

## The Passing Parade

By HAROLD S. MAY

With the campaign soon to start for the selection of Lauderdale County's two representatives to the State Legislature, two names stand out at present in what may be one of our most interesting races of many decades. Judge Herman K. Longshore and W. Hershel Walker, both no strangers to the political scene, appear on the verge of making their plans known. Judge Longshore and Former Superintendent of Education Walker are certainly well qualified to render outstanding service to our county in the legislative halls at Montgomery. Both have already, by their efforts, made Lauderdale County a better place in which to live and raise our children. Should they continue their present plans of offering for the two posts to be filled, we know their friends will rally behind them. Others, we understand, are giving consideration to seeking these offices, but we have not been informed definitely of their plans as have the two above mentioned. In the trying years ahead, Lauderdale County must have the best representation possible and we are certain in this statement all of you join.

Our son has always wanted a real cowboy outfit but we can't do as well as the Texan who bought his son one: An 8,000 acre ranch, complete with horses and cattle.

With Halloween just around the corner, we were reminded of the resourceful housewife of our acquaintance who last year found, as the night wore on, that she was running short of "treats" and it was impossible to replenish her supply of goodies quickly. She had a brilliant thought, rushed upstairs to her bedroom, grabbed a sheet from the bed, found an old pillow case, cut a few holes in it for eyes and nose, picked up a small basket, went out into the night and joined a gang of youthful "goody hunters." Soon her basket was filled and back to her home she rushed arriving just in time to see her husband give away the last stick of candy. Quickly shedding her disguise, she dumped her "loot" onto a tray and renewed the game of Trick or Treat.

Frequently "an authority" is someone who can say something and then get out of the room before someone has a chance to ask questions.

If you have not tasted the delicious goat stew that only Marvin Miller can prepare properly, you don't know what good food is. These stews have actually become an institution over the years and when the word goes out that Marvin Miller is holding one of his stews, the "clan" really gathers. The site on Elk River at which this periodic event takes place is ideal for such a gathering and we hasten to add that political discussions are not barred—in fact, we believe they are encouraged. If given the opportunity to be among those present at the next such occasion, don't fail to attend. By attending just one you'll find out what you have been missing.

No person is too big to be courteous, but many people are too little.

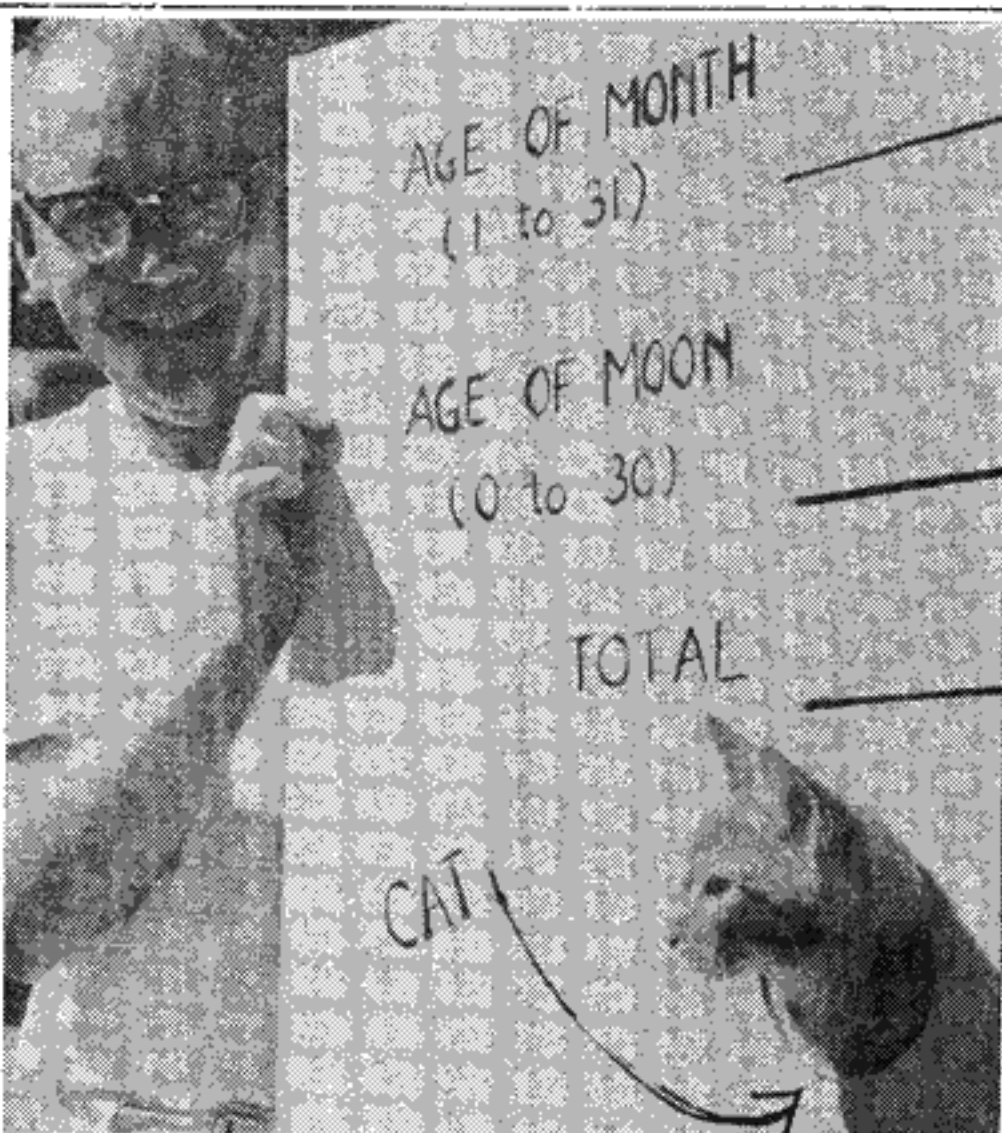

When a Montgomery man appeared in court recently on a charge of breaking his probation, it was noted that he had written "Give Me" above the "Liberty" label on the back of his overalls. (This is not an ad for a certain make of denims.)

If you don't at first succeed—there's always unemployment compensation.

Up until now, we had not heard of any bank employee who objected to the bank closing on Wednesdays at noon. It is now revealed that when this practice was started some years ago, one woman employee objected strenuously. When an executive of the institution asked her why she objected so much, she explained: "Well, as things were, my husband had Wednesdays off and while I was working he did the laundry. Now, I'll have to go home and help."

Alexander Graham Bell, arrested in Orange, N.J., on a gambling charge, listed his occupation as telephone switchboard operator.

It had been pointed out—and we add our approval—that if you are too busy to take an interest in government, feel that getting mixed up with politics is bad for your business or beneath your dignity, then at least take time out for one thing—teach your children to count in rubles.

**WINTER'S TALE**—Fred Ties, of Brodhead, Wis., says that anyone can predict the number of snowfalls by using this method: On the day of the first snow that is deep enough to track a cat, add the date and the age of the moon for the total. The method was given to his grandfather 64 years ago by an Indian. Fred says he was never wrong.

## Perfect Weather Aids Construction

### Over 6,500 Employed By TVA On Valley Projects

With near-perfect weather prevailing during the past two months, construction of major TVA projects that have an estimated field cost of \$383 million continued with virtually no interruptions. Construction employees now number more than 6,500, of whom nearly a third are at Paradise Steam Plant being built in the coal fields of west Kentucky.

**Colbert Work At Peak**  
Work on the 500,000 kilowatt unit at Colbert Steam Plant in north Alabama is in its peak stage. Erection of the turbogenerator is underway, nearly 90 percent of the tubing for the boiler has been placed, and the over-all boiler completion stands at about 60 percent. The 500-foot chimney shell has been completed. This unit is scheduled for operation in October 1962.

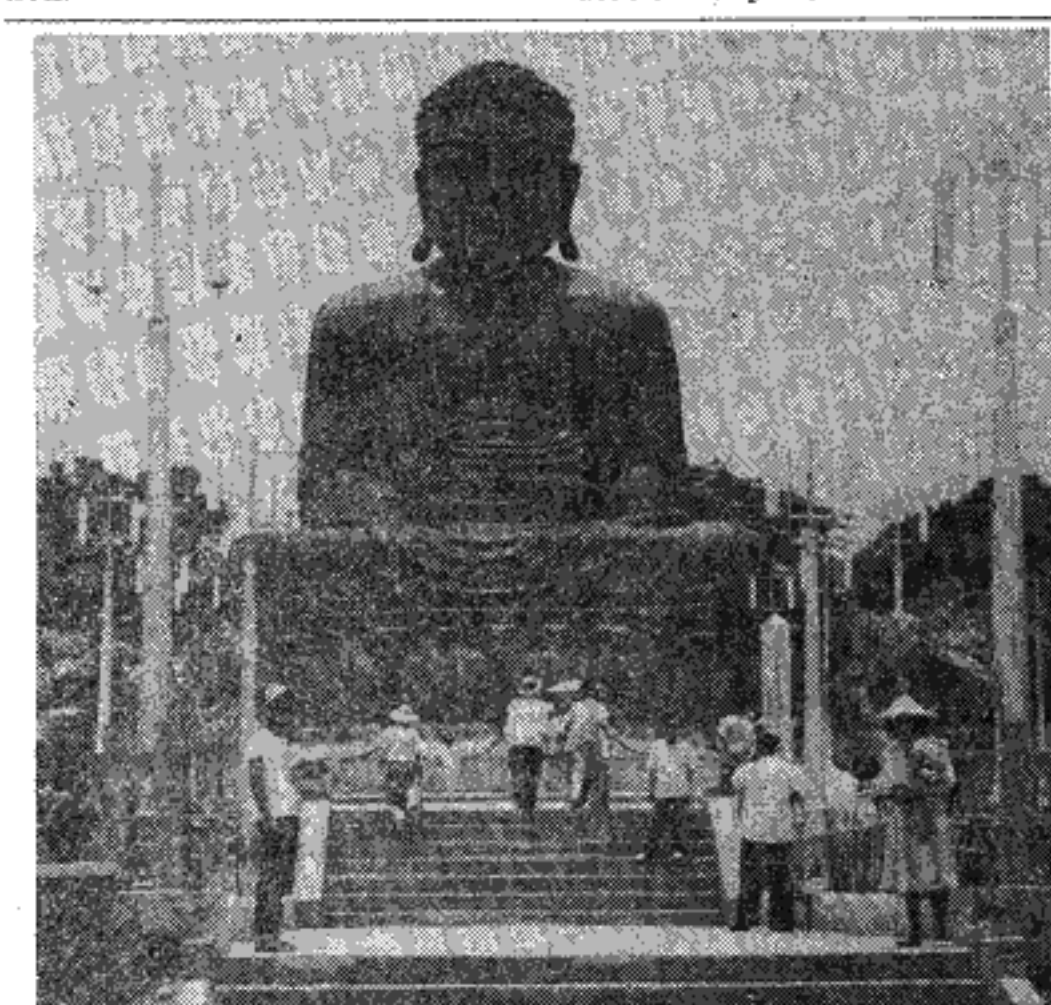

Powerhouse concreting is continuing for the eighth unit at the Widows Creek Steam Plant in northeast Alabama. This unit will be of 500,000 kilowatt capacity and is scheduled for completion in October 1964.

**Wilson Dam**  
At the Wilson Dam in north Alabama where three hydroelectric generators are being installed—which bring the plant's capacity to 598,000 kilowatts—concreting for the third and final intake section has been completed and the 45-ton intake gantry crane has been erected. The first of these three 54,000 kw additional units is scheduled to start operation next month.

**Wheeler Dam**  
Three hydroelectric units also are being built at the Wheeler Dam, to bring the plant's capacity to 356,400 kilowatts. Work has started on the turbine for the first of the three units, and also on the switchyard extension.

Exploratory core drilling was completed at the site of the Bull Run Steam Plant in east Tennessee, but construction will not start there until next spring.

Other major TVA construction jobs made good progress, including work on the two locks at Wheeler Dam, on the railroad bridge lift span at Florence, at Hales Bar Dam where leakage prevention work continues, and at the Pickwick Landing Dam, over which a highway bridge is under construction.

**FREEDOM OF FAITH**—Amid several hundred Christian churches and a Moslem mosque on the island of Taiwan sits the world's largest Buddha. The 72-foot-high structure is located on top of Pa Kau Shan mountain near Chang Hau in the southern part of the island. It is seven feet taller than the 65-foot-high famed Buddha of Nara, Japan.

## Extension Of Loan Period Announced By Local Library

At its September 28 meeting, the Muscle Shoals Regional Library Board approved the extension of the loan period for library materials from 14 to 21 days. This will be effective in each of the four libraries in the regional system on November 1st. The Bookmobile already has a 21-day loan period. With the new loan period in effect, no materials may be renewed. Borrowers will still be limited to one new fiction book at a time.

The Regional Board and Staff believe that the new policy will be of benefit to the borrowers, by giving them an extra week to read, perhaps saving them a trip to the library to renew their books. It is hoped that the new policy will reduce the number of overdue books, and that the time now spent by the staff recalling overdue books, and renewing books, can be put to better use.

Material taken out on 21-day loan may be returned at any time during that period, and more material checked out. It is desirable from the Library's point of view that material be returned as soon as the borrower finishes with it. This makes for more rapid turnover, and makes more material available at all times.

The Muscle Shoals Regional Library is composed of Florence-Lauderdale Public Library, headquarters; Leighton Public Library; Sheffield Public Library; Helen Keller Public Library in Tusculum; and the bookmobile service.

## Sparkman To Be Guest Speaker At Methodist Club

Senator John Sparkman will be the guest speaker at the fall meeting of the Methodist Men's Club of the First Methodist Church in Florence tonight at 7 o'clock. It will be the club's first fall dinner meeting marking the beginning of ambitious fall program.

Senator Sparkman is almost as well known for his church activities as he is as a national legislator, having been a steward in the First Methodist Church in his home town of Huntsville for a number of years and a teacher of one of the largest Methodist Sunday School classes in the nation's capital when Congress is in session.

Senator Sparkman has been in the Congress of the United States since 1936 when he was elected to the House of Representatives from the Eighth District. In 1946 he was elected to the Senate to fill the unexpired term of the late Senator John Bankhead and in 1948 was elected to his first full term. He has since been re-elected, and in 1952 was the Democratic candidate for vice president.

A veteran, Senator Sparkman is a member of the American Legion and a colonel in the Army Reserve. The meal will be served in Fellowship Hall in the church basement following which Senator Sparkman will speak. The program is in charge of Harry Nash and Club president Byron Nicely will preside.

## Former Banker Free Under Bond

An embezzlement charge against Hollis C. Ezell, Rogersville alderman and former cashier of the East Lauderdale Banking Company, were sent to the Federal Grand Jury for further investigation following a hearing before U. S. Commissioner Donald H. Patterson on Monday.

Ezell was arrested on Oct. 10 by the Federal Bureau of Investigation and charged with converting \$1,100 of the bank's money to his own use on or about December 2, 1958, and for allegedly making a false entry in the bank's book in the amount of \$1,675 on Feb. 12, 1959.

The conversion charge involving the \$1,100 against Ezell has been dropped, on a motion of U. S. District Attorney, Macon L. Weaver, it was reported. However, the other charge of false entry will be investigated by the Federal Grand Jury in February and following indictment, trial for the case will be set.

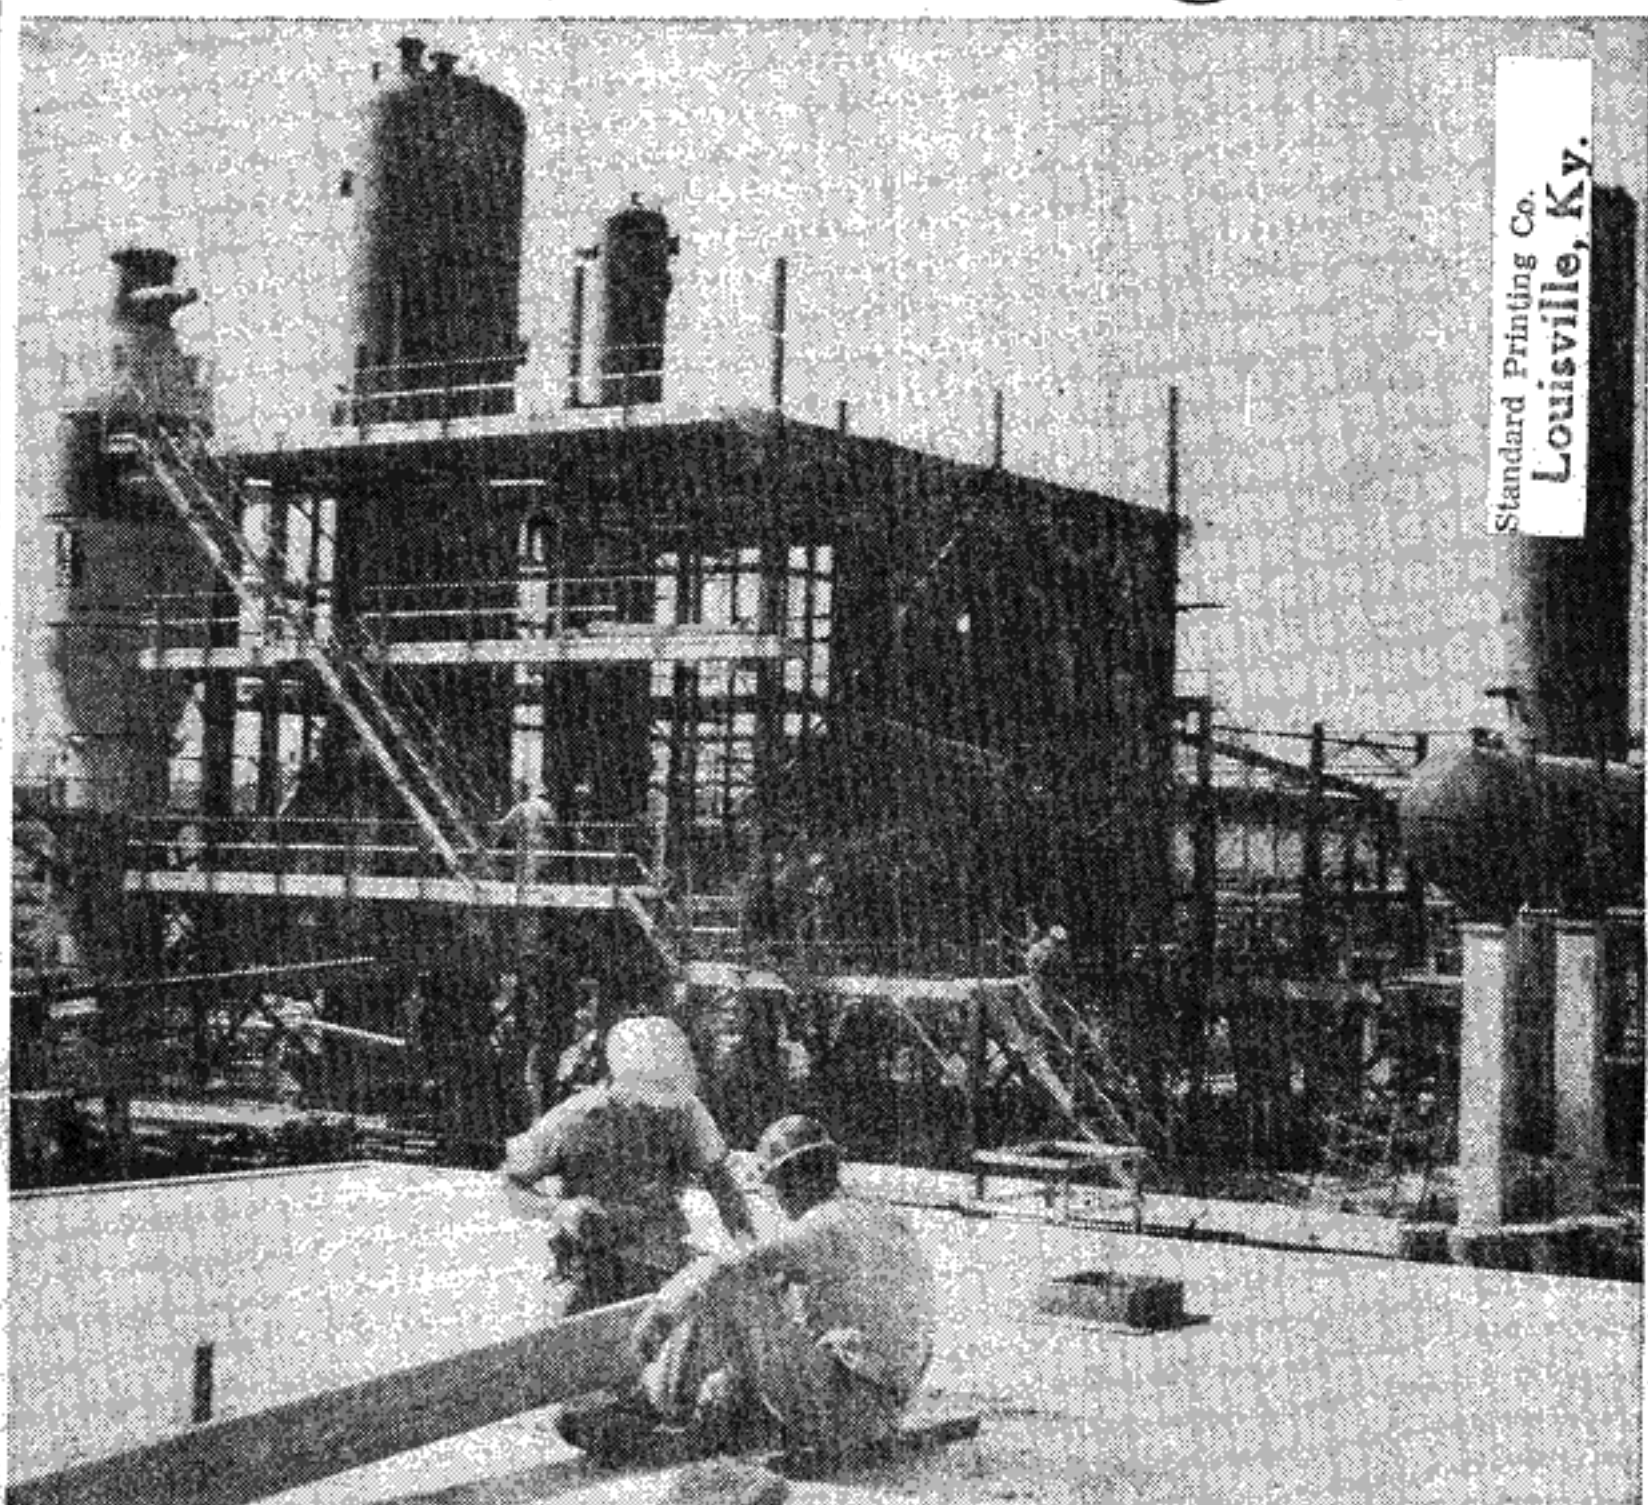

Ezell is free under \$2,500 bond.

## REVIVAL IN PROGRESS AT FREE WILL BAPTIST CHURCH

Revival services that began Monday at the First Free Will Baptist Church of Florence will continue through November 1. The speaker is Dale Burden of Nashville and services are held twice daily at 10:30 a.m. and 7 p.m. On Sunday the services will be at 11 a.m. and 7 p.m.

## Full Operation By Mid-March

# Work On \$25 Million Armour Plant Proceeding On Schedule

Standard Printing Co. Louisville, Ky.

**WORK ON ARMOUR NITROGEN COMPLEX PROGRESSING**—Rapid progress is being made on construction of Armour Agricultural Chemical Company's new nitrogen fertilizer complex, near Cherokee, the company has announced. Shown is a view of the Ammonia Plant which, along with the Urea Plant, is scheduled for completion January 8, 1962. Facilities for the production of ammonium nitrate, nitrogen solutions and nitric acid are slated for completion on February 8. All these are expected to be in full-scale production by mid-March, while ammonium phosphate production is scheduled to begin by April 1.

## Sentences Will Be Passed Friday By Circuit Court

Lauderdale Circuit Court Clerk Charles Edgar Young has announced sentencing of defendants who plead guilty to charges on arraignment September 22 will be accomplished tomorrow. Included in the sentencing will be several persons found guilty by jury trial in the October 2 to 6 session of the Circuit Court.

Sentencing will be passed on the following who plead guilty:

A. G. Raff, charged twice with burglary second degree, grand larceny, and receiving stolen goods; Charles Hayes, grand larceny; Sue M. Downey, forgery, second degree; David Rhodes, burglary, second degree, and grand larceny; George Edward Williams, manslaughter, first degree; Jimmie Lee Vaughn, burglary, second degree, and grand larceny.

Joseph Kenneth Morgan, two charges of forgery, second degree; Jerry Tingle, two charges of larceny, receiving stolen goods, and embezzlement; Don McCrory, grand larceny and receiving stolen goods; Cletus Higginbotham, burglary in a railroad car.

Edward Harold Glass, burglary of a motor vehicle and receiving stolen goods; Betty Jean Moultrie, five charges of second degree forgery; Clarence Thompson, second degree forgery; and Frank Hara-way, burglary of a motor vehicle grand larceny and receiving stolen goods.

Up for sentencing after being found guilty by a jury were Carl Clemmons, grand larceny and receiving stolen goods; James L. Harris, assault with intent to murder; Tiny Hansell Hill, charged with assault with intent to murder, but found guilty of the lesser charge of assault with a deadly weapon with a fine set at \$50; and Charlie A. Castle, Jr., found guilty of first degree manslaughter with a sentence of one year and one day in the Alabama state prison.

Leighton 25, Lexington 6  
FSC 14, Troy 8

## High Tribunal Sets Deadline

# Ban On NAACP In State Ordered Back To Courts

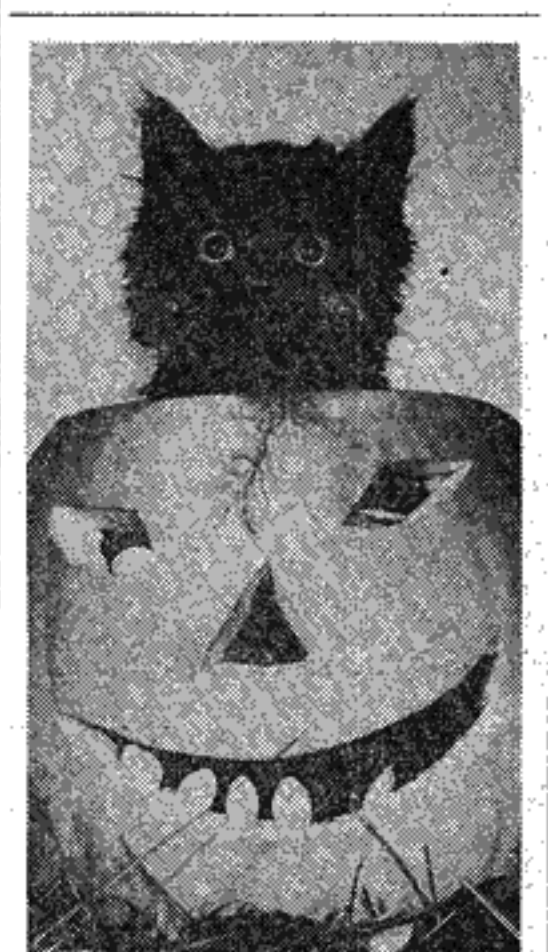

## A. Frank Lee To Speak On State's Prison Facilities

The Exchange Club of Florence has arranged a joint meeting with the local Citizens at Hotel Reeder Tuesday, October 31 to hear an address by A. Frank Lee, Commissioner of Correction of the State of Alabama, S. Paul Lewis, president, announces.

Mr. Lee is heading up a movement to inform the public of the importance of passing Amendment No. 1 in the December 5th election which, if passed, will implement recent legislative action authorizing a bond issue, the proceeds of which will be used to reconstruct and modernize Alabama's detention and prison correctional facilities.

The program includes the demolishing of old Kilby prison at Montgomery and the sale of the large tract of land which it occupies.

Mr. Lee is devoting much of his time to informing the people of the state of the need for carrying through to completion this badly needed program. Circuit Judge Robert M. Hill informed President Lewis, and a full report on the prison system of Alabama will be heard by the members of the two clubs.

**SPOOF SPOOK**—Wide-eyed, frozen with fear, this kitten watches a witch streak across a Halloween sky on a broomstick near Ottawa, Canada.

Under a United States Supreme Court decision the Alabama state courts have until January 2 to bring to trial a 5-year-old ban on operation of the National Association for the Advancement of Colored People within the state.

## BIRMINGHAM PARKS ORDERED DESEGREGATED

Federal Judge H. H. Grooms Tuesday declared Birmingham's segregation law unconstitutional and immediately ordered desegregation of the city's parks, four golf courses and 38 playgrounds. City Public Safety Commissioner Eugene Conner immediately declared "so far as I am concerned all white and Negro Parks, swimming pools, golf links will be closed." Judge Groom's ruling came after a suit was filed by 15 Negroes against the Birmingham Park and Recreation Board.

The program includes the demolishing of old Kilby prison at Montgomery and the sale of the large tract of land which it occupies.

The Supreme Court ruling set aside a ruling by the U. S. Circuit Court of Appeals in New Orleans, saying the matter should first be fought out in Alabama courts. The circuit court had questioned whether or not a federal issue was involved.

If the state courts do not proceed with the trial then the U. S. District Court in Montgomery will be directed to hear the case, it was stated. The ban stemmed from a complaint filed in 1956 by the Alabama attorney general that the NAACP was doing business in the state without first qualifying as an out-of-state corporation.

The NAACP contended that the order barred it from organizational activity in Alabama and prevented it from taking steps to qualify to do business in the state.

The high tribunal told the district court to maintain jurisdiction and "take such steps as may appear necessary and appropriate to assure a prompt disposition of all issues involved in, or in connection with, the state action."

**Desegregation Ordered**  
In Nashville, U.S. Judge William E. Miller, ordered full desegregation of all schools in Lebanon and Wilson Counties effective January 2. It was the first time he had deviated from the staircase plan put into effect in Nashville in 1957.

In Lynchburg, Va., a 15-year-old Negro girl began serving a 30 day jail sentence for a trespass conviction in a sit-in demonstration.

In New York Thurgood Marshall, former chief counsel for the NAACP, took the oath of judge of the U. S. 2nd Court of Appeals which serves New York, Connecticut and Vermont.

Target dates for the start of operations at Armour Agricultural Chemical Company's multi-million dollar nitrogen fertilizer complex now under construction at Cherokee, have been announced.

Robert L. James, of Atlanta, vice-president of the company and general manager of its Nitrogen-Phosphate Division, in making the announcement reported that construction progress was proceeding "on schedule."

The schedule calls for the ammonia plant and the urea plant to be completed by January 8, 1962. Facilities for the production of ammonium nitrate, nitrogen solutions and nitric acid are scheduled for completion on February 8, 1962. Mr. James said. These facilities are expected to be in full-scale production by mid-March, he said.

Ammonium phosphate production is slated to get underway April 1 of next year, he added.

The new Armour facilities will include the largest single train ammonia plant in the world. The complex is located on a 1,200-acre tract of land at Cherokee, in the northwestern part of Alabama, about 15 miles from the point where the corners of Alabama and Mississippi touch the southern edge of Tennessee.

Construction of the nitrogen fertilizer manufacturing complex is being financed by the town of Cherokee under the terms of a \$25,000,000 (\$25 million) bond issue. When completed, the complex will be leased to and operated by Armour Agricultural Chemical Company, a division of Armour and Company, of Chicago.

Construction of the facilities began in April of 1961, following official ground-breaking ceremonies attended by top officials of Armour and Company, the contracting firms, and representatives of state and local government, including Alabama Governor John Patterson, William Wood Prince, of Chicago, chairman of the board and chief executive officer of Armour and Company, and W. E. Shelbourne, of Atlanta, president of Armour Agricultural Chemical. Key people for the operation of the new facilities, including department heads and superintendents, already are located at Cherokee, Mr. James said. Harold E. Maune, formerly head of Armour's Crystal City, Mo., nitrogen plant, is the manager of the Cherokee installation. Foremen and other plant personnel will be employed in the near future, it was explained. Total employment is expected to be about 250.

Products to be manufactured and tons-a-day capacity of each are: ammonia, 360; urea, 50; nitrogen solutions, 250; nitric acid, 300; ammonium nitrate, 250, and ammonium phosphate, 500. The Armour Cherokee complex is part of a \$60,000,000 (\$60 million) expansion program currently being undertaken by the company.

## Indian Mound May Be Picnic Area

Mayor E. L. Martin, outlined plans for a picnic area atop the old Indian mound just east of Mitchell Blvd. before the Florence City Commission, Tuesday. He described the program as including a circular walk approach to the top of the mound, with stair steps to facilitate movement up the steep slopes.

Picnic tables and other facilities would be established atop the mound so that the large flat summit may be opened to the public as a recreation area. With construction progressing at a rapid pace, it is anticipated the project will be completed within thirty days.

## REMINDER

All downtown Florence parking meters will be enforced on Wednesday afternoons beginning Wednesday, November 1. It was announced this week.

## Theatre Program

**SHOALS**—1 Week Starting Friday—Carol Baker in "Bridge to the Sun." **CINEMA**—Fri-Sat—Glenn Ford in "The Sheepman" in color. Also Rock Hudson in "Something of Value" in color. Sun-Mon-Tue—"World By Night." All star cast. **COLBERT**—Sat—Glenn Ford in "Cowboy" in color. Also Robert Mitchum in "Track of the Cat" in color. Sun-Mon-Tue—"Francis of Assisi" in color with Bradford Dillman and Dolores Hart. **TUSCUMBIA**—"The Big Show"—with Esther Williams. In color. Also "The Big Show"—with The Young Doctors with Fredric March, Dick Clark. **MARINO DRIVE-IN**—Fri-Sat—"Elephant Walk" with Lizabeth Taylor. Color. Also "Naked Lunch" in color with Charlton Heston. Sun-Mon-Tue—"Pleasure of His Company" with Fred Astaire and Debbie Reynolds. In color.

### It Is Our Responsibility

Colbert voters, realizing their responsibility to their schools, approved the county's five mill tax increase and thus assured a full nine-months operation of the system for the 1961-62 term and thereafter. Without this small tax increase Colbert teachers faced a cut in pay and shorter school terms due to prororation of state funds. The vote was 1,297 to 915.

Lauderdale County voters will be called on to vote a similar tax increase in a local election provided the 5-mill tax increase is approved in a state-wide vote.

Since the people of Lauderdale County are aware of the precarious financial condition of the county's schools there is little doubt but that they will approve the 5-mill increase overwhelmingly, both state-wide on December 5, and six weeks later when a local election is held.

It goes without saying that good education is good economics. No community, county or state can prosper without good schools and good educational facilities. To have good schools, however, is not enough, good teachers must be provided and they must be adequately paid. Too many have already been lost to more lucrative careers.

With emphasis on education in today's specialized world, Lauderdale can and will march forward by approving the 5-mill tax increase in both the state-wide amendment and the local election.

Remember it is our children who ask this small favor. It is our responsibility to see that they get it.

### We Must Set An Example

Do we ever stop to think that our nation cannot be strong without strong states, nor can states be strong without strong communities, and so on down to the family. Definitely a nation cannot be strong unless there is a moral quality involved in this strength of states, communities and family life.

We must get over the idea that God is an American. If we are to profess a belief in God we must certainly believe that he is the God of all people . . . everywhere.

When we believe that we will not allow indifference and apathy to sap the moral strength we must have to assume our place as the champion of peace and freedom.

We can preach all we like to others and give all the advice we can think of but we must as individuals put our trust in the things that will endure. To fight the encroachment of Communism we must do so upon a firm foundation of truth and understanding and with a militant determination to see to it that weaker nations do not mistake our motives when we offer our aid and protection.

If foreign aid cannot be administered where a few of the billions we send can trickle past the grasping hands of corrupt political leaders and reach the people then we should protest with all our strength against sending foreign aid. It is nauseating to read of some dissolute ruler of an impoverished nation driving Cadillacs of every hue of the rainbow while the people starve.

Billions have been sent abroad presumably to aid in the development of underprivileged peoples while other billions have been spent in armament and bases. The waste has been astronomical and we still find our position precarious and many of our "friends" ready to desert us the minute we cut off the flow of dollars.

Our association with nations the world over has too long been one of dollar diplomacy. Until we set an example of real leadership based on the recognition of human rights and dignity we shall be fighting a losing battle to save the free world from Communist enslavement.

### COUNTY-WIDE BRIEFS

● Wilson School will have their Halloween Carnival, beginning at one o'clock Friday afternoon until seven o'clock that evening, sponsored by the P.T.A. At eight o'clock queens from the Junior High school and elementary school will be crowned. Everyone is invited to attend.

● The music department of Florence State College will present Mary Jean Corsbie of Florence in a piano recital Friday at 8 p.m. in Wesleyan Auditorium. The recital is open to the public.

● The North Alabama Conservation Association will meet tonight

at 7:30 at the Florence Municipal Building. Plans for a chicken stew and turkey shoot will be mapped.

● The annual King and Queen contest for Halloween Fun at Three Schol will be held Saturday. Beginning at 5 p.m. the evening of social activities will be culminated with the crowning of the King and Queen. There will be a cake walk, fish pond, hot dogs and coffee. Everyone is invited to attend.

● The Rev. Bobby A. Lowery has announced the revival at the Florence Assembly of God will continue through Sunday.

### Kiwanians Hear About 'Free Press' In Soviet Russia

An interesting talk on the Soviet press was given by Dr. Benjamin F. May, Jr., of the Department of Social Sciences and History at Florence State College, at the meeting of the North Florence Kiwanis Club on Thursday night at Howard Johnson's restaurant.

Dr. May's talk was in connection with the club's annual observance of National Newspaper Week. He was presented by program chairman Franklin Lenfesty. Guests included Fred Dillon, news editor and Bill Backvold, classified advertising manager of the Florence Times and Tri-Cities Daily, and Oscar Lewis, news editor of The Florence Herald; Mrs. May and Mrs. Lenfesty, Dr. J. S. Galinger and Jerry Landrum from the downtown Kiwanis Club and two members of the Mars Hill Bible School Key Club.

With reference to the Soviet press, Dr. May, who with his wife has spent considerable time in Russia, said the newspapers are "extremely tiresome, dull and repetitive." It is not a "free press" at all.

He said the Russians claim to have a freer press than we have but you find on talking to them about it they don't mean the same thing at all. They seem to have a mental block.

"They are indoctrinated with the idea that the press in the United States is controlled by Wall Street," Dr. May said, adding "our guide told us, 'all your papers are owned by the Morgans and Rockefeller'."

He said the Russians are friendly toward President John F. Kennedy but they "cannot forgive him for being a millionaire."

"The Soviet press is a powerful instrument in controlling the masses," Dr. May said, pointing out that the press does not mirror but directs public opinion "so when an American talks about a free press, they don't meet."

Dr. May brought a Soviet news-

### In The Week's News

#### Russia Explodes Huge Bomb

The Soviet Union set off Monday the biggest explosion in history, the Atomic Energy Commission reported, but it probably was less powerful than the 50-megaton blast which Premier Khrushchev had announced was forthcoming. A 50-megaton bomb unleashes energy equivalent to 50 million tons of TNT and would be 2,500 times as powerful as the American bomb which destroyed Hiroshima in World War II.

#### Hammaraskjold Awarded Peace Prize

Nobel prizes were awarded Monday to Dag Hammaraskjold and Albert John Luthuli, a Negro leader in South Africa, two advocates of non-violence in a violent world. The 1961 peace award went to the late U.N. secretary-general and the 1960 peace prize was belatedly awarded to Luthuli for working to ease the effects of racial discrimination in South Africa. Hammaraskjold, who perished September 18 on a peace mission to the Congo, was the first to receive the award posthumously.

#### Clay Blames Reds For "Incident"

Gen. Lucius D. Clay, Monday, blamed Communist East German police for "irresponsible and illegal behavior" causing an incident on the border involving U.S. troops. A squad of U.S. troops marched into Red-ruled East Berlin Sunday night with bayonets fixed to escort E. Allan Lightner, Jr., top State Department official in Berlin, from the Soviet sector after his car had been held up by East Berlin police.

#### Joseph M. Schenck Dies At 83

Joseph M. Schenck, one of the organizers of Twentieth Century-Fox Film Corp., and United Artists Theaters, Inc., died in his sleep Sunday at his Beverly Hills home at the age of 83. He helped develop such diverse talents as Fatty Arbuckle and Marilyn Monroe and guided Buster Keaton, John Barrymore and Constance Talmadge to stardom. He was married to actress Norma Talmadge in 1916 until she divorced him in 1934. He never remarried.

#### Calhoun County Votes "Wet"

For the first time in more than half a century, people in Anniston could buy beer legally Monday. Calhoun County voted wet by little more than 200 votes last month, with the provision that liquor and beer be sold only in cities of 15,000 population or more. Four wholesalers and 25 retailers have been licensed and a state liquor store opened.

#### Legion Field Section Held "Unsafe"

The engineering firm of Wilmore, Hudson and Luke took full responsibility for design deficiencies which prevented the use of the new deck at Legion Field in Birmingham at last Saturday's Alabama-Tennessee game. There was no date set as to when the deficiencies might be corrected, but it is hoped the deck can be occupied by Nov. 18, when Alabama plays Georgia Tech.

### Late News

● All U.S. Army troops in Berlin were placed on general alert for six hours Wednesday in the midst of sea-sawing over the right of Americans to enter East Berlin. Ten U.S. tanks were brought up to the wall dividing the city. East German police wheeled up a water cannon capable of knocking a man off his feet and a small armored car to within about 300 yards of the border.

● Gov. John Patterson threatened to abandon plans for a new highway, Route 85 between Montgomery and Atlanta, and said Tuesday the White House and Civil Rights Commission are attempting to relocate the highway to save the property of "rich and powerful Negro leaders." Complaints received by the commission from Montgomery Negroes said the proposed route was not the one originally planned and would dispossess Negro leaders in the civil rights field.

● Public health authorities are geared to detect the first fallout in North America from the Soviet Union's massive nuclear explosion of Monday, but they declared it is too early to forecast if it will create any significant health hazard either in the following few weeks or next spring. The fallout is expected to extend over the entire nation on its second pass around the earth.

● Postmaster General J. Edward Day has reinstated W. W. Law, a Georgia Negro leader as a mailman, but the way he announced it has drawn bitter criticism from the National Association for the Advancement of Colored People. Day said he was reinstating Law "with great regret" and "described him as an 'unsuitable employee.'"

● The Alabama Supreme Court Tuesday approved an Alabama Bar Association rule which may outlaw "quickie divorces" in Alabama. The rule prohibits attorneys from filing any divorce suit "with knowledge or reasonable cause to believe" that neither party to the suit is "a bona fide resident of the state of Alabama."

paper, and since he speaks the language fluently, translated some of the headlines and contents of the leading articles. These consisted, as usual, of stories of the Communist Program and other party line articles on Soviet advancement.

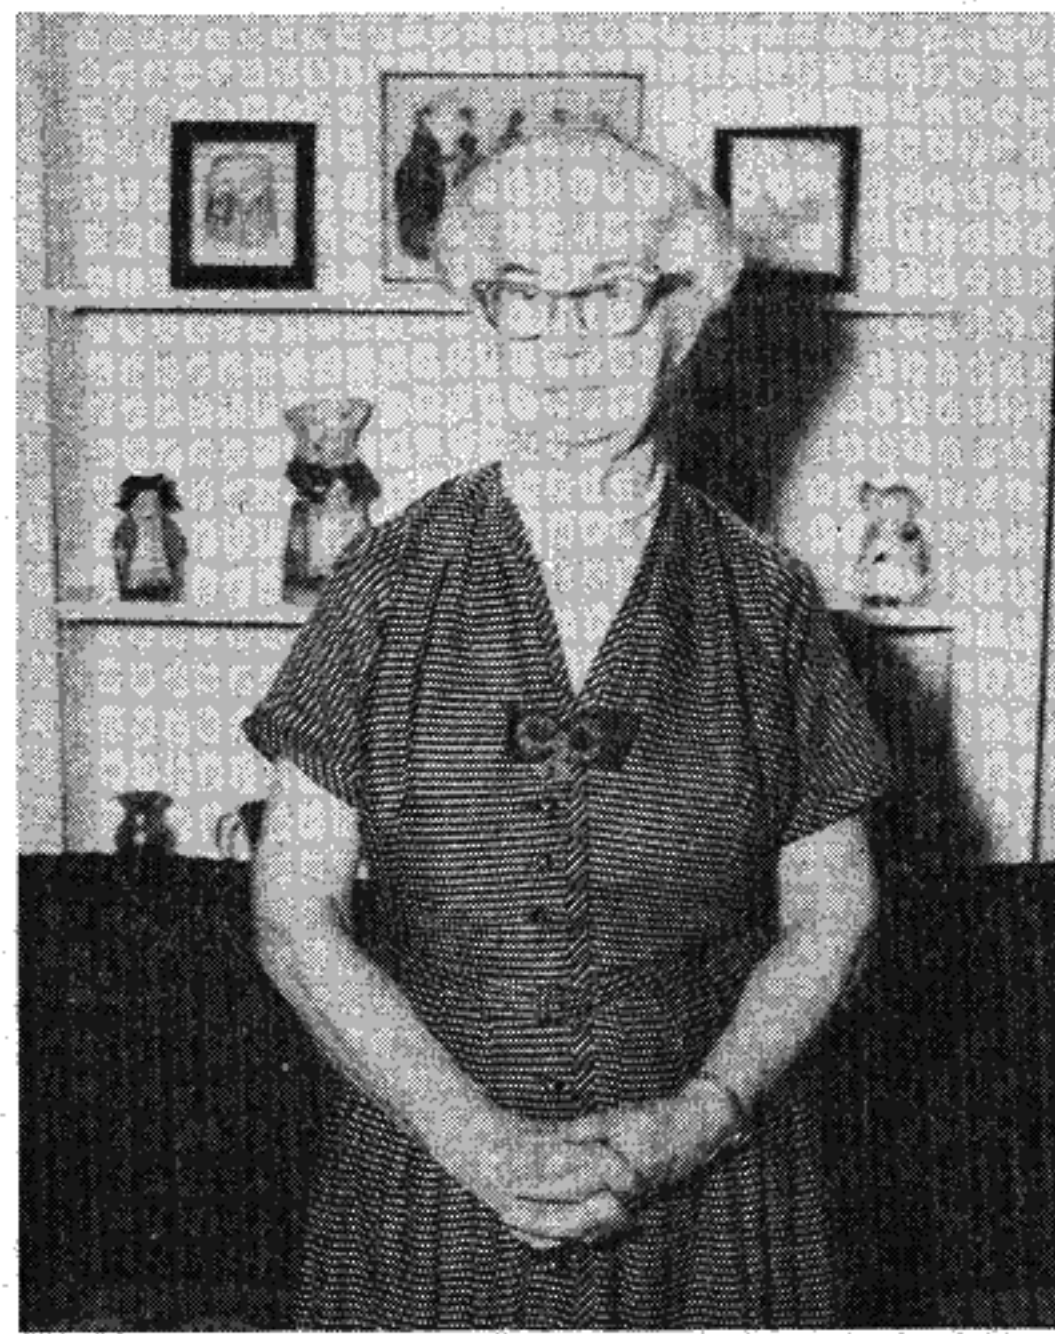

"The Soviet press is interesting for what it leaves out," he said, noting that Berlin and news about the nuclear explosions, are carefully deleted.

Since the party must continually stimulate class consciousness the press is naturally in the hands of the party, the speaker pointed out, emphasizing again that its use is primarily in eulogizing and glorifying the Party Program.

GO TO CHURCH ON SUNDAY!

## Personality Sketches

By ANN SULLIVAN

MRS. LULA POWERS ROSSMASSLER

"As a native of Florence and one who has spent the greater part of my life in this most beautiful of all cities, I marvel at its growth, its general progress and wonderful future. However, it is my concern that so many of our young

people leave us to establish homes elsewhere. This is discouraging when I know no area offers greater opportunities," Mrs. Rossmassler said as she thought back over the years she has been such a vital part of the city.

"But I have one gripe! Why can't we keep our city's streets clear of waste and cans and trash and other things that mar the appearance of this beautiful city? Maybe we need to impress our citizens, both young and old, that we can't keep our streets and alleys clean without their help. The city street department can't do it all by itself, that's certain," Mrs. Rossmassler added.

Lula Powers Rossmassler was born in Florence, the daughter of Dr. James Knox and Lula Reynolds Powers. She attended the Model Training School at State Normal College and after her college junior year, transferred to the University of Alabama to continue her studies. Mrs. Rossmassler was graduated in 1901 with an A. B. degree.

Following her graduation from the University, she began her teaching career at Decatur, later teaching in Montgomery and Mobile. In 1905, she became a member of the faculty at State Normal College.

In 1907, Mrs. Rossmassler took a leave of absence from her teaching post at the college and entered Columbia University in New York City to work toward her Masters degree. After receiving this degree in 1910, she returned to her teaching position at State Normal College and continued in the mathematics department for the next eight years.

In 1918, after World War I began, Mrs. Rossmassler received an appointment with the American Red Cross for overseas duty and was assigned as a hostess in a hospital near Paris, France. While sailing for Europe, an epidemic of Asiatic flu broke out among the passengers on the ship, and Mrs. Rossmassler became very ill. As a result, she was taken to London, Eng., where she was hospitalized for several weeks.

Anxious to go to her new assignment near Paris after recovering from the flu, Mrs. Rossmassler was enticed to take the quickest transportation from London to Paris, which was by military aircraft. This decision to fly gave her the unusual distinction of becoming the first woman to fly across the English Channel in a military plane.

Mrs. Rossmassler's duties at the hospital was to meet each train with worried aboard, see that they were properly hospitalized, see that they were fed and administered medicine.

Mrs. Rossmassler is an active member of Trinity Episcopal Church.

Her hobbies are the theatre, knitting and collecting figurines. She has many unique and colorful figurines on display throughout her apartment.

### Monroe Journal Publisher Heads Representatives

William M. "Bill" Stewart, owner and publisher of The Monroe Journal, Monroeville, is the new president of Weekly Newspapers Representative, Inc., an organization representing advertisers and agencies in behalf of America's weekly newspapers. He was elected during a meeting of the National Editorial Association in Chicago last week.

Stewart also publishes The Wilcox Progressive Era, Camden. He owns a radio station in Monroeville and operates a commercial printing plant and office supply store there.

He was vice president of WNR, 1960-1961, and has served as a director of the organization for the past four years.

Stewart is a past president of Alabama Press-Association and Alabama Newspaper Advertising Service, and is NEA state chair-

### Buy Tags Early, Avoid Rush Later

Tax Assessor B. P. Lovelace, Jr., last week urged owners of motor vehicles to buy their vehicle license tags early and avoid the last minute rush. November 15 is the deadline after which time penalties will be assessed against those who have not purchased their tags.

The tax assessor estimated that some 22,000 tags are to be purchased in Lauderdale for cars, buses, trucks and other motor vehicles, with about 11,000 having been purchased through noon on Wednesday.

In 1960, Alabama farmers made 760,000 bales of cotton — worth \$135 million — on 870,000 acres. This year, an additional 50,000 acres are in cotton production, but per acre yields are expected to be considerably lower.

## Florence Kiwanis Presents Awards To Local Papers

Guest speaker at the Florence Kiwanis Club meeting on Friday noon at the Reeder, was Leroy Simms, managing editor of the Huntsville Times, who spoke in behalf of Constitutional Amendment No. 2 which concerns the state's financing a \$3,000,000 science research center at Huntsville. Max Levinson had charge of the program.

**Favors Amendment No. 2**  
Mr. Simms said the center would be more than self-supporting and that it could count on financed projects from Marshall Space Flight Center and the Army Ballistics Missile Agency, since these and other military agencies favored establishment of the center. He emphasized the importance of securing the facility and that one such center had received contracts amounting to \$86 million from NASA alone last year.

In urging a vote for the project he said that money would not come out of schools funds as had been rumored.

**Newspapers Lauded**  
Simms was introduced by Harold May, managing editor and co-publisher of The Florence Herald, and president of the Alabama Press Association, who with Luther Baker, general manager of the Florence Times and Tri-Cities Daily; Fred Dillon, news editor of the two dailies; Miss Nancy Nichols of the Coffee High student newspaper; and Jack Bridges, FSC news director, were guests of the club in its annual observance of National Newspaper Week.

Simms, who for many years headed the Associated Press Bureau in Birmingham and was editor of the Birmingham News until February, expressed appreciation to the Kiwanis Club for its interest in journalism and its observance of National Newspaper Week. He cited many improvements in newspapers and news-gathering in recent years.

"The jobs are more demanding now, but they are also more rewarding," he said.

**Certificates Presented**  
Max Levinson presented certificate awards to The Florence Times and The Florence Herald, mentioning the fact that both Louis Eckl, executive editor of the Florence Times and Tri-Cities Daily and Harold S. May, of The Florence Herald, had recently been elected members of Sigma Delta Chi, honorary journalism fraternity.

### Sheffield Pilot Dies In Plane Crash At Airport

Kenneth Edwin Foreman, 27, of 3101 12th Ave., Sheffield, was killed Monday afternoon when his small plane crashed nose down at Muscle Shoals Airport from an altitude of about 150 feet. The exact cause of the crash was not known.

Foreman, assistant manager of Tennessee Valley Flight Service, was reportedly flushing out the chemical tanks on the plane when the accident happened. The craft was equipped for crop spraying and dusting and had made one pass before crashing.

John H. King of Miami, Fla., air safety investigator of the Civil Aeronautics Board, investigated the crash.

Of every dollar spent for dry milk, the farmer receives about 15 cents. The rest of the dollar is divided this way: processors, 14 cents; distributors, 48 cents; wholesalers, five cents; and retailers, 18 cents.

ELDON MCDANIEL  
... Kent's Manager

## Grand Opening Of Kent's Dollar Store Announced

The opening of Kent's Dollar Store at the corner of Court and Tombigbee streets in Florence this week marks the eighteenth store in a chain established a little more than three years ago, according to Eldon McDaniel, manager of the Florence store, who comes to Florence from Memphis where he was manager of one of the seven Kent Dollar Stores located in that city.

The tremendous success of these self-service Kent Dollar Stores is attributed to the low prices they put on their merchandise plus the store's policy of offering the merchandise "straight"—that is no elaborate fixtures or displays, no salespeople, no credit, and a bare minimum markup, the management states.

The Kent Dollar Stores carry clothing for men, women, children and infants and also small housewares and shoes for the family.

The store will be open today, tomorrow and Saturday from 9 a.m. to 9 p.m. and on Friday nights on a regular basis.

Home office officials who are attending the grand opening today are, Harry Spiegel, general manager of Kent's Dollar Stores, and S. L. Marlow, under whose supervision the Florence store is being opened in the building.

In announcing the opening, Mr. McDaniel said, "We feel that Kent's Dollar Store will be the answer to the high cost of living. We are happy to be able to offer good, dependable merchandise at bargain prices to the people of Florence."

A page advertisement announcing the opening appears elsewhere in this issue.

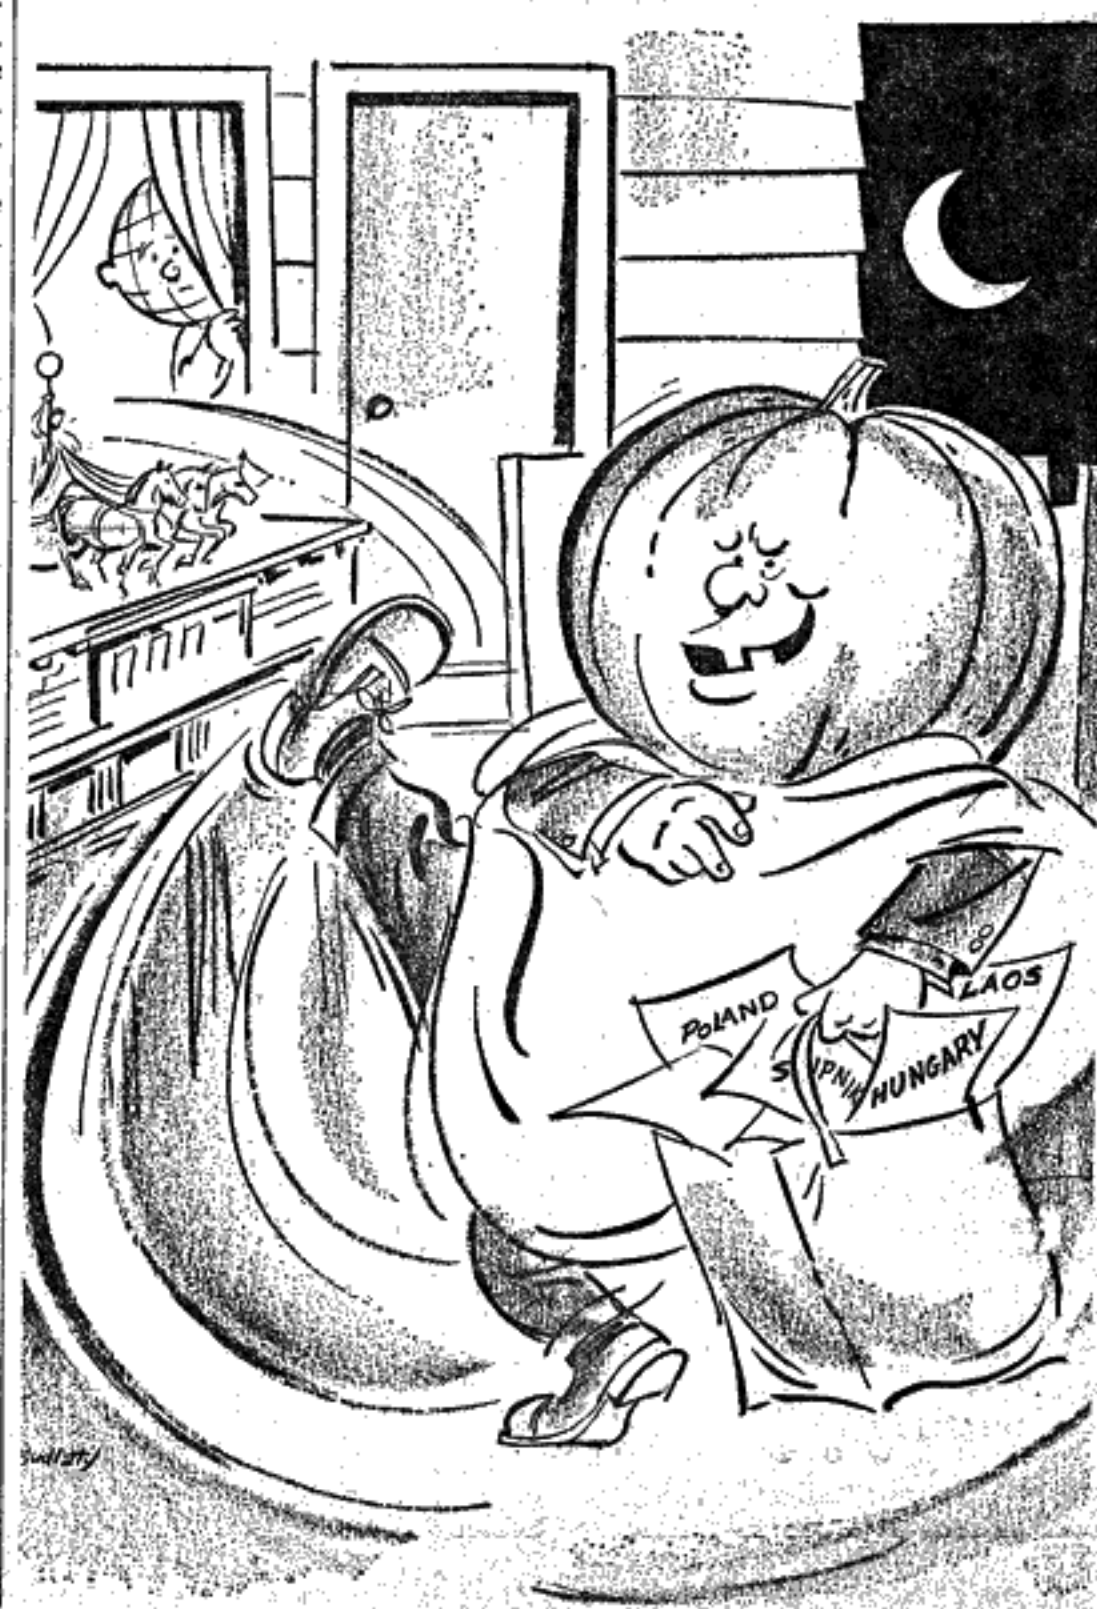

## Weekly Schedule Of Bookmobile

**Monday, October 30**  
**Killen, Rogersville**  
Killen School, 8:15-11:00; Rogersville High School, 11:45-12:00; Rogersville Elem. School, 12:00-1:30; East End Negro School, 1:40-2:10; Rogersville Post Office, 2:20-2:30.

**Tuesday, October 31**  
**Cloverdale Road**  
Mars Hill School, 8:15-9:30; Gulf Station, 9:35-9:45; Underwood School, 9:50-10:50; Lovelace Home, 11:05-11:15; Cloverdale School, 11:20-1:15; Garrett's Store, 1:20-1:25.

**Wednesday, November 1**

Lloyd Cox Store, 8:20-8:30; McGee School, 8:35-9:15; Ebenezer School, 9:25-9:45; T. M. Rogers School, 10:00-12:00; Friar Home, 12:10-12:20; Kennedy Home, 12:30-12:40; Phillips' Store, 12:50-1:00.

### Trick or Treat

## Miss Mary Ethel Harrison Pledges Vows With Airman

Mr. and Mrs. Earl Harrison of Savannah Road, Florence, have announced the marriage of their daughter, Mary Ethel, to John Nelson McDonald, son of Mr. and Mrs. W. E. McDonald of 418 Staunton Avenue, Florence, on Wednesday, October fourth.

The bride is presently at home with her parents while the bridegroom continues service with the United States Air Force.

## Miss Anita Gail Johnson To Wed In Church Ceremony

Announcement of the approaching marriage of Anita Gail Johnson and Jimmy Wisdom has been made by the bride-elect's father, Oscar Johnson, of Greenhill.

The prospective bridegroom is the son of Mr. and Mrs. Walter Reeder Wisdom of Killen.

Killen Church of Christ will be the scene of the late November nuptial event.

## Mr. and Mrs. Rasch Mark Golden Wedding Anniversary

Coming from both far and near, the daughters and sons and grandchildren and in-laws of Mr. and Mrs. John F. Rasch gathered at the family home in St. Florian during the weekend of October eighth to celebrate along with family friends the arrival of their parents' fiftieth wedding anniversary.

Present from Cleveland, Ohio, were Dr. Cleo Rasch and Mrs. Kathleen Koenigshoff; from Birmingham, Mr. and Mrs. John F. Rasch, Jr.; from Nashville, Julius T. Rasch; from Celina, Tenn., Mr. and Mrs. Alvin E. Rasch and daughter, Cindy; and from their nearby home, Mrs. Geraldine Bernauer and her family.

Arrangements of golden yellow roses and gladioli were about the rooms on Sunday afternoon when relatives and friends called to extend congratulations and "many happy returns" to the bride and groom of yesteryear.

Guests during reception hours numbered about seventy-five.

## Golden Wedding Marked By Mr. and Mrs. Barringer

"Golden memories" were expressed in various ways to Mr. and Mrs. John Barringer whose fiftieth wedding anniversary was celebrated at their home in the Elgin Community near Rogersville on Sunday afternoon, October fifteenth.

Arrangements of yellow and bronze chrysanthemums mingled with greenery to decorate the spacious rooms and, on the mantle before which guests were received, an unusual bouquet of berries and greenery was an admired feature.

Mrs. John R. Waddell, Sr., longtime friend of the fete couple, welcomed the more than one hundred guests, and Mrs. Larry Gautney of Killen and Mrs. Dorra Grigsby of Rogersville received and displayed gifts. Mrs. Harvey L. Crymes kept the guest register.

Greeting callers with the honorees were their children and family members including Mrs. William Campbell, James Campbell, and Mr. and Mrs. Stansell Barringer and Gerald Barringer of near-Rogersville; Mr. and Mrs. James Burbanks and Sue, and Mr. and Mrs. Bill Letson of Florence.

Lace covered, the punch table was lighted by tall yellow tapers and presiding there were Mrs. Lewis Fuqua and Mrs. Tolle McLeomore assisted by Mrs. Alonzo Downs and Mrs. Hillard James.

Florentines among the guests were Mr. and Mrs. George Ezell and "Chipper" Ezell, Mr. and Mrs. R. O. McLeomore and Supt. Allen Thornton.

## Dogwood Garden Club Meets With Mrs. Loden

Mrs. Winfield Allen was welcomed as a new member of Dogwood Garden Club when members assembled at the home of Mrs. John Loden, hostess at her home in Killen on Monday evening.

Plans for the club's November Bazaar were discussed at length during the business period.

An interesting program included the fashioning of winter arrangements from materials gathered during the summer season, and from woodland "finds" and Autumn gardens.

Mrs. George Allen of Meridian, Miss., was a guest, enjoying with the group the program and the refreshment hour which followed.

## MS Organists Guild Presents Memphis Musician

Here from Memphis to appear in recital at First Presbyterian Church on Tuesday, Idabelle Knox Henning was feted on the preceding evening by the Muscle Shoals Chapter, American Guild of Organists, who were dinner hosts at The Town Club.

Mrs. J. Will Young, Dean of the local group which has twenty active members and five subscribing, introduced the honoree and, in recognition of her gracious appearance here, presented her with a corsage.

Mums in a silver bowl centered the table where name cards marked places for thirteen guests.

Mrs. Henning, organist and choir director of First Presbyterian Church of Memphis, was heard by an appreciative audience on Tuesday evening.

Mrs. Thomas N. Smith is a surgical patient at ECM Hospital.

MR. AND MRS. WALTER YOKUM

... Golden Wedding Anniversary

## Mr. and Mrs. Yokum Observe 50th Wedding Anniversary

Happy reminiscences filled the hours of Sunday, October twenty-second, for Mr. and Mrs. Walter Yokum who on that day celebrated their Golden Wedding Anniversary.

The Yokum home near Rogersville, not far distant from the one to which the bride and groom of 1911 repaired, was decorated with golden-tinted chrysanthemums and marigolds and welcoming guests with the hosts were their daughter, Mrs. Leo Littrell, and Mr. Littrell of Sheffield; and their sons and daughters-in-law, Mr. and Mrs. Vasco Yokum, also of Sheffield, and Mr. and Mrs. Noble Yokum of Gadsden. Also present were four grandchildren, Patricia, Bill and Noble Yokum, II, and Gerald Littrell, and greatly missed from the group were other grandchildren and great grandchildren who make their homes in Georgia, Missouri and faraway Germany.

A cloth of lace covered the party table where punch and a three-tiered cake, decorated with a golden "50th" and a miniature bridal couple, were served by Mrs. Mildred Bedwell of Gadsden, Miss Barbara Nix of Sheffield, Linda Richardson and Sharon Cosby.

About one hundred friends called during the afternoon hours.

## Young Musicians Attend Huntsville Meet

President of the Florence Juvenile and Junior Teens Music Clubs, Carolyn Cox and Becky Lancaster gave reports from their respective groups when the Junior Music Clubs of the First District met for their annual convention and luncheon at the Big Springs Community Center in Huntsville on Saturday.

Presenting piano solos on the musical program were Harriet Ann Levi, Carolyn Cox, Donnie White and Susan Tauber.

Others attending included Evalou Richardson, Nancy Fell, Mary Shanks, Shelia Ward, Judy McCord, Dennis Easterwood, Linda Gibson, Brenda Stringfellow, Laura Jane Thomas, Debbie Elliott, Donna Keith, Cynthia Hayes, Stephanie White, Cynthia Melson, Rhonda Rice, Bonnie May, Janice Scott, Jackie Trousdale, Libby Glasscock, Brenda Montgomery, Connie Call, Trudy Brackin, Mary Lowe, Janet Jackson, Carol Capshaw and Shirley Tune.

Adults accompanying the two groups were Mrs. O. W. Edwards, Mrs. A. J. Fell and Mrs. W. P. Shanks.

## Florence BPW Club Hears Guest Speakers

At last Thursday's meeting of Florence Business and Professional Women's Club, an interesting program was presented by Huntsvillians, Mrs. George Warren and Miss Dolly Wigginton, who gave a factual report concerning the Research Institute which is under the auspices of the University of Alabama and upon which the state will vote on December 5, an institute for recruiting and training men in technological fields.

Miss Ola Joiner, chairman of the Legislative Committee, was in charge of arranging the program. Mrs. L. C. Morgan presided during the business period, during which time reports were heard from Mrs. Virginia Oliver on the Mental Health Association meeting and plans were made to assist with this work.

## Mrs. Cole Reviews For Thursday Study Club

Miss Tera Hitchcock was hostess to last week's meeting of Thursday Study Club, welcoming members and one guest, Miss Elsie Lawson, at her home on Chisholm Road.

Mrs. Roy Cole, the afternoon's program chairman, reviewed Gladys Schmidt's "Rembrandt" and, as she discussed about the artist's life, passed prints of his best known works.

A tea hour followed the program, Miss Lawson assisting the hostess in serving.

the three-generation family which, during the Reconstruction Days of 1865, struggled for adjustment. The inclusion of personal items added interest and charm.

Mrs. Donald O. Dugger was hostess at her home in The Village and included in the hospitality Mrs. Kelly Elmore, Mrs. Ernest Smith and Mrs. Owen Chaney.

## Mrs. King Hostess Current Events Club

Mrs. W. T. McElheny, a guest at the Current Events Club meeting of Thursday (last week), gave the afternoon's program, a review of Phyllis McGinley's Pulitzer prize-winning book of poems entitled "Times Three."

Mrs. Leo King, hostess at her home on North Wood Avenue, also included in the hospitality Miss Gladys Shepard, Mrs. Vernon Brown, Mrs. Otis Brooks and her mother, Mrs. R. L. Hanson of Decatur, Ga., who is here for a visit.

Fall blossoms centered the party table from which salad and coffee were served to conclude the meeting.

## Hypatian Club Told Of Old English Silver

For the meeting of Hypatian Club on Thursday afternoon, October 19, members were welcomed at three o'clock by Mrs. A. R. Tomlinson at her home on Hickory Court.

Mrs. Benjamin May, whose family is a recent delightful addition to Florence, was present with club members to hear Mrs. Morton Southall tell of silver making in England between the 14th and 18th centuries. Mrs. Southall pinpointed the life of Hester Bateman, known as "Queen of English Silversmiths," and told of Bateman pieces in private collections and American museums. Pictures were passed to illustrate her remarks.

Mrs. Louis Martin, president, presided during the business period.

## Music and Program Entertain Firenze Members

The biography of Alabama's Julia Tutwiler, written by Ann Gary Pannell and Dorothea E. Wyatt, was retold to Firenze Club

members on last Thursday by Mrs. Walter E. Brown who reminded her listeners that among other pioneering accomplishments, this remarkable Alabamian was responsible for the co-education program which was instituted at the University of Alabama many years ago, and is successfully continuing.

Among other things, mention was made of the concern which Miss Tutwiler and (then) University President Powell felt in regard to housing and chaperonage of the first ten young women students who were admitted before the construction of Tutwiler Hall could be completed; and of her poem, "Alabama," which has been set to music and was featured during the afternoon by Florence State College students, Carolyn Otis, vocalist, and Kay Cooper, accompanist.

Mrs. B. B. Bower was hostess at her home on Seminary Street; Mrs. E. B. Norton and Mrs. Lloyd Johnson, her special guests.

Here during the past few days for visits with their mother, Mrs. Eugene Duncan, a patient at ECM Hospital, have been Mr. and Mrs. Asa Duncan of Miami, Fla., Mr. and Mrs. Collier Duncan of Galatin, Tenn., and Mrs. Ralph Long of Nashville. Mrs. Duncan is said to be improving.

Mr. and Mrs. Alex Wade left a few days ago for several weeks' stay in Phoenix, Ariz., stopping enroute for visits in Memphis and Little Rock.

Mrs. Ben Baldwin has returned to her home in Washington, D. C., after spending a week with her mother, Mrs. D. L. Harrison, a patient at Mitchell-Hollingsworth Hospital.

Miss Mary Rogers, Miss Julia Neal, Miss Ladean Small and Miss Margaret Reynolds are leaving tomorrow for a weekend of motoring along the colorful trails from Gatlinburg.

Mr. and Mrs. F. W. Hamilton (Marilyn Jane Miller) and children, London and Herb, were here from Jackson, Tenn., for a weekend with Mrs. Hamilton's mother, Mrs. H. W. Miller on Mattilou, coming especially for Coffee Hill's Homecoming event.

**"BLUE CROSS - BLUE SHIELD really stood by us, time after time..."**  
say Rev. and Mrs. Robert H. Myers, Rogersville, Alabama

"My wife's five trips to the hospital in eighteen months certainly added up to a lot of sickness, which required intense treatment. Over ninety days as a hospital patient has been hard on her, but I don't guess any of us have a guarantee on good health. One thing I can guarantee, though, it would have been much harder without Blue Cross-Blue Shield!"

"Fortunately for us, we remembered to transfer our Blue Cross-Blue Shield membership when we moved here from another state, because almost immediately the health bills began piling up. We won't soon forget that our Blue Cross and Blue Shield covered over \$3600 of these expenses. Believe me, these plans are wonderful protection in every way."

This actual case history is a typical example of both the value—and the dependability of Blue Cross-Blue Shield health protection. It is consistent service like this that has made Blue Cross-Blue Shield Alabama's most popular plan . . . now serving over 820,000 Alabamians.

If you don't now enjoy greater health security as a member of Blue Cross-Blue Shield, mail coupon today for complete information on benefits and rates.

## Social

Mr. and Mrs. William J. Holt and sons, Bill and Ben, until recently of Florence, are now at home in Laurel, Miss.

Dr. and Mrs. W. Chunn Parsons came up from Birmingham for a few days with their daughter, Mrs. James H. Johnson, Mr. Johnson, and children, and were present for the christening in First Presbyterian Church on Sunday of their newly-arrived granddaughter, Mary Victoria.

Among those arriving for the Coffee High Homecoming of last weekend were Mrs. Blevie Rickard (Katherine Harson) of Tullahoma, Tenn. She was accompanied by Tim and Challice and the ywre

guests while here of her mother, Mrs. E. A. Harson, on Kendrick. From Kingsport, Tenn., comes news of the birth on October 19 of a son of Mrs. Thomas Sanford Williamson, Jr., the former Mary Margaret Hofferbert of Florence. Grandparents are Mr. and Mrs. W. L. Hofferbert of 603 Hermitage Drive, Florence, and Mr. and Mrs. Williamson, Sr., of Yazoo City, Miss.

Mr. and Mrs. Frank Crow, Lauderdale Beach, joined the vacationers along the Gulf Coast and in New Orleans for a recent ten-days' stay.

Arriving last week for a visit with her sister, Mrs. Wilder Watts, and Mr. Watts, at Barton Hall was her sister, Mrs. George Calhoun of Seaford, Delaware.

## THE SPILLWAY

"Make new friends,  
But keep the old.  
One is silver  
And the other gold."

CERTAINLY THIS LITTLE DITTY was never more applicable than it was this past weekend, when Coffee High School held its annual homecoming events . . . this year honoring the classes of 1942 and 1943, and attended by class members from points far and near . . . Isn't it hard to believe that "Sister" (Glenn Miller, Sara Elizabeth (Paul) Corrigan, Marilyn (Miller) Hamilton, Don Holt, and all the others, could be celebrating an Eighteenth Anniversary? . . . A large and thoroughly enjoyable homecoming is the report on all sides, highlighted by a plane blinking overhead during the game, (piloted by class member Major John McClure), cookies made by Shirley (Israel) Teks and dated (not with fruit), orchids flown in from Hawaii, the showing of moving pictures taken "back then" by Rufus Hibbett (and some of them hard to believe), and the still beautiful and youthful faces of Elizabeth (Gregory) Lee and Rebecca Clark, former teachers, "back home" for the occasion, the sight of J. W. Powell riding in the parade (silently, and vocally, admired by hundreds of former students). All in all, a wonderful occasion, and imagine our pleasure at turning in on one of the Birmingham television stations on Monday morning to see Tom York and hear him tell of having been here for "an outstanding celebration."

CONGRATULATIONS TO: "Tinker" (maybe we should say Wilder) Cheney, on the recognition

he has received from his recent article on the Tennessee Valley Authority, in the October issue of the nationally read magazine, **Lawyers Title News**. According to those in-the-know, including our own Marshall Smith, this article should be a real advertisement for our section, and should be read by us all, since it is so well written . . . And to Margaret Frost, now of New York City, upon her promotion with **TIME** magazine . . . Know Mama-Margaret and Bill must be "awful proud" of their lovely daughter, and we "join in the chorus."

COMBINING BUSINESS AND PLEASURE seems to be the common practice these days . . . Cara and (Doc) Slaton, after a dental meeting in Philadelphia are now taking in some sights in shows in New York . . . Gertie and Frank Crow have just returned from a Utilities convention in Biloxi with some pleasure trips on the side . . . Martha Rose and Stanley Robbins are enjoying a like combination 'way down in Rio! Call it lucky professions, or lucky wives—all adds up to the same!

WE BRAGGED TOO SOON, when we were mentioning last week that we had barely escaped losing Forest Brice to Uncle Sam's Army . . . Now, it seems, he is leaving soon to live in Birmingham, and to have a new position with Southern Bell. He will be missed, since he's been active for many civic causes, and he and his family take our best wishes with them.

Heard of an AWFULLY CUTE PARTY given to honor departing-pastor and his wife,—"Bing" and Melie Summerell—a costume party where roarin' twenties, tramps, black mummies, and what-have-you gathered around to sing "Auld Lang Syne" to the honorees ("Bing" being in a Scotch kilt) . . . the outstanding costume being donned by (Doc) Quint Langstaff, which admitted some of the secret failings of his profession.

ISN'T IT NICE . . . to see Alma McNeely back in our midst and looking as lovely as ever . . . seeing Beth and (Doc) Bob White over from Huntsville for the celebration of the eighty-third birthday of Beth's grandmother-Blair (and many happy returns to Mrs. Blair) . . . having the (Doc) Chunn Parsons up from Birmingham for a week-end on the lake and with daughter Lynn (Johnson) and Jimmy . . . having Cleo Diechert here from California with sister-Marie Callaway (which is just where she belongs) . . . seeing Anna Johnson all decked out in suit and flowered hat of magenta (the stylish color we've been hearing so much about—but which couldn't become everyone as it does Anna) . . . welcoming Sam and Mary Albritton (and young Sam) to our midst (Dr. Sam, since he will practice dentistry) . . . seeing the surprising (if you've missed a month or so driving past) progress that has been made on Jean and Tom Rogers' beautiful home out on Palisades.

HOPE YOU WERE THERE at the annual Art Show out at the Forks of Cypress this past weekend . . . and wasn't it a revelation to see the vast amount of talent (in ALL kinds of Art) that exists in our district . . . and the largest attendance ever is reported.

UNTIL MORE NEWS COMES THROUGH THE SPILLWAY, IT'S GOODBYE FOR NOW!

## Social

Mrs. Moody Redd is a guest in Birmingham of her son and daughter-in-law, Mr. and Mrs. Charles Ball, while getting acquainted with her newly-arrived granddaughter, Mary Ellen, who was born on October 17. Mr. Redd and Mrs. John R. Brown joined Mrs. Redd for a portion of her Birmingham stay.

Mrs. J. B. Dobson underwent surgery at ECM Hospital last week.

Mr. and Mrs. Melvin Scott of Falls Church, Va., were here for a recent few-days with Mrs. Scott's mother and sister, Mrs. Burgess Little and Mrs. William Milliken, Prospect St.

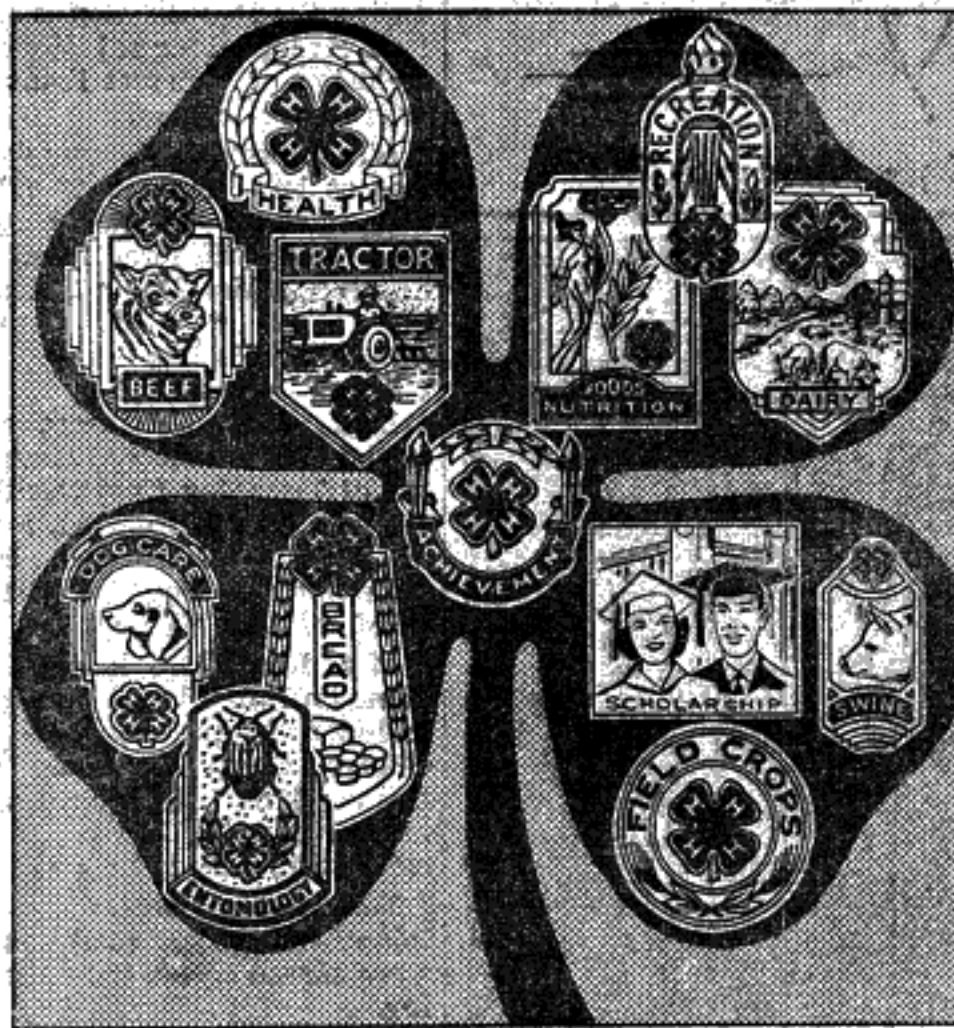

Mrs. C. L. Murphy (Doris Dean Marks) of Buffalo, N. Y., arrived for Coffee Hi's Homecoming of the past weekend and for a visit with her mother, Mrs. J. C. Chambers, and Mr. Chambers on Lelia St.

Mr. and Mrs. L. D. Lovelace were recent spend-the-day guests of her cousin, author T. S. Striblin, and Mrs. Striblin, at their home in Clifton, Tenn., where Mr. and Mrs. Striblin, with homes in both New York and Miami, spend a portion of each year in leisurely relaxation "back home."

Leaving tomorrow for her home in Port Arthur, Tex., Mrs. H. F. Banker has been a guest this week of her sister, Mrs. W. L. Williams, and Mr. Williams, Oakview Circle.

Mr. and Mrs. R. A. Stricklin attended the Alabama-Tennessee game in Birmingham on Saturday as guests of their niece, Mrs. Albert Boutwell, and Lt. Gov. Boutwell.

After vacationing in Florida, Mr. and Mrs. John Wilke have returned to their home on Park Circle.

4-H MEDALS—Shown above are the various medals that one 4-H club member in 14 will qualify for this year. These medals represent 12 different 4-H award projects and more than 50,000 boys and girls who have done outstanding work in one of these areas will earn a medal, according to the National 4-H Service Committee. Last year a total of 166,000 were won.

Scholarships Available To 200

## Medals Mark Progress Of Many 4-H Members

One 4-H Club member in 14 will qualify for a county medal this year, predicts the National 4-H Service Committee, while the ratio for national scholarship winners will be one in approximately 10,000 members.

The coveted medals shown here represent 12 different 4-H award projects. More than 50,000 boys and girls in virtually every county in the U.S. who have done outstanding work in one of these areas will earn a medal, according to the committee.

Altogether, there are nearly 60 national 4-H projects and scholarship programs participated in by 2.3 million club members. Last year a total of 166,000 medals were won.

Only members over 15 years of age who have been in 4-H at least three years can compete for scholarships and other awards. Younger 4-H'ers are eligible for medals only, one of the first badges of county recognition.

At the national level, around \$115,000 in scholarships will be presented to qualified 4-H youth and young adults who were former 4-H'ers. This is a slight increase over last year, the committee reports.

All 4-H award winners are named by the Cooperative Extension Service. Funds for awards come from private business firms and educational foundations, and are administered by the National 4-H Service Committee.

As the 4-H Club year draws to a close, well over 1,400 top-notch boys and girls look forward to winning the most exciting award of their 4-H career: a sponsored trip to the weeklong National 4-H Club Congress in Chicago. More than 200 will receive scholarships at this event.

## Chris Burns New Pro At Florence Golf, Country Club

Chris Burns of Selma has assumed his duties at Florence Golf and Country Club, replacing Alex Sloan who moved over as professional at the new Turtle Point Yacht and Country Club.

The new Florence professional is a graduate of A. G. Parrish High School in Selma and a veteran of seven years in the Air Force, including four years in England, where he met his wife, Christie.

## Crump Purchases Moody And Horne

Announcement is made this week of the purchase of Moody and Horne Chevrolet Company of Tusculumbia by Gene Crump, well known Sheffield used car dealer.

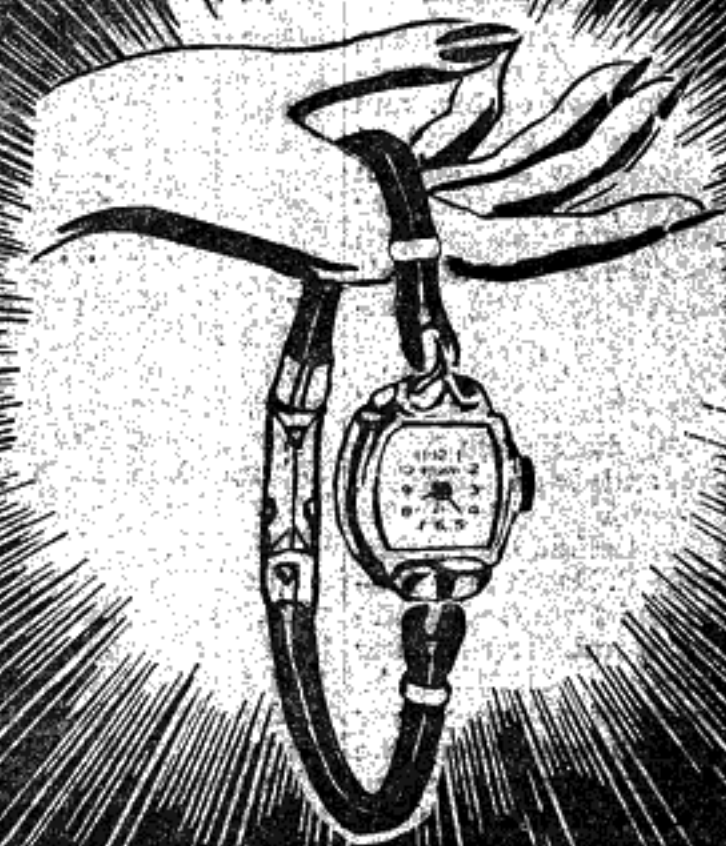

The new firm, occupying the former location of Moody and Horne at 118 West 6th Street, is operating as Gene Crump Chevrolet Company, and features complete factory sales, service and parts, maintaining a first class

mechanical department where good service is a must.

Associated with Mr. Crump in sales and operation of the business are Homer Turner and Gene Jackson, both men of wide experience in the automotive field. They invite their friends and public to visit them in their new location and see the new Chevrolet line for 1962.

Mrs. James H. Priest, Birmingham, is a guest of her cousin, Mrs. Emory Morris, and Mr. Morris on Hermitage Drive.

## Take It From One Who Knows First Hand

There's No Profession That Beats That Of Hair Stylist!

Enthusiastic statements, such as the above, are made daily by those who have received their training as Hair Stylists under the direction of RAY REED. They are certainly qualified from their own experience to make such statements because of their above-average earning ability as demonstrated by their weekly pay-check.

More and more men and women are finding the answer to their question of a career by becoming a part of the fastest growing industry in America today—that of Beauty Culture, of which Hair Styling is a major part. Why don't you ask us for details? You, too, can be a member of this wonderful profession.

## Deaths

### Mrs. Dora Belle Irons

Funeral services for Mrs. Dora Belle Irons, 76, Route 4, Florence, who died at the residence Thursday of last week, were held at Canaan Methodist Church Friday afternoon with the Rev. Earl Stewart officiating. Burial followed in the adjoining cemetery.

She is survived by two sons, Roland and C. S. Irons, both of Florence; three daughters, Mrs. Elmer Neal, Mrs. Floyd T. Wesson, Mrs. Elizabeth Vaden, all of Florence; two brothers, J. W. and Emmett Phillips, Florence; a sister, Mrs. Josephine Barrett, Florence; 18 grandchildren and four great grandchildren.

### Charles E. Hendrix

Funeral services for Charles E. Hendrix, 21, 537 West Tennessee St., Florence, who died Wednesday night of last week, were held Friday afternoon at 2:30 at Pine Street Church of Christ with Lamar Plunkett officiating. Burial followed in Greenview Memorial Park.

He died instantly when the car in which he was a passenger and being driven by Tommy Irons, Rt. 6, Florence, collided head-on with another automobile being driven by Donald Searcy, 25, Negro, of Sheffield. The accident occurred on Mitchell Boulevard, Florence. Joe Thompson, a passenger in the Searcy car, was injured critically as was Irons and Searcy.

Hendrix is survived by his parents, Mr. and Mrs. Ray Hendrix, Florence; two sisters, Mrs. Ruth

Lawson, Savannah, Ga., Kathy Hendrix, Florence; grandparents, Mrs. Viola Hendrix, and Mr. and Mrs. J. B. Hayes, all of Route 3, Florence.

### Mrs. C. V. Carringer

Funeral services for Mrs. C. V. Carringer, who died Sunday morning at 8:30 at Blount Memorial Hospital, Maryville, Tenn., were held Tuesday morning at eleven o'clock, at McCombs-Ammon Funeral Home in Maryville.

She was the mother of James Howard Carringer of Florence.

### Mrs. H. M. Allen

Funeral services for Mrs. H. M. Allen, 65, 412 Crest Street, Florence, who died Saturday morning at Colbert County Hospital, were held Sunday afternoon at two o'clock at Morrison-Elkins chapel with the Rev. C. Otis Brooks officiating. Burial followed in Florence cemetery.

She is survived by two daughters, Mrs. Evelyn Breitenbach, Concord, Mass., Miss Betty Allen, Florence; a son, James R. Allen, Florence; a sister, Mrs. J. C. Allen, Shannon, Miss.; a brother, Leon L. Hood, Shannon, Miss.; two grandchildren and one great grandchild.

### Mrs. Dossie Winborn

Funeral services for Mrs. Dossie Winborn, 85, Cloverdale, who died Friday afternoon at 3:10 following a lengthy illness, were held Sunday at 2 p.m. at Pisgah Methodist Church with the Rev. J. E. Baker and B. B. Hughes officiating. Burial followed in the church cemetery.

She is survived by her husband; two daughters, Mrs. Cecil Balentine, Rt. 4, Florence, Mrs. Henry Livingston, Cloverdale; two sons, Reeder Winborn, Florence, and Hewlett Winborn, Cloverdale; two sisters, Mrs. Frank White and Mrs. Jesse Hollins, Savannah, Tenn.; a brother, Linville Austin, Savannah, Tenn.; 26 grandchildren, 58 great grandchildren.

### Howard A. Reynolds

Funeral services for Howard Arthur Reynolds, 81, 505 Simpson Street, Florence, who died Monday afternoon at 3:45 at Tuscaloosa, were held Wednesday afternoon at four o'clock at Okolona Baptist Church, Muscle Shoals City, with the Rev. Sam Wolf officiating. Burial followed in Sheffield Oakwood cemetery.

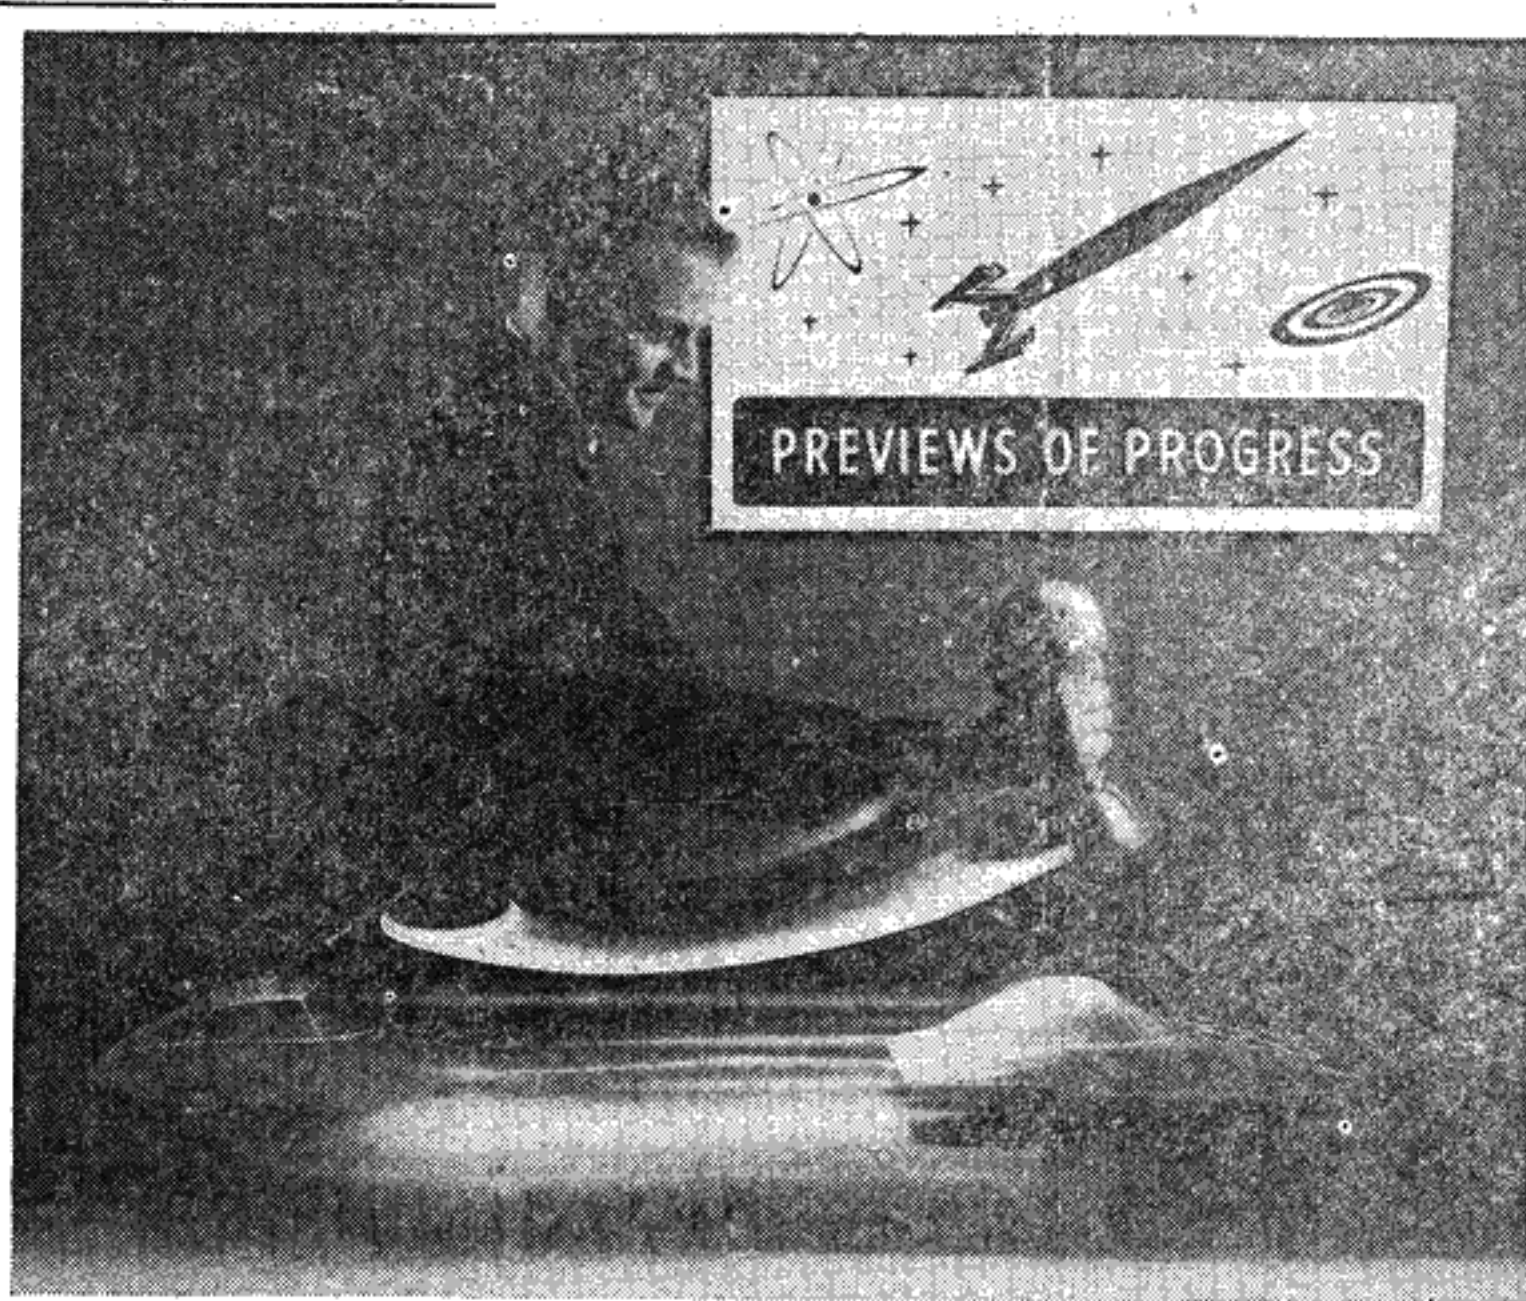

He is survived by two stepdaughters, Mrs. Clifton Bouchey, Clare, Mich., and Miss Eunice Anderson, Florence; six stepsons, Walter C. Anderson, Roanoke, Va., F. A. Anderson, Goldsboro, N. C., Dexter G. Anderson, Martinsville, Va., Wallace Anderson, Prosperity, Va., Floyd Anderson, Pinesville, W. Va., D. C. Anderson, Ypsilanti, Mich.; 50 grandchildren and a number of great grandchildren.

### FIVE FLORENCE GIRLS PLEDGED BY UA SORORITIES

Seventeen sororities at the University of Alabama concluded their formal rush for the fall on Thursday evening, September 14 pledging 469 coeds.

Dean Sarah Healy said that Open Rush will begin in about two weeks and at that time sororities with membership of less than 60 can invite pledges.

The following from Florence were pledged this past Thursday: Lynn C. Hairston, Phi Mu; Marjorie Seymour, Delta Delta Delta; Carol J. Puryear, Alpha Chi Omega; Nancy V. Kerry, Alpha Phi; Vicky R. Lester, Alpha Xi Delta.

**CHEAPER THAN GAS**—Shown above is the amazing Sunmobile, a car that runs from sunshine. The model is powered by a 300-watt lamp and is one of the demonstrations in the General Motors science show Previews of Progress now on tour of local high schools. The show, which has already been seen at Central on Monday will be seen today at Coffee High School at 9:30 a.m.; Burrell-Slater at 1:30 p.m.; and at Lauderdale County High School on Tuesday, Oct. 31 at 10 a.m.

## SPORTS

### Coffee 31 — Walker County 6

Coffee Coach Joe Grant's Yellow Jackets recorded their fifth win of the season, Friday night, with a 31-6 homecoming victory over the Walker County Vikings. The victors struck with their lethals weapons of long runs and depth to handle the young invaders with comparative ease.

The Jackets struck fast and furious against the Vikings. George Gresham returned the opening kickoff 85 yards to paydirt and added the seventh point. Six plays later Stanley Smith slashed through the middle for a 42 yard touchdown and from then on the game was never in doubt.

The winners pushed home a touchdown in each of the following quarters, while Walker County's lone touchdown came in the last canto.

### Rogersville 20 — Red Bay 6

The Lauderdale County High School Tigers lost no time, Friday night, in romping for the first score of a young contest with the Red Bay Tigers at Red Bay.

Halback Roger Hamner latched onto the pigskin and scampered thirty-eight yards to paydirt with 11:00 showing in the initial canto. The Red Bay Tigers tallied in the second quarter with 7:39 remain-

ing in the first period, but throughout the rest of the contest couldn't manage another tally.

Rogersville travels to Leighton to do battle Friday while Red Bay tangles with T. M. Rogers.

### Rogers 25 — Belmont 7

T. M. Rogers, led by halfback Kenneth Allen, completely subdued a hometown team at Belmont by the score of 25-7 Friday night at Belmont.

The fleet halfback ran for two touchdowns and had numerous gains to pace the Pirates to their third victory of the season against four defeats.

The game was no sooner underway when the Pirates struck for their first TD as Bobby Trousdale, halfback, ran seven yards to put the Pirates out in front 6-0. The second tally soon followed as tackle Jimmy Ware raced forty yards.

The Pirates struck again in the second and fourth cantos with the Belmont score coming in the second quarter.

### CCHS 25 — Lexington 6

The Colbert County High School Indians from Leighton outscored the Lexington Bears, Friday at Leighton, by a margin of 19 points, ran up a total of 342 yards against 132 by the Bears, made 13 first downs as compared to 7 by the invaders and scored in three out of four quarters.

It was a spectator's game with long tearing runs countered by spectacular, unbelievable defense which pulled the runners down from behind. Brilliant attacks and stonewall defense was intermixed with hard-to-believe goofs.

The teams pushed each other up and down the field indifferently until the middle of the third quarter when Lexington came to life. A quick series of first downs put the pigskin on the two yard line and Newton took it over for the lone Lexington score.

### Deshler 26 — Central 0

Striking for two first quarter touchdowns, the Deshler Tigers were never pushed Friday night in bowling over a scrapping, but outmanned Central Wildcats 26-0 before some 2,000 fans at Deshler stadium.

After the second marker, Coach Buddy Moore pulled his regular Tigers and turned things over to the reserves.

Central's deepest penetration came in the final canto as the Wildcats, aided by a 15-yard penalty, pushed to Deshler's 16 before the Tiger defense held. Central's season's record now stands at 1-5-1. Halfback Wayne Mitchell and Tackle Bob Fowlkes missed the game with injuries.

### FSC 14 — Troy 8

The Florence State Lions turned back an aroused Troy Red Wave 14-8 to spoil homecoming for the South Alabama eleven in an Alabama Collegiate Conference contest, Saturday night.

The triumph raised the record of the purple and gold to 4-2 as Coaches Hal Self and George Weeks returned their squad home for three straight home contests.

End Henry Prater reached the peak of performance expected from him and gave his best effort of the year, both on offense and defense, and Fullback Carl Barton came through with another brilliant effort.

### P.E.L. CLASS MEETS AT J. H. MAYES' HOME

The P.E.L. Sunday School Class of the First Baptist Church of Florence, were entertained by the teacher, Mrs. J. H. Mayes, Thursday afternoon of last week at her home on Hermitage Drive, with Mrs. J. T. Edwards assisting.

The Rev. C. Otis Brooks, pastor, gave an interesting devotion. Mrs. Edwards read poetry and humorous writing composed by a ninety-five-year-old friend of Mrs. Mayes.

Punch and cake were served to thirteen members and two guests during the social hour which followed.

### AN ENTOMOLOGIST URGES ACTION AGAINST INSECTS

Don't give aid and comfort to the enemy this winter.

Jim Buttram, Auburn University Extension survey entomologist, says that ants, roaches, silverfish and other insects will take over your home and surroundings this winter unless precautions are taken now.

He suggests cleaning up and applying insecticides in a 10 to 12 inch barrier around the outside and inside foundation walls of buildings.

Buttram recommends using 10 per cent chlordane, DDT dust or granules to control the pest. He adds that five per cent heptachlor, dieldrin dust or granules should also do the job.

LET THE FLORENCE HERALD DO ALL YOUR PRINTING!

### JAMES H. FALLS SERVES ON USS MIDWAY

Serving with Attack Squadron 23 when it returned to Naval Air Station Alameda, Calif., aboard the attack aircraft carrier USS Midway, after a seven-month tour of

duty in the Far East is James H. Falls, aviation electrician's mate third class, USN, son of Mr. and Mrs. Elmer H. Falls of Route 4, Florence.

Visits were made to the Japanese cities of Kobe, Sasebo, Iwakuni and Yokosuka during the

tour with the powerful Seventh Fleet. Other visits were to Hong Kong, the Philippines and historic Pearl Harbor.

The squadron is scheduled to change its home station from Alameda to the new master jet base at Lemoore, Calif.

## Treatment for Patchy Baldness

*Q. My son developed a bald spot on the back of his head. At first it was about the size of a dime but is enlarging. Is there any treatment?*

*A. This might be a local infection. If not it may be what doctors refer to as alopecia areata, a condition which often responds to local injection of drugs called "steroids." Regrowth of hair usually occurs within three to four weeks. However, such treatment does not result in a permanent "cure" and the hair may again be lost within six to nine months. Retreatment will usually bring out more hair. Consult your family physician or a skin specialist for a complete evaluation of the problem.*

### Danger Signs

*Q. For 2 years I have had a sore on the inside of my nose that hasn't healed. Why?*

*A. We don't know why but we do know what advice to give—see your doctor without further delay. One danger sign of cancer is "a sore that does not heal." Note: We will be glad to send a cancer booklet free to interested readers. Direct your request to Science Editors, P. O. Box 1174, Louisville, Kentucky.*

### Hysterical Blindness

*Q. Is there such a thing as hysterical blindness?*

*A. Yes. In such cases the person has normal eyes, or at least the ability to see, but complains of total blindness. Unlike persons who are totally blind because of some organic lesion, the hysterically blind are able to avoid large objects in walking, handle eating utensils, etc. without difficulty. This indicates that they "see" to some extent. One might say that the hysterically blind person is blind because he is consciously unaware of seeing. With proper treatment, such patients often regain their sight.*

**Two Ladies Honored**  
The two charter members of the WSCS of the Methodist Church were honored on Tuesday evening at the home of Mrs. Buford Mitcum when the members met for dinner before the program.

Covered dishes of delicious food were brought and after dinner Sarah Fuqu, president, presented Mrs. Zilphia Weaver, who incidentally was about to observe a birthday, and Mrs. Juanita Beddingfield with gifts expressing the gratitude of the Society for their faithfulness, the inspiration they had been to many and the many helpful things they had done through the years.  
In charge of an interesting program was Mrs. Leslie Blair.  
Mrs. Sam Spry was present and Mrs. Clara Goode joined the Society. Another new member was Mrs. Don Smitherman, the wife of the pastor.

**Golden Wedding Anniversary**  
Mr. and Mrs. Walter Yokum observed their 50th wedding anniversary on Sunday at their home on the Lee Highway when their children entertained for them with a golden anniversary party.

Arrangements of yellow mums and marigolds were used in the reception rooms where Mrs. Van Grigsby, sister of Mr. Yokum, greeted the guests with the honored couple. They were registered by Miss Sharon Mason.

On the lace draped refreshment table a bowl of yellow mums was used as a centerpiece. The cake, three tiered, was decorated with yellow spun sugar roses and topped with a miniature bride and groom. Around the crystal punch bowl, presided over by Miss Linda Richardson, was greenery with yellow mums. Other appointments were crystal. Patricia Yokum served the cake.

A number of friends from Gadsden and Muscle Shoals City were among those who called between the hours of 2 and 5.

Their children are Noble Yokum of Gadsden; Mrs. Leo Littrell and Vasco Yokum of Muscle Shoals City, who were present with their families.

**Personals:**  
Visiting in the John Roberson home over the week end were Mr. and Mrs. Price Senter of Fulton, Miss. The Senter are the parents of Mrs. Roberson.

In the home of Mr. and Mrs. J. T. Whitehead, Sr., for the week end were Mr. and Mrs. Milton Lankford and children of Decatur. Mrs. Lankford is the former Barbara Whitehead.

Charles Thrasher of Birmingham spent the week end with his parents, Mr. and Mrs. Ozell Thrasher.

Other guests for the week end in the Thrasher home were their daughter, Anita, from Florence State and her guests, Miss Sharon Dalkey, of Cullman.  
Mr. and Mrs. H. J. Goode of San Diego, Cal., are visiting in the home of Mrs. Douglas Ezell.  
The James Ezells of Memphis have returned to their home.

Let The Herald Print It!

**Telephone Talk**

by  
**BAILEY CONWILL**  
Local President  
Telephone Pioneers of America

THIS IS MY FIRST attempt at writing a column for the newspaper. It's a lot of fun! As you know, Forrest Brice, Florence Manager, has been transferred to Birmingham. He asked me to write his column this week. He also wanted me to pass on to you how much he regrets leaving Florence and the Tri-Cities. He says we have a fine area up here (this is not news to me). We all wish him God speed in his new assignment. Mr. C. C. Earnest is the new Florence Manager. You folks drop by and meet him.

**EVER SEE THIS EMBLEM BEFORE?** It's the symbol of the Telephone Pioneers of America—225,000 active and retired employees who have been in the business 21 years or more. Now celebrating their **GOLDEN ANNIVERSARY**, the Pioneers have 63 National Chapters, all of which will be re-emphasizing their original goals of fellowship, loyalty and service. Wherever you find Telephone Pioneers, you'll find them engaged in worthwhile community projects to make their home towns even better places in which to live.

**OUR LOCAL TRI-CITIES CLUB** was chartered in 1957. We have 46 active members, and I do mean **ACTIVE**. Of these 46, 25 are life members (to get this name you have to retire). We have a mighty good time with picnics, parties, and other activities which emphasize fellowship, loyalty, and service.

**TO OBSERVE** our Golden Anniversary, we plan a six-city hookup by telephone on November 2. Our club is going to Decatur for the occasion. Here we'll visit with Telephone Pioneers all over Alabama, by telephone. I guess we have about the nicest club going—at least we all think so!

News of  
**LEOMA**

By Mrs. L. T. Roberts

Mrs. W. J. Bunt fell on the street in Lawrenceburg last Saturday afternoon and sustained a broken hip. She was admitted to the Lawrenceburg hospital where she is resting satisfactorily.  
Mrs. W. O. Dollar was moved back to her home in Leoma last Saturday from the Mid-state hos-

pital in Nashville where she has been undergoing special treatment for several months.  
Mrs. Omie Davis and little Angie Bivens, are back at home from the local hospital and are doing fine.  
Mrs. T. L. Roberts spent last week at the Mid-state Baptist hospital in Nashville, undergoing special treatments but is back at her home in Leoma and is improving.

**Bridal Shower:**  
Mrs. Betty Dollar and Mrs. G. C. Willis were cohostesses to a bridal shower at the Community Clubhouse last Friday night, given for Mrs. Geneva (Stanford) Bailey, a new bride of three weeks. Fifty invited guests came with lovely gifts for the honorees home. After games and contests were enjoyed, the gifts were opened and refreshments of hot coffee, sandwiches, potato chips and punch were served by Mrs. Willis, Mrs. Smith and Mrs. Dollar.

**Employers May Secure Data On Wage-Hour Law**

An information program to forestall employer violations of the 1961 amendments to the Fair Labor Standards Act was outlined today by Hansel J. Hunter, supervisor of the Wage-Hour field office in Birmingham.  
"Many Alabama employers and hundreds of workers in this area are concerned with the Wage-Hour law for the first time," Hunter said. "The keynote of our enforcement campaign will be voluntary compliance by every firm, but it is difficult to follow laws when the employer does not know what changes Congress enacted this year."  
The amendments became effective on September 3, 1961, but calls to the Birmingham Wage-Hour office indicate that some employers still have not complied with the new \$1.15 per hour minimum wage for workers previously covered by the law and the \$1 minimum for newly-covered employees.  
Hunter urged all employers to secure a copy of the amended law or explanatory pamphlets in order to determine their responsibility under it. These are available without charge from the Wage-Hour Field Office, Room 204, McCauley Bldg., Birmingham, Ala.

Hunter urged all employers to secure a copy of the amended law or explanatory pamphlets in order to determine their responsibility under it. These are available without charge from the Wage-Hour Field Office, Room 204, McCauley Bldg., Birmingham, Ala.

Hunter urged all employers to secure a copy of the amended law or explanatory pamphlets in order to determine their responsibility under it. These are available without charge from the Wage-Hour Field Office, Room 204, McCauley Bldg., Birmingham, Ala.

## Aluminum Juice Cans Produced By Reynolds Metals

Reynolds Metals Company announced today it will manufacture finished aluminum cans for frozen citrus juice concentrates and sell them directly to packers.

Three can-assembly lines with a combined monthly capacity of 30,000,000 cans will be operating during the next Florida juice packing season, mid-December through June, according to Richard S. Reynolds, Jr., president. Installation will be at a Florida site to be announced later.

Aluminum sheet and fabricated can ends for the assembly operation will be produced on the firm's stock facilities at Sheffield. Reynolds has been processing and fabricating aluminum can stock for more than a year to supply can assembly lines installed at Florida juice packing plants of Minute Maid, Birds Eye and Winter Garden.

The Reynolds aluminum cans will be priced competitively with containers made of double-reduced or "thin" tinplate in both the six and twelve ounce sizes.

Federal aid to education should start with teaching arithmetic in Washington.

## Farm Home Loan Has Record Year

Lecil C. Mixon, Farmers Home Administration County Supervisor for Lauderdale County, reported this week that his agency in Alabama closed the 1961 fiscal year with a record high in farm housing loans, and with prospects for another banner year of service to farm families because of new legislation that broadens eligibility for loans to include families living in rural areas but not engaged in farming.

With the aid of Alabama's share of an additional \$50 million made available last February, more than 700 farm owners in the state invested a new high of \$5,947,000 during the year in new construction, remodeling, and repairs of dwellings and other essential farm buildings. In the same period farm housing loans in Lauderdale County totaled \$212,910.

Loans bear a 4 per cent interest and are repayable over periods up to 33 years.

Applications are made at county offices of the Farmers Home Administration. To be eligible an applicant must own a farm or a housing site in a rural area; be without decent, safe, and sanitary housing, be unable to obtain the needed credit from other sources; and be without sufficient resources to provide the necessary housing on his own account. He must also have sufficient income to meet payments on existing debts, take care of his other expenses, and make payments when due on the proposed loan.

## News of POWELL

By Frances Pedigo

Personals:

Mr. and Mrs. Homer Phillips were surprised when all of their children came home for a visit. They were Mrs. James Sneed and boys of Lewisburg, Tenn., Mr. and Mrs. (Mammie) Elmer Beasley and Ronnie of Indianapolis, Ind., Mr. and Mrs. C. B. Shelton of Lawrenceburg, Tenn., Mr. and Mrs. Jasper Phillips and children of this community, Mr. J. B. Amason and Leo, and Mr. and Mrs. Woodston Amason and family also of this community. Everyone enjoyed dinner at Mr. and Mrs. Phillips home.

Afterwards Mr. and Mrs. Homer Phillips returned to Indianapolis with Mr. and Mrs. Elmer Beasley.

Mrs. Juan Johnson and girls are visiting in the home of her parents, Mr. and Mrs. Ray Weigart of this community.

Leeander Newton of Bonnetown, Tenn. is seriously ill at his home. He will enter the hospital in Nashville this week. Mr. Newton is the father of Odas Lee Newton of this community. We want to wish Mr. Newton a speedy and complete recovery.

Grady Weigart is still confined to the Jackson's Hospital at Lester at this time. We hope that he will soon be back again.

Those who visited in the home of Earnest Bailey this week were Mrs. Janet Camp and Jerry, Clifford Bailey, Mrs. Burnes Bailey, Mrs. Betty Ann Heston, and Sam Kennamer.

Forty-six people met Saturday at the home of Mr. and Mrs. Sam Gullett to help pick Rev. W. V. McDougal's cotton.

Rev. McDougal is doing very nicely and hopes to come home soon.

One hundred twenty were present for Sunday School at the Bethel Baptist Church Sunday morning with many others arriving for preaching services. Tommy Camp filled the pulpit on Sunday morning at the preaching service.

On Sunday night preaching services were held first so that Tommy could go back to school. Fifty-eight were present for Training Union Sunday night.

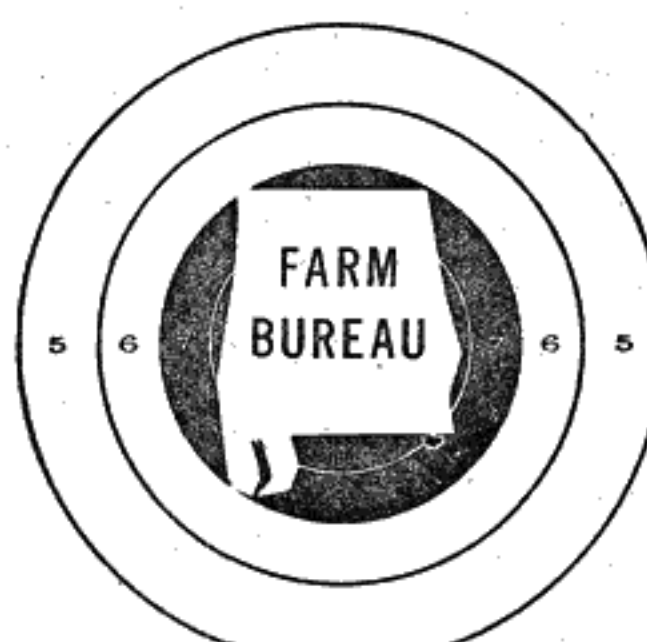

Mr. and Mrs. Herman Hooie of Florence visited in this community Sunday.

**News of Central Heights**

By Mrs. Andrew Thrasher

**Church:**  
Sunday afternoon at 2:30 members of the Woman's Society of Christian Service will meet at the Central Heights Methodist Church for the week of prayer and self-denial meeting. Mrs. Andrew Thrasher and Mrs. R. L. Reeder will be in charge. Rev. Albert Branscomb and Rev. Gordon Ware will give meditations.

Last Friday, Mrs. Andrew Thrasher, Florence District Youth Secretary of the Woman's Society of Christian Service, with Sheila Darby and Sherrie Rigby, representatives of the Pleasant Hill Methodist Youth Fellowship went to a Christian Outreach Workshop at Camp Sumatunga near Birmingham, returning Sunday afternoon. Miss Polly Lassiter of Orlando, Fla. was the guest resource person and Mrs. Richard Hunter, of Sylacauga, the Conference Youth Secretary.

**Club:**  
The 4-H Club held a meeting Friday, October 19, at Central High School with Miss Crockett directing.

The following officers were elected; president, Barbara Wright; vice president, Patsy Paulk; secretary, Nancy Lovelace; reporter, Mary Mitchell and publicity chairman, Pam Shooter. Songleaders were Melva Handback and Sandra King.

Project cards showed 56 taking cooking; 33 sewing; 23 child-care; 15 room improvement; 14 groom- and 14 laundry.

**Open House:**  
There will be an open house at the new home of Mrs. Elizabeth Hayes Saturday afternoon from 1 to 5 and evening from 7 to 9. The ladies of the Central Heights Baptist church are hostesses.

**Clubs:**  
Homer Young, a member of the Silver Club, attended a banquet Friday night in Birmingham.

**School:**  
There will be a Halloween Carnival in the gymnasium Tuesday night October 31. Each room will participate. Everyone is invited and you will have fun and fears so please be there.

Friday night, October 27, at 7:30 the Homecoming football game will be played with the Waynesboro Wildcats.

At the half-time period the 1955 graduating class will be honored and special recognition given to the football players of that year. The Homecoming Queen, Susan Darby and her escort Carl Irons, will be crowned by Jo Mills, last year's queen. Her court and escorts include:

Seventh grade, Nancy Lovelace, Roy Davis; eighth grade, Sue Wallace, Wayne Bevis; ninth grade, Sandy Smith, Charles Rickard; Daugherty; eleventh grade, Betty Jones, Nathan Throckmorton. The Florence State Lionettes under the direction of Mr. George Gibbons will present drills following coronation.

**Personals:**  
Mr. and Mrs. Lester Womble spent last week end in Anniston with their daughter, Mrs. George Huey and Mr. Huey.

Mr. and Mrs. Owen Murphy and son, Jimmy and Mr. and Mrs. Everett Wallace of Florence were Sunday afternoon guests of Mr. and Mrs. Bruner Wallace.

Tommy Irons a 1961 graduate of Central High School and, who resides on the Rasche Road, has been transferred to Vanderbilt hospital in Nashville after being critically injured last week in an auto accident.

Cover your glasses with cling- ing cellophane wrapping when painting. You will be able to see without getting paint on the lenses and the covering will come off quickly when the job is done.

**News of NEBO**

By Mrs. Ada Haney

Mrs. Ada Haney, Connie and Kathryn spent several days with Mr. and Mrs. Johnnie Liverette and Mr. and Mrs. Reddis White. Mr. and Mrs. Johnnie Liverette are the proud parents of a baby boy, born Oct. 8. He has been named Curtis Elton.

Miss Lavell McCain spent the week end with her mother, Mrs. Blanch McCain.

Elvis Hunt came home from Florida Saturday to take his family back with him to live. With him was his brother Leonard Hunt.

Mr. and Mrs. Jimmy Johnson and Kenny visited Mr. and Mrs. Thomas Howard and Gail Sunday. Mr. and Mrs. Johnnie Liverette and children spent Friday night with Mr. and Mrs. Monroe Hunt.

Mr. and Mrs. Billy Ray Howard visited Mr. and Mrs. Almon Howard and Sherry over the week end. Mr. and Mrs. Sidney Nix and Mr. and Mrs. Sammy Newton visited Mrs. Raleigh Nix Sunday evening.

Visitors of Mr. and Mrs. Monroe Hunt Sunday evening were Mr. and Mrs. Reddis White and children Mrs. Beulah Thigpen, and Mrs. Ada Haney, Connie and Kathryn. Oneal Haney spent several days with Mr. and Mrs. Franklin Hunt at Grassy.

Nebo church and Lexington community suffered a loss in the passing of Mrs. Irene Thornton. To the family and friends of Mrs. Thornton we extend our deepest sympathy.

Mrs. Maud Balch celebrated her birthday Friday with a birthday dinner. Sixteen people were there to enjoy the occasion with her. Johnnie Thornton and Alton

# Come to Church for Services

"A FAMILY THAT WORSHIPS TOGETHER—STAYS TOGETHER"

When I talk to God I'm sure He listens. I'm too young to realize there is such a thing as a skeptic.

I admire the convictions of my Mother and Father. They have shown me by their example that they live what they believe.

Because I've learned to trust and depend on those who love me, I haven't any silly illusion of self-sufficiency. It makes sense to trust and depend on God.

I'm proud and happy that I'm a Christian—so I'm not afraid someone might laugh at me for believing the Truth.

But, of course, my faith is no accident. I'm in Church every Sunday to worship God. Religious training is a major part of my education. I'm one of the millions of Christian youngsters who are the hope of this frightened world.

And when I talk to God, I don't just talk to Him about ME. I talk to Him about YOU!

### THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

# Farm Review and Forecast

**PROPER MILKING WILL UP DAIRY INCOME \$50 PER COW**  
Alabama dairy income can be increased \$50 for each cow this year.

John Parrish, Auburn Extension Service dairyman, says that this is only possible if all cows are milked properly.

Most of the cows on the farm will be in the milking barn during October, notes the specialist. This is the only time each cow will pay for her feed, investment and profit for the owner.

There can be a difference of 100 pounds of butterfat or 2,000 pounds of milk between cows of the same potential when one is poorly milked, the specialist points out.

Let The Herald Print It!

## Farm Facts

The tobacco seed is so tiny it takes 350,000 to weigh an ounce or about 5.6 million to weigh a pound.

If each seed germinated and could be transplanted, a pound of seed would be sufficient to plant about 750 acres.

Actually, however, growers sow about an ounce of seed in seedbeds for each 3 to 6 acres to be planted. This is to assure them of enough plants during a relatively short transplanting season.

One tobacco seed represents a potential of about 75 cigarettes. On an equivalent domestic farm sales weight basis, about 370 cigarettes are produced from a pound of tobacco. It takes the cured leaf from about five plants to weigh a pound.

Tobacco ranks fourth among crops in cash receipts, according to the U. S. Department of Agriculture. It is exceeded only by cotton, wheat, and corn.

There are six major classes of tobacco—flue-cured, fire-cured, air-cured, cigar filler, cigar binder, and cigar wrapper.

Tobacco production averages about 2 billion pounds annually.

Of some \$7 billion spent for tobacco in the U. S. in 1959, about \$6.6 billion went for cigarettes, including \$2.9 billion for state and federal excise taxes. Smokers consumed 186 packs per person.

350,000 tobacco seed weigh only an ounce.

## New Sweet Potato Product Produced

Packaged sweet potato flakes, developed by the U. S. Department of Agriculture, are one of the most promising products for the sweet potato crop.

This new product, reports Dorothy Overby, Auburn University Extension Service consumer education specialist, is still being tested and is not yet available to homemakers.

She explains that off-grade potatoes which are too large or misshapen can be used for sweet potato flakes. These potatoes have excellent eating quality but are difficult to market because of size and shape.

The flakes, continues the specialist, are made by peeling, slicing and cooking sweet potatoes. After cooking, they are pulped and rolled out in dry sheets on a drum drier. When dried, the potatoes are

broken into flakes and packaged in cans or moisture-resistant bags.

Here is the big pay-off. To have a delicious mix for pie, soufflé or mashed potatoes, homemakers can just add hot water or milk to the flakes, mix and heat. In just one minute she will have sweet potatoes with flavor and freshness locked in.

**High Corn Yield**  
It appears that high per acre corn yields is quite a common thing in Lauderdale County this

year. This is the result of farmers following recommendations in regard to good land selection and preparation, fertilization, varieties, cultivation, and receiving good rainfall.

Henry and Emmett Abramson, Cloverdale, Alabama, produced 113 bushels of corn per acre on 20 acres of land. The corn was shelled and weighed as it was harvested and delivered to storage facilities at Florence. The 20 acres produced 2260 bushels by weight and the Abramson stated that they are confident they left at least 5 bushels per acre in the field.

This corn was planted 8 inches apart in 42 inch rows in early April. An application of 400 pounds of 4-12-12 and 60 pounds of nitrogen was made at planting. Simazine was used as a pre-emergence treatment. The corn was plowed only once, due to wet weather, and hoed once to cut out Johnson grass.

On another 24 acre field the Abramsons produced 72.08 bushels per acre, or an average of 90.9 bushels per acre on the 44 acres.

In addition to the corn produced for grain the Abramsons planted 75 acres of corn for silage for a dairy herd. This corn was fertilized and treated to control grass and weeds with the same kinds and amounts of fertilizer as the corn for grain. An estimated yield of above 10 tons per acre was harvested as silage.

The Abramson brothers stated that, "Good weather and following soil test fertilizer recommendations, along with other good practices, did the job for us."

Forage testing pays off to the dairyman.

Sam Jones, Auburn University Extension Service dairyman, explains that preliminary studies on forage testing were made on several individual farms over Alabama in 1959. Tests were made to see how forage testing could be related to the total feed program.

Studies indicated that there were possibilities of chemically analyzing forages fed to dairy cattle for nutritive values and developing a feeding program based on the analysis.

Since the studies showed advantages, continues Jones, it was expanded to four counties in 1960. And results showed that it was a practical program for dairymen.

During the two year study, procedures were worked out on how to prepare and mail samples, how to interpret results related to forage testing, and finally, how to feed a cow using information related to the forage value determined by chemical analysis.

During the same two-year study, the Auburn University Dairy Department ran digestive trials on most of the forages used in the state in feeding dairy cattle. Results obtained by comparing digestive trial values of forages against the predicted values determined by a chemical analysis showed the chemical analysis method to be very accurate.

The program makes it possible to feed each cow based on size and the amount of milk produced to get maximum efficient production.

Jones points out that details on forage testing for dairy cattle are now being released through statewide meetings of county Extension workers and others interested in dairy cattle feed.

For more information, adds the dairyman, contact your county agent.

## News of CLOVERDALE

By Mrs. Kathryn Smith  
Phone: AT 2-7198

### Personals:

Those visiting Mr. and Mrs. Willie Lewis last week were Mr. and Mrs. Pugh Thrasher, Elem Lindsey, Miss Mary Lindsey, Mr. and Mrs. Robert Lewis and children, Mr. and Mrs. Elbert Lewis

and children. J. R. Austin underwent surgery at a Memphis hospital Friday. Jack Sims' brother and family from Illinois were guests of Mr. and Mrs. Jack Sims, Saturday night.

Little Joyce Lynn Kelley daughter of Mr. and Mrs. Venson Kelley of Iron City, Tenn. spent a few days this past week with her grandmother, Mrs. Leona Burgess. Mr. and Mrs. M. W. Smith have returned home after spending a few days in Birmingham with their son Covey and family. Miss Janet Fulmer was spend-

the-day guest of Mrs. Pugh Thrasher Thursday.

Little Miss Jamie Lynn Haddock, daughter of Mr. and Mrs. Jim Haddock was spend-the-day guest of her grandmother, Mrs. Earnest Montgomery Saturday.

Little Miss Andrea Sims, daughter of Mr. and Mrs. Jack Sims celebrated her 1 year old birthday Tuesday, Oct. 24 by inviting a few of her friends to enjoy cake and ice cream.

Mr. and Mrs. Donnie Ray Cobb and son of Sheffield visited Mrs. Leona Burgess Sunday.

Mr. and Mrs. Ed Cagle spent the week end in Peoria, Ill. with their sons Loyd and Jr. and families. P.T.A.

The Cloverdale P.T.A. will have its annual covered dish Thanksgiving supper Thursday, November 2 at 6:30 in the school cafeteria. Rev. B. B. Hughes pastor of the Cloverdale Methodist Church will give the devotional. Also there will be open house. All parents are urged to attend.

## Nematodes Kill Roots Of Grass

The nematode—a small round worm which lives in the soil and attacks plant roots—is one of today's serious obstacles to the growth of good turf.

"It seems that each time the turf grower solves a problem concerning turf culture, a new and bigger problem arises to take its place," says Dr. Norman McGlohon, Auburn Extension Service plant pathologist.

Nematodes feed on plant roots by piercing them with a spear-like mouth part. Then they suck out the contents of the roots. This destroys many feeder roots and limits the amount of water and minerals grass gets from the soil, notes the specialist. Fungi can enter these wounds and cause disease.

In many Southern states, nematodes are responsible for much of the damage previously attributed to insects, fungi and poor fertility, he adds.

If such symptoms as poor growth, off-color and thinning-out occur on turfs that do not respond to fertilizer, there is a good possibility that nematodes are involved in the damage.

Since nematodes are extremely small and operate in the soil, notes Dr. McGlohon, it is difficult for most growers to realize that nematodes are responsible for turf grass damage. The only means of determining the nematode population is to have a soil sample analyzed by a person trained in nematology.

The best way to detect nematode injury on small established lawns is to treat a portion of the lawn with a nematocide and see if the turf responds to treatment. If it does, you can be assured that nematodes are present, says the specialist.

Nemagon (50 per cent E. C.) Fumazone 70E and V-C 13 applied to established turfs as a drench are effective in controlling nematodes for several months.

"It is more economical to prevent nematode injury by pre-plant fumigation than it is to control them in established turfs," reminds Dr. McGlohon.

### Here's the Answer

## Educator To Be Guest Industrial, Business Leaders

An industrialist and educator will meet October 23 with local business and industrial leaders to share with them ideas and experiences concerning the relationship of business and higher education. Dr. Frank Hugh Sparks, of New York City, a cofounder and treasurer of Arvin Industries and president of the Council for Financial Aid to Education, will be a guest at a breakfast coordinated by Basil Horsfield, retired Reynolds Metals Company vice president.

Dr. Sparks served as president of Wabash College from 1941 to 1956 and a Public Governor of the New York Stock Exchange from 1956 to 1959.

Dr. Sparks holds the A. B. Degree from Butler University, M. A. and Ph. D. Degrees from the University of Southern California. In addition to his earned degrees, he holds honorary doctorates from American University, Butler, Depauw, Earlham, Bucknell, Hanover, Rose Polytechnic, and Indiana University.

The subject of many articles in Business Week, The Wall Street Journal, Readers Digest, and other national periodicals, Dr. Sparks knows the need for good corporate business and higher education relationships.

## September Driest Since Year 1890

An average of only 1.8 inches of rain fell in the Tennessee Valley in September, making it the 15th driest September since 1890, TVA said today.

The driest September on record

came in 1897 when average precipitation amounted to only half an inch for the month. Normal September rainfall in the Valley is 3.05 inches.

High spots included Gunterville Dam with 3.38 inches, Blue Ridge Dam with 3.32 inches, and Ocoee No. 3 Dam with 3.03 inches. Sections with low rainfall included Watts Bar Dam, 0.45 of an inch; Fort Loudoun Dam, 0.49 of an inch; and Knoxville, 0.56 of an inch.

Rainfall at TVA's Great Falls Dam was 6.61 inches. Great Falls

is in the Cumberland Valley. Upper Tennessee Valley runoff, measured at Chattanooga, was 0.64 of an inch; normal is 0.70. Runoff for the whole Valley, measured at Kentucky Dam, was 0.45 of an inch; normal is 0.56.

If anything boils over or spills in the oven, sprinkle salt on it. Odors will be less disagreeable and can be brushed off when dry.

When storing rubbers and galoshes, stuff them with crumpled newspapers. It prevents cracks and splits.

## South's Biggest Fighting Family

The family of Enoch Hooper Cook, Sr., Camden, Wilcox County, may hold a world record.

One hundred years ago next Sunday, October 22, 1861, Mr. Cook enlisted himself and his horse in the Confederate Army.

Before the end of the Civil War he had 10 sons and two grandsons who enlisted. This made a total of 13 in one family who served in the Confederate Army.

While the men fought, many of the wives and children lived at the Cook plantation home. They worked in the fields during the day and knitted and sewed at night.

Three of the sons and the two grandsons were killed in battles. Another son spent two years as a prisoner of war. After his release, he walked over 1,000 miles from Fort Delaware to his home in Camden.

While practicing medicine following the war, one son died of pneumonia after his boat capsized in the Alabama River.

Still another son was robbed and killed on a business trip from Prairie Bluff to Mobile.

Since the Civil War there have been at least eight descendants by the name of Enoch Hooper Cook. One was honored by the United States Department of Agriculture within recent years for outstanding conservation work in Texas.

In 1877 Enoch Cook, Sr., died and was buried in the Camden, Alabama, cemetery. Although he is buried in an unknown and unmarked grave, the State Legislature, the Governor and the Ala-
