 With 45 amendments to claim our undivided attention on December 5, few, if any, are in position to tell you of the strong and weak points, if any, of each. We have studied them as carefully as most and are especially interested in the School Amendments, Nos. 8 through 28, and Amendments Nos. 1 and 2. And, as we study the remaining ones, we find that they, too, are good in the main. Sohere's what we are going to do and suggest that you do the same -let's consider them; all as a ing the right move.

Vote "Yes" On December 5

On December 5 the citizens of Alabama will vote on 45 Constitutional Amendments, twenty-one of these concerning additional taxes for schools and each subject to a later referendum in the counties and municipalities affected. Numbers twenty-three and twenty-four concern a 5-mill additional property tax for schools for Lauderdale county and the City of Florence respectively.

This newspaper believes that all of these 45 amendments are worthy and that all should receive a "yes" vote on the above date, especially since the majority of them will be subjected to the approval of, or rejection by, the voters in each one's specific area.

In any event the voters should give careful consideration to each of these amendments before going to the polls on December 5 bearing in mind that each one is important to the taxpayers and to the wellbeing of the state.

The interest of the taxpayers in their state will be told in the turn-out at the polls. Those who believe in the future of Alabama and in educating the youth of the state as they deserve and should be educated, will be there.

The UN Must Be Strengthened

The American people should never forget that the axiom of Communism is world domination. To put it in the doctrine of Lenin, capitalism must fall . . . if not by economic strangulation, then by military force. All communists are sworn to this philosophy. They live by it and they are willing to die by it. For this reason the free world must never be lulled into any sort of false security through glib and clever professions of peace.

That is why this writer believes in all sincerity that there is but one road to peace and that is the road of voluntary world disarmament under the control and supervision of a strong UN implemented to enforce the peace. This doctrine already has strong support and even as this is written, U had been passed governing con-Thant, the new acting secretary-general, has made moves

City Will Need New High School In 1963-Hibbett

Rufus G. Hibbett, superintendent of Florence city schools, in an appeal Tuesday for Shoals area residents to vote yes on amendment No. 24 on December 5, said it is apparent that Florence will need a new high school in 1963, based on present population without even considering any expected | population growth.

He explained the proposed amendment would provide the citizens of Florence with the opportunity of voting later for a 5mill ad valorem tax for use by Florence city schools.

Pointing out that according to present enrollment there would be 150 more junior high children in 1962-63 than could be provided for in the two Appleby Junior High buildings, he said there would neither be room for them in Coffee High School.

Hibbett said further that present Benny Marshall classrooms cannot accommodate the children after this year unless they are "over-crowded" with 40 to 50 children in each class.

ence for the support they have always given the school system in the past and went on to say that Florence is one community which has always provided the additional local revenue "for a better and enriched school program" which could not be offered under the state Minimum Program funds.

"Construction of a new school ouilding is not an over-night matter," he continued. "We cannot wait until the actual need arises and expect to have it. It is a matter that requires vision and planning, a program which should be started organized in 1948, were the guests

"A FAMILY THAT WORSHIPS TOGETHER - STAYS TOGETHER"

THE CHURCH FOR ALL ... The Church is the greatest factor on earth for the building of char-acter and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can surwive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's

sake. (3) For the sake of his com-

munity and nation. (4) For the sake of the Church itself, which

needs his moral and material sup-

pert. Plan to go to church regu-larly and read your Bible daily.

Dad's footsteps. Blocks don't make an engineer. But he's learning some of the basic principles of physics with which many professions deal.

On the way home from Church, when he talks about his lesson, I recognize familiar signs . . . character is still in the mold. Deep conviction, bold dedication come later. But he's grasping those basic truths on which great living rises. For a busy engineer who used to be hit-or-miss in his church attendance, fostering the growth of a soul

is a fascinating experience . . . especially as I find my own faith deepening with every reverent day! Can't tell about his following my footsteps. But I've discovered new dimensions in life following his.

LET THE PEOPLE DECIDE IF THEY WANT TO HELP THEIR LOCAL SCHOOLS

The school financial situation in Alabama is serious. Everyone knows we must pay to educate our young people. Alabama expenditure per child per year is the lowest in the nation. Twenty-one amendments have been proposed, that will be voted upon December 5th, which will permit these twenty-one County and City school systems throughout the State to raise additional funds on the local level for their own school. systems. But to do so they each need all voters throughout the State to VOTE "YES" for their respective constitutional amendments. VOTE "YES" FOR AMENDMENTS 8 THROUGH 28 ON December 5th. Your "YES" vote for these amendments will permit the people in the following County and City School systems to raise additional funds if they wish to do so:

Baldwin, Bullock, Tuscaloosa County-City, Calhoun, Chilton, Choctaw, Clarke, Clay, City of Tuscumbia, City of Sheffield, City of Muscle Sheals, Franklin, Jefferson, Lamar, Lauderdale, City of Florence, Mobile, Randolph, Talladega and Washington.

The patrons of the following school systems have pooled their efforts and financial aid to ask all voters to VOTE "YES" FOR AMENDMENTS 8 THROUGH 28 (their respective amendment numbers are listed by their County):

No. 8 Baldwin No. 14 Clarke No. 25 Mobile

No. 9 Bullock

No. 10 Tuscaloosa County-City No. 23 Lauderdale

No. 21 Jefferson No. 27 Talladega No. 28 Washington Paid political advertisement by ALABAMA COMMITTEE FOR PASSAGE OF EDUCATIONAL AMENDMENTS, Kenneth Cooper, Chairman, Bay Minette, Ala.

... Amendment No. 2

KEEP ALABAMA'S PLACE IN SPACE! THE SPACE AGE has meant that you as a citizen of Alabama have been a part of the

most dramatic development in the history of the human race. This has significance for the farmer in Dothan, the businessman in Montgomery, the school teacher in Gadsden, the housewife in Selma, the industrial worker in Birmingham and Mobile, the doctor in Greenville. It has significance for YOU wherever you live in Alabama. It means more jobs and higher wages . . .

THIS IS NOT A TAX . . . it is a bond issue for \$3,000,000. It could yield billions in return. The bond issue is needed to construct and equip the Research Institute Building. But, operating costs will be paid by contracts with the government and industries. It is anticipated that the Research Institute will be self-supporting! Remember! It won't cost you . . . it will pay you! IF THE NECESSARY RESEARCH EN-VIRONMENT is not provided in Alabama, the opportunity we now have will go to another State. California, Florida, and other states are making every concerted effort to attract the space agencies we mistakenly take for granted in Alabama. YOU CAN HELP by going to the polls December 5th and voting YES on Amendment #2. Encourage your friends and neighbors to vote with you.

WHEN YOU VOTE on December 5th, remember these facts:

1. Amendment #2 will provide new space-related industry in Alabama . . . new payrolls for our people.

2. Amendment #2 is a bond issue-no school money will be used to pay these

3. Amendment #2 does not require any new taxes.
