The Passing Parade

● Very soon—certainly by December 1—all of us will have to learn a new number for our telephone. The prefix of ATwater-2 will be 76-4 and EMpire 3 will be 76-6. Across the river, EVergreen-3 will be 38-3 and a new exchange, 38-1 will be added. The remaining four digits will remain as at present. The use of the Area Code Number 205 will come into general use in long distant calls. The number 205 designates the State of Alabama. (Maybe we'll start writing Florence, Ala., thusly: Florence, 205.)

● It is said the Bureau of Internal Revenue believes America is a land of untold wealth.

● From now on Okay Doke or Okay or Okeh or O.K. will be passe as "A-okay" takes over to indicate that all is well. Spaceman Alan B. Shepard, Jr. has given the nation a new expression, born of the space age, and you may expect to find it in the next edition of Webster's Unabridged.

● Youth calls to youth—that's why we almost never get to use the phone.

● We were interested in an item about a Farmington, Minn., grocer who finally collected a long overdue bill from a customer. "I want a receipt," the slow-paying customer demanded. "Glad to oblige," the grocer replied and wrote: "This ex-customer don't owe the undersigned a cent—and ain't going to ever again."

● This item is directed to those of you who plan building a new home in the near future. The April 1, 1896 issue of The Ladies' Home Journal described a 20-room Dutch Colonial residence which could be built anywhere in the United States at a cost of \$5,000. Why not write for plans?

● On Monday, President Kennedy called former President Truman to congratulate him on his 77th birthday and later in the conversation advised him "we are taking good care of your house." We imagine that there were times during the past few weeks that JFK would have been glad to cancel his four year lease.

● Regarding trading relations—at one time or another some of us would love to.

● Recently we received a complaint from one of our subscribers. This subscriber, a long-time reader of The Herald, told us that she liked our paper and read it thoroughly from front to back but wanted to lodge a complaint and a suggestion: "Why do you carry so many ads?" she asked. "It would certainly make your paper more interesting if you cut down on the number of ads and used news items in their place. Just a suggestion," she concluded. We appreciate this "complaint" but to us it is a rare compliment because without the "large number of ads" of which she complains, there would be fewer and fewer columns for news. We hope our valued subscriber will understand because it is our fondest wish that we may please our readers.

Parade Set Wednesday Afternoon

Pageant, Centennial Ball To Commemorate War

The Colbert-Lauderdale Civil War Centennial pageant which will be presented on Wednesday and Thursday nights, May 17-18, at Deshler stadium in Tusculum, will commemorate events that transpired at the beginning of the Civil War. It will pay tribute to the first soldiers of both counties who volunteered for service in the Confederate Army, and present an authentic background that will include shoppers in Tusculum's commercial row, drilling of the famed LaGrange cadets who later volunteered in a body, an antebellum home scene with Negro spirituals, the crowning of the "Queen of Love and Beauty" with a scene depicting a mounted tournament. The presentation of the flag to the Franklin Blues and the Florence Guards, a Confederate ball at LaGrange Academy, Forrest and his men, and Wheeler's farewell speech to his comrades in arms are among the historical events to be included.

The northern Alabama area is rich in exciting history and heart-warming tradition and in the pageant the story of these people will unfold, first showing the South as it was in its heyday of culture and tradition and again at the time of its greatest trial. The final scene will show the reunited nation under the flag of the United States. Sponsors in urging support of the Centennial commemoration point out that the purpose of the pageant and other events scheduled for the week of May 14-20, is not to recall the war with bitterness but to pay tribute to the one event in the nation's history that resulted in a united people and to commemorate the sacrifices and courage of those on both sides of the great conflict.

As a prelude to the pageant there will be a commemoration of the flag raising for the "Franklin Blues" at 4 p.m. on Monday in downtown Tusculum, and on Tuesday afternoon a similar ceremony at Wesleyan Hall at Florence State College in memory of the "Florence Guards." These two companies of volunteers were the first to leave for service in the Confederate Army.

Massey Receives Contract For New West End Gym

Plans Made By County Board Of Education For Additional Construction

The sixth construction project of the Lauderdale County school system, to be let on bids in recent months, was awarded the J. M. Massey Construction Co., Florence, Thursday. The project on which bids were asked was a combination auditorium and gym for West End High School, Oakland, the contract price being \$64,170.

An additional five construction projects are in the program of the Board of Education, Allen Thornton, superintendent, announced. These include a science room and heating system for East End High School, Rogersville; four classrooms at Anderson; vocational agriculture room and classroom at Lexington; elementary classrooms at Waterloo and a heating system and lunch room at Elgin Elementary School. The cost of this construction is estimated to run \$239,621.90 and is the balance of the part of the \$100,000,000 school construction bond issue authorized in the last session of the Legislature.

The Board of Education approved the sale of the nine acres, owned by the board across the highway from the North Alabama State Fairgrounds, to the local post of the Veterans of Foreign Wars. It is understood that the VFW will erect a new home and other facilities on this site.

Upon recommendation of Superintendent Allen Thornton, Mrs. Doris Levell was elected as a teacher to be assigned later.

The board will meet in regular session Saturday morning at 10 o'clock when teachers for the next school term will be elected.

Mr. and Mrs. Otto Speake have moved into their recently completed home in Hickory Hills.

RETURNS FOR VISIT—Princess Grace of Monaco and her children, Princess Caroline, 4, and Prince Albert, 3, brighten the New York scene on their arrival by plane from Nice, France. Princess Grace, the former movie star and Academy Award winner, will be visiting the United States for about a month. This is the first glimpse of her former homeland for her children.

Post Office Begins Use Of Mailsters By Local Carriers

Fourteen Routes To Be Served By Motorized Carts Improving Service

Henry C. Wilson, of Memphis, regional delivery supervisor for the Post Office department, told the Exchange Club at its meeting at Hotel Reeder Tuesday noon the details of the beginning of carrier service by mailsters, which got under way at the local post office Wednesday. Don Holt, postmaster, introduced Mr. Wilson as well as C. R. Wooten and Paul Boyce of the post office department who are associated with the regional headquarters.

Mr. Wilson reviewed the carrier service out of the local post office as well as the rural mail service and explained the efforts being made to improve the mail service as well as reduce costs where possible. He told of the introduction into local service of the mailsters, three-wheel carts that cost slightly less than \$1,000 each and which can be operated for \$2.50 per day. Fourteen of these mailsters were put into service here Wednesday under a thirty day training period after which it is expected that mail service will be speeded up, earlier delivery made possible with greater ease and comfort for the mail carrier.

The mailsters, manufactured by Borg-Warner, are powered by a two-cylinder, 12 horsepower motor, will carry 500 pounds of mail in its 40 cubic feet of space. The mailster is capable of a speed of 35 to 40 miles per hour but regulations set a maximum speed of 25 miles per hour.

In addition to the mailsters, parcel post trucks will continue to operate for the present while mail will be delivered in the business area by carriers on foot.

Lard Electric, Office Destroyed By Flames Thursday Morning

A fire in downtown Florence, Thursday, in a matter of seconds engulfed almost an entire building and caused heavy damage at 114 and 116 West Mobile, occupied by Lard Electric Company, which is operated by Hulén Haddock, and the office of Mrs. Van Arnold.

Chief Bob Lovelace said Haddock told him he was working on an electric motor and that there was "an amount of gasoline" near by which apparently was used for cleaning purposes; Haddock expressed the belief that since there were several acetylene tanks around the area in which he was working, a hose must have burst on one of the tanks causing an explosion. The explosion apparently threw gasoline all over the building, causing the fire to spread very rapidly.

Shepard Praises Those Who Helped

Astronaut Is Decorated By President Kennedy

The United States first spaceman, Alan B. Shepard, Jr., 37, rocketed briefly across the threshold of space Friday and landed safely after a pulsating 5,000-mile-an-hour journey that carried him 290 miles over the Atlantic in 15 minutes at an altitude of 115 miles. The pickup occurred at 9:53 a.m. (EST) 19 minutes after the Redstone booster rocket blasted off from Cape Canaveral at 9:34 a.m.

As the missile accelerated, forces six times the pull of gravity pushed the astronaut against his couch. At 141 seconds after launch, the capsule separated and the escape tower, designed to jerk the capsule free and parachute it safely to earth in case of trouble, was jettisoned. Automatic controls then flipped the nine-foot tall capsule over 180 degrees so the blunt heat-shield base led the way, with the pilot riding backward. Four minutes after launch, Shepard tumbled, as if over a precipice, into a weird and weightless world, an exhilarating experience that lasted approximately five minutes.

Shepard reported constantly throughout the flight that he was able to do certain tasks, such as pushing levers and buttons and operating manual controls. All the way through he told the control center at Cape Canaveral by radio that everything was OK and radioed back he could see the outline of the entire East Coast of the United States. During the flight, officials said that Shepard was reporting facts and figures just like a test pilot should.

Ships, planes and helicopters raced to recover the astronaut when his cabin plopped into the water and immediately transferred him to the aircraft carrier Lake Champlain, flagship of a seven-vessel recovery fleet.

Flynt Announces Local Watershed District Created

Election Will Be Held In Near Future For Board Of Directors

Estes R. Flynt, Probate Judge of Lauderdale County, and Edward Jones, Chairman of the Lauderdale County Soil Conservation District, jointly announced the Cypress Creek Watershed Conservancy District has been created and properly certified at Montgomery.

The election will be held in the near future for the five Board of Directors of the newly created district. The names appearing on the ballot on election date will be those that have properly qualified to run for the board of directors with the deadline set for qualifying to run for the board, May 20.

One of the requirements for nomination to the Board is to have 25 of your neighbors sign a nominating petition form, however, full information concerning nomination may be secured from Howard Jones at the Shoals Cheese Corp. The five members of the Board who are elected will serve without pay and will be expected to devote considerable time, energy, travel and expense to help secure and operate the Watershed if it is obtained. They will operate under the supervision of the Lauderdale County Soil Conservation District.

Following is a copy of the petition and certification nominees neighbors must complete in order for nominees name to appear on the election ballot:

I, the undersigned legal landowners living within the Cypress Creek Watershed Conservancy District, hereby nominate _____ as a Director of the Cypress Creek Watershed Conservancy District. We certify that the above Nominee is a legal resident and had land recorded in his name on the Tax records within the boundaries of the above mentioned Watershed prior to the formation of the Watershed District.

Twenty-five names shall be listed after the above paragraph of neighbors of the nominee.

Animal Shelter Invites Visitors

The 47th annual observance of National Be Kind To Animals Week began this week throughout the United States as well as in Lauderdale County. This occasion is marked here by invitations to join one of the two local humane societies with suggestions to adopt a new pet from the Lauderdale Humane Shelter.

The shelter, located on West Irvine Avenue, Florence, invites visitors Monday through Saturday and requests anyone seeing an animal in distress to call the shelter. The society found homes for 647 animals during the past year.

According to some Washington observers President Kennedy has not put a higher priority on Civil Rights legislation despite the fact six new bills have been introduced in Congress. However the Administration has asked for legislation to hasten desegregation of all racially segregated public schools.

Every school board operating racially segregated public schools would be required to adopt a segregation plan and file it with the Secretary of Welfare within six months.

The school proposal was among the six rights bills ready for introduction by Sen. Joseph S. Clark (D-Pa.) and Rep. Emanuel Celler (D-N.Y.).

In September, President Kennedy then the Democratic candidate, appointed Clark and Celler as a committee to carry out the civil rights platform promises in the form of legislation.

The desegregation plan proposes to provide "first step" compliance not later than the beginning of the 1963-64 school year and would also designate the manner in which desegregation would be achieved in each class and school under a board's jurisdiction.

Federal technical and financial assistance would be given under the bill to desegregating school districts, it was stated. Provision for court enforcement would also be provided in case school boards violated the duties imposed upon them by legislation.

Another of the six bills would make the Civil Rights Commission a permanent federal agency with strengthening fact-finding powers.

Other bills in brief would:

1. Empower the attorney general to bring civil injunction suits in federal courts to prevent denial of civil rights to any on grounds of race, creed or color.

2. Provide administrative and judicial remedies for persons subjected to discrimination in hiring, firing or promotions.

3. Eliminate the poll tax as a requirement for voting in federal elections.

4. Eliminate literacy tests as a requirement for voting.

Clark and Celler said they would push legislation on the Administration's six-point program.

**SEMI-MONTHLY MEETING
OF LEGION TONIGHT AT 7:30**

Florence-Lauderdale Post No. 11, American Legion, will hold its regular semi-monthly meeting tonight at 7:30 p.m. when several matters of importance will come before the meeting.

Commander Laverne Tate advises that he has several announcements of special interest he will make and urges a full attendance.

FAKER—This "Etruscan" warrior's head, long a valued piece in New York's Metropolitan Museum, has been adjudged a forgery. Tests showed that the black glaze on the head could not have been applied 2,000 years ago—when the statue was believed created.

Another step in bringing to the citizens of this area the finest hospital and nursing home service that is humanly possible will be recognized Sunday with the formal opening of the new addition to Mitchell-Hollingsworth Annex of Eliza Coffee Memorial Hospital. The public is extended a cordial invitation by the Board of Governors to visit the new facility between the hours of two and five in the afternoon on Mother's Day in order to view the first in a four-stage development of this splendid adjunct to the local hospital.

The new addition has been completed at a cost of \$159,000 and has 15 spacious, attractive and comfortable rooms with every modern convenience for the patients. Sitting rooms, a spacious corridor and various utility rooms, in addition to the bedrooms, provide a service that is unexcelled when consideration is also given to the splendid personnel that administers to the patients with special care.

Mitchell-Hollingsworth Annex was made possible in 1952 by a generous contribution for the purpose by Mr. and Mrs. Jewett T. Flagg and the J. T. Flagg Knitting Co. The gift to Eliza Coffee Memorial Hospital carried the stipulation that it be named in honor of the first chairman of the Board of Governors, Judge J. J. Mitchell, and a present and longtime member of the board, Dr. D. W. Hollingsworth. After a renovation program, the first nursing home under the skilled supervision of a recognized hospital in the state was opened in November of that year with 13 beds available. An additional 10 beds were added later with two additional beds again added a short time ago. With the 15 beds in the new addition, 40 beds are now available.

The new addition is served in each room by TV cable outlet and private telephones in some of the rooms may be had if so desired. Handsome furniture that adds so much to the delightful rooms has been installed and the beautiful appearance throughout is a far cry from the accepted picture of a nursing home.

Under the supervision of Mrs. James E. Alexander, R. N. Director, and Mrs. Louise Smith, Supervisor, the entire facility is adequately staffed with Registered Nurses and Licensed Practical Nurses who are on the alert 24 hours a day to administer to the wants and the needs of the patients.

The Open House event, which has been looked forward to with much anticipation, will be in charge of the Gray Ladies of the Red Cross under the direction of Mrs. T. T. Hackworth, chairman, and Mrs. Bess Nance of the Red Cross office, R. C. Barnes, general manager, announces.

Of special interest to visitors Sunday afternoon will be the large number of rooms that have been outfitted in honor of some and in memory of others, all adding their sentiment and value to this splendid nursing home.

Members of the Board of Governors and their wives as well as management personnel will be present during the formal opening to assist the Gray Ladies in directing the visitors through the addition as well as the older portions of the facility.

GRAND JURY TO BE EMpaneled TODAY

The Lauderdale County Grand Jury will be empaneled today before Circuit Judge Robert M. Hill.

The investigative body is being formed today instead of Monday because Judge Hill was out of town. It is a regular term of the body.

Why The Centennial?

The Civil War Centennial Commemoration is not a celebration but a time to memorialize the great courage and self-sacrifice of those on both sides who were dedicated to a cause they thought was right. It is hoped that from the nation-wide observance at state and community level that a better understanding of the problems of each side will result from such a commemoration.

While the issues of secession will never again be debated nor the country divided it is well to know the basic causes of the great conflict that in many cases divided families, father against son and brother against brother. The turmoil in the hearts of the people was an even greater tragedy than the war itself.

The Colbert-Lauderdale Civil War Centennial Commemoration beginning Sunday, May 14, and ending Saturday, May 20, will serve to memorialize many events of history in the Valley and pay tribute to the "long gray line" that paid the supreme sacrifice on the field of battle.

The issues faced were settled by the Civil War and resulted in a united nation under one flag. The war changed the face of history and from it emerged a people with a common goal and a common ideal... a nation of the people, for the people and by the people... "that shall not perish from this earth."

Ever Wonder About Space?

It looks as if it will be only a matter of a short time when man will be traveling about in space just as he does on earth in his present modes of travel. Our scientists already admit the possibility of a moon shot within a year or so with the idea of eventually landing on the dead satellite.

It is calculated that there are six million worlds like our own scattered through the Milky Way and that alone should help alleviate the space traffic problem for those space-minded people who are looking forward to a trip into the wide blue yonder.

Various bits of evidence pieced together by our scientists calculate the distance to the galaxies of the Milky Way are some 6 billion light years away or a mere 36,000,000,000,000,000,000 miles (thirty-six million trillion if you want to get technical). This mileage is gauged by the speed of light at 186,000 miles a second. The generally assumed age of the universe is 25 billion years but it has not been determined whether it is still expanding, standing still or disintegrating.

The age of the earth incidentally has been variously estimated at 10 to 25 billion years with a good chance of it lasting another 6 billion or so, provided ambitious man doesn't blow it to smithereens before then. Some have advanced the theory that space travel may open an avenue of escape for those who are fearful of modern man's ideas of self-destruction. When one looks at the condition the world's in today it doesn't seem such a bad idea to keep in mind.

Be Kind To Animals Week

Be Kind to Animals Week is a reminder that we should be kind to animals every week because kindness isn't something one just practices once in a while. True kindness is a trait of human character, stronger in some than in others, largely because of home influence. Parents who teach their children to handle their pets gently and with care, build this trait of kindness just as surely as they build the traits of loyalty and integrity, and respect for authority.

Children are best taught kindness to animals by being allowed to have a pet or two but they should not be allowed to shirk the responsibility of taking care of their pets for this too is part of character building. Youngsters who have a dog or cat are happy indeed when their love and affection is reciprocated by their pet.

Many times nice pets may be obtained at the Animal Shelter of your Humane Society. Don't mind if the animal is just a dog. It will be just as affectionate and grateful for a good home and a lot less finicky than one with a pedigree a mile long.

When you see a boy without a dog the picture just isn't complete. So why not complete that picture during "Be Kind To Animals Week and make both the boy and the dog happy?"

Laos Peace Talks Agreed To

The Royal government accepted ex-Premier Souvanna Phouma's invitation to peace talks on the front north of Vientiane, Laos, Thursday. It was the biggest breakthrough so far in getting major cease-fire and political talks started between the government and pro-Communist Pathet Laos rebels, who agreed last Wednesday to stop fighting.

Fulbright Chides Kennedy

The relationship between President Kennedy and Sen. J. William Fulbright, the man he almost made his secretary of state, has reached a new and highly sensitive stage. Fulbright is chiding the president on grounds that he has failed to follow through on the bright promise of his early speeches and spoke out against specific foreign policy actions that have not been resolved but are still under active study in the White House, such as intervention in Laos.

Janie Forsyth, a 12-year-old from Anniston, Calhoun County, won the Alabama spelling bee contest, and will compete next month in Washington in the National Spelling Bee where some 70 top spellers from all over the country will be vying for top place. It took her 25 rounds and more than 500 words to clinch the title from a field of 57 contestants. The last word she spelled was "capias" and then "cloisonne."

Teenagers Die In Gulf Storm

The Albatross, a 110-foot picturesque sailing ship used as a seagoing school for society teenagers, sank in the Gulf of Mexico Wednesday during a howling wind storm, killing six aboard. Christopher B. Sheldon, the captain of the ship, 10 of his wealthy pupils and two professors were the only survivors. The ship was headed for the Bahama Islands and located about 180 miles northwest of Key West when it sunk.

Late News

● A filibuster exploded in the House of Representatives beset by factional strife over legislative reapportionment and congressional redistricting, Tuesday, in Montgomery. The outbreak developed over rival formula for redistricting the state into new congressional districts, which after an hour and 20 minutes of bickering, House members gave up in frustration and adjourned until Friday with the raging battle still undecided. Lauderdale's Senator E. B. (Bert) Halton, in defense of his bill said, "it would be a very serious tactical mistake to delay action on this bill." The controversial measure drafted by Halton could be reported out Friday and possibly voted on Tuesday.

● An Air France four-engine Super Constellation, bound from the Congo Republic to Paris, carrying 69 persons, crashed in the Sahara Wednesday with at least five Americans aboard. There were no survivors. The wreckage was found smashed into lonely sand dunes of the Sahara about 75 miles north of the oil field of Edjele. The mother, wife, and three children of Alan Lukens, U.S. charge d'affaires in Bangui, Central African Republic, were aboard.

● The Kennedy administration was to ask Congress Monday for legislation to hasten desegregation of all racially segregated public schools; every school board operating a racially segregated public school would be required to adopt a desegregation plan within six months and file it with the secretary of welfare. Federal, technical and financial assistance would be given under the bill to desegregate school districts.

● Soviet Foreign Minister Andrei A. Gromyko, with a party of 25 advisers, arrived in Geneva Wednesday for the Laos conference which is scheduled to open tomorrow. The United States and other Western powers among the 14 have proclaimed an intention to stay out until the three-nation control commission for Laos certifies the cease-fire agreed upon by the royal government and pro-Communist rebels last Wednesday. That certification is still lacking.

● The French government and the leaders of the Algerian nationalist rebellion agreed to begin their long awaited peace negotiations May 20, to be held in Evian-las-Bains on the French side of Lake Geneva. The two sides have agreed to break the negotiations down quickly into subcommittee sessions which in turn will go into detailed aspects of the self-determination solution proposed by French President Charles de Gaulle. The negotiations will range over all aspects of the Algerian question.

Personality Sketches

By ANN SULLIVAN

KARL TINNON TYREE

Since moving to Florence shortly after World War I, Mr. Tyree has been closely identified with the business progress of the community. His activities for civic improvement have claimed much of his time and his talents and dedication to improvement of the area have long been recognized.

He was one of the leaders in the efforts to bring Gardner-Warrior Co., now Flagg-Utica Corp., to Florence being co-chairman of the committee that raised the funds to finance the construction of the main building into which the knitting plant was moved. He also was one of those who made the Florence Golf and Country Club a reality. "The unbelievable growth and expansion of Florence in the years I have made my home here continues to astound me," Mr. Tyree said.

Karl Tinnon Tyree was born in Clifton, Wayne County, Tenn., January 18, 1897, the son of Jonathan Cyrus and Minnie Hughes Tyree. He attended Clifton Elem-

entary School and was graduated from Frank Hughes High School in 1916. While in high school, he was a member of the baseball and tennis teams and a member of the band and orchestra in which he played the tuba and piccolo. He was a member of the school quartet, the Dramatics Club and the Debating Society. Mr. Tyree was president of his senior class.

Following his graduation, Mr. Tyree entered the University of Tennessee, Knoxville, attending for one year when he volunteered for service in the U.S. Army. During his year at the University of Tennessee, he was a member and treasurer of Pi Chapter of Alpha Tau Omega social fraternity.

He received his basic training

in the army at Vancouver Barracks, Vancouver, Wash. During his service, he was in the 21st Squadron, Aviation Section of Signal Corps. In 1919, he was discharged at Fort Taylor, Ky. with the rank of private first class.

Following his discharge, Mr. Tyree came to Florence. He was employed as head bookkeeper at The First National Bank for four years. In 1923, he accepted the position of first teller and assistant manager of the Florence branch of the Tennessee Valley Bank. Mr. Tyree remained in that position for six years.

For the month of November, 1929, Mr. Tyree was engaged in the real estate and insurance business. In December, 1929, he accepted the position of business manager and treasurer of Florence State Teachers College, continuing in that post until April, 1944. At that time, he entered the retail coal business, continuing until July, 1950. In October, 1950, Mr. Tyree was employed by the City of Florence as manager of the Gas Department, the position he has held since.

On June 28, 1922, Mr. Tyree was married to Mary Clyde Willingham, of Florence. They have two sons, Karl Tinnon, Jr., a local attorney, and Henry Willingham, a local architect. There are five grandchildren.

Mr. Tyree is a member and treasurer of the Tennessee Valley Municipal Gas Association; member of the Board of Directors and treasurer of Florence Municipal Federal Credit Union. He has attended the Southwestern Gas Measurement Short Course at the University of Oklahoma, Norman, for the past eight years.

He is a member and has served on numerous committees of the Chamber of Commerce; a member and on the Board of Directors of Florence Kiwanis Club; member of the Knights of Pythias; a member and past adjutant of Florence-Lauderdale Post No. 11, American Legion and former member of the Benevolent and Protective Order of Elks. He is a former member and past treasurer of Florence Golf and Country Club.

Mr. Tyree is an active member of the First Presbyterian Church. Sports of all types have been his hobbies and for years he has enjoyed hunting, fishing, golfing, skating and tennis. As for competitive sports, he now is usually a spectator.

Approves Resolution For
Development Program

The Lauderdale Court of Commissioners approved a resolution calling for a county planning commission, Monday, and made plans to send copies of the resolution to State Senator Bert Halton and Representatives Robert H. Broadfoot and Charles Long.

The commissioners stated in the resolution they had received numerous complaints about existing road conditions in newly developed subdivisions outside the city limits "wherein developers have developed without preparing adequate streets and roads for benefit of the owners therein and whereas, road maintenance and construction in Lauderdale County has heretofore been turned over to the State Highway Department by Legislative act, leaving the court without authority to act on such matters.

"The State Highway Department will not accept roads until all lots in subdivisions have been fully developed and are privately owned and unless roads meet state standards in width, drainage, surfacing, etc.," the resolution continued.

The legislators have been asked to pass the local bill in the legislature to establish the planning board. The planning commission has been endorsed by the Muscle Shoals Board of Realtors, which has Florence realtors as members.

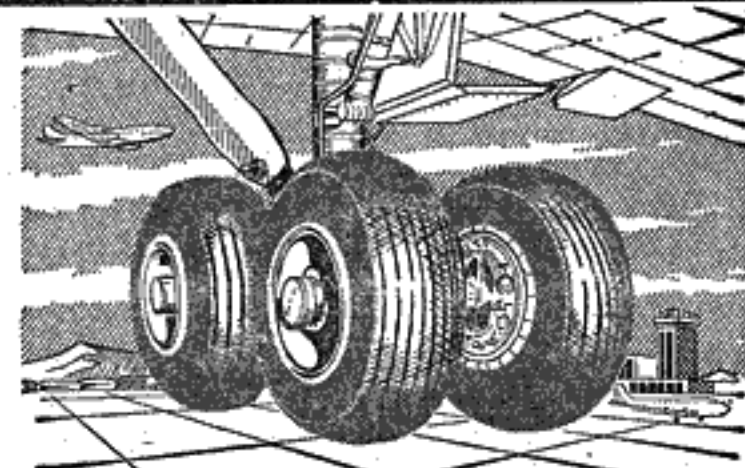

In other action, the court approved a \$3,000 grant for a rehabilitation center for persons considered permanently and totally disabled to be built at the Tennessee Valley State Vocational Technical School near Decatur. Officials of the 12 North Alabama counties which are served by the trade school were asked to contribute to the center at a meeting April 21.

The majority of spots on clothing can be removed by applying one of two things—plain cold water or talcum powder. Rub the latter into the spot, leave on for awhile and then brush off.

Miss Brenda Carol Pettus Says Vows With Mr. Bailey

Solemnized in Northside Church of Christ on Saturday evening, April twenty-second, was the marriage of Brenda Carol Pettus, daughter of Mr. and Mrs. Harvel Pettus of Lexington, and Robert O'Neil Bailey, son of Mr. and Mrs. R. Osborn Bailey of Anderson.

Against a white background etched with ivy, the altar was lighted by groupings of white tapers in branched candelabra and decorated with basket arrangements of white gladioli and pom-pom chrysanthemums. Pledges were heard by Hogan Lee Cooper, minister of the church, and music was by Miss Frances Mitchell and her father, Henry Mitchell.

Mr. Pettus gave his daughter in marriage. Chosen as her wedding gown was a model of lace over bridal taffeta with scalloped neckline distinguishing the bodice and a tunic of lace complementing the floor-length taffeta skirt. Her fingertip veil of silk illusion cascaded from a Queen's crown and with her grandmother's Bible she carried an orchid bouquet encircled with feathered carnations.

Miss Carol Bailey attended the bride as maid of honor; Miss Elizabeth Newton and Miss Kay David as bridesmaids; Judy Davis and Debbie Goode as flower girls. Linda Davis and Gail Taylor were

candlelighters. Their organza frocks over taffeta were in Dresden shades of blue, pink, yellow and green and their headaddresses were circular brims of matching net. They carried bouquets of white specimen chrysanthemums.

Charles Bullard was best man for the bridegroom and ushers included James A. Wagget, Harold McConnell, Thomas McConnell and Sam Newton.

Mrs. Pettus selected for her daughter's wedding an orchid gown and pinned a cluster of carnations at her shoulder; Mrs. Bailey was in blue and she, too, wore carnations.

Immediately after the ceremony, the bride's parents were reception hosts at the family home in Lexington.

Now returned from a brief wedding trip, the bride and groom are at home at 923 North Wood Avenue, Florence.

Miss Hill, Mr. Fantuz Wed In Quiet Ceremony

Miss Amelia Frances Hill, daughter of Mr. and Mrs. Jesse Mark Hill of 1807 Tule Avenue, Florence, and Robert Fantuz of Huntsville and Detroit, Michigan, son of Mr. and Mrs. Joseph Fantuz of Detroit, exchanged nuptial vows on Friday, May fifth.

The ceremony took place at the home of the bride's aunt, Mrs.

Hayes Malone, and Mr. Malone, in Russellville. The altar, improvised against a mantel background in the livingroom, was detailed with arrangements of white flowers and lighted by tall white tapers in branched candelabra.

Judge W. W. Weatherford, long-time family friend, read the half past four o'clock service in the presence of a small guest company composed of family members.

The bride wore a white polished cotton sheath designed with high neckline pointing to a V at the back, and a three-tiered skirt. Her hat was fashioned of white tulle and her bouquet of lilies of the valley was centered with a single white orchid.

Mr. and Mrs. Fantuz have now returned from a coastal honeymoon and are at home at 2801 Rawlings in Huntsville. Mr. Fantuz has been assigned to that area as engineering instructor with the United States Air Force and NATO.

Peggy Wright, Fiancee, Announce Nuptial Plans

When Peggy Carolyn Wright of Florence and William Lee Haynes of Nashville exchange vows on Saturday, June third, North Wood Methodist Church of Florence will be the setting and the Reverend T. J. Chitwood, minister, will be the officiating clergyman.

Mrs. Earl Beasley, organist, and Miss Brenda Lee, vocal soloist, will present the musical prelude.

Clarence Edward Wright will give his daughter in marriage. Attendants will include Miss Sandra Wright, sister of the bride, as maid of honor, and bridesmaids are to be Miss Patricia Haynes, sister of the bridegroom, of Nashville, Mrs. Weyland Hawkins, Miss Sandra Mitchell of Scottsboro, Miss Nancy Sharp of Lawrenceburg, and Miss Betty Ann Rice, Miss Jean Allen and Miss Joan Wright, a cousin, all of Florence.

Sharon Wright, also a sister, will be flower girl and Dennis Call will serve as ringbearer.

Sidney Williams, Monroe, Louisiana, is to be the bridegroom's best man and ushers will be James Mulhern of Sterlington, La.; Donald Wright of Washington, D. C., brother of the bride; Terry Howard, Grand Isle, La.; Donald Sumnerford, Joseph Sims and Elbert Drinkard, all of Hartselle; and William Lee of Florence.

The home of the bride's parents at 301 Wildwood Avenue, Florence, will be the scene of the reception which will immediately follow the half after four o'clock ceremony.

Mr. Mrs. Conway Honeymoon In Smokies

Only family members were present in Killen Baptist Church for the ceremony of Saturday afternoon, May sixth, when Miss Mary Jeanette Springer became the bride of Ernest Haryel Conway, son of Mr. and Mrs. R. M. Conway of Tusculumbia.

The bride is the daughter of Mr. and Mrs. Walter Springer of Lexington who have made the announcement.

The Reverend John Gibson, minister of the church, was the officiating clergyman.

Upon returning from their honeymoon, the bride and groom will be at home in Sheffield.

Parties Compliment Bride-Elect Jamie Tate

Yellow and white gladioli were about the home of Mrs. Russell Shelton on Eugenia Street when she and her cohostesses, Miss Betty Pettigrew, Mrs. Janie Risner and Mrs. Fred Foster honored Miss Jamie Tate with a prenuptial shower.

Assisting with the courtesies were Miss Joyce Crosslin, Miss Angela Hauerwas and Miss Linda Grissom.

About fifty guests were included on the invitation list.

The Ernest Montgomery home in Cloverdale was the scene of another shower for bride-elect Jamie and cohosting with Mrs. Montgomery for the event were Mrs. Jack Sims and Mrs. Dalton Sharp.

Red and white flowers decorated the party rooms, with red roses used throughout the area and, intermixed with specimen white blossoms, centering the lace-covered and candlelight refreshment table.

Assisting in serving the fifty guests who called were Mrs. John Simmons, Mrs. Glenn Austin and Miss Mary Lou Roberson.

Miss Tate, daughter of Mr. and Mrs. Alton Tate of Foy Avenue, Florence, will become the bride of Sammy Coy Smith at the home of her parents on Friday, June second.

Florence Study Club Ends Year With Luncheon

Mrs. Braxton Ashe introduced her son-in-law, Dr. George Passey of the psychology department of the University of Alabama, who presented the program for the luncheon meeting at The Town Club which concluded the present season for Florence Study Club on Saturday, May 6.

Dr. and Mrs. Passey (the former Algie Ashe of Tusculumbia) were in India from June 1960 to March 1961 while Dr. Passey was visiting professor at Gujarat University, Ahmedabad. The program included experiences of their travels and Mrs. Passey showed descriptive slides.

On the committee for next year's

entertainment are Mrs. Burr Bassel, Mrs. J. Irvin Mitchell and Mrs. Kenneth Williams.

Luncheon guests in addition to Dr. and Mrs. Passey were Mrs. Herbert Harris, Mrs. Hubert Young, Mr. and Mrs. Wilder Watts, Mrs. D. D. Cox, Mrs. Thomas Miller, Mrs. James McIntosh, Reverend and Mrs. E. G. Mullen, Miss Elizabeth Norvell, Mrs. Richard Parker, Miss Mary Rogers, Miss Mary Eliza Southall and Mrs. Carl Rossmassler.

Mr. Mrs. Haynes Feted 55th Wedding Anniversary

A family dinner on Sunday, May 7, honored Mr. and Mrs. L. O. Haynes of 1001 North Wood Ave., on the occasion of their fifty-fifth wedding anniversary.

Arriving on Saturday to be one of the hosts was a son, J. L. Haynes, of Nashville, with Mrs. Haynes and their daughter and son, Miss Patsy Haynes and Bill Haynes. They were joined in entertaining by the honor guests' daughter, Mrs. Dudley Olive (the former Mable Haynes) and Mr. Olive of North Poplar St., Florence.

A table decorated with Spring-time flowers was reserved at Starkey's for the reunion dinner.

WSOS Woman's Seminar To Be Held On Tuesday

A reminder to members of Women's Society of Christian Service of the North Alabama District:

A seminar on "Heritage and Horizons," a Home Missions study, will take place in First Methodist Church of Florence on Tuesday, May 16, between the hours of 10 a.m. and noon. Those who can remain for lunch and an hour of fellowship are asked to bring a sandwich.

A full attendance is urged.

Mrs. Archer Hosts Current Events Club

Mrs. Joe Redd, president of Current Events Club, presided during a brief business period when the group convened at the home of Mrs. Jewell Archer on Lauderdale Beach Thursday afternoon, May 4th.

Mrs. J. V. Cosby Summerell's overall report of "Our Summer In Scotland," which has entertained a number of club groups during the past season, composed the program and present for this and for the tea hour which followed were, in addition to members, Mrs. Karl T. Tyree, Mrs. Fred Osborn and Mrs. W. W. Slaton.

Mrs. Redd and Mrs. B. V. Ben-

THE FLORENCE HERALD, Florence, Alabama

der assisted with teatime courtesies.

Maple Heights Gardeners Have Annual Spring Tea

Cohostesses with Mrs. Weaver Fuqua on Thursday for the annual Springtime tea of Maple Heights Garden Club were Mrs. Graham Edwards and Mrs. Monette Butler, and the Fuqua's new home in Hickory Hills was the party setting.

Installation of officers for the coming year, customarily featured at this time, was conducted by Mrs. J. T. Darby and taking the president's gavel was Mrs. Lester Elledge. Serving with her will be Mrs. Butler as vice-president; Mrs. Leon Daniel as recording secretary; Mrs. J. M. Rose as corresponding secretary; Mrs. George Ezell, treasurer; Mrs. Raymond Westmoreland, parliamentarian.

Mrs. Sisk McCorkle was included with club members in the hospitality.

Tri Of Hostesses Curtis With Morning Gala At Club

Artistic arrangements of Spring-time blossoms were about Florence Golf and Country Club on

Friday morning, May fifth, when Mrs. Dan Tallman, Mrs. William Holloway and Mrs. Maurice Cox

entertained between the hours of ten and twelve.

Attention was drawn in particular to a great crystal bowl of white peonies and to a white urn filled with Scotch broom.

Covered with a cloth of pale pink linen, the serving table was centered with blue Japanese iris and apple blossom verbenas and a small wall table closeby was a real conversation piece with its fishnet drape caught with seashells, driftwood, and numerous items dear to a fisherman's heart.

Assisting the hostesses were Mrs. Bevil Killgore, Mrs. Gordon Rudd, Mrs. Robert Wolnewitz, Mrs. Curtis Baisden, Mrs. William Mapes, Mrs. Howard Hill, Mrs. Robert Tant, Mrs. Rawson Coleman and Mrs. Forrest Brice, the latter playing background music.

Faculty Women's Club Has Luncheon Meeting

The annual luncheon of the Faculty Women's Club, Florence State College, took place on Saturday at Trinity Parish House with Mrs. Bernarr Cresap, president, pre-

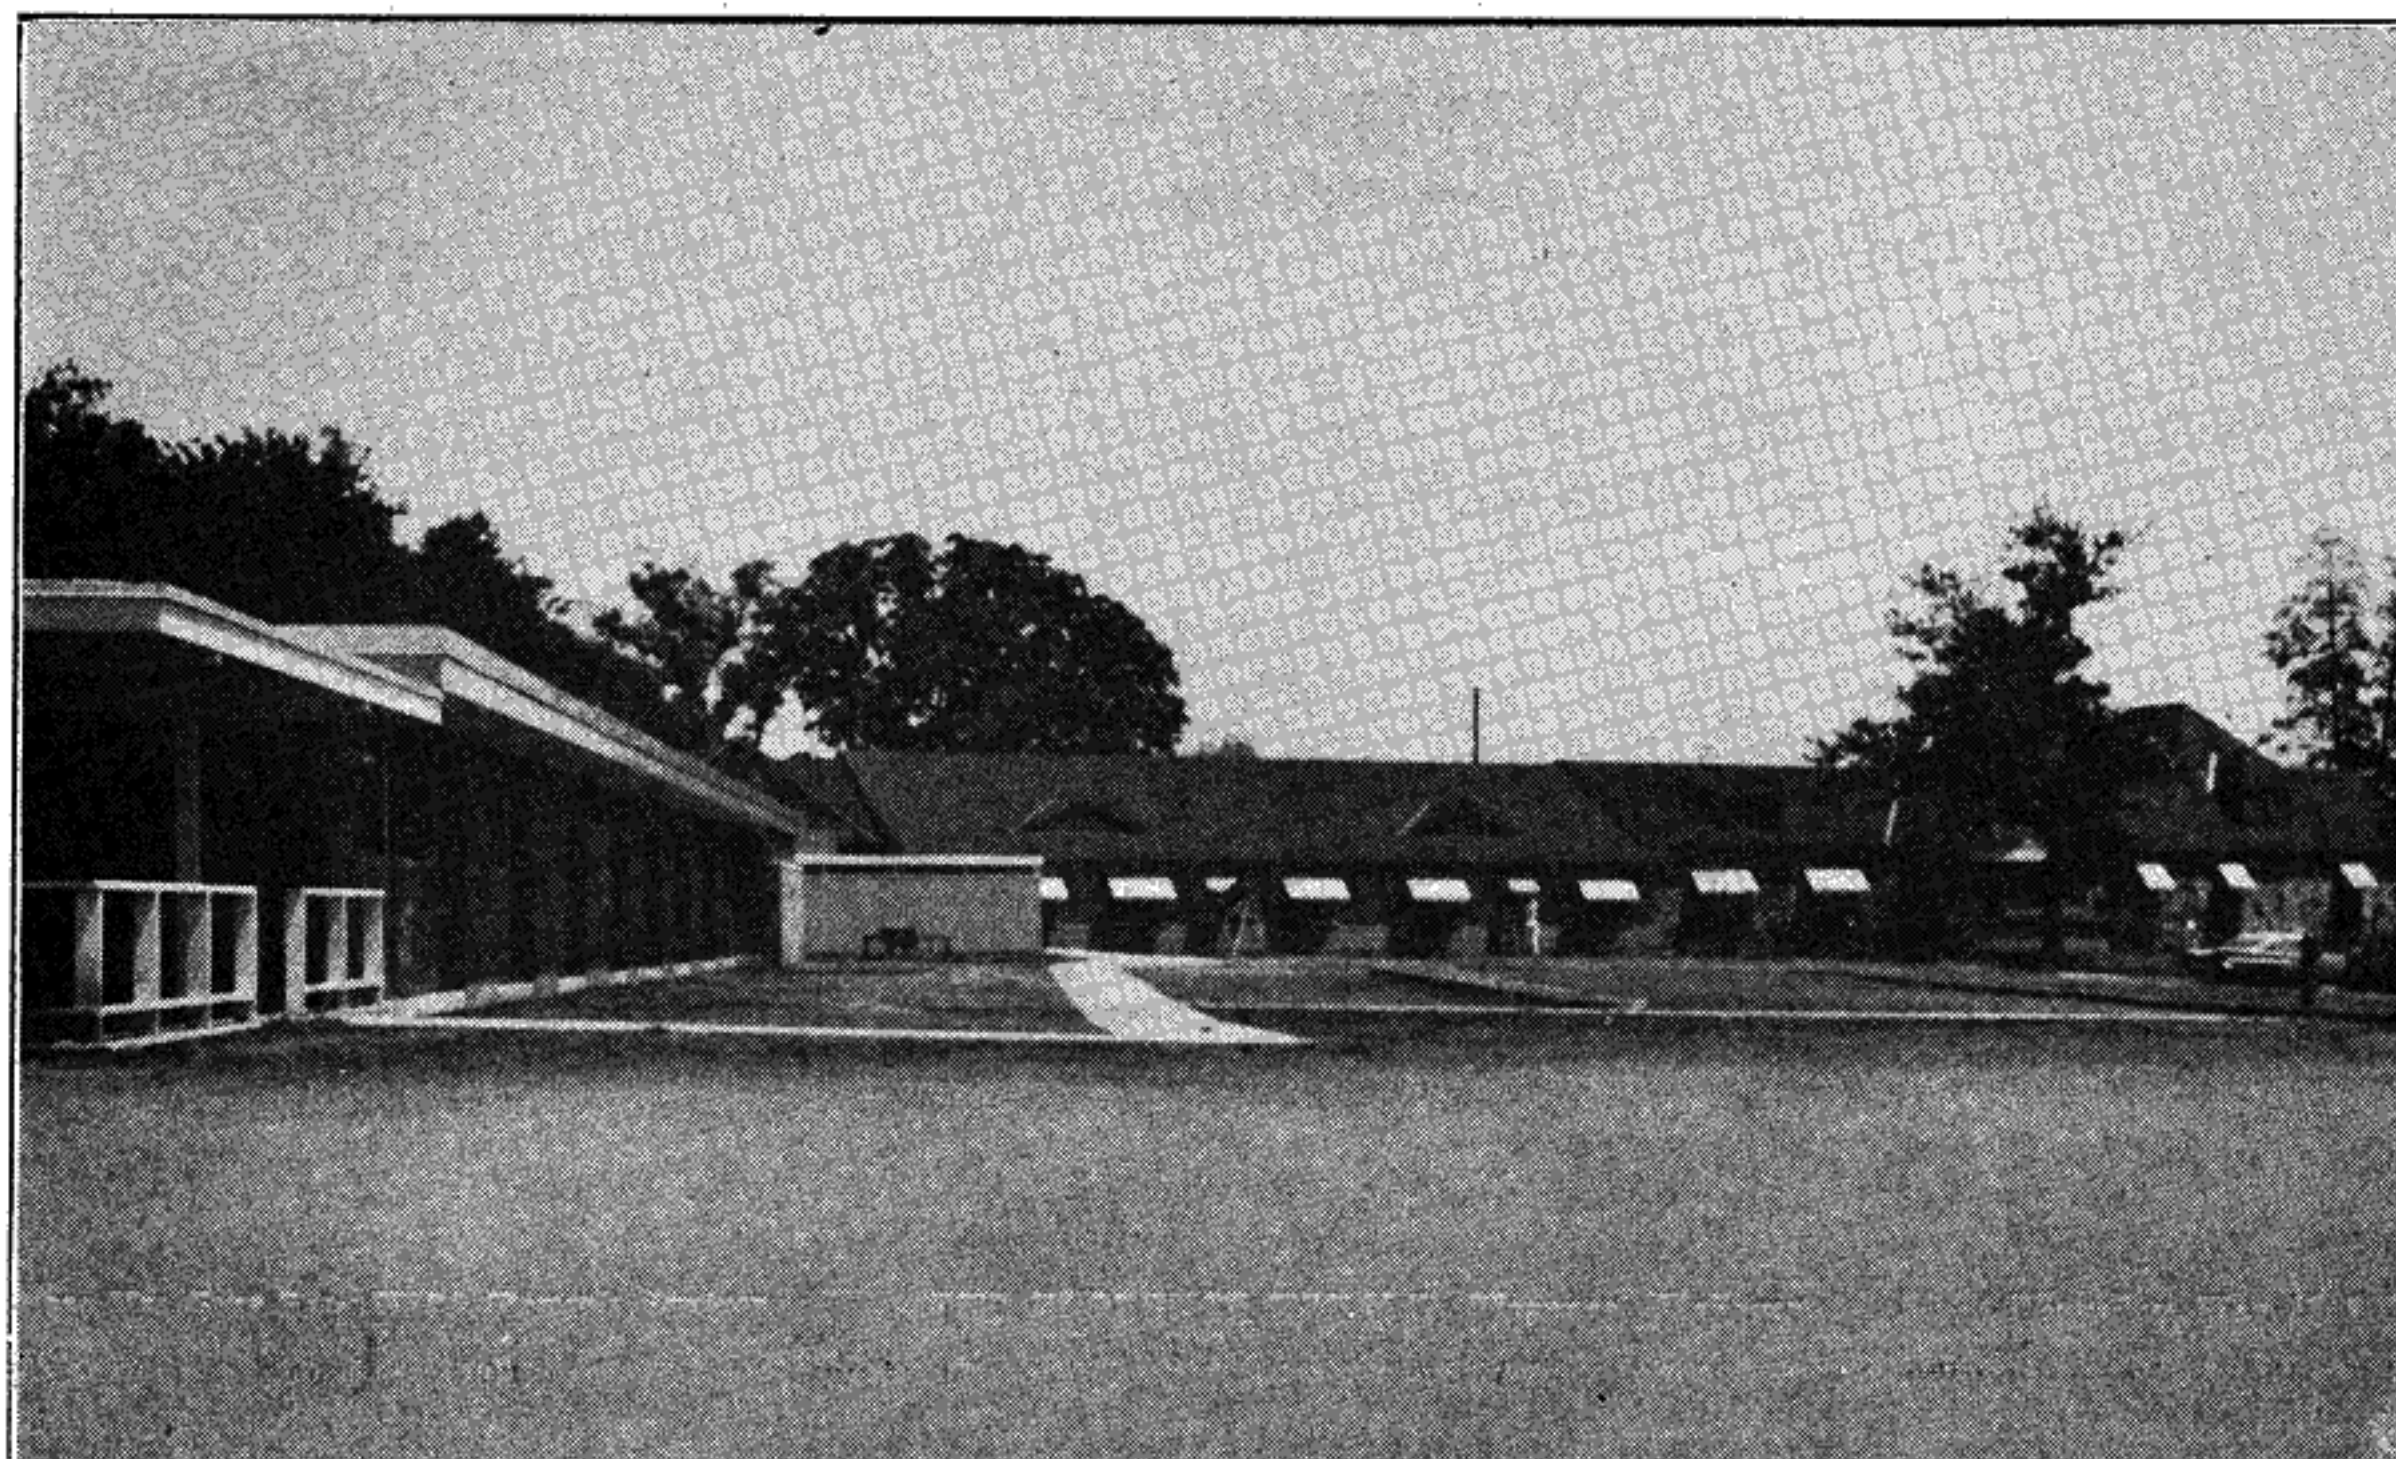

siding Mrs. Cecil Wilson and Miss Burchell Campbell were co-chairmen for the event.

Dr. Nolan Richards of the Research Department of Reynolds Metals Company was speaker of the occasion. Introduced by Mrs. Charles Rasch, chairman of the program committee, Dr. Richards delighted his listeners as he gave them "A Brief Look at New Zealand," demonstrating remarks of his homeland with colored slides.

In the election of officers which followed, Miss Pauline Gravice was named president for the incoming year; Mrs. W. A. Graham, vice-president; Miss Helen Matthews, secretary; Mrs. Roy Stevens, treasurer.

Bouquets of roses, peonies and iris in mixed arrangements were placed at intervals along the tables where about ninety members and guests were seated.

Moving last week to their new home on Oakview Circle, Mr. and Mrs. Tom Firth had as their first guests, her parents, Mr. and Mrs. James McGarry of Columbus, Ohio. Mr. McGarry has returned to Columbus; Mrs. McGarry is remaining for a longer visit.

THE SPILLWAY

Alan Shepard's our new hero...
Let's all join in a loud bravo!

AND WE'D VENTURE TO SAY that these are the sentiments of many Florence housewives... if you don't agree, then you didn't try to call any of them by telephone on the days that the flight and the Washington reception were on T.V.!

YOU MISSED A TREAT if you didn't get by Wilson Park on last Sunday for Florence State's Art Show, sponsored by the art department. Besides many beautiful art pieces, there was background music by the college band, enjoyed by a large crowd of appreciative spectators. We just hope that this annual art show is a permanent event because many were heard to say that the shows get "bigger and better" every year!

SOMETHING NEW AND TIME-LY in party decorations... along with the more conventional flower arrangements (and these were very lovely) at the morning coffee given at the club last week was the most unusual side table, planned by the hostesses... Lurie Holloway, Joyce Cox, and Marilyn Tallman... a glamorous purple bathing suit and cap were the center of the display and were surrounded by the usual accessories—suntan cream, lotion, sun glasses, etc... and to make the whole idea more practical and less "dreamy" in its appeal to the ladies, was our friend, Metreol... and saccharin tablets... with colorful sacharin-tablets—"pill boxes" as favors for the inspired guests and as starters for their campaigns for looking beautiful under-the-sun.

NICE PEOPLE MAKE NICE GRANDPARENTS... as proved recently by Charlotte Flagg. When Mary Louise and Bill (Flannagan) wanted to take a trip to Florida, Charlotte "adopted" Flaggie, their youngest, for the duration of their absence from their Newnan, Georgia home... But this was not all... While here, Flaggie, with the help of his grandmother, chalked up a real accomplishment... had a much needed tonsillectomy and returned to his parents proudly and happily minus the tonsils. We call this baby-sitting beyond the line of duty!

LIKE MOTHER, LIKE DAUGHTER... There're not many of us "oldtimers" who at one time or another have not had sewing done by our congenial dressmaker,

"Mrs. (Henry) Allen"... Her talent, which we've appreciated "since when" must have been a gift to her daughter Evelyn too... We hear that she now has her own styling establishment near her Cape Cod home, and that she makes clothes for many of our celebrities. To wit: She made Mrs. Ted Kennedy's inaugural wardrobe. Sounds as though she has sewed her way right up into the circle of the V.I.P.'s, doesn't it?

SPEAKING OF V.I.P.'s... here for a few days with his mother, Sadie Pollard was Commander (Andrew Moore) Pollard... who'll be leaving this summer with his family for Bangkok. While they'll be there for two years, daughter-Andrea will return to the States in the fall to continue her studies at Auburn University. We're wondering if Sadie isn't planning a trip over to see them before their return.

BETWEEN TRIPS, Ellen Redd was around this past week long enough for us to get a brief (but pleasant) glimpse of her... Just back from an along-for-the-ride trip to Texas with Lelia Martin, Ellen and Uhlend are now in Birmingham for this week's Metropolitan Opera presentations.

IT IS OBVIOUS that you, gentle readers, pick up your ears when we hint of any romance in our midst... so we'll throw TWO NEW "cases" to you for your mental files... one involves a couple with common musical backgrounds and interests (though maybe not in the usual sense of the word)... and the other is a handsome, well-known widower and a career girl... We'll warn you, if you've guessed wrong on some of our previous riddles along this line, you'll have trouble getting this latter one straight.

IT OCCURS TO US, that we've mentioned the Centennial beards several times, so we want to add this last remark on the subject... Maybe the REAL HEROES of this stage of the war-commemorated are HEROINES... and we're speaking of the wives of the beard-growers, who've shown real long-suffering and restraint during this period of the battle. Our salutes to them!

UNTIL MORE NEWS COMES THROUGH THE SPILLWAY, IT'S GOODBYE FOR NOW!

District Hit By Wind Storms

Waterloo Homes And Barns Suffer Heavy Damage On Monday

Thunder, burst after burst of lightning and high winds which sent trees and branches crashing and took parts from a few buildings kept policemen, firemen and electrical crews busy Monday night during the season's most blustery weather.

Waterloo was hardest hit by the winds with four houses damaged and several barns blown away while in Florence, utility crews repaired minor damage to electric wires which were hit by blowing branches and in some cases trees.

Lightning struck twice in Florence hitting the service wires at Weeden Baptist Church, however, the building itself was not damaged, and an air conditioner where damage was also slight. A sign was also blown down at Florence Boulevard and Shenandoah Road, and a plate glass window was broken at Davis Women's Apparel on Court Street.

Most services in the area were restored before Tuesday morning, but cleanup crews were still working in many areas.

Waterloo Okays Loan For Water

The Waterloo City Council approved an application for an \$80,000 loan for the installation of a water system after receiving a study on the community in connection with the proposed system from William Paxton of Paxton-Alexander Engineers.

C. T. Wilson, Mayor, was given permission to negotiate with prospective industries under the Wallace Act.

A study on a new city hall and a site for the structure will be begun by the governing body. A report was made on the expansion of City Park now under way which after completion will have about 7.5 acres and a new entrance and exit.

LOW INTEREST RATE ON FARM HOUSING

Farm owners in Lauderdale County who obtain farm housing loans may have up to 33 years to repay them, Cecil C. Mixon, County Supervisor in charge of the Farmers Home Administration loan program here said this week. The interest rate is 4 percent. These loans may be made to build and modernize farm homes and other farm buildings.

The agency has loaned a total of approximately \$280,000 for farm housing loan purposes during the past two years.

Preston White Participates In Astronaut Pickup

Preston T. White, seaman, United States Navy, son of Mr. and Mrs. Preston E. White of Rogersville, participated in recovery operations for Navy Commander Alan Shepard, the first United States Astronaut.

White was aboard the aircraft carrier, USS Lake Champlain, a flagship of the down range recovery force to which Shepard was transported after his actual recovery from the water by a Marine helicopter.

The Navy recovery force, composed of both surface and air units, was deployed down the flight path from Cape Canaveral and was prepared to recover the spacecraft wherever it landed.

The value of the nation's corn production has been estimated at \$4 billion.

Retired Members FSC Faculty To Be Honored

A recognition program to honor eligible members of the administration and faculty upon retirement has been instituted at Florence State College.

President E. B. Norton said that the program originated as a project of the senior class and has the full cooperation and support of the

college administration.

Miss Orpha Ann Culmer, Chairman of the Department of Mathematics since 1920, will be the first person to receive the special recognition. She will retire on June 2, with appropriate citations at the evening graduation program.

Other persons to be recognized

in absentia are former retirees: Miss Martha Porterfield, who retired in 1942; Miss Constance McReynolds, retired in 1952; and Miss Corinne Tuthill, retired in 1959.

In order to be eligible for this recognition, a person shall have been a regular member of the administration or faculty, shall have completed at least 25 years of service in the field of education, of which the last ten have been at Florence State College; shall have retired in good standing; and shall not have retired prior to age sixty.

The recognition program will consist of four parts: Presentation of a pin with college seal engraved; citation certificate; name engraved on an Honor Roll Master Plaque; and the conferring of the rank of Professor Emeritus.

Dallas Lancaster, Chairman of the senior sponsors, and James Gamble, Tusculum, president of the senior class, in a joint statement to President E. B. Norton, said, "Even though the activity is sponsored, and financed, by the senior class, it is in the final analysis an institutional program and should be administered cooperatively by the class, the administration and faculty. We will welcome any suggestions for strengthening it."

The Senior Class Fund, from which the program will be financed, was begun by the 1952 class, with succeeding classes adding to it.

Other officers of the senior class are: Vice-president, Ward Webster, Winfield; secretary-treasurer, Betty Johnston, Decatur; reporters, Johnnie Jones, Killen, and Julia Sue Pendley, Florence; and SGA representative Cynthia Romine, Rogersville.

Working with Lancaster and the senior officers on a committee appointed in 1960 to establish the program were Edwin Gosa, Beaverton, Student Government Association president, and faculty representatives Mrs. George H. Maness and Otis Peacock.

Poultry feed manufacturing has increased 484 per cent in the last 10 years as a result of the expanding broiler industry. Last year 883,000 tons of feed worth \$80 million were sold in Alabama.

Alumni Banquet

Some 200 alumni gathered at the school cafeteria, on Saturday evening which had been decorated with specimen irises and greenery with red and white roses on the tables for their annual meeting, presided over by Eugene Cagle.

The welcome was extended by Mrs. Lucille Ezell with L. C. Patterson responding. Cary Cosby gave the invocation.

Dr. Grady King, Jr., orthodontist of Huntsville and an alumnus, who was introduced by John Robertson, was the speaker relating personal experiences during his school days and since his graduation. He said his nearest claim to fame was that Harlon Hill was his substitute when he played football and he never bothered to mention that Harlon was only in the seventh grade.

The several seniors in the top ten of the graduating class were introduced by Mrs. W. C. Hannah, senior sponsor. Mr. Hannah recognized the visitors and presented the Good Sportsmanship award to Owen Meredith and Herschel Rithmire.

Having the largest attendance was the class of '32 which was having reunion.

New officers elected were: president, Bill Page; vice-president, Herman Todd; secretary, Mrs. Alder Goode, Jr.; treasurer, Mrs. Norman Mason.

Curtis Newbern gave the benediction.

Girls' Auxiliary Focus Week
The Girls' Auxiliaries of the Baptist Church observed Focus Week last week.

On Sunday the flowers used were large yellow irises with yellow and white, colors of the auxiliary.

On Wednesday they presented a stewardship playlet, "Ann's Allowance." Mrs. C. J. Pennington, president of the WMU, presided.

On Thursday evening the group attended the tea at Highland Baptist Church in Florence where Mrs. Earl Trent, Associational G. A. Director, was in charge.

The Girls' Auxiliary of the Baptist Church is the largest denominational organization for teen-age girls anywhere in the world, its membership being composed of girls of many countries.

Personals
Of interest in our town and to their many friends is that Seaman Preston Travis White, the son of Mr. and Mrs. Preston White of Rogersville, was aboard the U.S.S. Lake Champlain which picked up Navy Commander Alan Shepard, Jr., after his historic flight into space on Friday.

Travis is stationed in Quonset Point, R.I. He informed his parents Sunday that he was in Florida since his ship was designated to stand by for the pick-up.

He has been in the Navy two years and is in personnel.

His grandparents are Mr. and Mrs. Monroe Hunt of Lexington and the late Mr. and Mrs. Norman C. White of Rogersville.

Mrs. T. O. Rose is in Birmingham this week with her daughter, Mrs. Hurn Hudson, Mr. Hudson and their two children.

On Sunday Mr. and Mrs. Preston White and Mr. and Mrs. Monroe Hunt were in Cullman for the day with Mr. and Mrs. Jimmie Flanagan and Mr. and Mrs. Jeff Hunt.

Miss Lester Grisham is confined to her home because of illness.

Mr. and Mrs. Charles A. Patton and their two daughters of East Chicago, Ind., were guests last week in the home of Mr. and Mrs. L. E. Slaton.

Foods of the Future

MORE EGGS LAID by HENS IN SHADE!

Researchers have found that pampered hens lay more eggs during a busy lifetime.

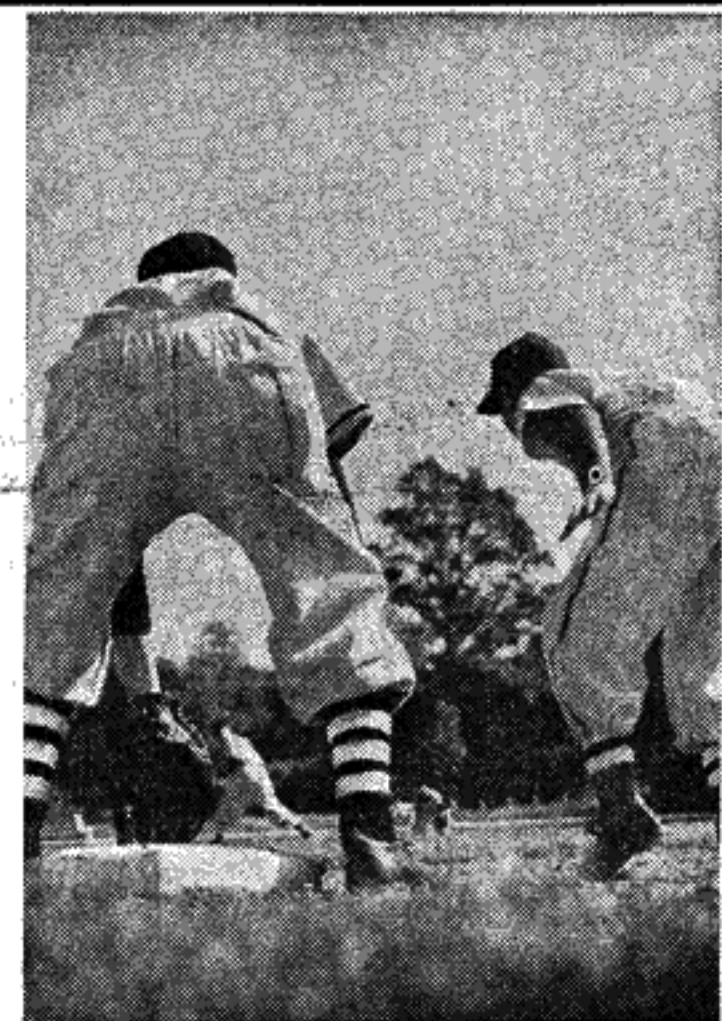

Tests by Department of Agriculture scientists show that hens getting too much light at too young an age are late starting to lay eggs — and are inferior in feather and body development, tending to a shorter life of egg-laying. So shade and quiet bring us more eggs at lower net cost per hen.

Through the years, more and better foods will continue to be enjoyed with tried-and-tested BEER and ALE. These wholesome beverages will go well with "Foods of the Future" just as they do with foods of today!

Come to Church for Services

"A FAMILY THAT WORSHIPS TOGETHER—STAYS TOGETHER"

"If only I could get out from under, get away from it all, find some island of peace..."

Like everybody else, we want to escape our problems and pressures. We are seeking calm away from the storm of life. But we can't escape from life. We can't run away from the storm but we can find calm in the storm. When a hurricane sweeps across the countryside, its circling winds lashing out in destruction, there is always in the center, an area of quiet. In the eye of the storm there is calm.

Faith is not an escape, a running away into religion. It is finding the presence and adequacy of God to face life triumphantly. It is finding an inner center of peace while the winds blow outside. The Church points the way to peace. It helps us to find the inner experience of faith.

"I have found my island... an island of peace in my heart. I have found calm... the calm of God in the storm of life..."

THE CHURCH FOR ALL... ALL FOR THE CHURCH
The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

**By Playing a Tune In 30 Minutes
on the HAMMOND Organ**

Organ music is the most relaxing of all music, psychologists maintain. And now, busy professional people who have never played music before are amazed to find they can enjoy themselves at the Hammond Organ.

The Hammond Organ is the most popular and most widely used of any organ in the church and the chapel . . . and the price is so attractive.

Popular, religious, even classical music is played beautifully on the Hammond . . . and it is so easy to learn. Ask us about our Free lesson program.

"We Will Teach You To Play"

OUR RENTAL PLAN

Yes . . . just pennies a day will place a new Hammond Organ in your home, your church or your school. You learn to play as you pay so very little each month . . . then, if you decide to buy, every penny you have paid in rent will be applied to the purchase price. No such plan has ever been offered on the beautiful Hammond Organ.

Georgia Trying Peach Pest Check

Recent experiments aimed at controlling plum curculio in peaches by ground applications of insecticides are showing good results. Conducting the research at Fort Valley, Georgia, is Dr. Oliver I. Snapp, U. S. Department of Agriculture entomologist.

Auburn Extension Service Horticulturist John Bagby commenting on the experimental work said that aldrin, dieldrin, or heptachlor—used in the spring at the rate

of two pounds of technical material per acre—controlled the curculio by killing the pests before they emerged from the ground.

"In one test aldrin was applied under the trees in March 1957," explained the horticulturist. "No insecticide was used on the trees during the next three years. Only 1.6 per cent of the harvested peaches were infested in 1957, less than three per cent in 1958, and less than one per cent in 1959," he added.

"In cooperation with a Georgia peach grower, several thousand trees were treated with aldrin mixed in fertilizer in March 1958. The material was broadcast by

hand and disked into the ground. No wormy peaches were found at harvest in 1958. And in 1959, wormy fruit was found in only a small area of the orchard. But peaches in a neighbor's untreated orchard were badly damaged by worms," the Auburn specialist said.

"However," he added, "the new treatment is only a supplemental one and does not serve as a substitute for a good spray program. It will not control diseases and insects, other than plum curculio that attack peaches."

SGT. STUTTS SERVING WITH ARMY IN KOREA

Sgt. James B. Stutts, 28, whose wife, Betty, lives in Hackleburg, recently arrived in Korea and is now serving with the U. S. Army, Pusan Area Command.

Sergeant Stutts, a truckmaster in the command's Headquarters Detachment, entered the Army in July 1952 and was last assigned at the Redstone Arsenal, Huntsville.

The sergeant is a 1952 graduate of Lauderdale County High School, Rogersville. His parents, Mr. and Mrs. James C. Stutts, live on Route 2, Rogersville.

Spray For Scale In Springtime

Early spring is the best time to spray plants for the control of tea scale — the most common and the most damaging of the scale insects.

Auburn Extension Service Horticulturist Harold Thornhill says that the leaves of plants infested with this insect will have yellow blotches on the under side and a white cottony mass on the under side.

There are several light oil sprays on the market — such as Volck and Oilan — which will control the scale, says Thornhill. And all of them should be used according to the manufacturer's recommendations.

The secret of controlling tea scale is the method of applying the spray, says the horticulturist. Start spraying at the bottom of the plant and proceed up in order to cover the lower surface of the leaf. After reaching the top, turn the spray nozzle over and completely wet the upper side of the leaves.

Dwarf Producers To Be Slaughtered

A new program to insure the nation's Polled Hereford breeders protection against dwarfism in the beef breed has been developed by the American Polled Hereford Association and adopted unanimously by its Board of Directors.

The breeders' voluntary participation program is aimed directly at the elimination of all known producers of dwarf calves.

The plan is being circulated among the nation's 20,000 Polled Hereford breeders and will go into effect immediately, according to D. W. Chittenden, executive secretary of the Association.

The new program calls for the slaughter of all registered Polled Hereford bulls and females known to be dwarf producers, but provides that dwarf producing cows may be used in recognized progeny testing of bulls or for commercial production. The Association will not record offspring of known dwarf producers after detection.

The Independence has visited France, Greece and Italy and is scheduled to visit Spain and the Island of Sicily before returning to the States.

See That Fresh Eggs Reach Buyer

Chances are that the egg you had for breakfast this morning had the same fresh quality that the hen put in it.

"And the reason for that," says Allen Brown, Auburn Extension Service poultry marketing specialist, "is the expert care that producers are giving eggs these days."

"Eggs are collected at least three times a day in wire baskets, cooled to a temperature between 45 and 55 degrees, and cleaned thoroughly before packaging. Then they are stored in a moist, cool place that is free from strong odors where the humidity and the temperature are exactly right."

"Carried to market at least twice a week, these eggs arrive fresh and good into the hands of the homemaker," adds the specialist.

Soy Beans Offer Chance For Profit

"Farmers who plant corn for sale should take a look at the possibilities soybeans offer." That's the advice of Auburn Extension Service Marketing Specialist A. W. Jones.

Jones says that a yield of 24 bushels of soybeans per acre is equal in net return to 50 bushels of corn. And last year average yields in Alabama amounted to 23

bushels of corn per acre and 24 bushels of soybeans per acre.

"The only farm product without surplus problems is soybeans," says Jones. "Right now," he adds, "there is a greater demand for soybeans than for any other farm product. Also, the carry-over of soybeans is extremely small and could be exhausted before the new crop comes in next fall."

"Storage is another thing to consider," says the marketing specialist. Stored soybeans suffer less damage from insect pests than stored corn. And soybeans stored

SPRING FASHIONS MOSTLY SIMPLE

A simple and uncluttered silhouette is the fashion look for spring. Fussy details are gone, extremes are out, and safe styles are in, says Jeanne Priester, clothing specialist with the Auburn Extension Service.

The biggest splash of color is pink—in every shade. And sulfur

for spring sale usually return a higher profit than stored corn.

yellow and copper green will also be popular.

Necklines add interest with flat bands, upstanding wings, coils and cowl replacing collars. And it's also a big year for elaborate buttons and top stitching.

There are many dual purpose clothes, Miss Priester says. Short jackets reveal slightly gathered, gored, or pleated skirts. And the newest skirts are very, very short, she adds.

DEAF MAN PERFECTS SMALLEST HEARING AID
FLORENCE, ALABAMA—(Special)—A remarkable midget hearing aid has been perfected by a man who has been hard of hearing for nearly ten years.
This small aid has no dangling cords or separate transmitting units and represents a most unusual idea and design in a product for the hard of hearing.
It is especially made for those people who can hear but not understand. This new hearing instrument provides "ear-level" hearing with the wearer picking up speech, sounds, television, and radio at his ear rather than at a transmitter located in the wearer's clothing.
Due to the use of 4 transistors, the user's cost is extremely low and the instrument weighs approximately 1/4-ounce. It is about the size of a sewing thimble.

SUNDAY is Mother's Day and I'd like to suggest a wonderful way to surprise her. Give her a pretty new Princess phone for her bedroom, a gift that'll delight her every day in the year. The Princess is little and it's lovely. It even has a dial that glows and lights up brightly when she dials at night. You may choose her Princess from five soft colors—blue, turquoise, pink, white or beige. Better call us today and order this ideal gift.

DAISIES

but a Long Distance call will set your mind at ease. It tells you what you want to know right away. So if you're wondering about someone or something, why not reach for your phone ... and rates are lower when you call station-to-station, with special values after 6 P.M. and on Sundays.

A MINUTE SAVED IS VALUABLE. Let me put a bug in your ear as to how you can save time on your long distance calls made through an operator. It's simple—just give her the area code of the number you're calling outside of Alabama. Consult the front of your directory for some of these codes. Our operators will be glad to give you any others you have occasion to use. Don't worry, she'll know what you're talking about when you make the call. Just say "operator, that area code is ...". By the way, you businessmen could save your customers some time by printing the Alabama area code on your stationery. The code is 205. Happy Calling! !
