Admit 5-State Crime Spree

Gerald R. York, 18, Jacksonville, Fla., and James Douglas Latham, 19, Mauriceville, Tex., two AWOL teenage soldiers, claimed Sunday to have killed seven persons in a five-state murder rampage, including two Georgia women, Mrs. Althea Ottavio, 43, and Mrs. Patricia Ann Hewitt, 25. A series of notches, in old Wild West style, were cut in the wooden butt of a 38 caliber revolver stolen from the Georgia victims. Robbery was listed as the major motive for the murders in Fla., Tenn., Kansas, Ill. and Colo.

Dutch Airline Crash Kills Twenty

A Dutch propjet Electra crashed in sand dunes and caught fire in an attempt to land at Cairo Monday, killing 20 persons, with all survivors injured, ten critically. The Royal Dutch Airlines KLM said no Americans were involved. The Electra was bound from Amsterdam to Kuala Lumpur, Malaya and crashed in a desert area nearly two miles from the end of the runway.

Western Nations Win Small Concession

The Western nations returned to the East-West conference on Laos, Monday, after winning a comparatively meaningless concession from the Soviets. The International Control Commission reported the pro-Communist rebels would allow truce teams to visit Padong, the scene of reported fighting, which Pathet Lao troops took from the royal government's forces Wednesday. The Soviets agreed to join the British in another appeal to the warring factions in Laos to stop the sporadic fighting and cooperate with the ICC.

Traffic Halt Increasing Corn Prices

A breakdown in barge traffic due to damage to the Wheeler Dam Lock has increased corn prices 8 to 11 cents a bushel in Atlanta and Chattanooga. Corn that normally moves by barge is now moving by rail from Louisville, Cincinnati and Memphis and the higher rail rates are running up the cost. Some corn prices have jumped from \$1.35 to \$1.47 per bushel since the lock wall gave way.

Kentucky Tornado Kills One

A tornado injured more than 50 and caused heavy property damage at Ravenna, Ky., Friday. Twenty-seven children were injured when the storm collapsed a church where they were studying the Bible and a nine-year-old girl was killed when she was struck by heavy timber from a partially constructed church. The tornado was one of three which dipped into the state within hours.

Montgomery Judge Adheres Injunction

U.S. District Court Judge Frank M. Johnson, Jr., Montgomery, has refused a defendant's request that he set aside his order against sponsored "Freedom Rides," the defendant called improper. The order, issued June 2, prohibits groups and individuals from sponsoring Freedom Rides into Alabama and bars Freedom Rides under such sponsorship. It also directs Montgomery police to protect all interstate travelers and prohibits Ku Klux Klan groups and four individuals from doing violence in connection with such rides.

Sweet Gum School Site To Be Sold

County Education Board Sets July 22 For Sale; Three Teachers Elected

With the abandonment of the Sweet Gum school because of the few students being served, the Lauderdale County Board of Education in session Saturday set July 22 as the date to sell at public auction the site and building no longer to be used. The sale is scheduled for 11 a.m., Superintendent Allen Thornton announced.

Three additional buildings, one at Cloverdale, one at Waterloo and one at West End High were declared surplus by the board and Mr. Thornton was authorized to negotiate their sales.

The resignation of Osbie (Hot) Linville, who has done such an excellent job as football coach at Central High, was accepted with regrets. Coach Linville returns as head coach at Lexington, Ga., the school where he coached before coming to Central. Linville was an All-State back at Coffee High in 1951 and also had an outstanding playing record at the University of Alabama. Several applicants are being considered to succeed Coach Linville.

Three additional teachers were elected by the board and will be assigned their positions later, they are John Southern, Mary Lynn Crutcher and Mrs. Helen Pilgrim.

MRS. FLORENCE GIBBONS

"She has spent much of her adult life going about doing good," was the way one neighbor expressed her appreciation of the many wonderful works that have been performed by Mrs. Gibbons. "Quietly and without thought of personal reward, Florence Gibbons has given of her time, means and

endeavor. Mrs. Gibbons also took a prominent part in the Savings Bond Drive during the war and received several citations for her accomplishments.

On December 19, 1954, Mrs. Gibbons was the recipient of the Community Service Award, presented her by Tri-Cities Lodge No. 873. B'nai Brith in recognition of her outstanding services and contributions over the years to her neighbors, her community and her state.

In 1958, she was presented an honorary degree from Sacred Heart Academy at Cullman in recognition of her humanitarian work. Mrs. Gibbons is an active member of St. Joseph's Catholic Church.

Mrs. Gibbons' baking has brought her several blue ribbons at the North Alabama State Fair. Her delicious rolls, breads and cakes, which she bakes as a hobby, have been enjoyed by hundreds of her friends and neighbors.

During World War II, Mrs. Gibbons was co-chairman with Mrs. Milo Long of the salvage program. Essential materials were collected for the war effort, bringing Lauderdale County national recognition for the group's outstanding

work. Mrs. Gibbons began work at an early age for various local merchants following her return to Florence. During that time, she began her many charitable efforts that are now known throughout the state.

On April 6, 1920, Mrs. Gibbons was married to Thomas Edward Gibbons, following his return from service in World War I. They have three daughters: Mrs. William (Betty) Brink, Florence; Mrs. Joe (Bebe) Giesen, Cullman; and Dorothy Ann (Sister Mary Eileen, O.S.B.) Sacred Heart Convent, Cullman; two sons, John (Mickey) Gibbons, Huntsville; and Robert F. Gibbons, Army Specialist, Fifth Class, stationed in Verona, Italy. There are five grandsons and seven granddaughters.

Mrs. Gibbons served as president of Patton School Parent-Teachers Association for three years. The Patton School's annual spaghetti supper, which she first served twenty-seven years ago, continues today as one of the projects of the organization. Mrs. Gibbons has prepared spaghetti at this event for as many as 1,500 people.

In 1930, Mrs. Gibbons became active in American Legion Auxiliary work and has served as president of the organization eight separate terms. She has rendered outstanding service to needy and disabled veterans, children of veterans and hundreds of other sick and underprivileged persons.

Her work with the patients in the Veterans Hospital at Tuscaloosa is recognized as one of her most worthy efforts. In 1945, Mrs. Gibbons aided in the organization of the Christmas Gift Shop at the VA Hospital. This annual project of the Auxiliary makes it possible for the patients to select Christmas gifts to be forwarded to members of their families at Christmas time.

Mrs. Gibbons has served as District President of the American Legion Auxiliary and is past chairman of the District Rehabilitation and Child Welfare committees. Since shortly after World War I, she has worked with the local Auxiliary unit at Christmas time distributing Christmas baskets to needy veterans and families of deceased veterans.

A number of years ago, Mrs. Gibbons assisted in the organization of the Girls State program which is another project sponsored by the Auxiliary and is held annually at the University of Alabama. The Sons of the American Legion Squadron also received her able support.

Wheeler Lock

Navy barge.

The Navy barge to be used is only a temporary measure, since there would be no foul weather protection for a large portion of the huge booster. The ocean-going

vessel is 261 feet long and 48 feet wide, has a hull depth of 15 feet, compared to 13 feet for the Palaeon and will require towing, since like the Palaeon, it is not self-propelled. It has a deck house 206 feet long, 40 feet wide and 15 feet high. The Saturn units would be carried in a section, cut out of the aft portion of the deck house, an area 150 feet long and 30 feet wide.

The booster, horizontal on its carriage, is 27 feet high, however, the exposed portion of the unit extending above the 15-foot ceiling of the deck house will be protected from the weather by tarpaulins.

The barge is expected to arrive at Wheeler Dam in mid-July, from Green Cove Springs, Fla., where it has been in storage for about two years.

Truett Rudolph Bayles**Weds Miss Rice, Gadsden**

A half past five o'clock ceremony in First Methodist Church of Gadsden marked the exchange of vows between Evelyn Graves Rice, daughter of Mrs. John B. McFerrin Rice, Sr., and the late Reverend Rice, and Truett Rudolph Bayles, son of Mrs. Lewis Eugene Bayles of Anderson and the late Dr. Bayles, on Saturday, June tenth.

Dr. Calvin M. Pinkard, minister of the church, was the officiating clergyman and nuptial presentations were by Winter Shropshire, organist, and Dewey Stansell, vocal soloist.

At the altar, tall baskets of majestic daisies and white stock flanked by tiers of cathedral tapers fashioned the background against which the wedding tableau formed.

Given in marriage by her brother, Dr. John B. McFerrin Rice of Florence, the bride chose for her wedding occasion a gown of embroidered swiss organza over white taffeta. A low rounding neckline and brief sleeves distinguished the sculptured bodice and the skirt, fashioned of tiers of ruffles, extended to form a chapel train. Cascading to fingertip length, her veil of silk illusion was secured to a tiny coronet of

seed pearls and she carried a white orchid encircled with tuberoses.

Mrs. Donald Lee Hickman of Atlanta was her sister's honor attendant; bridesmaids were Mrs. E. R. Hannah, sister of the bridegroom, Mrs. Sam G. Truitt of Deerfield, Florida, Mrs. H. Hube Dodd of Montgomery, and Mrs. Herman Lee Johnson of Summerville, Georgia. Linda Jean and Sandra Lee Hickman of Atlanta were junior 'maids.

Mrs. Hickman's aqua blue frock was designed with lace Empire yoke and silk organza skirt. A circular neckline and brief sleeves detailed the bodice; deep flounces, the flaring skirt; and a pleated cummerbund at the waistline were finished at the back with self-fabric roses. The bridesmaids' identical frocks were of rose pink and their fan-shaped bouquets of Esther Reed daisies were tinted to match their dresses.

Charles Boling of Gadsden was the bridegroom's best man; ushers-groomsmen included E. R. Hannah, Jr., Jess Stewart, Travis Turberville and Thomas Harkins of Richmond, Virginia.

Mrs. Rice chose for her daughter's wedding a gown of deep rose silk organza and lace with which she wore white orchids; Mrs. Bayles wore blue lace and her corsage was also of white orchids.

Reception hostess in the church parlors immediately after the ceremony, the bride's mother was assisted by Mrs. John B. McFerrin Rice, Mrs. Calvin Pinkard, Mrs. W. E. Henderson, Mrs. T. K. Widener, Mrs. Travis Turberville, Miss Lynda Papini, Mrs. James Lee, Mrs. Hal McCall, Miss Elaine Stuber, Miss Barbara Godfrey.

Before leaving for a honeymoon in the Smokies, the bride changed to a travelling costume of caramel brown silk with accessories and small matching hat of bone.

Upon their return, Mr. and Mrs. Bayles will be at home at Wilson Lake Shores.

Miss Joyce Anne Thompson
Is Bride Of Edward Johnson

Marked by a late afternoon ceremony in Annapolis Avenue Church of Christ was the marriage on Thursday, June eighth, of Joyce Anne Thompson, daughter of Mrs. Marie Thompson of Sheffield and T/Sgt. Jesse W. Thompson, Jr., USAF, and Edward W. Johnson, son of Mr. and Mrs. Cecil Johnson, also of Sheffield.

Barry Anderson, minister of the church, read the five o'clock vows following presentations by a choral group which included Mrs. Jack Brewer, Mr. and Mrs. James Belew, Jack Mills and Louis Cottrell, Jr.

Against a background of greenery, the altar was decorated for the occasion with basket arrangements of white gladioli, daisies and carnations interspersed with branched candelabra of tall white tapers. Lynn Mills and George Hanlin were candlelighters.

Fashioned of white peau de soie, the bride's gown was designed

along classic lines and distinguished by a cameo neckline edged with Chantilly lace, long sleeves which tapered to petal points over the hands, and a full floor-length skirt which swept into a court train. A jeweled tiara held her fingertip

veil of illusion and with her bride's Bible she carried a single white orchid encircled by white feathered carnations.

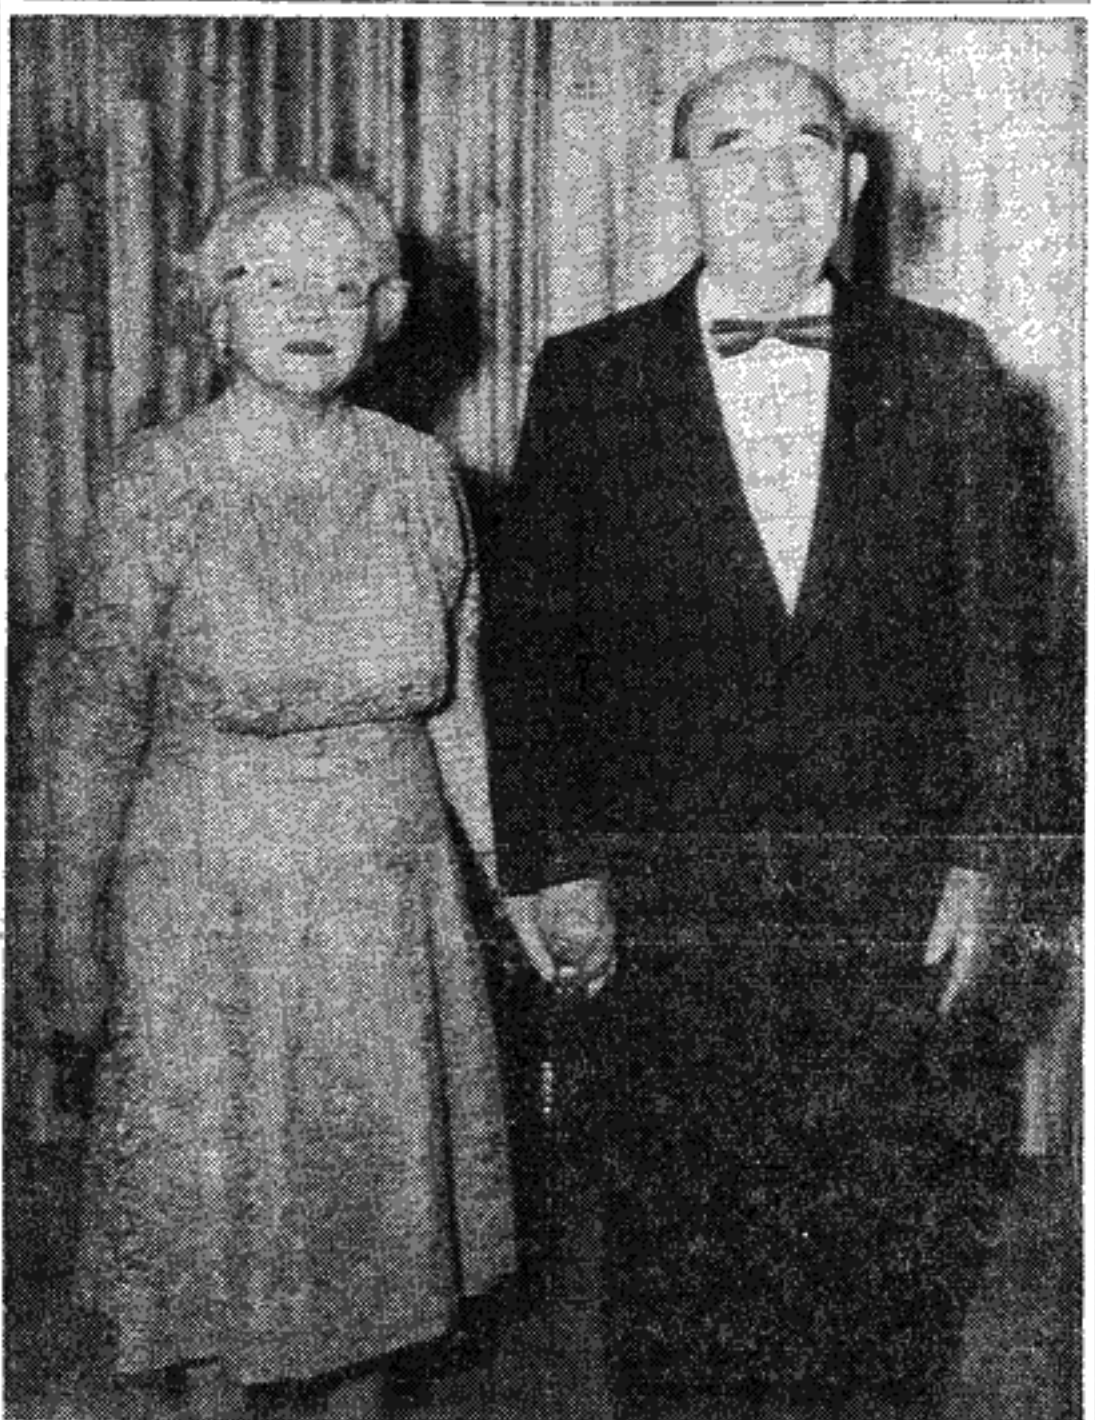

Miss Brenda Faye Kobeck, the bride's only attendant, wore a full-skirted frock of orchid pima mist with crushed cummerbund of contrasting taffeta. Her headdress of circular net was caught to a matching taffeta hairband and she carried a bouquet of yellow roses intermixed with daisies.

Gilbert Borden was best man for the bridegroom; ushers included Cleatus M. Wilbanks of Tunica, Mississippi, and Charles Coleman Thompson of Sheffield, uncles of the bride.

For the wedding and the reception to which she was hostess immediately afterward at her home on Annapolis Avenue, Mrs. Thompson, mother of the bride, wore mint green lace over taffeta,

MRS. EDWARD W. JOHNSON

MR. AND MRS. ALBERT J. FELDMAN

Florence Couple To Mark
60th Wedding Anniversary

A day of companionship with family members and, possibly, "drop in" visits from close family friends . . . these are the pleasures to which Mr. and Mrs. A. J. Feldman of 316 Jackson Highway look forward come next Sunday.

Not unusual pleasures, ordinarily speaking, but made so in this instance by the occasion at hand. For at the above mentioned time these longtime Florence residents will mark the sixtieth anniversary of their wedding day.

Now indisputably heads of a fourth-generation-in-Florence family, the former Hattie Kreisman and Albert Feldman were married on June 18, 1901, in Knoxville, Tenn., to which city her father, the late Harris Kreisman, had moved from Florence.

Difficult though the journey from Knoxville to North Alabama at the turn of the century, the young newlyweds withstood long lay-overs in small and comfortless railway stations in order to spend their honeymoon in Florence. And, in spite of their rainy day arrival which made a horse-drawn vehicle necessary for their ascent of muddy Court Street hill, they fell in love with the town which has, for the ensuing sixty years, been their home.

Mr. Feldman has been a Mason for fifty years; a thirty-second degree Mason and Shriner for more than forty years. A member of B'nai B'rith for sixty-odd years, he is one of the founders of Temple B'nai Israel and has served ably in many of its various offices.

Formerly in the mercantile business in Florence, Mr. Feldman retired at the time of the couple's Golden Wedding anniversary, to be succeeded in the firm by a daughter and son-in-law, Mr. and Mrs. Irving Bertell (Rosalie Feldman).

Another daughter, Mrs. John Adler, Jr., and Mr. Adler, are also Florence residents. And completing the family group are two Adler daughters, Miss Elsie Adler and Mrs. Donald Kayner, the latter of Chicago, Ill., here this week to

join family and friends in honoring her grandparents.

Miss Belinda Wilson's
Engagement Announced

Announcement has been made by Mr. and Mrs. Owen Wilson of North Royal Avenue, Florence, of the engagement and forthcoming marriage of their daughter, Belinda, to Bonnie Carl Riddle, Jr., son of Mr. and Mrs. Riddle, Sr.

Miss Wilson was graduated from Coffee High School and, early this month, from Florence State College where she received her Bachelor of Science degree in Home Economics.

The prospective bridegroom, also a Coffee High graduate, received his BS in Mechanical Engineering at the University of Alabama and is presently with the National Aeronautical and Space Administration in Hampton, Virginia.

A late Summer wedding is being scheduled.

Mr. and Mrs. James Carringer and son, Jim, formerly of Lewis Avenue, moved Tuesday to their recently completed home in Hickory Hills.

After an absence of several years, Henry Moore has returned to reside in his native Florence. Mr. and Mrs. Robert T. Binford returned to Birmingham on Monday after a visit with Mrs. Carl O. Walker and Miss Josephine Penney at their home on Tuscaloosa St.

Miss Jane Williams and her mother, Mrs. D. R. Williams, are leaving Sunday for a motor trip through the Eastern states. Their plans include travel in Western New York State.

Mr. and Mrs. Thetus Sims of Fort Thomas, Ky., and their daughter, Mrs. Thomas L. McReynolds and children, Catherine and Michael of Lexington, are spending this month at the Sims cottage on the lake.

Mr. and Mrs. Otho Perritt, Jr., after an extended stay in Florida, are at home in Florence and will for the present be at the Perritt family residence on Poplar.

Mrs. George Russell is a patient at ECM Hospital following injuries received in a recent fall.

white accessories and a glamellia corsage. Mrs. Johnson chose a gown of soft blue, blue and white accessories and she, too, wore glamellias.

Assisting with the reception courtesies were Mrs. William Waite, Mrs. Edwin Dean and Mrs. Hays Hanlin.

Leaving in the early evening for their honeymoon, the bride wore a travelling costume of powder blue pima mist, white accessories and, at her shoulder, her bouquet orchid.

**Sure sign of a forward-looking community**

PRACTICALLY EVERY community wants and welcomes new industry. Yet it's surprising how many communities, which devoutly desire new plants, take no steps to protect the availability of their choice industrial sites. Instead of reserving now the most attractive potential plant locations for later industrial use, they thoughtlessly allow these tracts to be gradually "eaten away" by non-industrial installations and uses. As a result, such land is unnecessarily and forever lost for future industrial purposes.

The whole community pays for this neglect. Most new job opportunities in an area are created by industrial expansion. In addition, a new industry

in town greatly improves work opportunities in countless other services and professions, too.

Many factors must be taken into account to arrive at a sound, long-range planning program for local industrial development. But all the others are meaningless if the potential new plant can find no place to go. For your own sake, don't let this happen in your community. Do as others are doing throughout the South—protect your community's industrial future by protecting its most desirable industrial sites—now!

WASHINGTON, D. C.

Mr. and Mrs. J. Rivers Wiggins are returning today from a week's vacation in Gatlinburg.

Mr. and Mrs. Kenneth Darby and daughter, Kathy, have joined Miss Hallie Darby who preceded them to Arlington, Va., for a visit with General and Mrs. William C. Calhoun and, with other family members, will be present in Newark, Delaware, on Saturday for the wedding of Mr. Darby's niece, Virginia Carleton Lanier, and Lawrence Biosotti.

THE SPILLWAY

They travel far.
And they travel near.
Now the news worthy folks
Are those who stay here.

AND, IF YOU DO FIND a few who're staying "put," the chances are they're "hosting" friends or relatives who fit into the "goers" category. Friends are delighted to see Virginia (Carr) Olson who's here with Gene and the boys to spend a few days with Gladys and John Holmes . . . And our welcome mat goes down for a "top favorite," Amelia Neussle, who's down from the Big City for her summer visit with her mother, Julia O'Neal . . . And we're glad that still-a-bride Betty (Darrell) Champion took advantage of Jasper's army camp-stay to spend the time here with Elizabeth and Ted Gerber.

OUR "TRAVELERS' CATEGORY" this week includes Glenn and Gladys McIntyre, who're covering the Florida coast, as well as Bermuda, with a party of friends . . . Andrew and Kathleen Darby (with A. J., Jr.) are taking in the Washington sights, particularly the art galleries, before going on to Wilmington, Delaware for the wedding, this Saturday, of their granddaughter, Ginger Lanier (elder daughter of Mary Alice and Charles) . . . Ben King is touring Europe for the next eight weeks with a group of his McCallie School friends, on a school sponsored trip, so we understand.

MAKING EVERY MINUTE COUNT is just what Mims Rogers, Jr., is doing. Here for summer vacation from Davidson College, Mims is now working out at National Floor Products for a while, and then returning to summer school to take advance credit in Spanish. No moss could grow under his feet!

ON THE MOVE . . . and now settled down again are Bill and Tommie Karran, who've moved from their Palisades Drive residence to a year-round home on the lake, recently purchased from Bob Herston. According to Tommie, she hasn't had time to find out how much she likes lake-living, because they've had house guests pretty constantly, every minute of which they've enjoyed . . . SOOOO INTERESTED to hear that Emma Craig has bought the attractive home on Riverview Drive

formerly occupied by Rebecca and L. M. Jester. Can't wait to see her all settled there because we just know that she and the house will "become" each other — and isn't it nice that she'll be so close to her granddaughters? . . . A LONG DISTANCE MOVE is being made by Col. Tommy Arnett, Madame Spillway's friend of earlier days. We hear that he, along with wife-Jan and the three young Arnetts are moving from San Antonio to Hawaii, and we understand that it was by "special request" from the General under whom he formerly served, who is now in Hawaii. Here's hoping the Arnetts will come by and give us a look-see at them all before they embark.

GRANDMOTHER SERVICE — par excellence — Marian Seal came all the way from New Orleans to "baby-sit" Bernie and Evelyn's children while Mama and Papa go on a trip which will include the thrills and sights of New York City. . . . ANOTHER GRANDMOTHER, Leacie Wilson, is arriving next week from Richmond, where she's been with grandsons, Rayford and Jim Kytie (and Ray), to spend the summer with daughter Betty Jean (and Dr. Lyman) Mitchell, and family. We understand that Rayford will accompany her here, and Jim will arrive after a stay at summer camp. We've heard some top notch notes on these two Kytie boys, including the fact that Rayford was president of his class at school this year.

A COMPLETE SURPRISE to her (though NOT to us) was the appointment by the Governor of Tennessee and the State Superintendent of Education of onetime Florentine Emma Hayes Wade as ONE of THIRTY-FIVE representatives from the USA to the World Conference of the Organizations of the Teaching Profession of the NEA . . . Leaving Nashville (she's a member of the City School Faculty there) last Thursday . . . she will return to home shores on August 7 after travels which will take her in an advisory capacity to such notable places as New Delhi and Athens and Istanbul . . . to Beirut and Damascus and Amman and Jerusalem . . . A former Coffee Hi grad . . . she (with becoming modesty) gives credit for much of the success which she enjoys to her FIRST GRADE teacher . . . our own Anne Acker of 210 Irvine Avenue . . .

ALSO A FEATHER in Coffee Hi's cap . . . and of special interest to his many friends on the local scene . . . is the announcement that John Walker (class of '57) has accepted a position as head of the Physical Education Department and Assistant Track Coach at the University of Wyoming. . . . Madam tips jauntily to our own alma mater and to her illustrious alumni.

LOVELY BRIDE AND LOVELY PARTY was the report we had on the LARGE party which Bob and Alice Nolan gave last week-end to honor Otto and Clara Peritt who've arrived from their seven-month honeymoon in Florida — evidenced by the beautiful sun-tans that both Clara and Otto were "sporting" . . . And the MOST UNUSUAL party "entertainment" we've heard of was at the dinner party given by Rawson and June Coleman at the Hickory Hills home — where all the interest centered around the fact that "Pierette," the Coleman's French poodle, presented the Colemans with SIX puppies before the guests took their leave. (We DID NOT hear that each guest received a puppy as a favor.)

ORCHIDS TO . . . Our widely admired and loved Parson Bing Summerell, who recently celebrated his tenth anniversary in the ministry. We're adding that we're glad that he was HERE to celebrate it. (And we understand that our long-time friend (Dr.) James Appleby took part in Bing's ordination) . . . and to young Anna Burns who's become "very close" with a traction-contraption out ECM way, after a recent fall from a too-eager horse . . . and to Jacqueline Kaye Owen, new daughter of Kathy and Jack Owen, who've recently moved into our midst from Mobile. (And we'd like to add "So glad you're here" to the entire family, which as of last week, numbers five!)

UNTIL MORE NEWS COMES THROUGH THE SPILLWAY, IT'S GOODBYE FOR NOW!

Dan Hightower, recent Vanderbilt graduate, has joined a group of college friends for a Summer in Europe.

Mrs. Harold Doss is in Oklahoma City, Okla., for a visit with her brother, John Coats, and his family, and to be present for the wedding of her nephew, John Coats, Jr.

Mrs. Bert Norton and little daughters, Charlotte and Rebecca, have arrived from Fort Benning, Ga., to be with her parents and parents-in-law, Mr. and Mrs. J. B. Dobson and Dr. and Mrs. E. B. Norton, while awaiting the arrival of Lt. Norton who is being separated from the U. S. Army. The family will again make Florence their home.

Evening Ceremony Unites

Miss Whitehead, Mr. Hinton

The altar of Rogersville Methodist Church was decorated with great arrangements of white gladioli against a background of greenery for the wedding of Saturday evening, June tenth, when Jimmie Ann Whitehead, daughter of Mr. and Mrs. James E. Whitehead of Rogersville, became the bride of Wylie McMurray Hinton, son of Mr. and Mrs. William M. Hinton of Woodland.

Tall white tapers in branched candelabra, lighted by Martha Judith and Cathy Whitehead, cast a soft glow on the nuptial scene. The Reverend William W. Hitt read the seven o'clock vows following a musical prelude by Mrs. Gerald Dison and Miss Sherry Belev.

Mr. Whitehead gave his daughter in marriage. Her wedding gown of lace over taffeta, designed with a molded bodice and voluminous, floor-length skirt, was distinguished by a Sabrina neckline, long sleeves which tapered to points over the hands and a tiered back panel in the skirt which extended into a small train. A crown of crystals held her fingertip veil of tulle and her bride's Bible was topped by a single white orchid.

Attendants were Miss Clovis Rutledge of Arab, maid of honor, and Miss Doris McGraw and Miss Linda Thacker of Anderson, Miss Janie Baggett and Miss June Sharp, bridesmaids. Martha Ann Jackson wore a floor-length frock of yellow silk organza to serve as flower girl and Timmy Barnett was ringbearer.

The maids wore full-skirted white organza frocks over white taffeta, the honor attendant's detailed with a blue satin cummerbund, the bridesmaids' with pink. Their veiled headbands of organza roses matched their cummerbunds and their bouquets were feathered carnations for Miss Rutledge and pink pompons for the bridesmaids. The candelights identical dresses featured yellow sashes, matching headresses, and they wore wristlets of yellow carnations.

The bridegroom had Robert Beavers of Huntsville for his best man; Jimmy Baggett, Danny McCormick and Billy Scott for ushers. Mrs. Whitehead, mother of the bride, was in pink lace complemented by matching accessories; Mrs. Hinton, the bridegroom's mother, chose blue lace and blue accessories. A white feathered carnation corsage was at the shoulder of each.

A reception in the church parlors honored the bride and groom immediately after the ceremony. Assisting were Mrs. Bob Waddell, Mrs. Odie Harvey, Mrs. B. L. Mitcum, Mrs. Harvey L. Grymes, Mrs. Don Newbern, Mrs. Tolle McLenore, Mrs. Lewis Fuqua and Mrs. Henry Hudson.

When Mr. and Mrs. Hinton left later in the evening for a honeymoon at points of interest in Florida, she was wearing a rose-colored suit of silk linen, white accessories and her bouquet orchid.

Upon their return, they will be at home in Rogersville, commuting daily to their positions at Redstone Arsenal in Huntsville.

Sharp Family Meets For Annual Reunion

Approximately two hundred members of the Sharp family, representing five states, gathered here on Sunday, June 11, for an annual reunion and midday picnic dinner.

Among those present for the event, held in Spring Park, Tusculum, were the Jim Hickmans of Paducah, Ky., (Mrs. Hickman is a daughter of Muncie Sharp Stadium of Florence); Bert Sharp and children of Wierton, W. Va., (Mrs.

Beulah Sharp Call of Florence is his sister); Mrs. Ruby Costner and Mr. and Mrs. Victor Johnson of Memphis, Tenn., (Mrs. Costner and Mrs. Johnson are daughter and granddaughter, respectively, of Mrs. Eula Sharp Wilkes of Florence; Mr. and Mrs. A. W. Skipwith and "Sonny" Skipwith, and Mr. and Mrs. Don Schuerman and family of Cleveland, O., (Mrs. Beulah Call is Mrs. Skipwith's sister; Mrs. Schuerman, her niece).

Three-months old Sandra Gibbs, little daughter of Deedie (Sharp) and Forrest Gibbs of Murfreesboro, Tenn., was the youngest member of the group present; and hailed as "Head of the Family" was eighty-five year old Will J. Stutts, husband of the late Mollie Sharp Stutts.

This looked-forward-to affair is an event of each second Sunday in

June and, unless further notice is given, Tusculum Spring Park will continue to be the setting.

Mrs. Max Earwood and children, Donna and Dale, are here from their home in Columbia, S. C., for a Summer visit with her parents, Mr. and Mrs. Shadrer Casey, and with Mr. Earwood's parents, Mr. and Mrs. Ira Earwood at Central Heights.

Mr. and Mrs. Fred W. Osborn, Jr., 1905 Holiday Drive, announce the arrival at ECM Hospital on Sunday, June 11, of a daughter, Lisa Griffin.

On a round of family visits, Mr. and Mrs. Gordon O. Ewin and little daughter, Adair, of New Orleans will stop Sunday for a day in Florence with his cousin, Mrs. James S. Robinson, 424 West Tennessee St.

DEAN ALLEN RETURNS FROM WORK CONFERENCE

Turner W. Allen, Dean of Florence State College, has just returned from the Southern State Education Work Conference, at Daytona Beach, Florida.

The Conference was part of a three-year study dealing with research work in teacher education.

Dean Allen served on the Committee in Teacher Education, of which Dr. Truman M. Pierce, Dean of the School of Education, Auburn

University, was chairman. "What Constitutes adequate Teacher Education," was their area of study.

Farmers average about \$1.37 an hour for their labor; factory workers get \$2.29.

The Race for Life

Q. What determines whether it will be a boy or girl?

A. For the creation of a human being, 225 million male reproductive (sperm) cells line up in a race for life. Half of these are capable of producing only males, the other half only females. All sperm cells move toward the "target"—a single egg cell (ovum)—which can develop into a male or female. Whether a male-producing or female-producing sperm reaches the ovum first is a matter of pure chance. The "prize" for winning is life itself, for after the ovum is fertilized by the lucky sperm, the door is closed to all others. The "late arrivals" soon grow weary and die. Thus the sex of the child is determined by the father and by the laws of chance at the moment of conception.

Strawberry Marks

Q. Our baby was born with a strawberry mark on her face. Should surgery be performed now or later?

A. Your doctor may advise you to wait. English physicians kept tab on 169 untreated strawberry marks. The blemishes disappeared in 50 per cent of children by age 5, and in 70 per cent by age 7. In only a few cases did the marks turn out to be so disfiguring as to need surgery. From what these doctors say, it would do no harm to wait. The mark may fade away without surgery.

Blood Cells

Q. How long do red blood cells live? What happens to the dead cells?

A. Red blood cells (erythrocytes) live for approximately four months. Your body makes about 200 billion red cells every day to replace those that wear out. The worn-out cells are sent to the spleen where they are broken down into various chemicals. Some of the chemical substances are discarded by the body as waste. But iron, present in all red blood cells, is saved. This "scrap" iron reaches the bone marrow, where it is reused to make more red blood cells.

Come to Church for Services

"A FAMILY THAT WORSHIPS TOGETHER — STAYS TOGETHER"

Whom God Hath Joined
TOGETHER ...

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH
The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Genesis	22	1-18
Monday	Ephesians	6	1-4
Tuesday	1 Chronicles	16	23-29
Wednesday	Psalms	95	1-6
Thursday	John	4	19-24
Friday	Psalms	66	12-20
Saturday	1 Timothy	3	1-5

... let not man put asunder.

Before the Altar of Christ they took their vows. And now God has placed another hand in theirs; a small hand, needing tenderness and guiding love.
Before the Altar of Christ they come with their child, and according to the baptismal beliefs of their church dedicate his life to God.
Before the Altar of Christ they worship each Sunday, and eagerly help their growing son to master the Truths that will undergird his life.
Of course, there are times when the responsibilities of marriage and parenthood test their patience, and understanding, and courage to sacrifice.
But they have learned long since to conquer their selfishness and surrender their pride where they receive forgiveness, strength and ever-deepening love—before the Altar of Christ.

News of POWELL

By Frances Pedigo

Park

The Powell community along with the Home Demonstration Club and the Powell PTA are working together to build a community park behind the school.

On Thursday of this week Allen Thornton brought machinery to grade the ground for the ball park behind the school. The scrapers worked Thursday afternoon all day Friday and Saturday morning leveling off the ground. The first day the women of the community cooked dinner at the school house for the workers.

Earlier this week the men of the community poured two concrete picnic tables to be used in the park.

Personals

Ben Trapp is still confined to the Jackson Hospital at Lester. He underwent surgery at the hospital last week. His children from Indiana were home last week to visit him. We hope he will soon be feeling better.

Those who visited in the home of Mrs. Inas Goode Sunday were: the Harold Herston family of Milton, Florida, Mr. and Mrs. Kendall Cosby and family of Rogersville,

Mr. and Mrs. Herbert Goode and family of Anderson, Mr. and Mrs. Glen Goode of Minor Hill, Tenn., and Mrs. Bessie McConnell of this community.

Mrs. Mae Pedigo who has been in the Giles County hospital where she underwent surgery last week came home Friday. She wishes to take this opportunity to thank everyone for the prayers, cards, visits, flowers and the kindness shown to her during her stay in the hospital.

We want to express this community's deepest sympathy to the Calvin Craig family in the loss of a loved one.

Mrs. Pearl Phillips and Mr. and Mrs. Joe Eady motored to Detroit Saturday to attend the wedding of one of Mrs. Phillips' nieces.

Mrs. Oma Camp of this community attended the Retired Teachers Meeting in Florence, Saturday. Saturday night she spent with Mrs. Gladys Irions of Crestview Court in Florence.

Week end guests in the home of Mr. and Mrs. Robert Cockrell this week were Mr. and Mrs. Sanford McConnell and Don of Lawrenceburg, Tenn., Mr. and Mrs. Elbert Camp and Sharon of Legtown, Mr. and Mrs. Charles Gilliam of Athens, and Brenda Tarpley of this community.

Mrs. Judy McCrary, daughter of Mr. and Mrs. Carter Thompson,

of this community motored to Decatur Friday morning to catch a plane to Germany to join her husband Buddy McCrary who is stationed in Germany. She was to arrive in Germany at ten o'clock Saturday morning. The whole community will miss Judy as she was the G. A.'s leader and a fine person herself.

Dennis Davis continues ill at his home at this time.

Mr. and Mrs. James Hooie and Janna and Jimmy of Birmingham were Sunday afternoon guests in the home of Mrs. Mae Pedigo.

One hundred sixteen were present for Sunday School at the Bethel Baptist Church Sunday morning with many others arriving for preaching services. The Rev. W. V. McDougal filled the pulpit at both the morning and evening services with fifty nine present for Training Union and preaching services Sunday night.

Cora Sue Waddell Honored
Tuesday morning Mary Lou Waddell entertained with a cake party for her cousin, Cora Sue Waddell, popular bride-elect of Gary Cosby.

The girls fringed a set of pink and brown luncheon napkins which matched the colors in her china to use with a pink table cloth she had previously received. In the sunroom the girls were served sandwiches, iced drinks, chips and cookies.

Guests were Gail Bergin, Norma Glenn White, Gail Eastep, Jena Butler, Ruth Ann Myers, Stella Butler, Priscilla Waddell, Janice Springer, Nelle Curbow, and Jane Tucker.

The lovely home of the Grady Butlers was the scene of a pretty breakfast for Cora Sue Waddell on Wednesday morning when Jena Butler entertained for her.

Sweetheart roses were used on the all-white table where guests were served.

MR. AND MRS. HOMEMAKER: May we suggest there is always an element of risk when you sign any contract with the salesman of an out-of-town firm offering bargain prices for a roof, siding or any materials for the improvement or maintenance of your home.

Ask yourself this question when you have been contacted by such a salesman:

HAVE I OBTAINED A PRICE ON THIS JOB COVERING THE SAME SPECIFICATIONS FROM ANY LOCAL DEALER?

If you haven't then you are not being fair to yourself or to your home town dealer who is a member of your community and who, like you, supports and makes his living in your community. It will pay to see your local dealer first!
