Could Lose Missile Program

Von Braun Urges Money For University Center

Huntsville's George C. Marshall Space Flight Center will mark its first anniversary July 1, and Gov. John Patterson has designated the occasion as Space Day in Alabama.

The governor issued his proclamation following a speech by famed missileman Wernher von Braun to a joint session of the State Legislature. The scientists briefed the legislators on various space exploration rockets, including the huge Saturn-booster.

Dr. von Braun, who supervised the development of the Jupiter-C rocket which launched the Free World's first satellite and also the Redstone which carried America's first astronaut in space travel, warned the legislators that Alabama must step up its educational program or risk the loss of its huge missile program to a competing state. He said, "unless we get ... and keep more bright young men and women very soon to help us carry the present load, our program and Alabama, will suffer."

The German-born scientist urged the Legislature to make available the \$3 million needed to operate the newly opened Research Institute operated in conjunction with the University Center at Huntsville.

"For a \$3 million investment now," he said, "I promise you you'll reap billions. Easily billions."

Von Braun added that a big share of the \$7 to \$9 billion requested by President Kennedy for space exploration during the next five years will "end up in Alabama ... if Alabama can attract the kind of people we have to have, provide them with a decent educational and cultural climate and make them want to stay."

If Alabama does not do this, Von Braun pointed out, the missile program could be lost to the state. He mentioned California as a competing state.

The Redstone scientist talked about space development in comparison to the Russians and said this country "has nothing to be ashamed of in comparison with the Soviets in space exploration to date."

He said "we have orbited many more scientific satellites than they and from them have learned more new scientific information from the universe than anyone else."

As the result of his nearly 15 years of observing the workings of the Communist trained mind, Milks predicted that Communism will have a hold on much if not all of South America in three years if the Castro regime is not ended before that time. Castro and his cohorts, he said, have been picked by Moscow and Red China to spearhead the revolutions that are stirring in that continent.

Milks said that throughout the two years he spent in Cuba, he watched the same pattern of growth of Communism there that he had seen in China. First it was agrarian reform—then a hate campaign against the United States. During his Moscow sojourn he said he witnessed the accelerated race, under the heavy hand of Khrushchev, to out-produce and out-perform the United States. This has become an obsession with Khrushchev and his followers, he said. This same schedule or program has been followed to the letter in Cuba, Milks pointed out.

Castro's promised reforms have long since been forgotten but don't sell this dictator short, Milks warned. Castro is a smart, well-educated, shrewd, capable, cunning—but insane man, and today, with his Communist backers, is stronger than he has ever been. His growing military power is the foundation of his growing arrogance and Cuba, nor any South American country, has ever had as strong an army, Milks added.

When asked to discuss the possible outcome of the Castro problem, Milks first explained that although Canada is criticized for supplying Castro with 15 per cent of his needs, the United States is now supplying Cuba with 65 per cent of their food, clothing, medicine and other vital products that support the Castro regime. "An embargo on all shipments from the United States to Cuba would do more to cure the ills than military invasion in force," he answered.

The AP Bureau Chief said that anti-Castro Cubans are bitter over the tractor-for-prisoners acceptance by the group of Americans who are dealing with Castro. "Why don't these same citizens of the U.S. consider the more than 10,000 political prisoners held in Castro's prisons for many months; many of whom were American citizens. Why don't they raise their voices in protest or swap tractors for their freedom? These men and women were not members of a military invasion force but citizens who just did not believe in Castro and yet not a dollar has been raised to secure their release, has there?" he asked.

Spend your vacation in your back yard and your friends will know the kind of person you are—sensible, imaginative, home-loving—and broke.

We have just learned of one of the smartest women in the entire country. Each year when her husband observes his birthday anniversary, she makes him a gift of 100 of his favorite cigars—and they cost her nothing. Here's the way she explains it: Throughout the year he buys his favorite cigars by the box. From each new box, I slip one or more. I accumulate 100, then wrap them appropriately and on the big day present him with his favorite gift. Could anything be more simple?

Presbyterians In Convention This Week In Florence

Delegates To General Assembly Begin Week Of Business, Worship

Delegates to the 131st General Assembly and 80th Missionary Convention of the Cumberland Presbyterian Church converged on Florence Wednesday for a week of business meetings, worship services and fellowship. The delegates come from an area ranging from Michigan to Texas and from Florida to California.

The General Assembly convened on Wednesday afternoon at 3 o'clock for its first business session at the First Presbyterian Church, opening with the celebration of the Holy Communion conducted by the Rev. Klahr F. Raney II, pastor of the First Cumberland Presbyterian Church of Dallas, Texas.

The delegates were welcomed to Florence by W. H. Mitchell, Jr., president of the First National Bank of Florence and the Rev. J.V.C. Summerell, pastor of the First Presbyterian Church. During the business session a moderator was elected to replace Dr. A. G. Matlock, executive secretary to the Board of Foreign Missions, who has served in this capacity since last year's Assembly. The moderator serves as titular head of the church.

The Missionary Convention opened Wednesday night with a service of worship at the First Methodist Church. At this time Rev. D. O. Bryson, pastor of the Chinese Mission Church of San Francisco, Calif., was heard. His theme was "God's Purpose for the Church in an Exploding World."

Chisholm Viewed For School Site

Property For Second High School Sought To House Coffee Overflow

Superintendent Rufus Hibbett announced Saturday, the Florence Board of Education is considering the construction of an elementary and junior high school on Chisholm Road in the Forest Hills area. However, the school official in giving a general report on the city system, stated there is no target date on the school, but it is being considered in future plans.

The board is also looking for property for a second high school. Mr. Hibbett said there is no status quo in the growth and expansion of the Florence City Schools system and that a large building program had been continuous since 1950. The Board of Education has attempted to keep classroom construction ahead of school population growth, however, every available classroom will be used next year except at Burrell-Slater.

The most logical location for a new school building in the near future would be on the 20 acres of school property on the Chisholm Road with an elementary and junior high school there serving the fast growing area including Rose Park and the overflow from Harlan School. The location would also reduce the traveling distance for the young teen-agers.

Property is still being sought by the board for a new high school since Coffee High School cannot continue for long to meet the needs of the fast growing high school population.

The Board of Education's vast building program over the past decade has largely resulted from the one-cent sales tax and a five-mill ad valorem tax. School funds from the State of Alabama have been prorated or cut for the past five years. The present cry from Montgomery is that additional monies for construction and salaries will have to be provided by local effort.

Pupil growth last school year over the previous year represented eight additional classrooms and therefore eight additional teachers.

Cotton Penalties For '61 Announced By Department

Marketing Quotas For This Year's Upland Crop Approved Last December

Marketing quota penalty rates on "excess" cotton of the 1961 crops of upland and extra long staple cotton were announced today by the U.S. Department of Agriculture. The penalty rate on upland cotton is 19.5 cents per pound, and the penalty rate on extra long staple cotton is 40.9 cents per pound.

The Agricultural Adjustment Act of 1938, as amended, directs that the marketing quota penalty rate for upland cotton be 50 per cent of the parity price per pound of cotton effective as of June 15 of the calendar year in which the cotton is produced. The parity price of upland cotton as of June 15 was 38.96 cents per pound.

The Act also provides that the penalty rate on extra long staple cotton be the higher of 50 per cent of the support price for this type of cotton as of June 15. The parity price for extra long staple cotton as of June 15 was 81.8 cents per pound. Since 50 per cent of the parity price is higher than 50 per cent of the support price, the applicable penalty rate for 1961-crop extra long staple cotton is 40.9 cents per pound (which is 50 per cent of the June 15 parity price).

Growers approved marketing quotas for the 1961 crops of upland and extra long staple cotton in referendum last Dec. 13.

When cotton marketing quotas are in effect, a farmer who does not comply with the cotton acreage allotment established for the kind of cotton grown on his farm is subject to a penalty on his farm marketing excess. The cotton crop from the farm is also ineligible for price support under Commodity Credit Corporation programs. Each type of cotton is treated independently. Upland cotton cannot be substituted for extra long staple cotton or vice versa.

Dr. Anna Martin To Teach In Orient

Dr. Anna Y. Martin, part-time instructor at Florence State College and Clinical Psychologist with the Muscle Shoals Mental Health Center, has accepted a Fulbright Award that takes her to the Orient.

At the National University of Taiwan, Dr. Martin will train a graduate group in Clinical Psychology. At Provincial University, she will work with Clinical Tests. In addition, she will serve as consultant to the Mental Health Clinic for children at the largest hospital in Taipei.

Green Will Not Seek Re-Election

George J. Green, Florence Street Commissioner, said Tuesday afternoon he would not seek re-election this year in the September 18-election although he said he might run at some other time.

Mr. Green will have served one three-year term when a new commissioner is sworn in on the first Monday in October.

Red Cross Chapter Holds Annual Meet

Aaron Lynch Elected Chairman To Succeed Dr. John Hatfield

The Lauderdale County Red Cross Chapter held its annual meeting in the American Legion Home, Tuesday afternoon when Joseph N. Greene, Birmingham, a member of the Board of Governors of American National Red Cross, was the featured speaker.

The election of officers and directors climaxed the meeting. Aaron M. Lynch was elected Chairman of the Lauderdale County Chapter of the American Red Cross for the year starting July 1 when he will succeed Dr. John Hatfield, retiring chairman.

The Board of Directors elected the following officers: William H. Mitchell, vice-chairman; Mrs. Noble Arnett, secretary; and Miss Lillie Mitchell, treasurer.

Elected to the board for a three year term were Mr. Hatfield; Mr. Lynch; Miss Mitchell; James Fall; Raleigh Nix, Jr.; R. S. Cannon; Phillip O. Herm; C. Hewlett Jackson; Dr. E. B. Norton; Harold Hammond and A. D. Ray.

Miss Lucia Reeder arrives today from Washington, D. C. to spend the summer months with her father and brother, Homer Reeder and Howard Reeder, at their home on Poplar Street.

The final showdown on the Halton reapportionment bill was put off until Friday by the Alabama House when the Legislature voted Tuesday to adjourn the session until that time.

The action came shortly after the legislators voted to give Jefferson County two senators instead of one. The amendment sponsored by Rep. Walter Perry passed 60-42. However House members turned down a similar amendment for Mobile County.

In a 40 minute recess during which members of both houses heard Rocket Scientist Wernher von Braun speak, the supporters of the Halton Bill met in a committee room with Governor John Patterson.

Then the House turned down several other amendments to the bill but Rep. Perry who offered the two-senator bill for Jefferson said he thought the original bill was unfair to Jefferson County.

Rep. Broadfoot of Lauderdale asked House members to go along with the Jefferson amendment since he pointed out that Jefferson County pays 52 per cent of all state taxes.

Rep. Sal Nettles of Arlington offered an amendment to leave Wilcox County two representatives but the amendment was tabled. Rep. Perry and another voted for the amendment. Perry said "it was a swap" since Nettles had voted for his amendment on Jefferson County.

The House turned down a 67 Senator substitute offered by Rep. Bernard Cabiness of Scottsboro when it was time to vote. At this time however, Nettles moved for the House to adjourn without a vote. Rep. Bob Gilchrist of Hartsville, who was handling the Halton bill on the House floor voted for the adjournment since he was afraid it might be defeated at that time.

"We're close, Gilchrist said, 'but we need time to re-group. We did not have enough strength to pass it without Jefferson." He added that an agreement had been worked out with all seven Jefferson County representatives to vote for the bill with the two-senator amendment in it.

However neither side appeared to know exactly where they stood after the Jefferson amendment had carried since supporters while picking up three Jefferson votes stood a chance of losing others who were against the amendment in the bill.

Filibuster Halted
In the Senate a compromise agreement was reached and a filibuster against a congressional redistricting bill in the State Senate was cut off. The prolonged debate against the House-approved bill was already nearing an end because of a seldom-invoked device by supporters which would have put a limit on it.

Under agreement by both sides, the out-Kenneth Roberts bill will be referred to a committee Friday when the Senate meets again.

'First Father' is Awarded Steak

A Great And Deserving Program

One of the best ways to insure world peace and national security is to train the hearts, heads, hands and health of the country's youth. In Alabama over 133,000 4-H club boys and girls are receiving that training. With everyone contributing this number can be greatly increased.

Right now the 4-H program in Alabama concerns a fund-raising campaign of \$3,000,000 over a five-year period which will be used to provide much needed facilities to support club work since funds appropriated for Extension work cannot be used by the county, state and federal governments for financing private individuals in any way.

So to fill the gap and provide financial aid to support 4-H programs that cannot be paid for out of tax funds the 4-H Foundation was organized in 1956 with the approval of the board of trustees of Auburn University.

This non-profit organization's functions are:
1. To provide educational materials for use by 4-H clubs.
2. To build and maintain 4-H camps operated by the Extension Service for 4-H club boys and girls.

3. To finance educational trips, scholarships and other 4-H awards.

4. To support training programs for local adult and junior 4-H leaders.

5. To support district and state-wide 4-H events.

The public can be assured that any support given this great program is invested in a proven organization now some 50 years old. Four-H began in Alabama in 1910 with the organization of boys' corn clubs in Calhoun and Tuscaloosa counties. From that small beginning it caught on and in a few short years became a nation-wide organization. It is now being copied in other countries.

Contributions and endowments may be made to the Alabama 4-H Club Foundation by anyone interested in this great work.

Full information may be obtained at the county agent's office.

Leadership Needed

There are many causes for our nation's economic ills, one important factor being the need for a moral rearmament.

The breakdown of morals and a lack of ethical standards in business, is heard in the grassroots as well as along Wall Street. "It reveals," says an editor of a national magazine, "the drastic change in business from a generation ago when 'A man's word was his honor,' was the rule rather than the exception."

Many businesses, completely solvent, indeed many with fat bank balances, are morally bankrupt. Such a condition indicates that the breakdown of morals is not confined to the realm of our social structures.

It is interesting to ask why . . . what does it stem from, this lack of business integrity? Psychologists doubtless could trace all the causes but common sense dictates one outstanding reason and that is people have lost confidence in each other. Mutual trust is fast fading from the scene of human endeavor.

The business man who devotes himself entirely to the affairs of his own enterprise is only doing half the job he needs to do. What is needed is an articulate business community that "sells" not just goods and services but the ideals and principles that made this country great and powerful that have given more good things to more people than any other system devised by man.

An important part of any moral regeneration, whether business or social, is a revival of interest in one's community, state, nation and in the world. It is a fact that no nation can assume its proper place in the world if it fails to provide leadership from its hard core of business industrial leaders. America is no exception and we will have only ourselves to blame if our standing grows less and less in the eyes of the world.

We Are Letting It Happen

We must keep in mind that the Communists are just as interested in advancing their cause as we are the causes of freedom and Democracy. The difference is in the methods used.

They have occupied Poland, Czechoslovakia, Hungary, Eastern Germany and half of Berlin, and no amount of blustering is going to even make a dent. We closed our eyes to what was happening in Cuba and then let it happen. Our Intelligence knows that it is happening in other countries in the Western Hemisphere and we are letting it happen.

Militarily we could wipe out Castro in an afternoon but we won't because it isn't our way. Thus far we have occupied ourselves with slapping Castro's wrist while the Reds have moved in. Next will come missile bases and launching pads that will have in their sights every major city, bridge, railroad terminal, dam, steam plant, and defense industry in the United States.

The safety of millions of innocent people has been gravely endangered because of our State Department's hands-off policy. How much longer are we going to sit by and see the countries of this hemisphere fall to the Communists? And WHAT ARE WE GOING TO DO ABOUT CUBA?

Surely we cannot afford to write it off as a bad debt. Our freedom has been too costly to lose it now to a bearded dictator whose regard for human life is less than for a tractor. The American people are waiting for an answer.

Protection for "Riders" Cost Govt. \$225,000

Attorney General Robert F. Kennedy told a Senate appropriations subcommittee, Monday, it cost the government \$225,000 to send special deputy marshals into Alabama to protect the "freedom riders." The cost was only for travel expenses and overtime pay, since the marshals already were on the government payroll for regular salaries.

Two Arrested In Bomb Conspiracy

Mexican authorities and FBI agents arrested two Americans, Bernard Jerome Brous, 51, alias Robert Hill, a former New York realtor, and Dale Chris Jensen, 33, Sunday, for conspiracy in the bombing of three microwave communication towers in Nevada and Utah three weeks ago. Authorities said the two entered the bombing conspiracy in the belief that the bombs would obstruct the communication system of American Telephone and Telegraph Company. It was stated the conspiracy was on behalf of an organization, "American Republican Army," which advocates nationalization of all private utilities.

Movie Star Claimed By Death

Jeff Chandler, 42, who made his boyhood dream of movie stardom come true, died Saturday of complications from spinal surgery. He was hospitalized in May for correction of a slipped disc after which he experienced severe abdominal bleeding. At that time, he was administered an incredible 55 pints of blood. The movie colony, still reeling from the deaths of Clark Gable and Gary Cooper, reacted with stunned disbelief at his death.

Mauldin Named To Agriculture Post

Expects To Be Fully Advised About Position Within Next Few Days

Edward F. Mauldin, consultant to the Alabama Legislative Cotton Study Committee, was notified Monday by Congressman Bob Jones, that he has been appointed to President Kennedy's National Agricultural Advisory Committee. Mr. Mauldin said he had not yet been fully advised as to his duties, but he did expect to find out more about the position within the next few days. President Kennedy is expanding the Agricultural Advisory Committee to twenty-five members; under President Dwight Eisenhower, nine Republicans and nine Democrats served on the committee.

As a member of the Alabama Democratic delegation to the National convention last year, Mr. Mauldin was instrumental in wording the Alabama farm plank which was submitted to the convention. Much of the Philosophy and some of the language of this farm plank were adopted into the National Democratic farm platform.

Among other members of the Committee are former Secretary of Agriculture Claude Wickard from Indiana; former Secretary of Agriculture, Charles Brannon from Colorado; Dr. Charles Sayre, Greenwood, Miss., President of Delta Staple Association; Gordon McCabe, president of J. P. Stevens Company, Greenville, S. C.

Chairman of the Committee is Harry Caldwell, master of the North Carolina State Grange.

Personality Sketches

By ANN SULLIVAN

HERMAN KNOX LONGSHORE

"He is known personally to more citizens of Lauderdale County than any man alive and is held in the highest esteem by each," is the way in which a long-time friend of Judge Longshore described him. "Let me put it this way," this friend continued. "Few men have contributed more to the upbuilding

of our county nor rendered more personal service to its people than has Herman Longshore. Although repeatedly honored by the people, it would be practically impossible for those hundreds of individuals who have been aided by him in one way or another to repay even in part for help given when badly needed."

Herman Knox Longshore was born in East Lauderdale County July 25, 1900, the son of John David and Miriam Lanier Longshore. He attended Rogersville Elementary School and was graduated from Lauderdale County High School. While in high school, he was a member of the baseball, football and basketball teams; a member of O'Neal Debating Society and participated in a number of debates.

In 1920, following the election of Mr. Longshore's father as Lauderdale County Tax Assessor, the family moved to Florence. A year later, while playing baseball in front of his home, Mr. Longshore was struck by a car and the impact caused a serious neck injury. As a result of the accident, he was incapacitated for the next three years.

Following his recovery, Mr. Longshore was employed with the United States Engineers in the timekeeping department at Wilson Dam, which was then under construction. He later became an apprentice electrician, continuing until he became a journeyman electrician. He remained on this job until 1930 when construction of the dam was halted.

Shortly thereafter, Mr. Longshore became employed as a clerk in the Tax Assessor's office. He continued in that position until 1934 when he was elected Lauderdale County Tax Assessor, succeeding his father. He was elected to a second term in 1938, and again re-elected in 1942. In 1946, he was elected Probate Judge of Lauderdale County and served in that office for the next twelve years.

Von Braun warned that only by providing adequate educational opportunities can this country regain lost prestige and once more assume its place as the scientific and technological leader among nations.

He pointed out that most of the technicians at Marshall Space Center have come from other states. However he said Alabama still has a rich opportunity to provide the educational facilities which the space age must have.

Truett Rudolph Bayles

Weds Miss Rice, Gadsden
A half past five o'clock ceremony in First Methodist Church of Gadsden marked the exchange of vows between Evelyn Graves Rice, daughter of Mrs. John B. McFerrin Rice, Sr., and the late Reverend Rice, and Truett Rudolph Bayles, son of Mrs. Lewis Eugene Bayles of Anderson and the late Dr. Bayles, on Saturday, June tenth.

Dr. Calvin M. Pinkard, minister of the church, was the officiating clergyman and nuptial presentations were by Winter Shropshire, organist, and Dewey Stansell, vocal soloist.

At the altar, tall baskets of majestic daisies and white stock flanked by tiers of cathedral tapers fashioned the background against which the wedding tableau formed.

Given in marriage by her brother, Dr. John B. McFerrin Rice of Florence, the bride chose for her wedding occasion a gown of embroidered swiss organza over white taffeta. A low, rounding neckline and brief sleeves distinguished the sculptured bodice and the skirt, fashioned of tiers of ruffles, extended to form a chapel train. Cascading to fingertip length, her veil of silk illusion was secured to a tiny coronet of

seed pearls and she carried a white orchid encircled with tuberoses.

Mrs. Donald Lee Hickman of Atlanta was her sister's honor attendant; bridesmaids were Mrs. E. R. Hannah, sister of the bridegroom, Mrs. Sam G. Truitt of Deerfield, Florida, Mrs. H. Hube Dodd of Montgomery, and Mrs. Herman Lee Johnson of Summerville, Georgia. Linda Jean and Sandra Lee Hickman of Atlanta were junior maids.

Mrs. Hickman's aqua blue frock was designed with lace Empire yoke and silk organza skirt. A circular neckline and brief sleeves detailed the bodice; deep flounces, the flaring skirt; and a pleated cummerbund at the waistline was finished at the back with self-fabric roses. The bridesmaids' identical frocks were of rose pink and their fan-shaped bouquets of Esther Reed daisies were tinted to match their dresses.

Charles Boling of Gadsden was the bridegroom's best man; ushers-groomsmen included E. R. Hannah, Jr., Jess Stewart, Travis Turberville and Thomas Harlins of Richmond, Virginia.

Mrs. Rice chose for her daughter's wedding a gown of deep rose silk organza and lace with which she wore white orchids; Mrs. Bayles wore blue lace and her corsage was also of white orchids.

Reception hostess in the church parlors immediately after the ceremony, the bride's mother was assisted by Mrs. John B. McFerrin Rice, Mrs. Calvin Pinkard, Mrs. W. E. Henderson, Mrs. T. K. Widener, Mrs. Travis Turberville, Miss Lynda Papini, Mrs. James Lee, Mrs. Hal McCall, Miss Elaine Stuber, Miss Barbara Godfrey.

Before leaving for a honeymoon in the Smokies, the bride changed to a travelling costume of caramel brown silk with accessories and small matching hat of bone.

Upon their return, Mr. and Mrs. Bayles will be at home at Wilson Lake Shores.

Miss Joyce Anne Thompson

Is Bride Of Edward Johnson

Marked by a late afternoon ceremony in Annapolis Avenue Church of Christ was the marriage on Thursday, June eighth, of Joyce Anne Thompson, daughter of Mrs. Marie Thompson of Sheffield and T/Sgt Jesse W. Thompson, Jr., USAF, and Edward W. Johnson, son of Mr. and Mrs. Cecil Johnson, also of Sheffield.

Barry Anderson, minister of the church, read the five o'clock vows following presentations by a choral group which included Mrs. Jack Brewer, Mr. and Mrs. James Belew, Jack Mills and Louis Cottrell, Jr.

Against a background of greenery, the altar was decorated for the occasion with basket arrangements of white gladioli, daisies and carnations interspersed with branched candelabra of tall white tapers. Lynn Mills and George Hanlin were candlelighters.

Fashioned of white peau de soie, the bride's gown was designed

MRS. EDWARD W. JOHNSON

along classic lines and distinguished by a cameo neckline edged with Chantilly lace, long sleeves which tapered to petal points over the hands, and a full floor-length skirt which swept into a court train. A jeweled tiara held her fingertip

veil of illusion and with her bride's Bible she carried a single white orchid encircled by white feathered carnations.

Miss Brenda Faye Kobeck, the bride's only attendant, wore a full-skirted frock of orchid pima mist with crushed cummerbund of contrasting taffeta. Her headdress of circular net was caught to a matching taffeta hairband and she carried a bouquet of yellow roses intermixed with daisies.

Gilbert Borden was best man for the bridegroom; ushers included Cleatus M. Wilbanks of Tunica, Mississippi, and Charles Coleman Thompson of Sheffield, uncles of the bride.

For the wedding and the reception to which she was hostess immediately afterward at her home on Annapolis Avenue, Mrs. Thompson, mother of the bride, wore mint green lace over taffeta,

MR. AND MRS. ALBERT J. FELDMAN

Florence Couple To Mark 60th Wedding Anniversary

A day of companionship with family members and, possibly, "drop in" visits from close family friends . . . these are the pleasures to which Mr. and Mrs. A. J. Feldman of 316 Jackson Highway look forward come next Sunday.

Not unusual pleasures, ordinarily speaking, but made so in this instance by the occasion at hand. For at the above mentioned time these longtime Florence residents will mark the sixtieth anniversary of their wedding day.

Now indisputably heads of a fourth-generation-in-Florence family, the former Hattie Kreisman and Albert Feldman were married on June 18, 1901, in Knoxville, Tenn., to which city her father, the late Harris Kreisman, had moved from Florence.

Difficult though the journey from Knoxville to North Alabama at the turn of the century, the young newlyweds withstood long lay-overs in small and comfortless railway stations in order to spend their honeymoon in Florence. And, in spite of their rainy day arrival which made a horse-drawn vehicle necessary for their ascent of muddy Court Street hill, they fell in love with the town which has, for the ensuing sixty years, been their home.

Mr. Feldman has been a Mason for fifty years; a thirty-second degree Mason and Shriner for more than forty years. A member of B'nai B'rith for sixty-odd years, he is one of the founders of Temple B'nai Israel and has served ably in many of its various offices.

Formerly in the mercantile business in Florence, Mr. Feldman retired at the time of the couple's Golden Wedding anniversary, to be succeeded in the firm by a daughter and son-in-law, Mr. and Mrs. Irving Bertell (Rosalie Feldman).

Another daughter, Mrs. John Adler, Jr., and Mr. Adler, are also Florence residents. And completing the family group are two Adler daughters, Miss Elsie Adler and Mrs. Donald Kayner, the latter of Chicago, Ill., here this week to

join family and friends in honoring her grandparents.

Miss Belinda Wilson's Engagement Announced

Announcement has been made by Mr. and Mrs. Owen Wilson of North Royal Avenue, Florence, of the engagement and forthcoming marriage of their daughter, Belinda, to Bonnie Carl Riddle, Jr., son of Mr. and Mrs. Riddle, Sr.

Miss Wilson was graduated from Coffee High School and, early this month, from Florence State College where she received her Bachelor of Science degree in Home Economics.

The prospective bridegroom, also a Coffee High graduate, received his BS in Mechanical Engineering at the University of Alabama and is presently with the National Aeronautical and Space Administration in Hampton, Virginia.

A late summer wedding is being scheduled.

Mr. and Mrs. James Carringer and son, Jim, formerly of Lewis Avenue, moved Tuesday to their recently completed home in Hickory Hills.

After an absence of several years, Henry Moore has returned to reside in his native Florence.

Mr. and Mrs. Robert T. Binford returned to Birmingham on Monday after a visit with Mrs. Carl O. Walker and Miss Josephine Penney at their home on Tusculosa St.

Miss Jane Williams and her mother, Mrs. D. R. Williams, are leaving Sunday for a motor trip through the Eastern states. Their plans include travel in Western New York State.

Mr. and Mrs. Thetus Sims of Fort Thomas, Ky., and their daughter, Mrs. Thomas L. McReynolds and children, Catherine and Michael of Lexington, are spending this month at the Sims cottage on the lake.

Mr. and Mrs. Otho Perritt, Jr., after an extended stay in Florida, are at home in Florence and will for the present be at the Perritt family residence on Poplar.

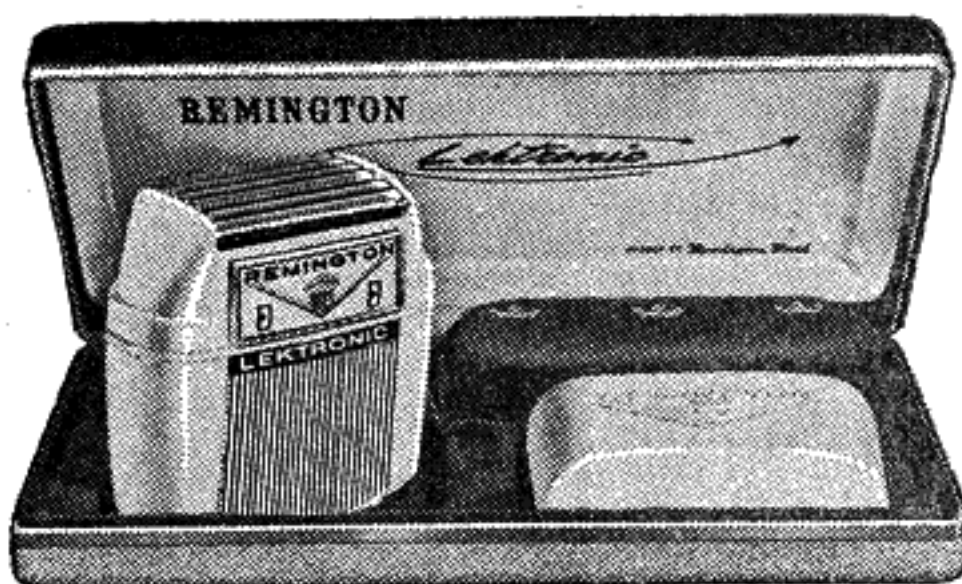

Mrs. George Russell is a patient at ECM Hospital following injuries received in a recent fall.

white accessories and a glamellia corsage. Mrs. Johnson chose a gown of soft blue, blue and white accessories and she, too, wore glamellias.

Assisting with the reception courtesies were Mrs. William Waite, Mrs. Edwin Dean and Mrs. Hays Hanlin. Leaving in the early evening for

their honeymoon, the bride wore a travelling costume of powder blue pima mist, white accessories and, at her shoulder, her bouquet orchid.

THE SOUTH'S LARGEST HOME FURNISHERS

Sure sign of a forward-looking community

PRACTICALLY EVERY community wants and welcomes new industry. Yet it's surprising how many communities, which devoutly desire new plants, take no steps to protect the availability of their choice industrial sites. Instead of reserving now the most attractive potential plant locations for later industrial use, they thoughtlessly allow these tracts to be gradually "eaten away" by non-industrial installations and uses. As a result, such land is unnecessarily and forever lost for future industrial purposes.

The whole community pays for this neglect. Most new job opportunities in an area are created by industrial expansion. In addition, a new industry

in town greatly improves work opportunities in countless other services and professions, too.

Many factors must be taken into account to arrive at a sound, long-range planning program for local industrial development. But all the others are meaningless if the potential new plant can find no place to go. For your own sake, don't let this happen in your community. Do as others are doing throughout the South—protect your community's industrial future by protecting its most desirable industrial sites—now!

DOWNTOWN FLORENCE

THE SPILLWAY

"Should auld acquaintance be forgot,
And never bro't to mind?"

Just for fun

Ask anyone:

"A thousand times NO" 's what you'll find.

FROM ALL REPORTS, it must've seemed a thousand times that this question (which the honored poet Robert Burns posed so beautifully) was answered last Friday night, at the summer "frolic" of the Florence Dinner Club . . .

All the comments which Madame Spillway has been able to audit have included mention of the many visitors who were there to enjoy "the best party ever" . . . But visitors who weren't considered that since they're still "home-folks" — and maybe were at least "playing like" they were Florentines again included Betty Gray Cox, Cruse Patton Clark, Jean Wilson Martin, and Luke Pryor (each, naturellement, with her or his "better half") . . . However, Joyce Thrasher, here from her new home in Portland, Oregon, was there WITHOUT her "B-h," but with the promise that Dick will be here anon.

OTHERS, BACK HOME for too short a time last week were Willie Marguerite (Fouts) Charter, here with hubby and three small fry from their home in Atlanta to visit her family on South Pine Street . . . And here just for an overnight stay was Roberta Walden, who "grew up" in our midst as Roberta Smith — here with the three young Waldens, now of Panama City, Florida, and telling of being still delighted with Florida life . . . THE SAME PERSON, but quite different, was Carol Leslie, who was here just long enough to show her friends that she is now quite a young lady (and a charming one) rather than the little girl with pigtails who left here a few years ago (with parents Peck and Mavis) to make her home in Tennessee.

WHICH REMINDS US TO PASS ON NEWS of J. Fred Johnson, III, whom we claim as "part ours." This young man, now living in our nation's capitol with Mama Mary (who was "Miss Davis" when she taught here at Coffee

High School) has just been graduated with honor from the Woodrow Wilson High School in Washington, and plans to enter Davidson College in North Carolina come fall.

GLAD WE HAPPENED ALONG — It was fun seeing young Tommy Smith out on the lake on last Sunday proudly piloting what looked like a brand new boat . . . And not far behind, was the handsome red head of Robert Redd, supported by (besides his own neck) a pair of water skis — and Robert looked pretty proud too . . .

ALSO FUN watching a car FULL of girls (and excitement) drive up in front of a local residence, where the girls piled out and delivered something. (And we found out upon investigation that the girls' teen-age clubs are busy with teas, lake parties, and the like because this is their "rush season" . . . A FATHER'S DAY sight we noted with pleasure was Gay Blouin, escorted by daddy-Glenn, delivering a fancy package to the Tennessee Court apartments — And we just bet that Granddaddy lives there!

WISH WE COULD SAY "We told you so," but she caught us unawares . . . And our sleuths tell us that she caught just about everyone off guard, so we don't feel so bad that we weren't in-the-know . . . Our best wishes go to NURSE Mary Elizabeth Marks, now Mrs. Kermit O'Neal Burleson, and to the groom. So glad to hear that they plan to live in our midst, and we hope we'll be seeing our Florence Nightingale continue in the role in which she's familiar to us.

THE NICEST BIRTHDAY PRESENT we've heard of lately was the one for Lake Tate, III, though we understand it almost "broke up the party" he was hosting with his mother. Anyway, he received a "brand new" baby brother, whom we'd like to join in welcoming. Also, making themselves famous for their masculinity, are the Charels Darnells, whose sons now number FIVE, which rates a nice bouquet of orchids from us. (Or should we just send a basketball set?)

HOPE YOU'VE BEEN KEEPING UP with something that makes our city famous among neighboring towns — our local swimming team which is coached very ably by Jimmy Ray Stanfield, and is "run" by the parents of the swimmers, headed by Joe Sale. Go down to the municipal pool one night when there is a "meet," and you'll be surprised at the good swimmers our town is producing, and they're winning all kinds of trophies far and wide. UNTIL MORE NEWS COMES THROUGH THE SPILLWAY, ITS GOODBYE FOR NOW!

State Franchise

Of special interest to the musicians of the state is the announcement by E. E. Forbes & Sons Piano Co., that they have purchased the Steinway Piano Co., of Birmingham and with this purchase secured the Steinway Piano franchise for the state, a much sought-after agency.

Bill Underwood, manager of the Florence store, advises that Forbes will immediately show this splendid instrument in their stores throughout Alabama, announcement of their arrival to be made shortly.

Steinway now joins Mason & Hamlin, Story & Clark, Chickering and Wurlitzer already featured by Forbes.

Mr. and Mrs. John Perry Dabney, Mrs. Clifford Simmons and her mother, Mrs. Helen Williams, have returned from a week's stay in New Orleans and Biloxi.

Takes Pleasure In Announcing

The Appointment of

MRS. BEA SHARER

AS

MANAGER

Mrs. Sharer returns as manager of the local store after an absence of six years and we join with her many friends and customers in welcoming her "home." We are so happy to have her back in her old position and know that each of you feel the same way about it.

We extend a cordial invitation to you to drop by at your convenience and greet Mrs. Sharer who so ably opened this store and managed it so successfully for so many years. She will be pleased with your visit.

YOU'LL FIND JUST THE CAR
YOU'VE GOT IN MIND
AT YOUR CHEVY DEALER'S
ONE-STOP SHOPPING CENTER

Thirty-one models to pick and choose from! Jet-smooth Chevrolets, fleet-footed Corvairs, the one-of-its-kind Corvette—just name your pleasure. Then stop in for a pleasant visit with your Chevrolet dealer. For full-sized fun, take a look at Chevy's budget-lovin' Biscaynes, ever-popular Bel Airs and always-elegant Impalas. (A tip for top-downers: The Impala Convertible is the liveliest, loveliest ever.) For king-sized wagon fans there are six happy-hauling, vacation-minded Chevrolet wagons. And, for a thrift-car treat, don't miss the nifty selection of easy-handling Corvairs—sedans, coupes, Monzas, and Lakewood and Greenbrier wagons. Take your pick—the easy way. Just one stop at your Chevrolet dealer's does it.

New Chevrolet IMPALA SPORT SEDAN

One of five delightful Impala models with just about everything anyone could want in a car. Here's top-of-the-line luxury—at a sensible Chevy price.

New Chevrolet BEL AIR 2-DOOR SEDAN

Like all Chevrolets, this family favorite brings you Body by Fisher craftsmanship . . . and it's priced just above the thriftiest full-sized Chevrolets.

CHEVY'S traditionally high resale† means it costs less in the long run

Because these people-pleasing Chevrolets keep on bringing more trade-in money, it's almost like having your cake and eating it, too. One more reason for going Jet-smooth Chevrolet. Happy motoring. And many happy returns!

†Based on prices in the National Automobile Dealers Association official USED CAR GUIDE, recent-model Chevrolets are now bringing a higher percentage of their original price than any other full-sized car in their field.

Summer Permanents for Less--

Expresses The Truth Of This
Offer In A Few Brief Words

BUT

It Doesn't Tell The Story Of The
Wonderful Response To This Offer

Never in the history of our business have we seen such response as to our special offer on Summer Permanents. Both our hair stylists and students have been booked up for days ahead and the praise they have received for the wonderful work they are doing is most gratifying to us. You must remember that these prices are on our BEST PERMANENT WAVES—no corners are cut and every attention to details is maintained.

If you haven't taken advantage of our special offer, do so today. Phone for an appointment.

New Students Enrolling Daily

Although literally "snowed under" in our salon and school as the result of our Summer Permanent special, we have had time to enroll many new students in our school who are redefining our busy school just what they need to advance their training. If you are planning a career as a Hair Stylist—and there's no finer opportunity for above average income—now is the time to enroll. Talk it over with us.

Sadie Champion Attending Auburn Guidance Course

Sadie Champion, of Florence, is attending the six week guidance workshop at Auburn University this summer.

Thirty Alabama school principals and guidance workers were selected to participate in the workshop. It is sponsored by the Auburn School of Education and by the Alabama Ass'n. of Mental Health. Florence's participant holds an AAMH scholarship for the workshop.

Members of the workshop are studying school characteristics that promote sound mental health. They hope to come up with a plan to develop a more desirable school environment for mental health.

Directing the workshop are Dr. Robert E. Bills, head professor of psychology, and Wilbur A. Tinch, coordinator of Student Personnel Services in Education.

Butler And Wright Attend Conference

Represented Lauderdale County At Annual 4-H Event In North Carolina

Trent Butler and Barbara Wright, two 4-H'ers from Lauderdale County attended the Sixth Annual 4-H Regional Resource Development Conference held at Fontana Dam Village, North Carolina, June 5-9.

These Lauderdale County 4-H'ers had the opportunity of studying, along with about three hundred other 4-H'ers, these important resources — atmosphere, soils, minerals, wildlife, forestry, water and human. These resource studies were conducted by experts from TVA and land-grant colleges in the Tennessee Valley. Besides a lot of hard study, the delegation from Lauderdale County had a lot of fun. The excellent recreation and the opportunity of associating with 4-H'ers from six other states was a real "education."

Too, all the general assemblies at the conference were conducted by the 4-H'ers themselves. The adult leaders stayed in the background. In fact, the Lauderdale County 4-H'ers came back from Fontana with inspiration and confidence in the future development of the Tennessee Valley region. They have a deeper knowledge and appreciation for the resources of the region.

The conference was sponsored by the Tennessee Valley Association of Test-Demonstration Farm Families in cooperation with the Agricultural Extension Services of Alabama, Georgia, Kentucky, Mississippi, North Carolina, Tennessee, and Virginia and the Tennessee Valley Authority.

FSC's New Dorm Opened On Sunday

Miss Annette Gibbs To Serve As Head Resident During Summer Term

The new women's dormitory at Florence State College was opened on Sunday and filled to capacity. Actual construction on the three-story building was begun nearly a year ago and was ready for occupancy for the summer session, which began Monday.

The new residence for girls is designed to house thirty students. The structure is located between O'Neal and Powers across Wesleyan Avenue from the Student Lodge.

In addition to bedrooms, baths, and other usual dormitory facilities, the modern building features a lounge, a study parlor, and a small kitchen and serving room combination for special social events usage.

An apartment section for use of the head resident is included, and the dormitory office is found at the entrance of the main lobby. Dean of Women, Pauline Gravely, has announced that the new dormitory is already filled to capacity for the fall semester, which begins in September.

Serving as head resident for the summer term is Annette Gibbs, a Florence State College alumna.

New Playhouse To Open With 'Picnic'

Bonnie McLemore And Ron Russell To Play Leads In Comedy

The Starmaker Playhouse, new regional community theater at Skypark, will open its four season play schedule tonight at 8 o'clock with "Picnic," prize winning play of William Ing, according to Ward Wagon, director.

The leading roles in this charming summer romantic comedy will be played by Bonnie McLemore, of Moulton, and Ron Russell, of Sheffield. Other important parts will be played by Anne Cash, Marshall Pless, Doyce Briggs, Doris Burt, Rawson Coleman, Sebrianne Wagon, Betty Kirkland and Mickey Young.

Sets are designed by John Mc-Minn, assisted by Charles Doyal, lighting under the supervision of Paul Campbell and John Ridgeway, the stage manager is Mickey Young, with sound effects handled by Lenda Beard.

Volunteer builders of stage and auditorium include Milton Cash, Bill Maier, Scott Hollett, Charles Doyal, Harold Mullins, Ward Wagon, Lyn Wagon, Lenda Beard, Mickey Young, Don Holley, Anne Cash, Ron Russell and Sebrianne Wagon.

Merchants and business men from the four towns have made this community venture possible with their donations.

The Starmaker Playhouse plans to produce four plays during the summer. The play schedule, in addition to "Picnic," are "Out Of The Frying Pan," "Dark Of The Moon" and "The Bad Seed." Membership is invited from the community. For information call the Playhouse at Skypark - AT 2-0280. Open auditions for all plays.

Social Director Leaving College

Mrs. Mabel G. Dent To Depart After 13 Years Service To Powers Hall

Mrs. Mabel G. Dent, Social Director of Powers Hall, girls' dormitory, is leaving Florence State College after thirteen years of service. She came to Florence State when the late James Albert Keller was president of the college, and she has been in her present position since that time.

A native of Reform, Alabama, Mrs. Dent has many interests which she hopes to pursue. Her first venture will be to Texas, where she will remain until September. At that time, she will go abroad for a period of three years with her daughter and son-in-law, Major and Mrs. R. E. Shields.

Mrs. Dent's time will now be spent "reading, cooking, traveling, and doing club work," she says. "Certainly, I am looking forward to my travels during the next three years, but I am leaving Florence with mixed emotions. My greatest satisfactions have come from working with so many different girls that have lived in Powers Hall dormitory since I have been there.

Florence State Dean of Women, Pauline Gravlee, said, "It is with regret that we lose Mrs. Dent, but we are delighted that she has such a wonderful opportunity, and we are very happy for her.

Herman Todd Is Exchange Guest

Herman Todd, manager of the Muscle Shoals area Rehabilitation Center, East Florence, addressed the Exchange Club at Hotel Reeder Tuesday noon on the operation of this very worthwhile project. John Inman had charge of program arrangements and presented the speaker.

Mr. Todd told of the organization of the rehabilitation unit where handicapped adults are taught trades by which they can be self supporting. The program was started on November 8, 1959 and 30-odd adults have received training in furniture repair, furniture upholstery, and kindred lines. At present 12 men are in training.

The program is supported by the Crippled Children and Adults Society of Lauderdale and Colbert counties and the United Fund of both counties.

Those who enjoyed dinner in the home of Mr. and Mrs. Sam Kennemer Sunday were: Mrs. Inas Goode, George Kennemer, Mrs. Bessie McConnell, Rev. L. A. Hatfield and Mrs. Aggie Burgess.

Gary Kennemer, son of Mr. and Mrs. Junior Kennemer of Anderson, underwent an appendectomy at the Jackson Hospital at Lester recently. He is improving nicely.

Mr. and Mrs. Dillard McConnell and Tony, Mr. and Mrs. Jim Bulard, Mr. and Mrs. J. B. Berryhill and Randy and Mr. and Mrs. John Luffman were Sunday dinner guests in the home of Mr. and Mrs. Charlie McConnell.

Mr. and Mrs. Robert Cockrell and Judy spent the week end in the home of Mr. and Mrs. Charles Gilliam of Athens.

Those who visited in the home of Earnest Bailey this week were, Sam Kennemer, George Kennemer, Mrs. Leola Thompson, and Rev. L. A. Hatfield of Pulaski, Tennessee. We were glad to see that Mr. Bailey was out Sunday afternoon riding around. He rode down to see the new park the community is working together on to build and to a spring near his home which he had not been to see in some four years.

Mr. and Mrs. Franklin Nunley and boys, Bob Knight, Harold Huston and Doug Nunley are all here

visiting relatives.

Dennis Davis continues ill at his home.

Ben Trapp who has been in the Jackson Hospital at Lester for some time is still confined to the hospital.

We wish to express our deepest sympathy to the family of Mrs. Lottie Cates who passed away at her home at 9:00 a.m. Saturday night. She had been ill at her home for many years. Again our deepest sympathy goes to this family.

Mr. and Mrs. Eroy Williams and children of Birmingham, Mr. and Mrs. Edgar Williams and girls of Florence, and Mr. and Mrs. J. C. Williams and children of Gardendale, visited relatives here and in the surrounding communities over the week end.

Mr. and Mrs. Emmett Camp and family attended the White reunion which was held Sunday afternoon.

One hundred fourteen were present for Sunday School at the Bethel Baptist Church Sunday morning with many visitors as well as home folks arriving for preaching services. The Rev. W. V. McDougal filled his pulpit at both services.

Tommy Camp filled the pulpit at the Anderson Missionary Baptist Church both Sunday morning and Sunday night in the absence of Rev. Duke who accompanied the youth to Ridgecrest this week.

Sunday services were held at the Union Hill Cumberland Presbyterian Church. The Rev. L. A. Hatfield of Pulaski, Tenn., filled the pulpit. The Rev. Hatfield is eighty-six years old and was instrumental in the founding of the Bethel Church.

Mrs. Hazle White who fell recently and sprained her ankle was back in church Sunday morning. We were glad to see her back.

Garden Club

With unusually good attendance the Rogersville Garden Club met at the home of Mrs. Olga Harvey on Thursday evening.

Mrs. Essie Goad presided and gave the devotional. The program "Mums", was given by Mrs. Rex Roberson.

A new project is underway whereby a welcome sign will be erected at the city limits at all entrances into town. On this committee are Mrs. Preston McCormick, Mrs. Walter Dison, Mrs. R. H. Waddell and Mrs. Rex Roberson.

Plans are in the making for an outing for the club.

Mrs. Harvey served ice cream and angel cake to the guests.

Lingerie Shower

Complimenting her cousin, Cora Sue Waddell, who is to be married to Gary Cosby on Saturday evening, Priscella Waddell entertained on Friday evening with a lingerie shower at the home of her parents, Mr. and Mrs. James Waddell. On the refreshment table the punch bowl was encircled with pansies and numerous trays of tiny sandwiches.

The honoree wore a pink sheer with white carnations.

Miss Ann Cosby assisted the hostess.

Personals

On Tuesday Rev. and Mrs. R. H. Myers, Ruth Ann and Yvonne carried Mrs. Myers' mother, Mrs. Betty Bryan, who has been in the Myers home for several months, to Wingo, Ky., for a visit with another daughter, Mrs. Ludene Fite. The Myers returned on Wednesday.

Mrs. Robert C. Jones (Hildred Whitehead) and son Bobby of Longview, Texas, are guests in the J. T. Whitehead, Sr., home. They expect to be joined next week by Mr. Jones.

In the Dr. J. R. Waddell, Sr., home for Father's Day were Mr. and Mrs. Nevin Wagner and three daughters of Charlotte, N. C., Mr. and Mrs. Leonard Leach and four sons of Gadsden, Cathlene Waddell of Washington, D. C., and Dr. and Mrs. John R. Waddell, Jr., of Athens.

Cathlene has remained for a longer visit with her parents. Jane Tucker, the daughter of Mr. and Mrs. G. V. Tucker, attended Girl's State in Montgomery last week.

At home after a vacation at Daytona Beach, Fla., are Mr. and Mrs. G. D. Ingram and sons.

Mrs. Mosie Strickland and Mrs. Cadada of Bells, Tenn., were guests in the home of Dr. and Mrs. J. R. Waddell, Sr., on Thursday. They were enroute from a month's vacation in Florida.

For the week end the John D. Kings of Paducah, Ky., were the guests of Mrs. Leo King.

Mr. and Mrs. Ozell Thrasher and family were in Arab on Sunday because of the illness of a relative.

WHEW! Good old summertime's here. And of all the time and labor-saving devices to keep your temperature down and help you live better, few can compare with the telephone. Might think about that next time the mercury scoots up and you've got to run here and drive there and do a dozen things. Just lift the receiver of your telephone and take it e-e-a-sy!

PATIO PATTERN—Now you have that new patio just like you want it—floodlights, grill, outlet for stereo, casual furniture and all. What could make it more complete? How about a patio telephone? That's the modern way to live outdoors, with an extension phone so you needn't run back into the house to make or take calls. Wherever your patio is located, we can put a phone there, either the portable or permanent type. In your choice of pretty colors, too. The cost is small. Just call our Business Office for more information.

REMINDER—Don't forget about the all number calling (ANC) plan which will become effective on December 17, 1961 in the Tri-Cities area. When ordering stationery, having trucks or signs painted, it might be wise to order just enough to last until December. I know you like to advertise your telephone number so that's why I'm mentioning this to you. As information here are the exchanges and the new ANC designations:

3 GOOD REASONS FOR SAVING HERE!

1. Your savings here are insured to \$10,000 by Federal Savings and Loan Insurance Corporation, an agency of the U. S. Government. You also get the safeguards of sound investment, conservative local management and unusually strong reserves.
2. This association is a part of the Federal Home Loan Bank System set up by Act of Congress in the early 1930's. This has become an important part of the nation's financial structure. One of its important functions is to serve the home-financing institutions of the country providing long term or emergency credit for their needs.
3. Your savings account here earns a better-than-average return... currently 4 percent compounded semi-annually. This is a mutual savings association, with no separate "preferred" group of stockholders—one big reason for the good earnings paid to our savings customers. The nation's five million Cub Scouts, Boy Scouts, Explorers and adult leaders embark on a campaign to encourage all citizens to fly the United States Flag at their homes on holidays. The Boy Scouts of America has always required its members to know the history of the United States Flag and the proper ways to show respect for it.

Boy Scouts To Display U.S. Flag At Their Homes

Citizens Encouraged To Do Likewise, Especially On Holidays

Judge Emmett Roden, of Florence, President of the Tennessee Valley Council, Boy Scouts of America, has announced that 10,000 boy members and adult leaders of the Council have taken the initiative in a new effort to display the United States Flag at their homes, especially on holidays.

The Scouts and leaders are also encouraging all citizens to do likewise.

"Over the years, the Boy Scouts of America has encouraged the use and display of the flag of the United States as an external symbol of the freedom and privileges we enjoy as citizens," said Judge Roden.

"Our five million present and twenty-eight million former members," he continued, "have come to know the Flag as a symbol of the ideals, hopes, goals, and history of our people."

It is an interesting fact, Judge Roden points out that virtually every one of the nation's 130,368 Scout and Explorer units has its own United States Flag. These play an important role in the citizenship training aspects of Scouting, he said. The Flags occupy positions of highest honor at unit meetings, Courts of Honor, all sorts of Scouting functions and especially at Scout camps with the raising and lowering of the colors each day.

"We feel that in these days of world crisis, the American people will want to display their National Colors as a symbol of their faith in our democracy," Judge Roden said.

Since its beginning in 1910, he said, the Boy Scouts of America has required its members to have a knowledge of the history of the United States Flag and the proper ways of showing respect for it.

State Urged To Campaign Against Tuberculosis

May Be Within Striking Distance Of Victory If Decisive Action Taken

A plea for an all-out attack on Tuberculosis in Alabama was announced by Jack C. Gallalee, Mobile, chairman of the legislative committee of the Alabama Tuberculosis Association, appearing before the Senate Finance and Taxation Committee at Montgomery.

"The campaign against TB has reached the stage where, if we act decisively, we are within striking distance of victory. Or we can do nothing and let TB continue to take its heavy toll," Gallalee said.

Outlining immediate needs for the campaign to stamp out tuberculosis, Gallalee said some \$30,000 a year would be needed to provide laboratory services at state laboratories of the Board of Health to test sensitivity of germs to the various anti TB drugs.

About the same amount, he estimated, would supply needed drugs to Alabama patients not now in the state's sanatoriums. Patients on the average are discharged from hospitals after some eight months, but they continue with the drugs, Gallalee said, or else the expense to the State of the entire hospital stay would be wasted.

Gallalee estimated that an additional \$40,000 would be necessary to staff tuberculosis clinics of our health department to insure proper supervision for patients under the drug program.

"Many patients are leaving hospitals against medical advice," Gallalee said. "Thus it happens that more than one half of the admissions to Alabama TB sanatoriums are re-admissions."

"Specific provisions of law are needed to protect the public from being infected by sputum positive tuberculosis cases," he said. "It is tragic to realize that a person with active tuberculosis is free to go out of a hospital when he chooses, to spread the disease among the well."

Federal Feed Grain Payments Count As Farmers Earnings

For social security purposes, payments Lauderdale County area farmers will receive as part of the Federal feed grain program will be treated the same as soil bank payments, according to Mrs. Mary King Temple, Manager of the local social security office.

Mrs. Temple made this statement today in answer to questions being asked by many farmers who want to know whether payments under President Kennedy's 1961 Feed Grain Program count as earnings under the social security law.

Mrs. Temple said that the grain payments to self-employed farmers like soil bank payments, will count as earnings from farming. Farm landlords who have all or part of their acreage rented out, but who materially participate in the renter's operation, are also reminded that their shares of feed grain payments, like their shares of soil bank payments, will count as earnings for social security purposes.

Farm operators and materially participating farm landlords, Mrs. Temple said, should include feed grain payments in the earnings they report on their income tax returns. Through their tax returns, these farmers pay the social security tax and get earnings credited to their individual social security accounts.

For the retired farmer who is

already getting old-age insurance benefits, payments from the feed program will also count as earnings, Mrs. Temple said. If total feed grain payments he receives this year, plus other net earnings from self-employment and wages from employment are more than \$1,200 during 1961, the farmer may not receive all of his social security checks for this year. Mrs. Temple said that feed grain payments and other earnings would not, however, prevent a farmer from getting his benefit check for any month in which he does not render substantial service in self-employment and does not earn more than \$100 in cash wages.

Mrs. Temple invited retired farmers who want to know exactly how feed grain payments will effect benefits this year to visit or telephone her office - EV 3-4560. She said that some farmers who are already getting social security benefits and, therefore, may have some checks withheld because of extra earnings under the feed grain program may want to report this income to her office now and arrange to have checks withheld about the time they will be getting the feed grain payments. Otherwise, Mrs. Temple said, the benefit checks might have to be withheld at a time when the farmer did not have other income.

YOUR Health

"Your Health" is presented by the American Association of the State of Alabama.

SUMMER CAMPS

Thousands of children will go to summer camps this year. They will have an experience that combines education, recreation, and creative activity in a simple, out-of-doors setting. Summer camps offer adventure, too. Children learn to cook outdoors, to sleep out, to read the signs of the woods, to track animals, to fish, and to feel the wonder of the world.

Outdoor education teaches children at summer camps to learn about animals, birds, insects, reptiles, flowers, and trees. Camping benefits the health of the child through proper exercise and directed athletics. There are projects in construction at camps which challenge the youngsters, such as cutting trails, building cabins, and making camp furniture. Then there are friendships to be made and a spirit of camaraderie to be engendered through working and playing and living together in the camp atmosphere.

Summer camp for children helps parents, too; for it allows a few days or weeks of freedom from constant family responsibility. There are many types including privately organized summer camps, church camps, YMCA and YWCA camps, Boy's Club camps, YM and YWHA camps, also camps for crippled children, diabetic children, retarded children, and tuberculosis association camps, as well as for the healthy child.

In selecting a camp for their children, parents should know something about the campsite, the living arrangements, the provisions for health and safety, and the personnel, those who operate and manage the camp. Most children return from summer camp healthier in body and mind.

SAFETY MEASURES FOR POWER LAWN MOWERS

Power lawn mowers have taken the drudgery out of grass cutting, and meanwhile they have put injury into it. Each summer adults and children are maimed by power mowers. Most of the accidents could be prevented by applying a few safety rules.

Manufacturers of power lawn mowers have been adding safety measures to make the machines less likely to cause injury. Mowers with poorly guarded moving parts and without sufficient marking of danger areas should be operated with extreme care. Carelessness on the part of the operator is responsible for many injuries. Purchasers of mowers should act according to detailed instructions. Hands and feet should be kept away from the blades when starting the mower. Attempts to remove objects from the mower should never be done until the blades have come to a standstill.

The mower should not be refueled while the engine is hot, for it is possible that the machine may burst into flames; and gasoline should be kept in a tightly sealed container stored in a safe place. Electric mowers should not be used when the grass is wet or when it is raining.

Causes of injury include objects such as stones, nails, wire, and glass being hurled with great speed. All debris should be cleared from the area to be mowed. Children and pets should be kept away from the power motor when it is in action.

Veterans' Column

State Dept. of Veterans' Affairs

A sub-committee on compensation and pensions of the House Veterans Affairs Committee has met in executive session, and reported to the full committee a measure which would increase rates of war-time disability compensation. According to latest reports, the full committee will act on the proposal any day now. If this mea-

sure should become law, do not be expecting any large increase in your monthly compensation check as it is our belief that the proposed increases are quite modest. The bill would also provide increased payments at varying percentages, from about 5½ to 6 percent, to certain veterans who are more seriously disabled and are receiving statutory awards.

Speaking of monthly benefit checks, the Veterans Administration says that more than fifteen thousand of its benefits checks, worth about a million dollars, are returned each month for lack of sufficient or correct address, which is due to the fact that veterans or their dependents have not told the VA or their local Post Office where checks should be mailed. Before you make any move, tell your local Post Office and the VA you are moving. Give your old address and your new address. Your nearest County Veterans Service Officer has both of these forms on hand for your convenience.

Rabies from Bats

Q. Can a person get rabies by being bitten by a bat?

A. Yes. Six cases of human rabies have been traced to bites by rabid bats. This could become quite a problem because bats infected with rabies virus have been found in many areas in the U.S. If bitten by any animal suspected of having rabies, contact your family physician or local health officer without delay.

Sea Water Tonic

Q. I have heard that sea water contains many healthful minerals. Why not take sea water every day as a tonic?

A. It's true that sea water contains minerals, but the water contains too much salt for the body to handle and may contain harmful germs. Although a few ounces of sea water can be consumed at any one time without harmful (or beneficial) effects, drinking large quantities of such water, or the continued drinking of small amounts, can prove fatal.

Chicken Supper

The chicken supper sponsored by the Antioch Methodist Church was held at the Leoma School Cafeteria last Saturday night. It was a great success with a large crowd coming from other churches for the supper. \$157.00 was raised in the drive and all proceeds will be used for repair work on the Sunday School rooms at Antioch.

Pfc. Mickey Richardson of Fort Jackson, S. C. is visiting his parents, Mr. and Mrs. J. F. Richardson.

Mrs. Florence Crawford and Mrs. Lorene Corbin of Auburn, Ala., are visiting their relatives and friends at Leoma and in this county for the next two weeks.

Mr. and Mrs. R. E. Harmon, Mrs.

Julia Hays, and Mrs. Ruth Jenkins of Nashville were guests last Sunday with Mr. and Mrs. L. T. Roberts.

The Rev. Jessie Hunter was in Columbia last Sunday to conduct the funeral services of J. C. Demastus at the First Baptist Church. Bro. Hunter is the pastor of the Leoma Baptist Church and resides with his family in the parsonage.

Mr. and Mrs. J. C. Higgins left last Sunday for San Francisco, Calif. after a visit with relatives at Leoma and at Pulaski.

Mr. and Mrs. Claude Bailey and sons have returned back to Akron, Ohio after a visit with his mother, Mrs. Minnie Bailey.

Joe, the little son of Mr. and Mrs. Tommy Dryden, sustained a broken arm last Saturday when he fell at his home.

Mr. and Mrs. Gene Mashburn and family of Covin, Calif. were guests last week end with his aunt, Mrs. Clara Henderson and her husband, Mr. Henderson.

Mr. and Mrs. Malcolm Crabb of Tusculum visited his mother, Mrs. Arthur Crabb last Sunday at the home of Mr. and Mrs. J. E. Thomas in Leoma.

Mrs. Margaret Bivens and new baby daughter, Lisha Ann, were moved to their home last Sunday from the local hospital.

Mrs. Julia Nelson of California and Mrs. Octa Selph of Nashville are visiting their brother, the Thomas Dryden family.

"A FAMILY THAT WORSHIPS TOGETHER—STAYS TOGETHER"

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH
The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Isaiah	55	6-13
Monday	1 Kings	19	9-18
Tuesday	Psalm	37	25-29
Wednesday	Psalm	37	34-40
Thursday	1 Peter	1	3-9
Friday	1 Peter	1	13-21
Saturday	Ephesians	6	10-18

This is life! On top of the world . . . then lost in the depths.

For a child it can be exciting sport. For a grownup it is bitter reality.

No other resource in life is better geared to this frightening swing than religion. For centuries it has provided purpose for our summits, and courage for our valleys.

Don't let some imagined sense of the inevitable chain you to the pendulum of fate. The Church, its message rooted in the life of Jesus Christ, offers all men a Faith for climax . . . and for crisis.

Attend church next Sunday. Let the love of God invade your defeats . . . add opportunity to your victories.

Farm Review and Forecast

Record Supply Of Beef Expected

The nation's cattle producers are expected to provide Americans with a record supply of beef in 1961.

According to Ray Cavender, Auburn Extension Service meats marketing specialist, the per capita consumption of beef this year should amount to 88.8 pounds.

"This is three pounds more than the 1960 average, which also set a record," explains the specialist. "Forecasts by the U. S. Department of Agriculture," states Cavender, "indicate that average consumption of meat will reach 164.3 pounds per person in 1961. 'Supplies of pork per person will be about the same, lamb supplies will be down, and veal supplies slightly up from 1960 averages.'"

Cool Eggs Have Higher Quality

With hot weather here, Alabama poultrymen are taking steps to keep eggs cool in order to keep quality high.

Allen Brown, Auburn Extension Service poultry marketing specialist, has several hot weather hints for poultrymen.

Produce clean eggs, gather them several times a day, and cool them quickly, he says. Brown explains that in the storage room the temperature should be kept down to 60 degrees, and the relative humidity should be around 70 to 80 per cent.

Also, the specialist adds, egg cases and grading and packing rooms should be cooled. The eggs should be packed daily with the small end down, and they should be marketed at least twice each week, he advises.

Overgrazing Is Serious Problem

Overgrazing is the most serious pasture problem in Alabama. Auburn Extension Service Agronomist O. N. Andrews says, "A shortage of grass is caused by many things, but it all adds up to the same thing—overgrazed pastures and hungry cattle."

Here's the Answer

Sprayers Need Care In Handling

"Farmers can add life to spraying equipment by cleaning and caring for it properly," says J. T. Gaillard, Auburn Extension Service specialist in farm mechanization.

And here are the steps which Gaillard advises: "Sprayers should be taken apart, cleaned, and made ready for the next job as soon as an operation

is finished. "The system should first be flushed using clean water followed by several gallons of warm water with a reasonable amount of washing detergent in it.

"Remove the sprayer from the tractor, take apart and wash all nozzles, tips, strainers, and other

parts in warm soapy water. Then hang the equipment up to dry. And last, store it in a box or bag with other sprayer parts and put it under the machinery shed."

few acres is almost sure to cause overgrazing. Andrews says that a cow to the acre is a good number to work towards, but in most cases, it is wise to allow more. He advises cattlemen to stock pastures according to amount of forage that is produced in hot, dry months and not by what the pasture is capable of handling.

"A serious weed problem can be the breaking point for any pasture," the agronomist adds. "Weeds take up the moisture and plant food that should be used by grasses and legumes. And unless the weeds are controlled, grass shortage is sure to follow." He suggests that all farmers with a weed problem look into a chemical weed control program.

Sanitary Practice For Better Hogs

The word sanitation in the hog business is often overlooked," says Auburn Extension Service Specialist in Animal Industry G. B. Phillips. "But actual sanitation is rarely overdone on any hog farm."

Clean buildings are a necessary part of good hog management. Dirty buildings spread disease and hamper good herd performance.

It's best to clean your buildings right after you take the hogs out of them. Otherwise, dirt and manure seal over and are harder to clean.

"Hot lye water, steam cleaners, and high pressure water are all effective ways for removing hardened dirt. Ordinary water pressure rarely works. The cheapest way is hot lye water—provided you have time to apply it with a scrub brush. This way is good if there are only a few sheds to clean," explains Phillips. One pound of lye in each 10 gallons of water is recommended.

"If you use steam cleaners or high pressure water, you may need to follow them up with a disinfectant," adds the specialist.

Wasted Vitamins Big Nutrient Loss

Dragnet-type detectives may not be necessary, but the case of the vanishing vitamins is still an important one for homemakers.

Extension Consumer Education Specialist Dorothy Overbey says, "Many important vitamins and minerals mysteriously vanish in the kitchen. Some are lost in throwing away the water in which the vegetables are cooked. Heat destroys vitamins, too. And nutrients are often lost when fruits and vegetables are not stored properly."

The specialist offers seven rules for keeping food value in fresh fruits and vegetables. First, don't crush or bruise fruits and vegetables. Don't soak them in water. Do keep them in the refrigerator or other proper storage until you're ready to use them. And use them as soon as possible after preparing them. Cook these fruits and vegetables quickly in boiling water, using as little water as possible. And eat fresh fruits and vegetables raw whenever possible.

"Much has been done by farmers and store owners to bring you fresh fruits and vegetables of the highest quality. But be sure you protect this quality in your own home," suggests Miss Overbey.

Seam puckering on synthetic fabrics is usually caused by too high tension on the settings of your sewing machine. Also, if you use mercerized thread on man-made fabrics, the cotton thread may shrink in washing.

Budding Plants Make Best Hay

The bud or early bloom stage of plants makes the best hay for dairy herds.

Auburn Extension Service Dairyman John Parrish says, "During the vegetative growth stage, the plants accumulate nutrients which livestock can digest. When the growth is still in the bud stage or when early blooms are developing, that is the time to cut for hay. Otherwise, quality declines rapidly as the plants draw from their nutrient reserve to make flowers and seeds. Also," he adds, "as the plants get older more undigestible crude fiber is produced. 'In other words,' he emphasizes, 'the amount of total digestible nutrients will be smaller from a mature crop than from the same plants cut at the right stage. It's true that if you wait, you'll have a heavier crop as far as weight is concerned, but it is impossible to feed enough poor hay to get top milk production,' explains Parrish."

"Someone has said," he adds, "the most common factor holding back high production in dairy herds is a lack of nutrients."

When cleaning greens, add a handful of salt to the second water. This will make the sand sink to the bottom of the pan or sink, and another rinsing will get the greens thoroughly clean.

FSC Teachers To
Do Graduate Work

Two Florence State College faculty members will attend graduate schools this summer.

Miss Fannie Schmitt, Chairman of the Department of Library Science, will attend Graduate School at George Peabody College for Teachers in Nashville. She will

take advanced courses in Library Science.

While Miss Schmitt is away, Miss Sybil Baird, Librarian at Indian Springs School, Helena, will teach courses in library science.

Edward E. Matis, Director of the Speech and Hearing Center, will enroll at the University of Alabama. He will pursue advanced courses in hearing. He will also take some advanced courses in

speech pathology.

Matis feels that the University will offer the doctor's degree in speech pathology and audiology within the near future. The course work that he will take this summer will be applied toward that degree.

Both Miss Schmitt and Matis will return to Florence State in the fall.

Soaring production will double demand
for industrial energy by 1980

How rapidly is America's industrial output expanding? Here are some clues: From 1950 to 1959, output of petrochemicals increased 216%; plastics, 173%; aluminum, 140%. Total output of business and industrial equipment has virtually doubled. Production and processing of all these requires heat and heat is energy. This is just part of the reason why America's consumption of energy will double by 1980.

Where will it come from? Much will come from present energy sources, some from new ones. Wherever produced, a large share of energy in its most efficient and usable forms will be transported via pipelines. Texas Eastern's natural gas pipelines, which stretch from the Mexican border to the Atlantic Seaboard, have capacity to fuel thousands of factories and heat millions of homes. . . . Our Little Big Inch pipeline system, largest of its kind, delivers liquid petroleum products from Gulf Coast refineries to Midwest markets. Looking to the future, Texas Eastern is growing and diversifying today to meet tomorrow's energy needs.
