## The Passing Parade

By HAROLD S. MAY

● The cost of living continues to be the cause of more concern than any other problem facing the average family. Statistically food prices get the major part of the blame. Food comes from the farm — so it is easy to conclude that the high cost of living results from high farm prices. The conclusion is in error and, also, it illustrates the farmer's public relations problem. It is tough to be accused of causing living costs to rise when the opposite is true. The fact is if prices at the farm had not been held at a relative low level over the last 10 years the cost of living would be much higher. The index figures released by the government show that instead of 100 per cent of parity farmers receive today about 81 per cent of parity. And what a terrific spread in price there is from the sum received by the farmer and the price paid by the housewife. No commodity, we are told, shows such a spread.

● And then there's the maiden lady who scribbled "atomic" in the age blank of her employment application.

● The phone rang and the little boy answered. "Is your mother or father at home?" was the question that came from the other end of the line and anyone of more mature years would have known it was a salesman. The answer was: "No, sir." "Well," persisted the salesman, "anyone else I can talk to?" The boy said his sister was there and he guessed that he could talk to her. There was a lengthy wait but finally the boy returned to the phone and announced: "I'm sorry, but I can't lift her out of her crib."

● A well-known general on a trip to Spain had his aide cable ahead for reservations at a swanky hotel. In the telegram the aide asked for the "top floor, uninterrupted view of the bay, the finest of furnishings, etc., etc." Arriving at the hotel, the general was greeted enthusiastically by the management and ushered to his luxurious quarters. There, to his surprise were three gorgeous señoritas. "For heaven's sake," gasped the general, "who are these young ladies?" Rather taken aback, the manager replied: "Why, these are the three etceteras!"

Circuit Judge Robert M. Hill has received the endorsement of a

large number of friends and local lawyers for the post of third Federal district judge for the Northern District of Alabama if the post is created by Congress.

Included among those backing Judge Hill is the 11th Circuit Bar Association whose resolutions have been sent to Senators Lister Hill and John Sparkman. The resolution stated "the Honorable Robert M. Hill is eminently qualified for such appointment, is and when same is authorized by an act of Congress, and is, by virtue of long and faithful service to this Circuit and the public interest, deserving of the promotion involved in such appointment."

Judge Hill had many scholastic honors conferred upon him beginning in high school and continuing throughout his college career. He attended both Florence State and the University of Alabama where in addition to his outstanding record he won the Panhellenic Trophy in 1929 for the greatest service rendered by a student to the university of that year.

Beginning the practice of law in Florence after graduation, he was later elected to the Law and Equity Judgeship and then to Circuit Judge which post he has held since 1946.

His interest in crime and delinquency has led Judge Hill membership on the Advisory Council of Judges on the National Council on Crime and Delinquency whose projects include the revamping of court practices and the improvement of penal institutions.

The Northern District now has two of the four federal judges in the state, Judge Seybourn H. Lynne, a Democrat and Judge Hobart H. Grooms, a Republican.

## Watershed Meet Scheduled Today

A hearing on the creation of the Cypress Creek Watershed Conservancy District will be held at Cloverdale school tonight at 7 p.m., it was announced by Howard Jones chairman.

The purpose of the hearing will be to determine the practicability and feasibility of creating the watershed Sub-District.

All interested parties shall have the right to attend this hearing and be heard, Mr. Jones said.

Orville L. Freeman, Secretary of Agriculture, ordered increases in government support prices for dairy products, rice and peanuts, which should raise farm income from \$1 to \$2 billion over levels which would have prevailed without the increases.

To help producers of these commodities and to strengthen the national economy, he said President Kennedy had approved the increases. What impact the increases would have on consumer prices would be difficult to predict, but it is believed that, on a per unit basis, the increase would be small if any.

The support price for milk used for manufacturing purposes was set at \$3.40 a hundred weight, compared with \$3.22 previously in effect while the support price for butterfat was put at 60.4 cents a pound compared with the old rate of 59.6 cents. The new dairy supports go into effect immediately. The peanut support was set at \$221 a ton for this year's crop compared with \$201.24 last year. The Eisenhower administration budget proposed a support rate of only \$186 a ton for this year's crop of peanuts which are grown principally in Virginia, North Carolina, Alabama, Georgia, Florida, Texas and Oklahoma.

Freeman said he had given no consideration to changing a price support rate of \$1.78 a bushel set by the Eisenhower administration for this year's wheat crop.

He had earlier increased cotton supports the equivalent of about \$3 a bale. Freeman has proposed to raise corn supports from \$1.06 a bushel last year to \$1.20 this year—and other feed grains accordingly—and soybeans from \$1.85 a bushel to \$2.30 under the feed grains program now pending in Congress.

## Announcement To Be Made Soon On New Courthouse

**Building Authority States  
Full City Block Needed  
To House County Offices**

Doyle R. Young, chairman of the Lauderdale Public Building Authority, told the Florence Rotary Club Monday noon at the Reeder Hotel, a recommendation of the building of a new courthouse and a site for the structure would be made within a month to six weeks to the Lauderdale Court of Commissioners.

He said a survey of space needs for all county departments indicates the need for at least two and one-half times the space in the present courthouse. Mr. Young stated the authority has several sites in downtown Florence under consideration since the present courthouse site is not large enough. A full city block would be needed to provide space for the new courthouse and parking areas.

To meet costs of the site and courthouse, about \$1,250,000 would be needed, however, under a 1950 state law, the authority could borrow this amount of money without creating a debt against the county. He stated there would be no need to add extra taxes for the payment of the necessary debt to build the courthouse.

## President Seeks \$600 Million To Aid Hemisphere

**Latin America Could  
Fall To Communists  
Unless Aid Is Given**

President Kennedy Tuesday urged Congress to support his aid plan for Latin America with a \$600,000,000 appropriation. He said there is "grave and imminent danger that desperate people will turn to communism or other forms of tyranny" if help is not forthcoming. Mr. Kennedy sent a special message to Congress following his address-of-Monday night in which he called for a 10-year cooperative aid program of "towering dimension" for this nation's Latin American neighbors.

The President outlined his proposals in a White House address to the Latin-American diplomats and said his program was keyed to the idea of an alliance of progress. He wants Latin Americans nations to join the United States in a massive drive to improve living conditions and thus "oust tyranny from a hemisphere in which it has no rightful place." He made it clear he had Cuba and the Dominican Republic in mind when he said this.

In his message to the Congress he asked for an initial appropriation of \$500,000,000 to meet a commitment made by the country last year at Bogota, Columbia. Eighteen other south of the border nations also subscribed to the idea of mutual help. This country's share was previously authorized by Congress but was not made available.

The other \$100 million had been authorized by Congress for reconstruction and rehabilitation of areas in southern Chile devastated by the earthquake and fires and Mr. Kennedy urged a speedy appropriation of this money so the task of rebuilding the economy of southern Chile could proceed without further delay.

Kennedy said the Act of Bogota marked a historic turning point in the evolution of the Western Hemisphere in that for the first time American nations agreed to a massive joint compact to strengthen Democratic institutions (Continued on Page 2)

## Armour Plant Ground-Breaking Will Be In April

**Multi-Million Dollar  
Industry Largest Of  
Its Kind In South**

Ground-breaking for the new multi-million dollar Armour Agricultural Chemical Company's plant at Cherokee has been scheduled for mid-April, it was announced by officials this week.

The plant, by far the largest ever "bankrolled" by an American city, is to be paid for by bonds issued by the little town of Cherokee and when completed in the spring of 1962 will be the South's largest fertilizer manufacturing plant.

The town's mayor R. C. Pate said that the town's bond house reports excellent advance commitments for purchase of the \$25 million in municipal bonds that will be used to finance the plant and much of its equipment.

The bonds are backed by a 20-year rental contract with Armour and Company, one of the nation's leading meat packers. Armour Chemical is a division and a rapidly rising factor in the nation's chemical and fertilizer field.

Preliminary construction has started near the 1200-acre plant site on the Tennessee River with the Southern Railway building a spur line into the plant site. A new access highway will also be built with work scheduled to start in the immediate future.

Plant contractors are M. W. Kellogg Company, Chemical Construction Corp. of New York and Chemical Industrial Corp., of Cincinnati. It was stated that 1800 workers would be needed on construction with initial employment at the plant to number approximately 300. Employees will be drawn from local areas as well as Cherokee.

The plant will manufacture an ammonium capacity of 360 tons daily, a urea production of 50 tons daily and 250 tons of ammonium nitrate prills and 250 tons daily of nitrogen solutions.

The acquisition of the plant had been accompanied with considerable activity in the town of Cherokee which plan various expansion projects in the near future including expanding the city limits and a sewer system. Also planned is a new post office, a bank building, already under construction and some fifty or more houses.

A major expansion is under way at Colbert Steam Plant and the government has started work on the Natchez Trace bridge in the vicinity of the plant site.

The Kellogg Company, prime contractor for the new plant, now completing construction of the Tennessee River Pulp and Paper Company's plant at Counce, Tenn., will move its construction equipment to Cherokee, it was announced.

**POLITICAL SEAT VACATED**—In Ashtabula, Ohio, partisan political bench warmers were driven inside, by chilly weather. The benches stand in front of a candy store.

The Tennessee Valley Authority and the U.S. Department of Justice joined Tuesday in a multi-million dollar damage suit against electrical firms convicted of price-rigging on government contracts.

The government agencies, which number five in addition to TVA are seeking to recover more than \$12,000,000 from five electrical manufacturers who got together to fix prices on electrical circuit breakers purchased by the government from 1951 to 1960.

The five defendant companies are: General Electric, Allis-Chalmers, Federal Pacific Electric Company, I-T-E Circuit Breaker Company and Westinghouse.

The suit seeks to establish that TVA, since it was authorized by Congress last year to issue its own self-financing bonds, is now a separate private corporation entitled to sue for treble damages, it was stated. On that basis TVA has asked recovery of \$7,478,691 on its purchases. However the suit said since TVA is also ruled to be a part of the government it is entitled to recover \$4,985,794 as double damages under the Federal False Claims Act.

The Justice Department also asks double damages under the same act amounting to \$4,421,372. This suit is in behalf of the Bonneville Power Administration.

Attorney General Robert F. Kennedy said the suit is the first of several contemplated by the Justice Department and TVA seeking to recover damages from 29 electrical firms involved in a price-fixing conspiracy. The TVA suit contends the Agency and federal agencies purchased some \$25 million worth of circuit breakers during the past nine years at roughly 40 per cent too high.

General Electric and Westinghouse pleaded guilty last December to price-fixing and bid-rigging resulting in several top executives drawing jail sentences.

Both GE and Westinghouse contend their customers were treated fairly, the former stating however that "we sincerely desire to make adjustments if warranted by the facts."

## Loans For Farm Housing Gaining

**New Money Breaks  
Log-jam Of Applications  
Throughout The Nation**

The farm housing loan program of the Farmers Home Administration is picking up new momentum, not only throughout the Nation, but here in Lauderdale County.

That's the word from Cecil C. Mixon, County Supervisor in charge of the Agency's lending program here. He said this renewed farm housing loan activity follows the early February announcement that an additional \$50 million is now available to the Farmers Home Administration for its 4 per cent loans to farm owners to build or repair houses and essential farm buildings. Such a loan may extend over a 33-year period.

In this area Mr. Mixon said he looks for the main demand to continue to be for loans for new construction, although farm owners may need the credit to repair or remodel dwellings, put in modern kitchens, install pressure water supply systems, central heating, bathrooms, and other conveniences. Other uses include building, repairing, or modernizing barns, dairy and poultry facilities, and other farm service buildings. Farm owners find much of this type of construction necessary to cope with changing agricultural conditions.

Mr. Mixon pointed out that by-products of this loan program include employment of carpenters and other skilled and unskilled labor, and increased business for concerns that handle building materials and equipment items. Eligible to borrow are owners of farms that annually will produce at least \$400 worth of commodities for sale or home use based on 1944 prices, but who cannot be adequately financed through other sources.

## We Endorse Robert M. Hill

The endorsement of Circuit Judge Robert M. Hill for the post of Third Federal District Judge for the Northern District of Alabama by the members of the 11th Circuit Bar Association and others who recognize his outstanding qualities, is a well deserved tribute and one in which this newspaper wholeheartedly concurs.

Judge Hill, though comparatively a young man, has had an unusually wide and varied experience which beginning with his scholarly attainments when he was accorded many honors, has ranged from the practice of law to judge of the Law and Equity Court, judge of the Circuit Court since 1946 and to membership on the State Pardons and Parole Board. He served two-and-a-half years in the U.S. Army military government in Italy, retiring as a major.

Judge Hill has done yeoman service in the field of crime prevention, having been one of 40 judges in America serving on the Advisory Council of Judges of the National Council on Crime and Delinquency. His interest in crime prevention and related problems has led to an active and continued interest in working with the Council on the revamping of court practices and the improving of our penal institutions. He has written many articles for correctional journals and has spoken on a number of occasions to distinguished groups of jurists on these important subjects.

Space unfortunately does not permit telling the full story of Judge Hill's outstanding accomplishments which eminently qualify him for a federal judgeship should Congress create the post. However, there are things other than scholarly attainments or even experience that inspire our endorsement of "Bob" Hill and these are his everyday qualities... his complete fairness to all who come before him, regardless of creed or race, his devotion to his family and to his church and his loyalty to his friends. These, we believe are qualities all men should possess who sit in judgment on their fellowmen and Bob Hill has these qualities in abundance.

## Girl Scout Week

Girl Scout Week began last Sunday on the Girl Scouts' 49th birthday. It marks the date in 1912 when Juliette Gordon Low called together 12 girls to form the first Girl Scout troop in Savannah, Georgia. Since then this great organization has grown to a total membership of 3,400,000.

It is a nation-wide organization for girls 7 to 17. Its purpose is to help girls develop as happy, resourceful individuals ready to share their abilities in their homes, their communities, their country and the world.

The theme for Girl Scouts through the years has been: "Honor the Past—Serve the Future."

Every member promises to do her duty to God and Country, to help other people at all times, and to live by the Girl Scout Laws.

Girl Scouts make good citizens, good wives and mothers. They are the leaders in their communities for Girl Scouts are taught the attributes of citizenship. They are taught teamwork and sportsmanship and an appreciation of the finer things of life.

This newspaper salutes the Girl Scouts of the U.S.A.

## The Elements Of Self-Destruction

The Federal government has within it the elements of self-destruction since every time it assumes more responsibility for our welfare we take another stride away from those principles of self-government set up by our founding fathers as being the most enduring. And so the bigger our central government becomes the more potent become the elements of self-destruction.

The danger from within, despite the acute struggle for power and dominance going on almost everywhere in the world, is greater than any outside threat for once we are weakened sufficiently by our own dependence on Washington, we could fall easy prey to a strong aggressor. Communist Chief Khrushchev was not kidding when he once said to a group of U. S. Senators visiting Russia, "I prophesy that your grandchildren in America will live under socialism." He just could be right.

The trend toward "Let Uncle Sam Do It" argues in effect that Federal bureaucrats and their intellectual associates are the only ones smart enough to tell us how to attain "life, liberty and the pursuit of happiness."

We have come to depend on central government to finance too many responsibilities that we should assume on the city, county and state level without remembering that when this is done the Federal Government also lays down the rules. These rules may look alright but the trend weakens the fabric of American tradition and integrity and undermines the family, local and state governments, and, as stated above, leads to the eventual destruction of the Federal System.

## Personality Sketches

By ANN MATHIAS

ELBERT BERTRAM HALTOM

"Bert Haltom has more promise as a political figure than any resident of Lauderdale County for many decades and this promise is recognized by astute observers throughout Alabama," is a statement made by one who has followed closely the steady growth in popularity, based on ability, earnestness and desire to be of service to the First Senatorial District of Alabama.

Senator Haltom is a sound thinker and one who is able to get his thoughts across with clarity and conviction. His exceptional ability to stand on his feet and impress any audience with his thorough knowledge of any subject he might espouse, gives him a definite advantage in any discussion or debate in which he might be involved," was the added observation made.

Elbert Bertram Haltom, Jr. was born in Florence, December 26, 1922, the son of Elbert Bertram and Elva Mae Simpson Haltom. He attended Gilbert Elementary School and was graduated from Coffee High School in 1940.

While at Coffee, Mr. Haltom was on the football team for two years and a member of the "C" Club. He was also a member of the Hi-Y Club and in his senior year was voted "Wittiest Boy" by the members of his class.

Following his graduation from Coffee, Mr. Haltom entered Florence State College, which he attended until 1942. During the summer of that year, he was employed by Reynolds Metals Company as an electrician's helper. In the fall, he went to Panama City, Fla., where he was employed by the J. A. Jones Ship Yard as a boiler-maker's assistant. During this period, he worked on the first liberty ship constructed by this company.

In February, 1943, Mr. Haltom was called into the Air Force and received his basic training at Miami Beach, Fla., being assigned to the Aviation Cadet Training Corps. After his basic training, he was transferred to the University of Minnesota at Minneapolis for further training and later was ordered to Santa Anna Air Force Base, Santa Anna, Calif. From Santa Anna Base he was transferred to Armorer's School at Lowery Field in Denver, Colo. From Lowery Field, Mr. Haltom was placed in Gunnery School at Laredo, Tex., and in December, 1943, was graduated as an armorer gunner. At that time he was assigned to a B-24 Bomber Group as a ball turret gunner.

Mr. Haltom's crew was ordered overseas in June, 1944, and was attached to the 15th Air Force in Italy. His unit, the 46th Bombardment Group was based fifty miles north of Bari on the Adriatic Sea. He and his crew completed thirty-five combat missions over Germany, Austria, Poland, Rumania, Bulgaria, Greece, Czechoslovakia and France, hitting the Ploest oil fields on three different missions.

Following completion of the missions, the crew received the air medal with three oak leaf clusters and six battle stars. They were also presented the Presidential Unit citation. In May, 1945, Mr. Haltom returned from overseas to Fort Myers, Fla., where he was a B-29 Air-to-Air Gunner Instructor. In September, 1945, he was discharged with the rank of staff sergeant.

## 42nd Anniversary Of Legion To Be Observed Tonight

## Howell Heflin Addresses Joint Meeting Of Post And Auxiliary Members

Florence-Lauderdale Post No. 11 will celebrate the 42nd anniversary of the founding of the American Legion in Paris, France on March 15-17, 1919, with a special ceremony at the Legion Home tonight at 7:30 o'clock. Howell Heflin, Tusculum attorney and prominent in Legion affairs for many years, will deliver the principal address. Commander Laverne Tate announces.

The occasion will be a joint meeting with the American Legion Auxiliary which will be followed with the serving of refreshments by the ladies.

This momentous occasion, that marked the beginning of the world's largest veterans organization, is observed annually by the nearly 3,000,000 Legionnaires throughout the world.

Post No. 11 was organized in 1919 one day before the Department of Alabama organized and during the past 42 years has played an important role in the operation and growth of the Legion in Alabama. Three of its members—J. Fred Johnson, Jr., W. A. Abramson and James S. Saliba—have served as Department Commander; one member—Monte C. Sandlin—served for several years as National Historian; H. Grady Richards has served as Department Historian for several years and a large number of the members of the local post have held the posts of Department Vice Commander, Area District Vice Commander, Area District Commanders.

A large turnout is expected at tonight's birthday celebration, it was stated.

## Granville Miles Reported Missing

## Florence Man Last Seen On Thursday In Downtown Bank

Granville Miles, 217 Forest Hills Drive, Florence, who was last seen at about 10:30 a.m., Thursday, when he left the First National Bank of Florence with "considerable money," is still missing.

The 38-year-old Birmingham News distributor left home about 8:30 a.m. Thursday in good spirits, according to his wife, and stated he was supposed to go to the bank and then contact her by noon. She became concerned when she hadn't heard from Miles by late Thursday, and notified police.

When last seen, Miles was wearing a blue plaid shirt, grey hat and work trousers and driving a blue 1955 Ford four door sedan with Colbert County license number 20-14158. He is about six feet tall, weighs about 205 pounds and has short cropped brown hair.

Florence Police Captain Jim Carter of the Florence Police Department urges anyone who might have any information concerning Miles to notify the department immediately.

Veterans' Column  
State Dept. of Veterans' Affairs

In most cases, the VA can pay for out-patient care from private physicians on behalf of Spanish-American War veterans. However, except in emergency cases, the VA is not permitted to pay for such care unless it is approved beforehand.

In emergency cases it is possible for the VA to approve treatment already given, if notification is received from the veteran of his physician within 15 days from the date treatment began. In all other cases, Spanish-American War veterans should request out-patient treatment by filing the necessary form which is available in all county offices of your Department of Veterans Affairs. Spanish War veterans are not entitled to hospital treatment, except in a VA hospital, for their non-service connected disabilities.

Last year the Department issued 133 checks refunding overpayments made by employers.

TWENTY-FIVE YEARS ON THE JOB—Walter C. Sedenquist, Union Carbide Metals employee (center), was recently presented with a solid gold watch by plant superintendent C. E. Green for "faithful and loyal service." Sedenquist was transferred to the Sheffield plant in September 1942 and has been active in civic, community and church affairs during his 19 years in the area. The Sedenquists reside at 208 W. Bluff Street, Florence. At left is Jerry Oldham and right, George Borden, fellow employees.

HEADS B'NAI BRITH—Installed as president of Alabama State Association of B'nei Brith Lodges is Dr. J. S. Gallinger, who succeeds Joe Ziff of Jasper. Dr. Gallinger is rabbi of Temple B'nei Israel in Florence. He served as secretary of the state association for five terms and as president of lodges in Alabama and Georgia for six years.

## Florentine Named To Finance Post

## Chester Boston To Serve As State's Assistant Director Of Finance

Chester Boston, manager of Boston-Christian wholesale produce firm in Florence, was named assistant director of State finance, Wednesday, by Governor John Patterson.

Patterson appointed his brother Maurice Patterson as state finance director to succeed Charles M. Meriwether who resigned to become director of the Export-Import Bank. He has been assistant finance director at \$9,000 a year since his brother took office in January, 1959, and will get a \$1,000 annual raise in his new office.

While he was assistant director, the 32-year-old University of Alabama graduate also held the job of acting state purchasing agent when the place came up for permanent appointment last month, but failed to place in the top three.

As finance director, one of the key jobs in the state government, Patterson will supervise the state budget office, the comptroller's office, the state insurance fund, the purchasing office and the service division which has charge of the capitol and other state buildings, all of which are part of the Finance Department.

He becomes a member of several boards, including the Alabama Education Authority which allocates school building funds under the \$100 million bond issue approved by the Legislature two years ago.

## FEDERAL LAND BANK ASSOCIATION TO MEET

The Federal Land Bank Association of Florence will hold its annual stockholders meeting at 10:00 a.m. on Friday, March 24, at the Florence-Lauderdale County Coliseum located at 1125 E. Spring Street.

The members of the Board of Directors are: W. G. Burch, Henderson King, Jr., John C. Hardin, J. O. Philpot, and J. D. Streil. The association makes and services Federal Land Bank loans in Colbert, Franklin, Lauderdale and Lawrence counties.

## Errors Appearing In Tax Returns

"We find a lot of errors in employer tax returns, and when we do we give them the money back," said Ralph R. Williams, Director of the Alabama Department of Industrial Relations as he signed checks for rebates on errors in employer tax returns.

Williams said when errors are found in auditing the returns, the Department usually issues a credit memo that can be used in paying future taxes. If the overpayment is greater than the possible tax due for one or two quarters, then the Department prepares a check to return the money.

Last year the Department issued 133 checks refunding overpayments made by employers.

**Miss White Affiliated To Dr. Preston Trousdale**

Heralding a mid-April wedding is the announcement which has been made by Mrs. William McKinley White of Athens and Huntsville of the engagement and forthcoming marriage of her daughter, Ellen Joy, to Dr. Preston Simpson Trousdale of Florence, son of Mrs. Albert Johnson Trousdale, Sr., and the late Mr. Trousdale.

Daughter of the late William McKinley White, the bride-to-be attended the city schools in Athens and was graduated from the University of Alabama Hospital School of Nursing in Birmingham. She is presently on the nursing staff at Eliza Coffee Memorial Hospital in Florence.

Dr. Trousdale received his academic and medical degrees at Vanderbilt University in Nashville and served surgical residencies at University of Virginia in Charlottesville and in Boston, Massachusetts. The wedding will take place in First Methodist Church, Florence.

**Miss Betty Darnall Tells Nuptial Plans**

In an eight o'clock ceremony on Saturday, April eighth, Miss Betty Darnall of Florence and Jasper Knight Champion of Montgomery will exchange vows in Florence's Trinity Episcopal Church with the Reverend Edward G. Mullen, rector, hearing their troths. Mrs. John denBoer, organist, will present the musical prelude.

Theodore Gerber, stepfather of the bride-elect, will give her in marriage and she will be attended by her sister, Mrs. Robert Cecil Franks of Nashville, as matron of honor. Bridesmaids will include Mrs. Ronald S. Duer of San Francisco, Mrs. Everett B. Searcy and Mrs. Thomas A. Surratt of Birmingham, Mrs. Robert L. Scarbrough, sister of the bridegroom-elect, of Montgomery, Miss Marilyn Wilson of Carlisle, Pennsylvania, Mrs. George M. Elmore of Florence and Mrs. Edwin O. Jantz of Atlanta.

Little Deborah Franks of Nashville, niece of the bride-to-be, will be flower girl.

Stewart McWhorter Champion will serve as his son's best man and Stewart McWhorter Champion, Jr., as a groomsman. Other attendants will be Marcy Bradshaw Darnall, brother of the bride, Robert L. Scarbrough of Montgomery, James Tarence of Demopolis, Donald Fuller of Kenner, La.

Charles B. Haigler, Jr., of Fort Deposit, V. J. Thacker, Tuscaloosa; Harold Pate, Loundesboro, and Robin Wade of Birmingham.

Mr. and Mrs. Gerber will be reception hosts at Florence Golf and Country Club immediately after the ceremony.

**Miss Linda Hampton's Engagement Announced**

Announced by Leo Hampton of Athens is the engagement and approaching marriage of his daughter, Linda, to Ray Miller, son of Mr. and Mrs. Marvin Miller of Rogersville.

The bride-elect, daughter of the late Mrs. Hampton, is a member of the senior class at Clements High School and her fiancé was graduated from both Lauderdale County High School and Draughton's Business College in Nashville. He presently holds a position with Redstone Arsenal in Huntsville.

Wedding plans will be announced later.

**Capt. Mrs. Scott To Live in New Orleans**

Mr. and Mrs. George Edward Hamm of 1236 Glenn Avenue, Florence, have announced the marriage on Friday, March tenth, of their daughter, Evelyn, and Captain Perry Henderson Scott of Chalmette and New Orleans, La.

Only family members and a few close friends were present when nuptial vows were heard by Lamar Plunkett, minister of Sheffield's Eastside Church of Christ, in his home.

Captain Scott is with Ingram Barge Company in New Orleans and after April first the couple will be at home in the Louisiana city.

**Miss Goode Feted By Library Staff**

Dreaming and planning and packing for her prospective leaving are filling these days for Miss Ruth Goode, daughter of Mr. and Mrs. W. A. Goode, who expects to enter Bethel College in McKenzie, Tenn., soon and will continue there the academic courses which she started at Florence State.

A pretty compliment to their departing co-worker was the luncheon of Monday noon hosted at The Town Club by staff members of Florence-Lauderdale Library where Miss Goode was once a student assistant and has for some time been on full time duty.

Spring blossoms in mixed arrangement centered the luncheon table and gaily wrapped packages, each containing a farewell gift, were presented to the honoree during the dessert course.

Miss Goode wore an off-white suit of lightweight wool, pink accessories and a corsage of blending blossoms. Her mother was included among the well-wishers present.

**Mr. Rosenbaum Speaks At Firenze Club Meeting**

Hostess at her home on North Wood Avenue to the March meeting of Firenze Club, Mrs. A. J. Darby welcomed members and a few additional guests on Thursday afternoon, the ninth.

Stanley Rosenbaum, one of the guests, was introduced as the speaker and presented a talk on Judaism, An Evolving Religion, explaining that there are three types, namely: the Reform, the Conservative and the Orthodox, and describing its present-day aims as "toward a world without war or poverty or social injustice."

Mrs. Henry A. Richeson was welcomed into club membership and the hostess included Mrs. W. Henry Cromwell and Mrs. M. J. Carter in the hospitality.

Following the program, Mrs. Cromwell and Mrs. Byron Bower assisted with teatime courtesies.

**FSC's Dean, Dr. Allen, Gives Delightful Program**

Mrs. Mims Rogers and Mrs. Wesley Patton were hostesses on Thursday afternoon, March ninth, to Florence Discussion Club members and two additional guests, Dr. and Mrs. Turner Allen, welcoming the group at the Rogers home on Hawthorne Street at half past three in the afternoon.

"A most unusual and quite fascinating program," is the nutshell description given by a club member who reported on the talk, "Nursery Rhymes in History," given by Dr. Allen.

"Many familiar nursery rhymes are actually political satire of a former day," said Dr. Allen who elaborated that "Humpty Dumpty" (for instance) was aimed at England's Richard III, and "Little Miss Muffet" and "the spider who sat down beside her" at Mary, queen of Scots, and John Knox. Prime ministers and church bishops (Cardinal Woolsey included) were also similarly attacked by the Elizabethan writers who, understandably anonymous, passed along their "grudges" by word of mouth in coffee houses or, sometimes, on little handbills.

Mrs. Morrison Paxton and Mrs. Marguerite Hackworth presided at the teatime during the refreshment hour.

**Thursday Study Club Hears Musical Program**

A rare treat in programs was in store for members of Thursday Study Club when they gathered on March ninth at the home of Mrs. James Koonce, Walnut Street. Vocal and piano numbers were presented by Mrs. Hugh Porter, accompanied by Mrs. R. J. Baker, and Mrs. W. R. Norton, the latter a club guest.

Other guests present with the group were Mrs. D. L. Harrison and Mrs. Lynn O'Brien.

Mrs. Koonce was assisted at teatime by Mrs. Goodwin Young and Mrs. Elmer Russell.

**UDC Hears Miss Walker, Confederate Flag Story**

Rogers Hall was the setting for the March meeting of Florence Chapter, United Daughters of the Confederacy, when Mrs. A. H. Barnett, Mrs. E. L. McConnell and Mrs. W. L. McLeod were hostesses on Tuesday, the seventh.

Miss Pearl Sparks and Mrs. Earl Holder were special guests, the latter outlining plans for the Centennial celebration to be observed in this district in May.

In anticipation of the same occasion was the program, a colorful story of the Confederate flag, given by Miss Belle Walker.

Afternoon dainties were served to conclude the meeting.

**Music Study Club In Monthly Meeting**

A program of Schumann compositions was presented at Florence Music Study Club's meeting in Trinity Parish House on Saturday afternoon with hostesses for the occasion including Mrs. Joe Sale, Mrs. Walter Bell, Mrs. C. C. Cooper, Mrs. L. S. Doster, Mrs. J. W. Powell, Mrs. Robert Trent and Mrs. Donald White.

Mrs. Lee Marks, program chairman, introduced Mrs. Joe Walden, who gave a biographical sketch of the composer; Mrs. Hugh G. Porter who presented two vocal numbers; Mrs. W. R. Cadenhead in piano selections; and Mrs. Robert Wright and Mrs. R. J. Baker in two duo piano numbers.

Dr. and Mrs. James Zickler have returned from Jackson, Miss., where he attended meetings of the Southern Society of Anesthesiologists.

J. Fred Johnson is a patient at Eliza Coffee Memorial Hospital. Mrs. Milo Long is a patient at Eliza Coffee Memorial Hospital. Her condition is reported improved.

Leaving Dhahran, Saudi Arabia today, Miss Elizabeth Norvell will visit in Athens, Greece, and other points of interest before arriving in Florence late next week for a visit with her mother, Mrs. Lester Norvell, and other family members.

Irving Bertell, 316 Jackson Highway, has returned from New York City where he was called by the death of his brother, Al Bertell, 61, who was found dead in his bed Friday morning. Funeral services were held Sunday. The deceased had been an invalid for the past 27 years.

The condition of John Cox, minister of Sherrod Avenue Church of Christ and presently a patient at Oschner's Clinic in New Orleans, is reported as satisfactory. There during the past weekend for a visit with his brother was Oren L. Cox of 1115 Ingleside, Florence.

In Columbus, Miss., on Saturday, Mrs. Charles Poellnitz, Mrs. Thomas Reeder, Mrs. Richard Parker, Mrs. Mims Rogers, Mrs. Thomas N. Smith, Mrs. Lloyd Johnson, Mrs. Forrest Ward and Mrs. Lance Price attended the Camellia Show as guests of former Florentine Mrs. Morris Dunn.

Mr. and Mrs. William H. Mitchell and daughters, Amelia and Celestine, were in Memphis early this week where Mr. Mitchell attended a Board meeting of Southwestern College.

In Memphis recently for a two-day stay at Southwestern were Jo Ann Weeks, Judy Vryland, Janet Smoot, Nancy Nichols and Lyman Penland. The Rev. and Mrs. J. V. Cosby Summerell accompanied the group.

Theresa Holland, the daughter of Mr. and Mrs. James M. Holland, Jr., 124 Mitchell, has recently won a silver medal in a WCTU speech contest and is now eligible to try for a gold medal.

Following a pastorate at First Baptist Church, Florence, Dr. John DeFoore and his family are now at home in Waco, Tex.

Mrs. Don Geeson and children of 2251 Norwood Boulevard are spending the AEA Holiday with family members in St. Louis.

Mrs. Morris Kilbanoff and daughter, Miss Judy Kilbanoff, are visiting colleges in the East during the AEA holiday and will also be guests of her sister, Mrs. Arthur Lelyveld, and family in Cleveland, and of her parents, Mr. and Mrs. I. Bookholtz in New York.

Mrs. Rose Jacoway and her grandson, Herbert Harris, Jr., have returned from a visit with her sister, Mrs. Robert Jones in Columbus, Ohio.

Mr. and Mrs. Melvin Kornman and daughter, Kay, are spending the AEA holiday with relatives in Houston, Tex.

Mr. and Mrs. James Kephart (Mary Jones) of Waverly, Tenn., have announced the birth of a son whom they have named Robert Kent. Mr. and Mrs. Clarence Jones of Oakland and Mr. and Mrs. Ray Kephart of Florence are the youngster's grandparents.

Miss Edith McKelvey, Mrs. McKelvey Dillard and Mrs. J. E. Bratton of Florence spent the long weekend with their sister, Mrs. John Lewis Jones in Monroe, Ga.

Mrs. John Brabson joined her mother, Mrs. James B. Gilbert, and Mr. Gilbert in New Orleans early last week.

After completing a three-months' special assignment with the United States Forest Service in Washington, D. C., Earle Darby, Jr., visited his parents, Mr. and Mrs. Earle Darby on Francis Ave., and his brother, John Norton Darby, a student at Auburn University, before going to southwest Mississippi where he is now located.

Mr. and Mrs. Robert Osborn and children are spending this week in Mobile and Gulf Shores.

Mrs. Carl O. Walker and Miss

**Dividends On GI Insurance Paid On Policy Dates**

The 1961 dividends on participating GI life insurance policies will be paid to Alabama veterans automatically as of the anniversary dates of the policies, and received by the veterans approximately a month after that date.

Smart announced that an estimated 75,704 Alabama veterans who hold participating GI life insurance will receive \$3,853,400 of the regular national 1961 dividend totalling \$258,500,000 recently announced.

Josephine Penney have returned to their home on West Tuscaloosa after a month's vacation at points of interest in Florida.

J. H. Nicholson who has been ill in Florida is now a patient at St. Thomas Hospital, Nashville. With him are Mrs. Nicholson and her sister, Mrs. Hassell Wade.

A guest this week of Miss Noel Morse is her sister, Miss Priscilla Morse of Birmingham.

Mr. and Mrs. James E. Price (Peggy Reeder) of Randolph St., Florence, have announced the arrival at ECM Hospital on Friday, March 10, of a little son who has been given the name Robert Reeder. Mr. and Mrs. Linden Reeder of Central Heights and James Price of Florence are the proud grandparents.

**COUNTY SAVINGS BONDS SALES GOOD**

State Chairman Thad Holt announced today that February E and H Savings Bonds sales in Lauderdale County amounted to \$99,024, bringing sales for the two-months of January and February up to \$160,012, or 30.2% of the 1961 goal of \$529,000. Fred Long serves as County Chairman.

State sales for the month total \$4,298,172, bringing year-to-date figure to \$8,319,389 or 17.6% of the \$47,400,000 goal.

## THE SPILLWAY

School spirit reaches a high elevation,  
When the subject pursued is spelled: VACATION!

WERE TOLD we could have seen this in real action on last Friday afternoon as the four buses pulled away from Coffee High School carrying 147 seniors (and chaperones) on their annual senior trip to Washington, New York, and points north. By our count, we'd say they crowd about a month's activities into eight days, which is just what these young folks want. The wonderful energy of youth!

MEANWHILE, other students with their families are taking advantage of vacation time, and are off for distant points. Marshall and Helen Smith, with Richard, Sara, Edith Lyle, and Rebecca are in Biloxi, enjoying the pleasures of the Dude Ranch. Mary Doss, with Adrienne and Dudley, are visiting her mother in Jackson, Mississippi. Kathy Cox has taken Tomie, Fran and Bess to visit her mother in Columbus, Georgia. Also gone from our sight for a short period is Hilda Shipper, who is visiting in West Hartford, Connecticut. And Barbara Simpson, who is in Columbus, Ohio, to visit her roommate of her University of Alabama school days.

IT'S WELCOME HOME... to Zillah Kernachan, back from her usual winter "jaunt" with her sisters in Alexandria, Virginia... to "Jake" Nicholson, who has come closer home—transferring from his hospital bed in Florida, where he's been for the past several weeks, to St. Thomas Hospital in Nashville (now we hope he'll VERY soon make the last hop back into our midst... and to Bertha Kleynova, who's just returned from "the best cruise ever" in the Caribbean waters—and the final lap of her trip was made with some fellow-passengers of her cruise—none other than (our very own) Ed O'Neals, who brought her in a very "plush" private Chemstrand plane from New Orleans to Decatur in an all-too-short two hours time!

**SCHOOL DAYS RECAPTURED**... for twelve ambitious members of the Florence League of Women Voters, who all say they've been kept very busy with assignments, projects and text book reading—but enjoying every minute of it, especially the "class" periods taught by Bernice Ector—who is to succeed Alice Hastings as the next president of this most worthwhile organization.

"WE DON'T MIND THE weather if the winds don't blow" is an oft-heard comment 'round about... and particularly during our Springtime seasons... But neither winds nor weather hindered Doodle Tate and Betty and Jack Martin from enplaning at take-off time last Saturday when they had MEMPHIS as their destination and an evening soiree at the Reserve Air Force Officer's Club on their itinerary... Joined for the festivities by Virginia and Harlan Hill (the latter our Center Star local-LIGHT... now of professional pigskin fame)... the five-ome were guests of (Doodle's air-minded hubby) Captain Lake Tate, Jr., of the USAF Reserve... A much-fun weekend has reached the Madam's ears...

IT'S TOO FAST FOR US was the sum total of our thinking when we learned that Elizabeth Norvell, who has spent entirely too many years... for us... in the Orient, will arrive at our local airport at 9:30 on Friday night of next week for a stay with Mom Helen after take-off from Frankfurt, Germany at 8:55 that same morning... 19 hours in the air with an hour and a half minus for the necessary trip through customs at New York... she must be traveling by double-jet, whatever that might mean...

A TREAT IN STORE for George and Maxine Gibbons with sons Leslie and Guy... George has been invited to teach at the University of Michigan this summer in its Outdoor Activities Workshop. And the nicest part, it seems, is that the entire family can join in and enjoy campus life in the dormitory, including meals in the college cafeteria.

ON THE AVENUE... Betty Darnall, whose wedding to Jasper Knight Champion will take place in a few weeks, was seen recently trying-on-for-size the bridal veils in a local bridal department. And the passer-by who noticed the scene predicts that Betty will be one of the prettiest brides ever could behold!

AND SPEAKING OF—WEDDINGS... Come April, Florence is losing one of its top-of-the-list handsome bachelors, when (Dr.) Preston Trousdale marries Joy White of Athens. We hear that they have not only Medicine in common, but that Joy, like Preston, is a twin—which might be what the sociologists call "similar backgrounds". And ANOTHER WEDDING that is taking friends by surprise is that of Betty Spielberger and Milton Siegel. After being away for five years or so, Betty came home to meet her Prince Charming in "her own backyard," and to wonder why she didn't come home sooner. And it'll be "June in..." April (30th) for Betty and Milton.

AN IMPRESSIVE roster of officers has been elected by the Florence Dinner Club... with Sara Elizabeth Booream as president, Sara Elizabeth Corrigan as secretary, and Grace Smoot as treasurer. We're awaiting news of their plans for their big spring ball.

REASON TO BE PROUD, and we'll bet she was! When Grace Gray got her chilluns together in Atlanta recently... there to meet her were Duncan, Jr. from Los Angeles; Ed from Rome, Georgia; Ellen (Snider) from Charlotte, N. C.; and Ann (Jones) from Huntsville. Too bad that Tootsie (Bowser) and Jane (Mackey) couldn't have gone along too. It would have made for a scene that could nominate Grace for mother-of-the-year in anybody's book. And she gets OUR nomination any time.

PROUD PARENTS—also—to-morrow night... And we'll be proud just thinking of Eloise and Bob Tomlinson at Salem College to hear daughter Harriet give her Graduation Voice Recital—and remembering the times we've been thrilled by Harriet's lovely voice. Many of us will be mighty disappointed if there's not a repeat performance of this concert here in Florence!

UNTIL MORE NEWS COMES THROUGH THE SPILLWAY, IT'S GOODBYE FOR NOW!

### Waterloo Route To Dam Reviewed By Commissioners

C. T. Wilson, mayor of Waterloo, gave a review of efforts to obtain a road from Waterloo to Pickwick Dam to the Lauderdale County Commissioners, Monday stating that ten miles of the road would be in Alabama and eleven miles in Tennessee.

Wilson, president of the Waterloo-Pickwick Highway Association which is pushing for the road, stated the road would connect the southwest Lauderdale town with a bridge that is to be built across the dam. He told the court a contract on the \$4,300,000 bridge is to be let April 1. The state's survey on the proposed road has not been completed, it was announced.

Charles S. Marshall, assistant superintendent of the Natchez Trace Parkway, asked the court to approve work by the U.S. government on the Dr. Turner Road and the Rock Spring Road near Waterloo.

## COUNTRY PLAYERS

LES CARROLL

It seems the "45" singles are going the way of the old "78s." During the late 1940's records were released in three speeds, then 45 seemed to win for singles and 33 for LP's. Now many companies are duplicating singles in both 33 and 45 speeds, planning a transitional period to a uniform 33 speed for all records.

From England comes a brilliantly conceived "33" album of American Civil War songs, "The Blue and the Gray," with

a printed history of how the songs came into being. Beautifully sung by the George Mitchell Choral, it is an album of which you will never tire (Decca).

The fabulous Kingston Trio has another excellent album, "Make Way," that has all the zip of their previous albums and should be another best-seller (Capitol).

Another album with plenty of pep is "Big, Tiny's Little Black Book" by Tiny Little... it will have you tapping your feet and singing along (Corall). And "Brazen Brass Plays Songs Everybody Knows" by Henry Jerome's Orchestra, is a very pleasing collection of old favorites (Decca).

Fans of the late Hank Wil-

liams will treasure "Hank Williams' Greatest Hits," with Hank singing 14 of his biggest numbers... an exceptionally fine grouping (MGM). And Ferlin Husky's "Walkin' and a Hummin'" is his tribute to Hank Williams, including seven songs written by Hank (Capitol).

"Foggy Mountain Banjo" by Lester Flatt and Earl Scruggs, features the banjo of today's foremost five-string banjo picker, Earl Scruggs, and is an excellent recording of the tops in Bluegrass Music (Columbia).

Buck Owens, winner of the 1960 DJ poll as "most promising C & W singer," has a fine album of songs of his own composition, simply titled, "Buck Owens," which show he deserves the honor. And rock 'n' rollers will have a "ball" with Wanda Jackson's album, "There's a Party Goin' on" (Both Capitol).

Fine singles: "The Little Green Men" (George Morgan, Columbia); "Scared of the Blues" (Louvin Bros., Capitol); "The Big Fire" (Lawton Williams, Mercury); "Heart Over Mind" (Ray Price, Columbia); "You Are the One" (Benny Martin, Starday); "Big Man in a Big House" (Leroy VanDyke, Mercury); "Are You True to Me" (Carl Smith, Columbia); "Waiting for the River to Rise" (Bill Mack, D); "Richest Poor Boy" (Frankie Miller, Starday); "Memphis Address" (Bobby Sykes, Columbia); "Lonely Man" (Elvis Presley, RCA) and "Little Charm Bracelet" (Wanda Jackson, Capitol).

### James B. Isom Is New VFW Officer

Ted C. Connell, Killen, Texas, Commander-in-Chief of the Veterans of Foreign Wars has announced that James B. Isom, 202 Sannoner Avenue, Florence, has been appointed National Aide-de-Camp, Recruiting Class.

In making his announcement of the appointment Commander-in-Chief Connell said: "It is a real pleasure for me to be able to appoint Mr. Isom as an aide-de-camp in our organization. I know by his past achievements he will continue to strive for progress in the field of membership recruiting in the V. F. W. Because of his past efforts in this field the Veterans of Foreign Wars continues to be a strong organization."

### Teen-Age Girls To Compete In Table Setting Contest

An interesting contest has been announced by Mefford's Jewelers, 111 East Tennessee St., in which teen-age girls from high schools of the county will demonstrate their talents in table-setting. The fifth annual "Taste-Setter" table setting contest, sponsored by a nationally known magazine, will be held at Mefford's Wednesday, March 22. An invitation is extended everyone to drop by and see the seven tables that are entered in the judging.

Each group, representing the high schools of Coffee, Lexington,

Rogers, Mars Hill, Lauderdale County and Waterloo will "Pick a Personality and Set a Table To Suit." The girls are between the ages of 13 and 19 and will use china, sterling and crystal supplied by Mefford's.

Judging will be on the basis of good taste, general appearance, coordination and originality. The winner will receive an award and the winning setting will be reproduced in the sponsoring magazine.

If you're a weight-watcher, make good use of cottage cheese—it's low in calories, high in calcium, and rich in protein. Since the end of World War II, consumption of cottage cheese per person has more than doubled, chiefly because of weight-control diets.

### Rural School Boys May Be Eligible For Scholarships

Alabama farm boys finishing high school this year, who are members of either the FFA or 4-H club, may be eligible for a four-year, \$1200, Federal Land Bank Scholarship according to L. N. Thompson, manager of the Florence Federal Land Bank Association.

Thompson says that the purpose of the scholarship is to assist worthy boys to further their agricultural education at Auburn University.

To be eligible for this scholarship, according to Thompson, the applicant must have grades in the upper 30 per cent of the senior class, must be a member of the FFA or 4-H club, and have demonstrated leadership ability.

One scholarship award of \$300 will be given each year to an entering freshman, renewable to the recipient in his sophomore, junior, and senior years provided he meets the necessary qualifications.

Applications for the scholarship have been sent out by the college to the high schools and to the county agents. Others are available at the local Federal Land Bank Association office.

Applications are to be mailed direct to Auburn University, Auburn, Alabama.

He said the government will pay for any work on the roads, but will be maintained by the county after work is completed. Marvin Wilson, County Attorney, was instructed by the court to draw up the necessary papers.

### SUMMER SCIENCE CLASSES SCHEDULED

A summer science training program for superior high school students will be held June 12-July 21 at Auburn University. The program, in the life sciences, is co-operative between the University and the National Science Foundation.

Students will live and eat in the modern men's dormitories on the campus and will be under supervision of trained counselors.

April 20 is the deadline for applying for the summer program. Applications are available from high school principals.

Cranberry juice as a beverage or in a fruit punch is sure to make a hit with your family. For spiced cranberry juice, add a stick of cinnamon, whole clove, and lemon slices to suit your taste; then heat quickly.

100 Students can't be Wrong

THERE MUST BE A REASON FOR OUR BIG ENROLLMENT

We have always been told that the proof of the pudding is in the eating... and so it is with the better beauty schools whose value to the student is proven by the records of its graduates.

The fact that our graduates are offered the better positions is no secret and from this knowledge more and more students enroll in our famed beauty school.

Yes—100 students, now enrolled, can't be wrong. They know their diploma—signed by RAY REED—is their guarantee of above average earnings.

### Bride-Elect Honored

At a prettily planned party on Thursday evening at the home of Marilyn Chandler, Peggy Crymes, whose marriage to Duke Williams is an event of March 24th at the Rogersville Church of Christ, received lovely pieces of lingerie for her trousseau.

Friends of the honoree spent the evening visiting since many had not been together since their graduation.

Miss Chandler, assisted by her mother, Mrs. David Chandler, and Miss Bernice Lovell, served the guests punch and individually iced cakes.

For the occasion Peggy wore a pastel blue sheer which had puffed sleeves and a very full skirt.

**Garden Club**  
Mrs. Preston McCormick entertained the Rogersville Garden Club on Thursday evening at her home on the Anderson Road.

Presiding was Mrs. Essie Goad. Mrs. Walter Ingle gave the devotional in which she used several selected poems. The study, "Background of Flower Garden," was given by Mrs. Buford Mitchum. Preparation of soil, planning and arranging of flower beds, pruning shrubs and detecting and disposing of diseased plants were points discussed.

Mrs. Ozell Thrasher joined the club.  
Pie and coffee were served by the hostess.

**Bridal Shower**  
In the social hall of the Methodist Church on Monday evening Miss Barbara Gatlin was complimented with a miscellaneous bridal shower. Her marriage to Billy Don Sides of Athens, Route 6, will be solemnized at the Methodist Church on Saturday, March 18th.

Barbara wore a blue wool sheer. Guests were seated in a large circle with Misses Judy Slaton and Ellaree White leading in a series of games.

Punch and cake were served by Misses Glenna Campbell and Patricia Sims.

Don's mother, Mrs. Rosa Mae Sides, his sister, Mrs. Nelle Scheuler, of Athens, Route 6, and Mrs. Billy Butler of Lexington were guests.

**Lingerie Shower**  
Arrangements of flowers in pastel shades were used in the rooms of the home of Mrs. Lucille Ezell on Saturday evening when Mrs. Melbert Ritter of Huntsville entertained for Miss Judy Fuqua, whose marriage to Don Newbern is planned for Saturday, March 25th, with a lingerie shower.

Party games were played before the honoree opened the gifts.  
From a prettily arranged refreshment table cake and punch were served.

**Personals:**  
The senior class, with C. J. Pennington, Mrs. W. C. Hannah and Mrs. Beulah Prince, left Sunday morning for a sight-seeing tour of the nation's capital, points of historic interest and beauty enroute and on to New York City. They will return at the end of the week.

Mrs. C. J. Pennington and children left Sunday afternoon for Columbus, Miss., where they will visit the Ed Martin, Sr., family for the week.

Mrs. Velma Nugent and Mrs. Essie Goad were in Pulaski last week for a play presented by Martin College and directed by Bill Burks, formerly a member of the faculty of Lauderdale County High School.

Mrs. Burks, with his wife and young daughter, live in Pulaski where he is associated with Martin College. Dianne and Nelle Ruth Varnell of Memphis were guests for the week end of their grandparents.

Mr. and Mrs. Floyd South.  
Mr. and Mrs. Robert Clemmons and son of Hartselle were guests on Sunday in the home of Mr. and Mrs. E. T. Barnes.

Guests of Mr. and Mrs. Polk Comer are Mr. and Mrs. Harold Comer and children of Chicago.  
Mr. and Mrs. John D. King and children of Paducah were guests for the week end of Mrs. Leo King. J. G. Rithmire is a patient in the Limestone County Hospital.

## Federal Property Seized By South

Permanent Constitution Approved By Southern States On Mar. 11, 1861

One hundred years ago today, on March 9, 1861, the Alabama Secession Convention, which had taken Alabama out of the Union two months earlier, voted to transfer arms and munitions of war from the state of Alabama to the government of the Confederate States of America. According to David L. Darden in an article in the Alabama Historical Quarterly in 1941, the Alabama Secession Convention, on March 9, 1861, also approved transfer to the Confederate government the Custom-houses which the state had seized at Mobile and Selma, together with all money held there. Also to be transferred to the Confederate government were the United States Marine Hospital at Mobile, the lights, lighthouses, and buoys in Mobile Bay, and the revenue cutter Lewis Cass, all formerly the property of the United States. On the same date, the Alabama Secession Convention voted to give the Governor of Alabama power to turn over to the Confederacy, under certain conditions, Alabama troops which were enlisted under an ordinance the Alabama Secession Convention had passed on January 19.

Two days later, on March 11, 1861, the permanent Constitution of the Confederate States of America was approved at Montgomery by the Confederacy's provisional Congress. Johnson J. Hooper, Alabama editor and humorist, who had created the comic character "Sim-on Suggs," was secretary of the provisional Congress and made the official copies of the Constitution.

## News of GREENHILL

By Mrs. Mary McLaurine

The Green's Chapel WSCS met in the home of Mrs. Mitchell Brown on Thursday evening. The program was given by Mrs. Ruth Green, assisted by Mrs. Reba Pettus and Mrs. Imogene Springer.

The Floyd Trousdale home was destroyed by fire early Sunday morning. A miscellaneous shower will be given for the family Saturday evening at 7:00 o'clock at the home of Mrs. Charlie Le Fan.

The second exhibition game between the Birmingham Barons and the Nashville Vols will be played on April 5th at 7:30 p.m. at the Greenhill ball park. All proceeds from this game will be applied toward the indebtedness incurred in building the park.

The Rogers High School PTA will meet March 21st at 7:00 in the auditorium.

Mrs. Joe Scott, Jr. was honored with a shower at the home of Mrs. Edward White Tuesday afternoon. Pvt. and Mrs. Jack Pettus, who were married recently were honored with a miscellaneous shower at the W. E. Pettus home Saturday evening. A large crowd was present and the young couple received many nice gifts for their future home. Pvt. Pettus returned to his duties at Fort Jackson, South Carolina on Sunday.

THE FLORENCE HERALD, Florence, Alabama

Thursday, March 16, 1961—Page 5

## President Century Ago This Month

One hundred years ago this month (March 4) Abraham Lincoln was inaugurated in Washington as president of a divided United States. On the same day, the flag of the provisional government of the Confederate States of America was first raised to the dome of the Capitol in Montgomery. This flag was known as the "Stars and Bars."

By joint resolution of the Alabama Senate and House of Representatives in 1953, the date of March 4 was designated Confederate Flag Day.

Although the Flag Committee of the provisional Confederate Congress stressed its desire not to imitate the United States flag, the Confederate "Stars and Bars" flag actually was quite similar to the flag of the United States. In fact, it was so similar that a different battle flag had to be adopted in order to prevent confusion on the battlefield. Today, the best known Confederate flag is not the "Stars and Bars," but rather the battle and naval flag.

### Nine From LCHS Attend District FHA In Capital

Attending the Northwest District meeting of Future Homemakers of America in Tuscaloosa from Lauderdale County High were nine members and their sponsor, Mrs. Betty Albers. The girls chartered a bus with members from the Lexington, Rogers, and Cherokee chapters on Friday afternoon and arrived in Tuscaloosa at the Motel Lester Hotel and spent the night.

On Saturday morning the first feature of the meeting was an interesting and informative tour of the university campus. The meeting was called to order in the Tuscaloosa high school auditorium at 9:45. The girls were shown many ways to improve their local chapter's program of work. Several talent numbers were featured, including a fashion show of dresses created by FHA girls. This was followed by the election of officers, a tour of the homemaking department, group singing and other business.

The girls attending were Bonnie Richardson, Sue Romine, Clara Gautney, Nancy Kelly, Linda Garrett, Linda Dollar, Doris Alexander, Marie Haraway, Beverly Hice and Mrs. Albers.

### Change In Mail Routes Announced

#### Rural Deliveries Will Begin Saturday From North Florence Office

An additional rural route will begin service from the Florence post office on Saturday, Postmaster Don Holt announced this week. To be known as Rural Route 7, it will serve an area bounded on the east by Shoals Creek and on the north and west generally by the Bailey Springs Road and the Old Jackson Highway.

In setting up the new route, Holt said, it was necessary to make adjustments to all of the existing six routes. On Saturday many patrons will be served by a different route and many will have to relocate their mail boxes. All patrons affected by the change have been notified by letter, said the postmaster.

Beginning Saturday all rural carriers will deliver mail from the new North Florence Station, located on Edgewood Drive. After that day, patrons who receive notice of a parcel or other mail being held may pick it up at the North Florence Station. Patrons should also notice any change in the carrier's schedule which might bring him to their homes at a new time.

"This additional rural route is necessary because of the large number of homes built in our rural service area in recent years. We sincerely hope that these changes will result in improved mail service for our patrons. The assistance and cooperation of those affected by this change will be appreciated," said Postmaster Holt.

In many persons worry is relieved when they are capable of talking out their problem with someone. Some experts believe that repression of disturbing thoughts and problems intensifies the condition.

### FORESTERS EXAMINATION SET FOR MAY 20

An examination for registration of foresters in Alabama has been announced for May 20 according to State Board of Registration for Foresters chairman J. N. Stauffer.

The examination, as provided in Act. No. 533, was set at a recent board meeting at headquarters in the State Administrative Building in Montgomery.

Stauffer said the examination would be given to those who have already made application to the

Board, and those eligible would be notified within the next few days.

### SAFE TRACTOR DRIVING MAY SAVE MANY LIVES

Earlier this month an Alabama man was crushed to death underneath his tractor—a tragedy which occurred several times in Alabama last year.

Lawrence Ennis, Auburn Extension engineer, says that if tractor drivers knew and observed certain safety measures some of these accidents might never happen.

Let The Herald Print It!

pen. The engineer advises drivers to get the tractor out, drag the machinery out, and then reconnect. Always slow down to turn a tractor around. And when turning on a slope, don't turn in the downhill direction, he adds.

Take a group of youngsters... a warm, breezy spring day... and add a kite high up in the sky. This is a fine combination for fun — or disaster.

To make it fun — and not disaster — here are three safety rules to follow:

- Fly kites in open fields, away from electric power lines.
- Use perfectly dry string — never wire or metallic string.
- If a kite catches in a power line, let go at once. Don't pull!

WHAT DOCTORS SAY ABOUT:

### Prescription Costs

- Ovulation Suppression
- Writer's Cramp
- Strong Minds
- Douching

Q. Why do most prescriptions cost \$10 or more?

A. They don't. A recent study shows that the average price to the patient of a prescription in the U. S. is about \$3. Over 60 per cent of all prescriptions were \$3 and under. Only about one in 100 prescriptions cost as much as \$10.

Q. Does the new contraceptive pill prevent or delay ovulation?

A. If taken for 20 days during the menstrual cycle, the oral hormone preparation which was approved as a contraceptive by the Food and Drug Administration in May of last year, prevents the escape of the ovum or the egg from the ovary. Suppression of ovulation can be accomplished month after month, apparently without harm to the ovary. When the user stops taking the drug, ovulation occurs each month in a normal manner.

Q. What causes writer's cramp?

It is your right and privilege to have your prescription filled at a pharmacy of your choice. Choose wisely on the basis of professional competency and price fairness.

A. Muscular spasm. Cramping can be helped by frequent rest periods, warm soaks, and writing in a more "relaxed" manner.

Q. Is the old saying, "Strong in mind, weak in body" true or false?

A. False. The highly intelligent are generally taller, heavier, and physically and mentally healthier than those of average intelligence. The mentally gifted tend to be independent, confident, and mature. Although they are inclined to be "risk-takers" in the world of ideas, the gifted have a more even disposition than the average person.

Q. Is daily douching desirable?

A. Doctors contend that the healthy vagina does not require daily mechanical cleansing.

"A FAMILY THAT WORSHIPS TOGETHER—STAYS TOGETHER"

CLOCK  
WATCHERS

Are men becoming smaller than the clocks they watch? As we rush from plane to plane, city to city, appointment to appointment, are we shrinking rather than growing?

For centuries men have gone forth from their homes to work, either by foot, ship, horseback or in a jet that can cross a continent between lunch and dinner. Whether in the end it was "worth it" has always depended on whether a man found time as the years went by for those things even more important than success—his family, his home, and his church.

If the demands of your job—the pace of your life—have chained you to a clock that is getting bigger than you are, pause to remember: in any human life there are only so many hours, none of which may be reclaimed once they've ticked by. Pause to realize, too, that it takes only a minute to pray, only an hour to go to church on Sunday—yet the benefits reaped from even such brief dedication to God can be eternal.

THE CHURCH FOR ALL . . .  
ALL FOR THE CHURCH.

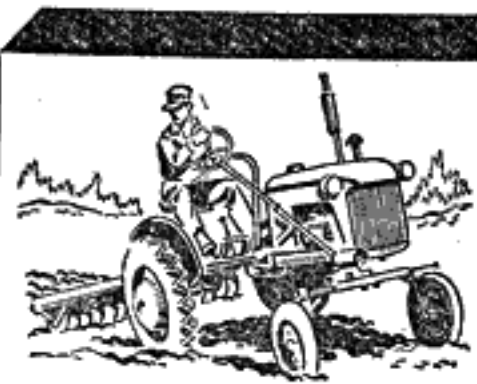

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## Seedling Shortage Predicted In 1962

Next year's seedling crop for planting pines may be lacking because of a shortage of tree seed last fall.

But for this year, the state nurseries still have several million unobligated seedlings of the slash and loblolly varieties on hand, says Ike Martin, Auburn Extension Service forester. These seedlings are available at \$4 per thousand. And order blanks may be obtained from district foresters, rangers, management foresters, nurseries, and the Montgomery office of the Alabama Department of Conservation.

Martin says that research results indicate that good survival can be obtained from seedlings planted through March and, in North Alabama, on into April.

With five extra days in the dove season this year, hunters will be allowed to bag 12 doves, compared with 10 last year.

## Prepare Now For Pest Invasion

Annoying household insects will soon be scouting about again. And perhaps some of them, especially silverfish and roaches, are already visible.

Now's a good time to begin making preparation to control these pests, says Walter Grimes, Auburn Extension Service entomologist.

Silverfish, which cause considerable damage to stored articles containing starch, can be controlled with household sprays of five per cent DDT or two and one-half per cent chlordane. And roaches can be eliminated by spraying infested areas with three per cent malathion, two per cent chlordane, or one-half per cent Diazinon.

With the coming of a few warm days, other pests such as ants, earwigs, and millipedes will likely begin moving about. These pests can be prevented from entering the house by placing a barrier of insecticide around the foundation wall. Grimes says that 10 per cent dust or granules of chlordane are the most effective materials to use.

## Ten Word INTELLIGRAM

How is your knowledge of the new administration structure? Check the correct word:

- 1—Head of President Kennedy's Peace Corps is (Robert Shriver) (Arthur Schlesinger).
- 2—New chief of the Internal Revenue Service is (Esther Peterson) (Mortimer Caplin).
- 3—Head of the U.S. Marines is (Gen. D. M. Shoup) (Gen. L. L. Lemnitzer).
- 4—(George Keenan) (G. Mennen Williams) is ambassador to Yugoslavia.
- 5—U.S. ambassador to India is (John Galbraith) (David Bruce).
- 6—Food for Peace program is headed by (George McGovern) (Pierre Salinger).
- 7—Federal housing chief is (Dr. R. C. Weaver) (J. W. Macy).
- 8—Edward R. Murrow is director of (U.S. Information Agency) (Tobacco Inspection Agency).
- 9—Presidential physician is (Dr. Walter Heller) (Dr. Janet Travell).
- 10—Deputy Attorney General is (Byron White) (Archibald Cox).

Count 10 for each correct choice. A score of 0-20 is poor; 30-60, fair; 70-80, good; 90-100, excellent.

## Good Work Habits Cut Down Expense

Although you can expect 15 years use from an electric refrigerator, storage of food by refrigeration is comparatively expensive when you consider buying gas or electricity, paying repair bills, and replacing parts over a long period of time.

However, the cost and efficiency of refrigeration depend partly on the homemaker's work habits, says Elizabeth Bryan, Auburn Extension economist. For example, tests show that it costs less to open the door seldom for longer periods of time; therefore, taking several things out at one time and avoiding opening the door too much saves money. And don't refrigerate things that don't need it such as jelly, pickles, and peanut butter.

The best location for the appliance is the coolest place in the kitchen, says the specialist. Keep the refrigerator clean, and follow the manufacturer's handbook to insure good performance.

## Plant Better For Greater Yields

To make higher yields and more profit from cotton, Alabama farmers should plant a variety that has proved to be an outstanding yielder in their areas of the state.

Jasper Jernigan, Auburn Extension Service cotton specialist, recommends the following wilt-resistant varieties for the entire state: Dixie King, Auburn 56, Plains, Coker 100-A, and Rex. Empire may be planted in the northern part of the state, and All-in-One is another "acceptable" for South Alabama.

Wilt-susceptible varieties do not grow well in extreme southern Alabama, but Pope, Stoneville 7, Hale, Fox 4, and Stardel can be grown successfully in the noninfested soils of northern Alabama, Jernigan says.

## Adapt Clothing To Teach Child

The task of teaching a child to dress himself is much easier if clothing is adapted to his abilities.

Many commercial patterns include "self-help" features, or these aids can be incorporated when making a garment, says Jeanne Priester, Auburn Extension clothing specialist.

Some of the most helpful things to a child are front openings, snap fasteners, wide elastic waist bands, easy-to-reach pockets, two-piece suits, and medium-size buttons with sturdy buttonholes. And the specialist says that a child may be able to solve the mystery of closing a zipper if it contains a small ball button or tassel.

To avoid confusing the child, use the same type fasteners until the habit of dressing is established, Miss Priester adds. And if you don't want junior to emerge from his room dressed backward, mark his clothes so that he can easily tell the front and back of the garment.

## Better Production From Dairy Herd

In four to six years an Alabama dairyman with a herd producing 5,000 to 7,000 pounds of milk a year per cow can increase production to 10,000 pounds a year.

Sound unbelievable? John Parrish, Auburn Extension dairyman, says that a recent study made by Dr. K. M. Autrey, head of Auburn University's dairy department, shows that these results can be obtained by following certain principles.

In a herd belonging to the Dairy Production Unit in North Auburn, Autrey found that in 1955 the herd, consisting of 29 cows, was producing an average of 7,158 pounds of milk and 342 pounds of butterfat. But the figures for 1960 show that the herd, numbering 56, had a record of 10,537 pounds of milk and 447 pounds of fat. This herd was being used for feeding research, and consequently, did not reach its maximum potential.

Through the use of desirable proved bulls, the genetic ability of the cows was increased. This ability, plus careful herd management, adequate feeding, strict culling, and the use of capable skilled labor were the basic reasons for such rapid development, Parrish says.

The National Safety Council reports that 2,000 people were killed by firearms in 1959. And 1200 of these were killed in their own homes.

### RURALITE EMERGENCY PROTECTION PERSONAL ACCIDENT POLICY

Designed Especially For Our

Subscribers and Their Family Household Members

This outstanding policy will help to pay those unexpected expenses for bodily injury—whether simple or serious—when accidents strike without warning at work, on the farm, at home, at school, at play, or while traveling. Here is a modern, practical, essential and economical personal accident policy prepared to give the best possible protection at the lowest possible cost that will fit the pocketbook of every family.

Each member of the family—man, woman and child—regardless of age, residence, occupation or activity—is constantly exposed to accident hazards "around the clock" and "around the calendar" and should have this valuable and helpful protection which is now available through this newspaper because of the serious accident situation which exists everywhere today. Subject to the policy provisions, it includes indemnity for Loss of Life, Loss of Limb, Loss of Sight, Total Disability, First Aid, Ambulance, Hospital and X-Ray.

The policy is issued without medical examination. There are no age limits (specific loss and total disability indemnities are reduced fifty per cent (50%) when the insured is or becomes age 70 and over.) It costs only \$5.00 per person per year, plus a first-year only registration fee of \$1.00. This averages but slightly more than a penny a day for protection everyone needs and can afford to pay. It is issued by Old Republic Life Insurance Company, Chicago, Illinois.

## Foods of the Future

### SIP A STEAK AS YOU SAIL THRU SPACE!

Because ordinary food will float, space scientists are developing metal tubes of food to enable the space pilot to squeeze his meal directly into his mouth.

These "toothpaste-like" tubes will contain semi-solid and liquid meals for the astronaut zooming through space at 5,000 mph. The meals can be seasoned to smell and taste like choice broiled steaks when they are sprinkled with a new beef-flavor, natural, concentrated powder.

It may be a few years before these new "space foods" are put to use, but in the meantime, this is certain: changing styles in foods won't change America's preference for those two wholesome beverages, BEER and ALE!

Prior to the use of DDT there were 13 species of insects, ticks, and mites known to be resistant to insecticides. Now there are 137.

The average family in the South spends less than \$300 a year for all medical expenses, but twice that for tobacco and alcohol.

## for CHURCH ORGANISTS and ORGAN COMMITTEE MEMBERS

Come play and hear the Easter music of your church on the Hammond Organ

Whether your church is considering a new organ or not, this is an experience you will not want to miss.

So accept our invitation to discover for yourself the astonishing versatility of the Hammond Organ... its hundreds of impressive church tones... the infinite richness and color it brings to the music of religion.

Though one of the world's great instruments, the Hammond is the lowest cost complete church organ. Up-keep is negligible. Over 35,000 churches have chosen it.

You will understand why, once you play and hear it. So come in for a special pre-Easter demonstration. No obligation to you or your church, of course.
