

The Passing Parade

By HAROLD S. MAY

● Maj. Alexander de Seversky, in his new book, "America—Too Young to Die," says: "We must realize that death, instantaneous and horrible, stares us squarely in the face. Anyone who lives in or near a major city or military installation has, at this moment, a Russian ballistic missile with a nuclear warhead pointed at him. One push of a button and he will evaporate." How more terrifying could a statement be—and especially coming from a man who is considered a most brilliant military strategist. Off our Eastern shores prowl Soviet submarines equipped with short range missiles easily aimed at nearby cities and military installations and just off our Southern shore is the best launching pad (Cuba) that an enemy might desire. And here we are in one of the most important target areas in the nation. (May all of you have a good night's sleep tonight!)

● Lots of things are bigger but nothing has the vigor of a chigger.

● A local banker tells of a former citizen who returned to the city after some 25 years of absence and began searching out his old friends. He was amazed at the great changes that had been made as well as the scarcity of those he formerly knew. Finding an old friend, he began asking about others. He was told that this one had been dead for 20 years and another had died 15 years ago and still another had passed away some 10 years ago and so on. However, looking at the group lounging about the court house, he remarked: "Well, I see the old habitués are still whiling away their time around the court house." "You're wrong about that. Those you see over there are the sons of h'thuals."

● She's only a bulge in a girdled cage was the way one pretty catfame sized up a dear friend of hers.

● In the various trades suggested that might be discussed with Castro, now that the tractor deal is off, is one in which Eleanor Roosevelt, Milton Eisenhower, Walter Reuther and Bobby Kennedy might be traded for the political prisoners held in Cuba's stinking jails. It is further suggested that if such a trade was made that Castro might go even more insane and blow out his brains, if such there be.

● What would the finance business come to if people didn't believe the old theory that two can live as cheaply as one.

● After a few weeks teaching in a hill country Sunday School in which the book of Genesis was the basis of the lessons, the teacher decided to test her class and started with one of the older girls by asking: "Susie, who was the first man?" Susie hesitated, then replied: "Teacher, I'd rather not tell."

● History records thrilling stories of how pioneers blazed the trails to the West. Today, these same pioneers have descendants who merely burn up the roads.

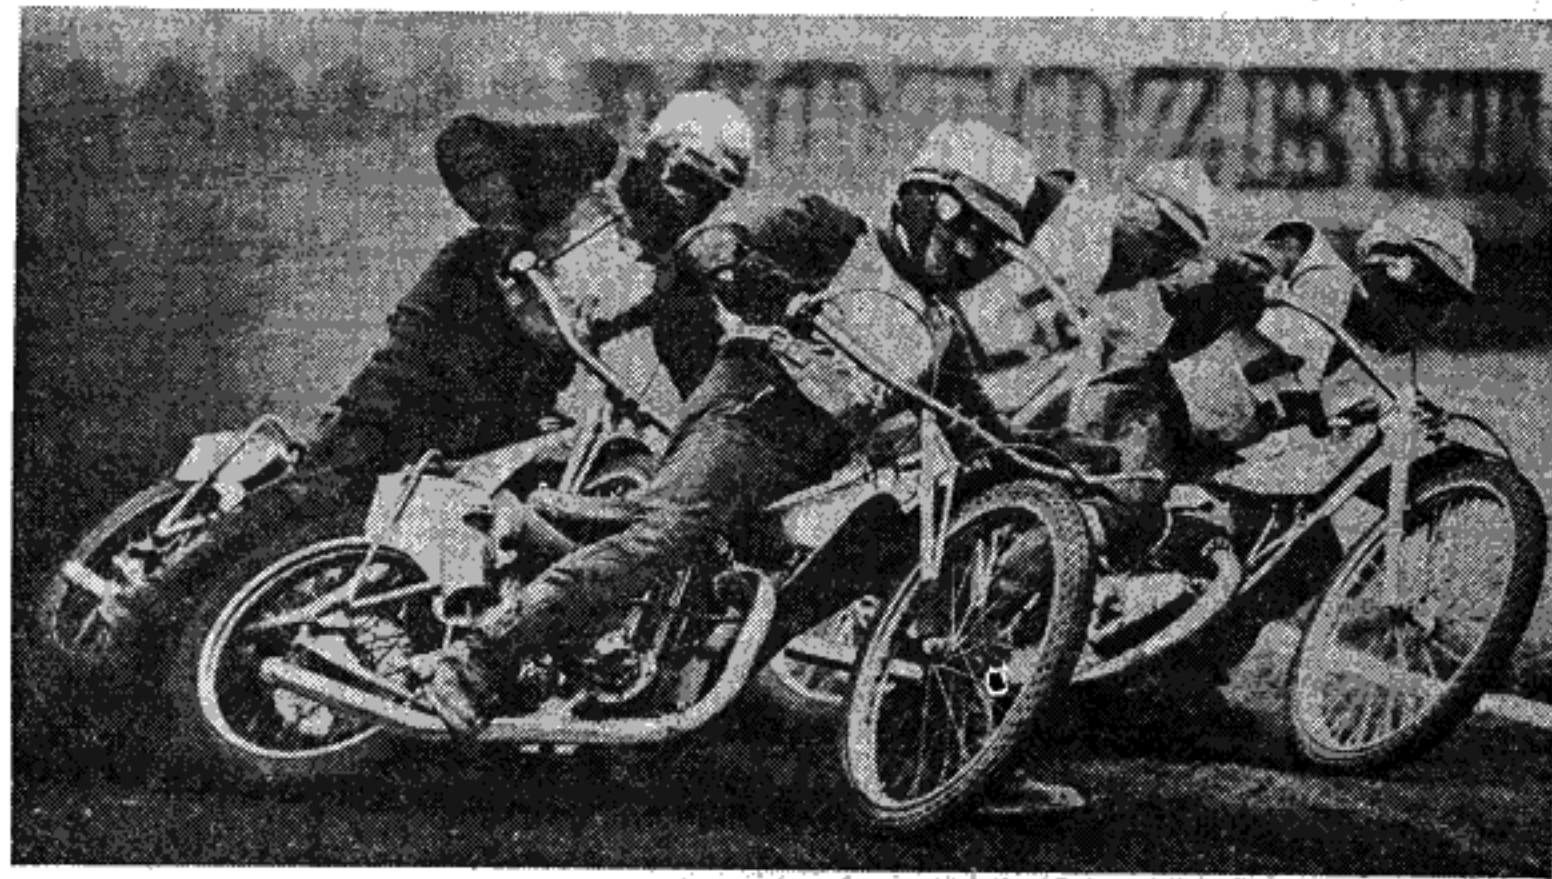

● We read much about the economic conditions of the country and of the spending habits of the average family. We are told of the increased incomes and the high cost of living with figures that, to us, are often hard to appreciate. We believe that the most accurate and easiest understood report of the economic life of a family can be found in a book, to be sure—a book of check stubs.

● Even though you are on the right track you'll get run over if you just stand there.

● The other morning a very hesitant employee approached his boss and asked: "May I have the day off to go shopping with my wife?" The boss, not in the best mood that morning, shouted out: "Certainly not!" The employee brightened up, bowed his way out and said: "Thank you, sir, thank you so very much."

● Sign on the back of a small foreign car: "Do Not Fold, Spindle or Mutilate."

● It has been said that all things come to him who waits. And this could be true with Dennis Weaver of Malvern, Ark. Dennis bought a car in 1950 and traded it reluctantly in 1955. Several days ago he saw the self-same car on a used car lot and tried to buy it, but it had already been sold. A few nights later, Dennis was attending a drive-in movie where they were giving a fishing car as a prize. You guessed it. Dennis won the prize—and it was his old automobile.

Five New Projects Scheduled

County School Building Program Moves Ahead

Five new school projects are scheduled for Lauderdale County this year bringing total expenditures for buildings, additions and equipment to more than \$730,000. Out of the County's share of the \$100,000,000 bond issue the County Board of Education has awarded contracts totalling \$418,475 for work at six schools and an estimated \$239,621 will be used on five additional projects.

The new planned projects include a science room and heating system at East End High School; four additional classrooms at Anderson; a vocational agriculture and home economics department and a classroom at Lexington High School; elementary classrooms at Waterloo and a new lunch room at Elgin Cross Roads School.

The remodeling of the gym at Lexington and new restrooms at Three's Cross Roads School will be done on a local basis, it was stated, the latter being augmented by \$1,000 subscribed by the community.

Bids will be considered on July 18 for work at East End and Elgin according to Superintendent Allen Thornton. He said most of the additions would probably not be completed by the fall term of school. He pointed out that the \$150,000 for replacement of the elementary school that burned last year at Rogersville was not included in the more than \$700,000 being expended on the various other projects, but was being financed from the \$63,000 insurance carried on the building plus \$90,000 from the 1 per cent gross receipts tax.

The following projects are underway at the present time:

Underwood — \$92,653 contract for four classrooms and an all-purpose auditorium.

Killen — \$51,307 contract for four classrooms, a library-classroom and restrooms.

Cloverdale — \$89,285 for three classrooms, a science room and a kitchen.

Central and Rogers — \$121,150 combined contract for five classrooms, restrooms and a heating system at Central and for five classrooms and restrooms at Rogers.

West End — \$64,770 for a gym. Commenting on the dire situation facing the Clay, Choctaw and Lamar counties whose depleted school treasuries may not permit full operation of their schools, Mr. Thornton said Lauderdale likewise was feeling the economic pinch of proration and as previously stated would be forced to curtail certain phases of operation.

The situation in Clay County is so serious, the Board of Education of that county has stated it may not be able to open the schools in September at all. Clay County failed to make its June 30 payroll and a spokesman for the 107 county teachers said, "A majority will not take a pay cut." Teachers and principals of that county are paid on a 10-month basis.

TWO CHILDREN KILLED NEAR MUSCLE SHOALS

Two children were killed and a third hospitalized in Colbert County early Wednesday, when the rapidly moving automobile of Mrs. Evelyn Gargis of Rt. 1, Sheffield swerved on the wet pavement near Muscle Shoals to avoid hitting a dog, and slammed into the children, Gloria Mae Wade, 11, Brenda Faye Wade, 5, and Brenda Moreland, 6, all of Rt. 1, Sheffield. The two smaller children were killed outright, while the oldest was seriously injured. Mrs. Gargis was given sedatives at Colbert County Hospital following the accident.

Flagg-Utica To Purchase Plant

Montezuma Mills In Georgia Will Be Added To Expanding Industry

The Montezuma Knitting Mill, Inc., of Montezuma, Ga., one of the oldest knit underwear manufacturers in that state, will be acquired by the Flagg-Utica Corp., of New York, it was announced Wednesday by R. C. Collier, Jr., secretary-treasurer of the Georgia company, and J. E. Vilagi, financial vice president of Flagg-Utica Corporation.

Mr. Collier stated that an agreement had been entered into between his company and Flagg-Utica Corporation whereby Montezuma Knitting Corporation (a Delaware corporation), a wholly owned subsidiary of Flagg-Utica, would take over the business, good will, trademarks, and certain of the assets and liabilities, as of August 1, 1961.

J. T. Flagg, president and chairman of the board of Flagg-Utica, said that R. C. Collier, Jr., would be president of the new Montezuma Knitting Corp., and that R. C. Collier, Sr., would be retained in an advisory and consultant capacity. It is contemplated that Montezuma operations would continue as in the past.

M. E. Eisenburg, executive vice president of Flagg-Utica, further commented as to the fact that Montezuma mills are a factor in the men's boys' and girls' sweatshirt business, items that were discontinued at Flagg-Utica some time ago and that this acquisition would strengthen the Flagg-Utica Bodyguard line, in that it will make available sweatshirt production under the Bodyguard label and "give us a further diversification of that line." It is also contemplated that knitted underwear and sportswear will be developed at Montezuma.

Flagg-Utica at present is operating three divisions in Florence—Flagg Knit Kote and Sweetwater, and one division at Grantville, Ga. The Grantville division has three departments, cotton yarn shipping department, and the genuine Raschel Thermal Cloth department. In addition to the new Montezuma subsidiary, Flagg-Utica operates the Faith Mills Corp., Averill Park, N. Y., and Knitfab Corp., Long Island City, N. Y., and Brown Durrell Co., Boston. All are wholly-owned subsidiaries.

Three jumbo open hopper barges, destined to transport coal to power plant of the Tenn. Valley Authority, will be built by Dravo Corporation, Pittsburgh, for Mountain City Mill Company, of Chattanooga, Tennessee.

The barges, which each will have a capacity of 1410 tons of coal at 8-foot 6-inch draft, will be chartered to Arrow Transportation Company, of Sheffield, Alabama. Arrow is a common carrier operating on the Tennessee, Mississippi and Ohio rivers.

The semi-integrated vessels will be 195 feet long, 35 feet wide and 11 feet deep. Their square sterns will permit butting two units together to form the equivalent of an unbroken hull line, substantially lowering towing resistance.

This design also provides an additional 50 tons of cargo space compared with a double-rake barge.

BOOTERY'S BUYERS TO LEAVE FOR NEW YORK

Milburn Zeff and Mrs. Fay Lopez will leave Sunday for New York where they will purchase Fall styles for The Bootery, N. Court St.

Mrs. Lopez, who recently joined the Bootery's staff as manager of the ready-to-wear department, is familiar with the New York market and both Mr. Zeff and Mrs. Lopez state that they will forward the newest in merchandise to the store immediately upon their arrival.

Implement Firm Has Safe Blown

Burglars Take \$221.95 In Cash In Bold Week End Robbery

The Florence Implement Company was broken into over the week end by safecrackers who escaped with \$221.95 in cash. The thieves climbed over or under a six-foot cyclone fence which has three strands of barbed wire on top, broke through a door and either blasted or used tools to break through the safe door.

D. T. Wilcoxson noted the break-in at 5:45 a.m. Monday when he went to the office to open the business. O. E. Barr, President, said funds and checks totalling \$748.53 were actually removed from the safe, however, all checks were recovered, being scattered about the floor of the building. The 5½ foot tall, heavy steel safe was ruined.

A glass window was broken from the back door of the building allowing those breaking into the place to unlatch the door. Drawers of desks in the office were rifled and some papers were missing, according to the management.

There was also one electric coffee percolator stolen.

Detective Floyd Mitchell, Detective Captain Jim Carter and Dexter Haney, State Investigator are investigating the case. Officers did not reveal whether they had any leads in the burglary.

County Approves Dredging Fund, Coliseum Floor

City To Discuss Share In Financing Projects According To Martin

The Lauderdale County Court of Commissioners approved Monday morning a \$1,500 appropriation for dredging to reduce silting into the slip and channel and to facilitate the placing of empty barges at L & N terminal by navigating outside and around the lock rather than through it. However, the City of Florence is still uncommitted as to paying the other half of the \$3,000, Mayor E. F. (Ellie) Martin stating the matter would "be discussed."

The Tennessee Valley Authority and the state are to cover most of the expenses.

The court also approved by a 3-2 vote the expenditure of up to \$2,000 for a concrete floor under the basketball floor at the Florence-Lauderdale Coliseum. Probate Judge Estes R. Flynt, whose vote snapped a tie, and Commissioners L. C. Simmons and Nolen Robinson favored the work at the Coliseum while Commissioners Ben C. Clemmons and J. Lambert Richardson voted against the motion. The city is also uncommitted as to its share of this project, Mayor Martin said.

Sheriff Roy L. Call suggested that a public beach from the Florence Boat Harbor to the mouth of Cypress Creek be studied as the swimming, boat ramps and picnic areas would give residents somewhere to go, especially on crowded weekends and holidays.

1961 Cotton Crop Having Troubles

Weather, Insects, And Plant Diseases Blamed For Poor Stands

The Lauderdale County farmers are having trouble with their cotton crop for 1961, the largest in recent years, because of the weather and insects, and according to farm officials, the growth of the cotton has been retarded because of the late spring, coupled with excessive rains and continued cool nights.

Sam Eich, Assistant County Agent, said that stands were very poor generally speaking and blamed the weather, insects and plant diseases for the trouble. Over 30,000 acres of cotton were planted in the county this year.

Most farmers have done a good job cleaning out weeds and grass, however, a close watch should be kept on insect damage and especially bollworm troubles.

The ASC office is nearly 65 per cent through with measuring cotton acreage planted for 1961.

The wheat crop which is now virtually harvested in the county, has been described by officials as very good.

Farm Bureau Is Sponsor

Maid Of Cotton Contest To Be Held In August

The Lauderdale County Maid of Cotton contest, an annual event sponsored by the County Farm Bureau, will be held August 25 at the Lauderdale County Coliseum. The local winner will then be eligible to participate in state competition from which a competitor will be chosen for the national title.

To qualify, a girl must be a legal resident of the county, never having been married and between the ages of nineteen and twenty-five. She must have been born in one of the following cotton-producing states: Alabama, Arkansas, California, Georgia, Florida, Kentucky, Louisiana, Mississippi, Missouri, New Mexico, North Carolina, Oklahoma, South Carolina, Tennessee, Texas, Virginia or a cotton producing county in Illinois or Nevada.

The contestant must be photogenic, at least 5 feet, 5 inches tall, in perfect health, willing and able to meet people, and to take part in the Alabama Maid of Cotton Contest in October. She must be willing to travel by air or otherwise, realize that the entire program is to stimulate interest in cotton, and agree to travel with

Women's Clubs Sponsor TV Series

Massive Attack To Be Launched On Illiteracy

How the Alabama Federation of Women's Clubs will attempt to teach the state's 69 thousand adults who cannot read or write will be announced on television Tuesday (July 18th) at 7 p.m. over channel 5 (cable). If their venture is a success, other state's Federation of Women's Clubs are expected to establish similar projects in their state. The organization of the project scheduled July 16-17 in Birmingham will be known as the Governor's Conference on Literacy. Two of the Conference's major speakers will appear on the telecast: Dr. E. B. Norton, President, Florence State College, and Dr. Frank Laubach, originator of the adult literacy system which will be used in the project.

The campaign has been in an experimental stage in Alabama during the past two years.

Taking part in a symposium on Monday will be Miss Nell Pearson, Literacy Project, Florence State College, who will report on the literacy movement in Alabama, and Senator E. B. (Bert) Halton, whose subject will be "Toward a Literate Constituency."

The final session of the Governor's Conference on Literacy will be held Monday at 7:30 p.m. with Dr. Norton presiding. Some 4,000 are expected to attend.

Two years ago the alarm was noted of the high percentage of nonreading adults (22 percent) in Alabama when the U. S. Census listed 69,432 unable to read or write; 283,040 adults over 25 years of age with less than 5 years of schooling.

When Sam Israel, a Tri-Cities

businessman, read this report, he investigated if there might be some way to offer free basic communication courses to Alabama's non-reading adults.

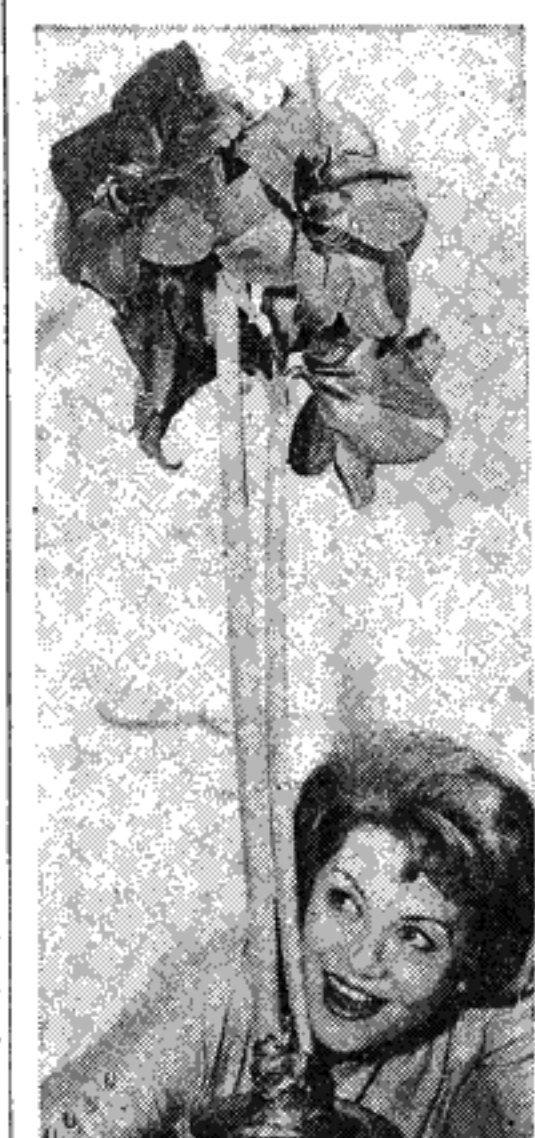

His attention was called to the success of an educational TV station in teaching literacy to adults in the Memphis area. After discovering the telecourse films were available for rental, Mr. Israel contacted Raymond Hurlbert, General Manager, Alabama Educational TV Commission (network). He said he would organize a committee in his community to rent the films if the network would broadcast them.

As a result Mr. Israel then consulted with Dr. Norton, seeking a way in which a recognized educational institution might assist to effect the mission. Together they applied for, and were granted a \$66,000 U.S. Department of Education grant to establish and Alabama literacy experiment. Under the appointment of Nell Pearson as Literacy Director, classes were organized in 11 selected counties which neighbored Florence State College, staffed by professional supervisors who sought out the adults who wanted to learn, arranged for civic-church-public school centers where TV receivers were placed, and offered guidance to attending students.

At the close of the venture last spring the experiment was marked as "quite successful".

Noting a more extensive need for such courses, the Alabama Federation of Women's Clubs announced in June that it will sponsor the training tele-series as it's 1961-1962 project. It will rent the films, organize additional viewing-

BLOOMIN' TALL — Linda Roberts shares the limelight with another beauty, a prize-winning amaryllis, at the New York flower show. It took the bloom 12 weeks to reach its three-foot height.

The Tennessee Valley Authority Board of Directors announced Tuesday at a meeting in Washington the availability of a new and lower electric power rate, the Norris Centennial Rate, for residential, farm and commercial use. This new rate designated in honor of Senator George W. Norris, whose memory was honored Tuesday on the one hundredth anniversary of his birth, provides the lowest rates anywhere in the nation for the amount of electricity used in the average home.

The Decatur Municipal System and the Alcorn County Electric Power Association in North Mississippi, two retail distributors, have already announced adoption of the new rates. Alcorn Cooperative was the first in the nation to undertake an area-wide, as distinct from merely a neighborhood, electric service. Both systems have been leaders throughout the years in the adoption of low rates.

The Board said that throughout the years the distributors of TVA power have effectively exercised their responsibility in helping make electricity available to the greatest number of people at the lowest possible cost. In a period of rising costs 77 of the local systems have reduced the rates to their customers below the low rates originally established, providing an annual savings to consumers of \$125 million as compared to the average rates prevailing in the nation.

The Norris Centennial Rate, when adopted by all distributors, will provide potential savings to consumers of an additional \$35 million a year. The new rate will affect most significantly customers who use more than 250 kilowatt-hours of electricity a month.

For commercial users, the new rate would mean a reduction of about 8 per cent from the present lowest level, affecting mainly the smaller commercial establishments such as stores and small office buildings.

It will lighten the labors of farmers and housewives, giving greater comfort to home life both on the farm and the city, thus providing a further incentive to the widest possible use of electricity.

The distributors of TVA power are further enabled by the new rate to continue to pass on to their customers the savings which result from efficient operations. Low electric rates have in the past helped to create a mass market which in turn has enabled TVA and the distributors to take advantage of the economies of mass production and distribution.

Residential consumers, largely as a result of low rates, have been increasing their use of electricity at the rate of about 11 per cent a year with homes and farms in the TVA area using more than 9,000 KWH yearly, on an average, compared with the national average of 3,900 KWH.

The average cost of TVA electricity to residential and farm consumers is 0.98 cent a kilowatt-hour as compared to the national average of 2½ cents.

Four County Men Injured In Wreck

Lawrence Warren, Route 1, Rogersville, was seriously injured Monday morning when the car he was driving went off a roadway and turned over several times on U.S. 72, the Killen bypass.

Hospitalized at Eliza Coffee Memorial Hospital as a result of the wreck, besides Warren, were three passengers: J. C. Kimbrell, Rt. 1, Rogersville; Cory Michael, Route 3, Lexington; and Carl Scott, Route 1, Rogersville. Shaler Davis, Route 1, Rogersville, the only other occupant in the car was not injured.

Bill Richardson, Killen police officer, said the automobile was completely demolished. The group of men were enroute to Turtle Point Yacht and Country Club where they were employed.

Miss Tera Hitchcock and Miss Elsie Lawson returned Monday from a round of visits throughout the state.

Who Holds The Purse Strings?

Congress has gradually but certainly lost its control over spending. It is true it makes appropriations, important ones, but not enough to offset a leak of billions of dollars annually via the "back door."

Speaking in the House recently, Representative Pelley of Washington said, "an idea of congressional lack of control over the Federal purse strings can be gained by examining the status of back-door spending authorizations of the Federal Government, permitting its agencies to 'borrow' from the Treasury and expend funds without requiring an annual justification or review by congressional committees having jurisdiction over regular appropriations."

Mr. Pelley presented a tabulation covering these back-door expenditures over a period of years. The sums involved total tens upon tens of billions of dollars. He added that if additional current proposals of the same nature are adopted, "history may well set the 87th Congress as having yielded its constitutional responsibility to the executive branch in greater degree than any Congress before."

There is room for differences of opinion over the wisdom of the various spending measures, but whatever the final decision on any of these, one of Congress' most fundamental duties is to maintain its Constitutional controls over the people's money.

No Need To Become Welfare State

The decision is up to us. We can become a welfare state or not. It depends upon the road we choose now . . . NOW because the climax of the struggle with Communism will come soon. It may not be a military struggle but it will contain the seeds of democratic extinction.

Communists are sold on the idea that the total state can best organize social and economic progress and they are aggressively selling this idea in vast areas throughout the world where poverty and economic distress have driven people to desperation. We cannot continue to ignore this fact and expect to survive.

We have said that moral rearmament is vitally important to the free world's survival but we have also said that it is not enough. Stomachs must be filled first and that is where this nation can excel the Communist nations and in many places is doing just that.

We, the most powerful Western nation, must redouble our efforts in offering ideas and practical action in a direct hard-hitting attack on the problems people fear in other parts of the world. We have the know-how and through American enterprise we can bring tangible advances to many of the world's under-developed areas.

In a recent issue of U. S. News and World Report the story of nine United States companies operating in South America, Asia and Africa, have expanded from small beginnings into giant enterprises employing thousands. They have raised living standards, helped combat diseases and illiteracy and have created reservoirs of trained, self-sustaining people . . . people who are loyal to the United States and the principles of free enterprise.

Altogether some 3,000 American firms operate abroad and have invested more than 42 billion dollars worth of capital equipment in the basic wealth of the countries they are located in. They add up to a great "Peace Corps" so to speak and are more effective than all the government aid we have poured out during the last three administrations.

Russia has her emissaries working in many countries but thus far the Soviets have nothing to match this American industrial "Peace Corps." Unlike the dole we have handed out, in many cases to corrupt political leaders, these private business firms have brought new wealth and social progress . . . the real paving stones toward moral rearmament.

Every American should be proud of our system of private enterprise. No government can offer any individual security that he does not pay for. No government can offer safety from the drive of world Communism unless it is backed by people who take pride in their heritage of freedom and have confidence in the free economic system.

America does not need to become a welfare state but she does need a new spiritual force to match the Communist challenge . . . that force must be a new confidence and determination to sell the greatest gift she has; economic, social and political progress based on individual freedom and opportunity.

Missile Marks First Long-Range Success

An Atlas missile, 85 feet tall and weighing more than 100 tons, blasted off from Cape Canaveral, Fla. Thursday night and crashed into the Indian Ocean early Friday at the end of the longest military rocket flight on record, a 9,050-mile journey. The distance exceeded by only ten miles the course covered by two Atlases fired into the Indian Ocean last year, but more important, marked the first long-range success for an advanced Atlas being developed to carry blockbuster payloads almost halfway around the world.

New War Planes Unveiled By Soviet Union

The Soviet Union unveiled Sunday, at least ten new types of warplanes, including a jet fighter it said could destroy any modern plane regardless of speed and altitude, and a delta-winged bomber with missiles it said could not miss. The aerial display over Tushino Airfield near Moscow was Russia's first public demonstration of military airpower since 1956. The new demonstration coincided with Khrushchev's announcement that the Soviet Union would increase its military budget by one-third and suspend planned cutbacks in its armed forces.

Teamsters Chief Re-Elected To 5-Year Term

James R. Hoffa, who never finished grade school, was elected Friday by acclamation to a new five-year term as Teamsters Union president with a free ticket to conduct union affairs. His only opponent was Milton J. Liss, president of Newark, N. J., Local 478, who withdrew halfway through a tedious roll-call of the 2,000 Teamsters convention delegates. With only 15 votes, including his own, Liss said the balloting had been fair as well as decisive and praised Hoffa saying the Teamsters chief's greatest mistake had been "over-loyalty to some friends who took advantage of him."

Tractor Committee To Return 70,000 Letters

Nearly 70,000 letters, most of them believed to contain contributions to the ill-fated tractors for Cuban invasion prisoners swap, will be returned unopened, the Tractors for Freedom Committee announced Saturday. The committee said Cuban Prime Minister Fidel Castro's unreasonable demands made the deal impossible and rejected a request by a committee of Cuban exiles that the contributions be turned over to them in an effort to revive the project.

Sammy Davis' Wife Is Mother

Blond Actress May Britt, wife of Negro Entertainer Sammy Davis, Jr. gave birth to a daughter last Wednesday. The infant, dark haired and light complexioned at birth, was named Tracy Hillivi. The elated father exclaimed "this is the happiest day of my life." "It's just a beautiful, healthy, wonderful baby." Davis and the blonde actress were married last November; both had been divorced once previously.

Discoverer Capsule Recovered From Air

A C-119 Flying Boxcar snatched Discoverer XXVI's instrument packed capsule from the air, Sunday, as it floated back from space northwest of Hawaii, taking 14 minutes from the initial spotting to secure the parachuting packet in the plane's trapeze like hooks. The Air Force did not disclose what was carried in the metal nose cone, but it was believed it might have contained film and other records as part of preparation for sending up Midas and Samos spy-in-the-sky satellites.

Portuguese Ship Death Toll Over 200

The Portuguese Maritime Ministry announced Monday 237 persons were either dead, missing or presumed dead from the grounded and burning Portuguese ship Save. There were 490 persons aboard, including a 44-man crew, and most were African Negro passengers. The 2,037-ton transport was swept onto a sandbar in a storm Saturday in the Mozambique Channel, off Southeast Africa, when a series of explosions ripped the hull and engulfed her in flames.

John Grosso of Denver, the pilot, and all other members of the DC8's crew of seven, escaped without injury.

• Mildred (Axis Sally) Gillars, now white-haired and facelined, was paroled from prison Monday after having served twelve years, dating from her conviction in 1949, of a 10-to-30 year term for treason. She became known as Axis Sally for her World War II broadcasts from Germany, aimed at trying to dishearten allied troops. Her sister, Mrs. E. E. Nieminen of Ashtabula, Ohio, has taken her to Ashtabula where she plans to rest not more than six or seven weeks at the most before taking a job.

• Yuri Gagarin was given a hero's welcome Tuesday by thousands of Londoners who shouted, cheered and applauded. Because he came on a private visit as the guest of the Soviet Trade Fair, the welcoming committee was headed by a virtually unknown civil servant, Francis Turnbull, secretary to Lord Halifax's science ministry, however, Queen Elizabeth invited Gagarin to lunch at Buckingham Palace on Friday, meaning his visit will be extended by at least four days.

Flav-O-Rich To Distribute New All-Jersey Milk

Superior Taste And
Nutritive Qualities
Shown By Research

Flav-O-Rich Dairy, Inc., has been granted a franchise to distribute a special-quality national trademark milk to consumers in their 15 county North Alabama market. The announcement was made jointly by National All-Jersey, Inc., Columbus, Ohio, and the officers of the Alabama Jersey Cattle Club.

The milk, known as "All-Jersey," will be distributed in the Tri-Cities area by the Florence plant of Flav-O-Rich, 114 East Alabama Avenue. The company, with headquarters at Fayette, is represented in the Tri-Cities by W. C. Bragg. He said, "This new product being offered in the Flav-O-Rich trade area will be coming from some of the finest Jersey herds in the state."

Dairy products sold under the "All-Jersey" trademark bear a seal of a Jersey cow head with a crown about her horns. The trademark is further identified with the words, "Queen of Quality."

Mr. Bragg said that this phrase indicated the superior taste and nutritive qualities of All-Jersey milk. "Research studies show that Jersey milk contains more protein, minerals, vitamins, milk sugar, etc. than other milk," he explained. The All-Jersey trademark assures the consumer that none other high quality Jersey milk is sold as All-Jersey."

The franchise to distribute this special milk was granted to Flav-O-Rich Dairy, Inc., by National All-Jersey, Inc., upon being selected and recommended by the Alabama Jersey Cattle Club.

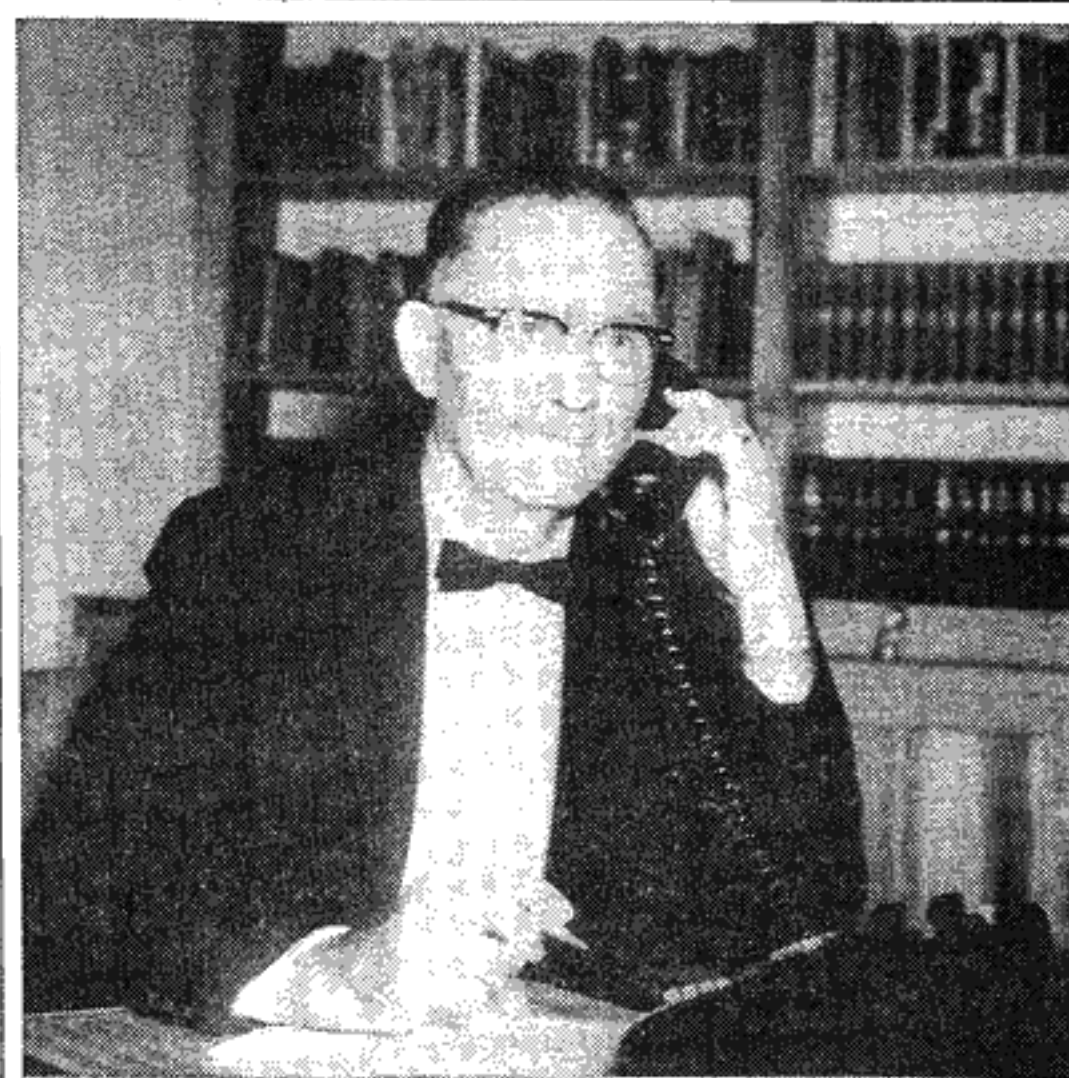

LEGION MEETING SET TONIGHT AT 7:30

The semi-monthly meeting of the Florence-Lauderdale Post No. 11 of the American Legion will be held tonight at 7:30 o'clock at the Legion Home on South Court Street. All members are urged to be present.

GO TO CHURCH ON SUNDAY!

Personality Sketches

By ANN SULLIVAN

LEWIS EDMOND KELLEY

"To be a resident of Florence is a rare privilege," said the Rev. Mr. Kelley as he reviewed the past sixteen years since he has made his home here and served as pastor of Highland Baptist Church. "Our city is clean physically and morally and far above the average of cities its size spiritually

and intellectually. It can be truthfully said that Florence is a City of Churches and a good church-going city, too."

"Let me add, too, that I have always been impressed with the high quality of citizenry as well as the officials of our city and county. High ideals appear to govern our leaders in every walk of life. If I were a young man starting out in life, I would select Florence for my home because of the splendid opportunities it offers," the Rev. Mr. Kelley added.

Lewis Edmond Kelley was born in Elmore County, December 26, 1901, the son of Captain Dixon and Amanda Susan Emfinger Kelley. He attended elementary school in Elmore County and was graduated from Newton Institute, Newton, in 1924.

Following his graduation from Newton, Mr. Kelley entered Howard College where he received his A.B. degree in 1928. While at Howard, he was president of the College Ministerial Students Association.

After he received his A.B. degree, Mr. Kelley accepted the pastorate of the Baptist Church in Wilsonville. While there, he was married to Mary Elizabeth Pitts of Columbiana on December 25, 1928. In 1931, Mr. Kelley entered Southern Baptist Seminary, Louisville, Ky., for additional ministerial courses for the next two years.

Upon completion of this work, he moved to Eclectic where he served as pastor of the Eclectic Baptist Church and also his home church, the Bethlehem Baptist Church, in which he was baptized. He remained as pastor of both churches for three years when he was called to Langdale to assume pastoral duties at Langdale Baptist Church. He remained in Langdale for nine years.

On May 2, 1945, Mr. Kelley came to Florence where he accepted the pastorate of Highland Baptist

Comedy Will Be Presented Tonight

The hilarious comedy, "Out of The Frying Pan" by Francis Swann will open tonight at the Starmaker Playhouse under the direction of Ward Wagon.

Heading the cast will be Nelle party," Mr. Kelley said, "was that South America is a fast developing country and much is needed to be done to raise the standard of living of the poorer classes in whom breeds the discontent that ripens on Communist teaching and leadership."

Mr. Kelley said that this trip was a highlight in his existence and an experience from which he learned to love our own America more.

Bigbee, well known local news commentator, Charles Morris and Charles DeVaney. The seven young leading parts are played by Jim Beasley, Sebranne Wagon, Jimmy Young, Becky Wagon (one of the singing Wagon Sisters) Bonnie McEmore, Ron Russell and Derrell Stewart. Mickey Young will assist Mr. Wagon and also double as stage manager. Sets are by John McMin with Scott Hollett as production manager with an assist from Lenda Beard.

"Out of The Frying Pan" will open tonight, and will run through July 22 except for Sunday night, July 16th—Curtain is 8:00 p.m. Tickets can be bought in advance at Anderson's Book Store or Holiday Inn.

By 1980, the United States is expected to use 600 billion gallons of water per day — twice the present amount.

South Carolina Vows Claim Local Interest
A late afternoon ceremony in First Presbyterian Church, Myrtle Beach, South Carolina, marked the exchange of vows between Miss Judy Carroll Beall, daughter of Mr. and Mrs. Fred Blinn Beall, III, of Myrtle Beach, and LaNeau LaFayette Pippen, son of Mr. and Mrs. Woodrow Wilson Pippen of Pulaski, Virginia, on Sunday, June twenty-fifth.

The bride, whose mother is the former Dorothy Young of Florence, has many friends in this city

where she has often visited in the home of her late grandfather, J. Will Young, and Mrs. Young.
The Reverend Dr. Cecil DuBoise Brearley was the officiating clergyman and the wedding prelude was by Miss Lady Erie Green, organist, and Samuel D. Roane of Raleigh, vocal soloist.

Before a candlelight altar decorated with greenery and arrangements of white chrysanthemums and gladioli, Mr. Beall gave his daughter in marriage. Her gown of bridal silk organza and French lace, with sculptured bodice and full length skirt, was distinguished by a scalloped neckline re-embroidered with iridescent sequins and pearls, long sleeves tapering to petal points over the hands, and an Empire band of pleated organza at the waistline. The skirt, bouffant and complemented by a butterfly bow at the back, extended into a chapel train. Self-designed and made, her fingertip veil of silk illusion was bordered with seed pearls and a single drop pearl extended from the tiny lace headpiece to mark the center forehead. Her bouquet was a semi-crescent of white roses and gardenias with tendrils of ivy.

Miss Bonnie Beall was her sister's honor attendant and bridesmaids were Miss Deedee Bishop of Marietta, Georgia; Mrs. James Alton Garlick of Richmond, Virginia; and Mrs. John Patrick Gore of Myrtle Beach. Their frocks of mauve lace over mint green taffeta, also designed by the bride, were enhanced by halo headresses of ivy leaves and bouquets of yellow roses.

The bridegroom's father was his best man and groomsmen included Thomas Lee Bowles of Danville, Va., Allan E. Burgess of Norfolk; Donald Hall Kent, Fred L. McCormick, and James Alton Garlick, Richmond; and John Patrick Gore of Myrtle Beach.

Mrs. Beall chose for her daughter's wedding a sheath dress of coffee-colored lace with which she wore matching accessories and an orchid corsage; Mrs. Pippen, mother of the bridegroom, was in Dior blue silk chiffon and she, too, wore matching accessories and orchids.

Immediately after the ceremony, Mr. and Mrs. Beall were reception hosts at Pine Lake Country Club. Among the guests were the bride's aunt, Miss Corinne Young of Washington, D.C.; Miss Susan Young of Florence and Miss Jane Moore of Lawrenceburg, Tenn., cousins of the bride; and Miss Margaret Stutts of Florence.

For travel, the bride changed to a powder blue linen ensemble with matching hat of small flowers. Gardenias from her bouquet were her corsage.

Now returned from honeymooning at mountain resorts, Mr. and Mrs. Pippen are at home at 423 Berkshire Road, Charlotte, North Carolina, where he is associated with Fulbright Laboratory.

Mr. and Mrs. Sawyer At Home In Huntsville

Mr. and Mrs. R. R. Wilcoxson, St. Joseph, Tennessee, have announced the marriage in Huntsville on Saturday, July first, of their daughter, Mary Elizabeth, and James Sawyer of Pawtucket, Rhode Island, now employed at Redstone Arsenal.

The bridegroom is the son of Mr. and Mrs. W. D. Sawyer of Pawtucket.

The couple will make their home in Huntsville.

Miss Donnie Joyce Richey To Wed Jimmy Ray Allen

Heralding an August wedding is the announcement which has been made by Mrs. Fowler Johnson, 219 Wilson Avenue, Florence, of the engagement of her daughter, Donnie Joyce Richey, to Jimmy Ray Allen, son of Mrs. Raymond Johnson, Killen, Route Two.

Miss Richey, daughter of the late K. S. Richey, is the granddaughter of Mrs. J. T. Richey of Florence and, after graduation from Coffee High School, attended Larimore Business College.

The prospective bridegroom, grandson of Mrs. Bertha Allen of Florence, was graduated from Rogers High School before serving a tour of duty with the United States Air Force from which he was separated in mid-May. He is presently a student at Decatur Trade School.

August fifteenth has been chosen as their wedding day.

Miss Cutshall Affiliated To David Ronald Olive

An announcement made by the bride-elect's parents, Mr. and Mrs. Aaron J. Cutshall of 537 Eugenia Street, Florence, foretells the approaching marriage of their daughter, Charlene, to David Ronald Olive, son of Mr. and Mrs. Shelby L. Olive, also of Florence.

The bride-elect, a graduate of Coffee High School and of Larimore Business College, holds a secretarial position and her fiancé, also graduated from Coffee High School, is now a student at University of Alabama where he is affiliated with Sigma Phi Epsilon fraternity and the National Society.

The wedding will be an event of September first.

Mrs. Marvin Drabkin (Elizabeth Lawson) and children are here from New York for a visit with her father, Sims Lawson, and Mrs. Lawson.

John Carey McCraw, III, Betrothed To Floridian

Mr. and Mrs. John Thornton Cash of Winter Park, Florida, have announced the engagement and approaching marriage of their daughter, Lauranne, to John Carey McCraw, III, son of Mr. and Mrs. John Carey McCraw, until recently of Florence and now of Oak Ridge, Tennessee.

The bride-elect attended Sophie Newcombe College in New Orleans and was graduated with honors from the University of Florida where she was a member of Chi Omega sorority. Since her January graduation she has been a faculty member at Maynard Evans High School in Orlando.

Mr. McCraw was graduated from the University of Tennessee, serving there as vice-president of Pi Kappa Alpha, his social fraternity. He is now a resident of Orlando.

August wedding plans will be announced.

Miss Ruby Jean Barringer To Have Late Summer Wedding

Announcement has been made by Mr. and Mrs. Stansell Barringer of Rogersville of the engagement and approaching marriage of their daughter, Ruby Jean, to William B. Letson, son of Mr. and Mrs. Almer B. Letson of Tusculum.

Plans are being made for a mid-August wedding.

Mrs. Koonce Honored On Birthday Anniversary

Marked by affectionate interest quite different from the usual was at least one 4th of July celebration, with Florence as the locale.

Taking place on Independence Day for reasons of convenience, and also because it almost evenly divides the five-day space between their birthdays, Mrs. James F. Koonce and her grandson, Ben Frank Riley, IV, shared honors at the family home, 401 North Walnut Street, with family members celebrating the approach of Mrs. Koonce's ninetieth milestone (on the 7th), and the passing of young Ben Frank's a few days earlier.

On the day's agenda were a backyard picnic with nineteen family members in attendance, "drop-in" visits from neighbors and longtime friends, and the presentation of numerous gifts.

Present for the occasion were six of the seven Koonce children including Miss Nola Koonce, Mrs. B. F. Riley, III, Mrs. G. M. Hamby, Merwin and James Koonce, and from Nashville, Mrs. C. C. Crossman. Missed by the family group, with many expressions of regret, was the presence of Mrs. Rufus Dowdy of Montgomery.

The Scott Stringers Here For Recent Week's Visit

Warmly welcomed during their all-too-brief week in Florence were Mr. and Mrs. Scott Stringer who came from their present home in Harriman, Tennessee, to vacation and visit with family members and their host of local friends.

Guest while here of their parents, they were honored last Thursday evening by his mother, Mrs. M. S. Stringer, who entertained at her home on Hermitage Drive, including on her invitation list a group of young-marrieds who, a few years ago, were high school chums of her son and daughter-in-law, the former Caroline Griffin.

Silver and lace appointed the serving table and the centerpiece, fashioned of pink roses and lavender. Buddha, was flanked by branched candelabra of tapers in a blending shade. Pink roses of varying shades were also about the livingroom where three smaller tables were arranged for the guests.

Seated with the honor guests were Mr. and Mrs. Robert Tomlinson, Jr., Mr. and Mrs. Fitzgerald Hill, Mr. and Mrs. Robert Simmons, Jr., Mr. and Mrs. Robert Moody, Jr., and Mr. and Mrs. John Archer.

Mr. and Mrs. Stringer concluded their visit on Sunday, spending the latter days with their parents, Mr. and Mrs. T. J. Griffin on the lake.

Birmingham Visitor Welcomed "Back Home"

Among former Florentines whose occasional return visit are enjoyed by a large circle of friends is Mrs. Jack Swann, now of Birmingham, a guest during the past week of Mr. and Mrs. Thomas E. Oppenheim at their home on Palisades Drive.

Small and delightfully informal were the courtesies which marked this summertime interlude and hostesses for individual occasions were from the eight-member group which has for a number of years enjoyed luncheon-and-cards together.

Included was the Fourth of July outing to which Mrs. M. S. Stringer was hostess on the lake, inviting with Mrs. Oppenheim and her houseguest an additional one or two; and the "down-town" luncheon to which Mrs. A. E. Kaye and Mrs. Staats Burnett were hostesses; and numerous afternoon-bridge and drop-in-for-cokes invitations.

With promises of other visits in the not-too-distant future, Mrs. Swann returned to her home last Sunday.

Recent guests of Mr. and Mrs. R. A. Stricklin and Dr. and Mrs. Culver Ellis at their home on the lake were Lt. Gov. and Mrs. Albert Boutwell of Birmingham.

Mrs. William Calhoun and sons, Bill and Tyler of Arlington, Va., arrived yesterday for a brief visit with her mother, Mrs. Sam Harlan. They are at the Calhoun cottage on Lauderdale Beach.

Dr. and Mrs. John Hatfield, Betty, Mary Willis, Johnny and Kemp are spending the ensuing two weeks in Capon Springs, W. Va., as guests of Mrs. Hatfield's cousin, Mrs. John Preston of Charleston, and of her brother, Willis Hollingsworth of New York City.

Mrs. D. L. Harrison returned Monday from Washington, D. C., where she has been a guest of her daughters and sons-in-law, Dr. and Mrs. Ben Baldwin and Mr. and Mrs. W. S. Wilson. She was accompanied home by Mrs. Baldwin who is remaining for a few days' stay.

Mr. and Mrs. William R. Cadenhead have announced the arrival at ECM hospital on July 4th of a second son, Ralph Patillo.

The home of Mrs. Flora Fuls, Lexington, Rt. 1, was the scene on June 25th of a family reunion. Present for the occasion were her children and their families.

After a Summer stay with relatives and friends, Mrs. Mae Boles and Glendora Cumberledge returned last week to Akron, O. They were joined while here for a brief visit in the Paul Masters' home by Mr. and Mrs. N. O. Garner of Anderson, Route One, and Mrs. Flora Fuls.

Clyde Danley of Panama City, Fla., is a guest of his brother, B. L. Danley on North Wood, having been called by the critical illness of their sister, Mrs. W. C. Whitworth of Iron City, Tenn. Mrs. Whitworth is a patient at ECM hospital.

Here for a two-weeks' visit with her parents, Mr. and Mrs. Edward Jones on Waterloo Road, are Mrs. Ray C. Hoover, Mr. Hoover, Cam, Anne and David of Princeton, N. C. Also guests in the Jones home are their cousins, Mr. and Mrs. Tom Bevis of Alexandria, Va.

Mr. and Mrs. Fitzgerald Hill have joined Raleigh, N.C., friends for a vacation on the Carolina Coast. Little Karen Hill is a guest during their absence of her grandparents, Judge and Mrs. Robert Hill at "Cypress Bend," and Mr. and Mrs. Mack Towles on Sherrod Ave.

Mr. and Mrs. Joe Archer (Ann Russell), formerly of Florence and now of Columbus, Ohio, have announced the birth on July 4th of a second son whom they have named Mark Russell.

Here from Coral Gables, Fla., for a visit with Misses Sue and Myrtle Madry and Mr. and Mrs. John Hauerwas is their nephew, Harold Madry.

Mrs. O. C. Hackworth and her daughter and grandson, Mrs. John Wilke and little John, have returned from a visit with Mrs. L. M. Holman (Electa Hackworth) in St. Petersburg, Fla.

Here the past week for a visit with her mother, Mrs. Phil King, and her sister, Mrs. Morton Southall, was Mrs. T. P. Smith of Marshall, Tex.

Mr. and Mrs. James E. Mackey and little son have returned from a two-weeks' vacation at Pensacola Beach, Fla., and visits in Natchez and Vicksburg.

Dr. Dwight M. Platt of Rogersville is serving a residency in the neurology department at the Indiana University Medical Center in Indianapolis. A Harvard University graduate, he served his internship at the University of Utah affiliated Hospitals in Salt Lake City.

Mr. and Mrs. A. J. Whitaker have returned to their home in Central Heights after an extended round of visits with their children which included Joe R. Whitaker and family in Vicksburg, Mr. and Mrs. Frank Whitaker in Mobile, Mrs. J. Y. Dusenberry and family in Clearwater, Fla., and a grandson, John Yancey Dusenberry, Mrs. Dusenberry, and newly-arrived John Yancey, III, in St. Petersburg.

Linden Reeder, Central Heights resident, is a patient at ECM Hospital.

Mr. and Mrs. Robert W. Sandlin and children, Sherry and Russell, of Appleton, Wis., were guests last week of his mother, Mrs. M. C. Sandlin, at her home on Hermitage Drive. Leaving for home on Sunday, they were accompanied by their older son, Boddy, who has spent some time with his grandmother.

Mr. and Mrs. J. Foster Barnwell and Foster, Jr., with Mrs. Barnwell's sister, Mrs. Don Lovett of Houston, Tex., have returned from a week with their brother, W. E. Thombs, and his family on Jeckyll Island, off the Georgia coast. Mrs. Lovett will continue her visit here for a week or more.

Mr. and Mrs. Melvin Kornman, Kay and Gary Kornman have returned from an extended Western tour which included Sequoia and Yosemite National Parks, San Francisco, Los Angeles, the Grand Canyon and Carlsbad Caverns.

Mr. and Mrs. D. A. Springer and daughter, Nola Fay, were in New York City recently for a vacation stay.

Arriving Monday to be guests of Mr. and Mrs. J. O. Dabney on North Pine Street will be Miss Rosa Haynes of Prescott, Ariz., and Mrs. Malcolm Carmichael of Anniston.

CENTRAL CLUB WILL MEET WITH MRS. MAY

The Central Home Demonstration club will meet with Mrs. Claude May at 1:30 p.m. today. All members are urged to be present.

THE SPILLWAY

Our front page tells happenin's — prompt and exact To include details and views. But WE, on the other hand and matter-o-fact Like to write it BEFORE it is news!

AND, SPEAKING OF NEWS AND NEWSPAPERS, our eyes were captured by a familiar name recently while reading **The Commercial Appeal**, and such mention of "our own" always pleases the eyes. . . . in a "special" to this Memphis paper from Montague, Tennessee was mention of the Memphians who summer there. And in this we were brought up to date on the (Col.) Charles Hales, who, according to **The Commercial Appeal**, are in Montague to spend the summer at their cottage, Stonecourt. "They were recently joined by their sons, John, a Princeton University student,

and Charles, a student at the University of Michigan." Thanks to the Memphis paper for telling us about Charles, Mary Ellen (Roberts), daughters Ninian and Marian, and especially John and Charles, who surprise us by being in college, rather than still "in knee pants."

AND WASN'T IT INTERESTING to see Edythne Speake's letter in last week's **Life** magazine? In case you didn't, you WILL want to know. . . . In June, **Life** published a photographic write-up of poverty-stricken families in Rio De Janeiro, entitled "Freedom's Fearful Foe: Poverty," with pictures of the da Silva family, who appeared pitifully neglected and undernourished. . . . then in last week's edition the magazine printed letters which had been received in response to this article. Included was one from Edythne in which she offered to help young Flavio da Silva (and his family), even to have Flavio here to live with her and Otto in their lovely new home in Hickory Hills. . . . To say that we were touched by her compassion and generosity would be an understatement, and we know of a mighty lucky little boy if her offer is answered! Need it be pointed out that the world needs more hearts like hers!

EXCITING TRAVELS. . . and not just anyone could take the trip which Florence State's history prof is going to enjoy with his wife. . . . Ben (Dr.) and Dorothy May are leaving this week, flying to California, then via the Arctic to Russia. And, since they BOTH speak Russian, (this was hard for us to believe) there will be no language problem, and they can really "take it all in." We can think of no more attractive goodwill ambassadors than Ben and Dorothy, and hope to hear all about it, come fall and their return!

ALSO TRAVELIN' FAR. . . Raymond Graham (sans Ethel and the two little Grahams) leaves soon for 18 month's duty with the Air Corps of the Army. . . . way over in Korea. It doesn't exactly make sense to us, but we understand that he's in a branch that's in charge of transport and observation. . . . It DOES make sense, and please us, to know that Ethel and the children will be here during his absence, with her parents, the Ralph Smiths.

RECENTLY SEEN at the Airport — and interesting — a prominent "judge," there to send on her way a very charming lady. . . . WHICH made us wonder! "HERE COMES THE BRIDE" will be a misnomer as far as we're concerned this September when Virginia Hastings marries Henrich Harries. Since, much to our disappointment, it will be THERE GOES the bride. . . . We hear that the wedding is to be in New Hampshire rather than here. Must be because Virginia, half way or so to her Dr.'s degree, wants to "stick with" her books at Dartmouth until the last possible moment.

ANOTHER INTERESTING WEDDING took place recently, so unusual that we'll repeat it. . . . Seems that our good friend, Pastor James Elder, of the Cumberland Presbyterian Church received a call from Hattiesburg, Mississippi, where he once held a pastorate. And the call was for him to perform the marriage of a man and woman he'd known while there, but then they were separated, having been divorced in 1915. And last Friday, Mr. Elder united them in marriage, after 46 years of separation. . . . the groom a youthful 82 years of age, and the bride only 78!

SO GLAD TO HEAR that Mary Collins (Carter) Warner has resumed her schedule for her summer visits "home". (Seems to us, she's missed a few summers of late) And we hear that all her friends were happy to be introduced to her two-year-old son, Jacques. Hear that there were numerous get-togethers for her with long-time friends, and we can imagine that the Jerome Carter home on Wood Avenue seems pretty empty to Helen and Jerome since Mary Collins took Jacques and little Miss Ann back to their home in Philadelphia.

ANOTHER OLDTIMER to us, though she too is young (since we STARTED knowing her when she was still in rompers) and whom we are very pleased to have back for a short while is Betty Nichols, who is with her parents on Palsades Drive. We understand that she and sister-Billie Jo are working out a quick trip to Florida so that Betty can be back to her present headquarters in San Diego, California by the first of August, since then she is starting an intensive visual aids course. And after completing this course, Betty expects to have completed the requirements for California credentials for teaching. If we remember rightly, California has top rating schools and educational systems, so this should really be sompin' for Betty. Aren't we "glad to know her"!

Local Swimmer Sets New Record

Tommy Rogers Stars AAU Junior Meet; Florence Beats Decatur

Tommy Rogers, a member of the Florence Swim Team, set a new record of 37.6 seconds for the 50 meter backstroke at the Southeastern AAU Junior Olympics meet held at Jasper Friday and Saturday.

Rogers gave the meet its outstanding performer, taking three other first place medals and joining with Johnny Hatfield, Gordon Glasscock and Jim Willis to set a new meet record in the 200 meter freestyle relay.

He took first places in the 50 meter freestyle and 200 meter individual medley events.

The team competed with over 700 swimmers from Alabama, Tennessee and Florida. Both boys' and girls' divisions of the local team took second places in the 11-12 age group, however, for individual events, team members garnered numerous honors.

The team scored 304 points against Decatur's 68 in Tuesday night's meet, with the Decatur Swim Team.

FSC Art Show To Be Sunday

Pictures, Many Other Items To Be Featured Auction In Afternoon

Rogers Hall, on the campus of Florence State College, will provide the background setting for the Student Art League sponsored Art Show, on Sunday, from 10:00 a.m. until 5:00 p.m.

Pictures, ceramics, trays, oil paintings, water colors, textiles, tile engravings, and linoleum cuts will be on exhibit. All work has been done by the Florence State College art students.

At four o'clock in the afternoon, an auction will be held. All auction pieces have been donated by members of the Art League.

Mort E. Smith, chairman of the Florence State Art Department, cordially invites the public to attend both the art display and the auction.

Mrs. Hilda Mitchell and Miss Marion Bourgeois are co-sponsors of the Student Art League.

Officers are Jerry Campbell, President, Florence; Clift Scarborough, Vice-President, Florence; Gladys Balarezo, Secretary, Lima, Peru; Frankie Flemming, Treasurer, Bear Creek; and Jean Ledlow, Publicity Chairman, Lexington.

JAMES A. THOMPSON WITH FIGHTER SQUADRON
Armed with the world's fastest and highest-flying aircraft, Fighter Squadron 74, based at the Naval Air Station, Oceana, Va., provides the Atlantic Fleet with airborne defense.

Serving with the squadron is James A. Thompson, airman, USN, son of Mr. and Mrs. C. Thompson of 832 Wimobile St., Florence.

here's THE cool cooking range it's electric!

Another advantage of an electric range — at no extra cost — is that it keeps your kitchen up to 10° cooler than any other cooking method; meaning, you'll stay pert and alert to enjoy the meal along with your family. Of course there's plenty of heat for thorough cooking, but the heat penetrates directly into your pots and pans, doesn't leak out into your kitchen.

Yes, you'll know the difference when you begin cooking cool. . . . electrically.

Peace Corps Tests Being Held Today

Anyone wishing to serve in President Kennedy's Peace Corps will be given examinations at the Florence Post Office today and tomorrow with testing today for all Peace Corps assignments and testing tomorrow for those applicants who have a college degree and wish to teach in secondary schools. Applicants who wish to take both tests may do so.

The subjects they may choose are mathematics, biology, chemistry, and English.

Thomas H. E. Quimby, Director of Recruitment for the Peace Corps, said the list of skills required for new projects now under discussion was rapidly growing and that there was a need for physical education instructors who could coach track, an assistant museum curator for a college of animal husbandry, a time and motion analyst, a town planner, a plant physiologist, and an expert repairman for Diesel engines.

He emphasized that college training was not necessary for many of the jobs to be filled by volunteers and that those who have agricultural and trade skills are particularly urged to apply.

Groups of skilled people are needed as their are requests for arc welders, chemists, textile mill foremen, audio visual aid specialists, business school graduates who can do market research and home economics instructors.

Those who have not filled out questionnaires, but who wish to join the Peace Corps, may go to the testing center and take the examination as long as test copies are available. All persons who have sent in a Peace Corps questionnaire since the last testing May 27 and June 5 have been invited to take the examinations today along with those who submitted questionnaires prior to the last tests but did not take them.

Concert Will Be Presented Friday

Graham Jackson, world renowned entertainer from Atlanta, Georgia, will be presented in piano and organ concert at the Florence Coliseum, Friday night at 8 o'clock.

Admission at the door will be

Lot Purchased By Wesley Directors

The Florence State College Wesley Foundation Board of Directors has announced the purchase of a lot as the site of the proposed Methodist Student Center.

The lot, located at the corner of Atlanta and Jackson Road in Florence, is adjacent to the Florence State College campus. The new men's dormitory and a new science building, now under construction, are located only a few hundred yards from the proposed site of the Student Center.

The lot was purchased with funds donated by Methodists from

the Florence State College service area for the construction of the Wesley Foundation. Plans are already under way for the erection of the building, which will serve as the Methodist Student Center at Florence State College.

Members of the Property Committee of the Florence State Wesley Foundation are, chairman, K. C. Darby; Joe F. Broyles, Robert Lewis, and Otis L. Peacock, all of Florence; and C. L. Beard, Jr., Sheffield.

Officers of the Foundation Board of Directors are J. Alston Branscomb, President, Sheffield; Tom Rogers, Vice-president, Florence; Howell Heflin, Vice-president, Tusculum; James N. Northcutt, Secretary, Birmingham; and Billy Mitchell, Treasurer, Florence.

forecast for **ENERGY**

Heating millions of new homes is one reason America's need for energy will double by 1980

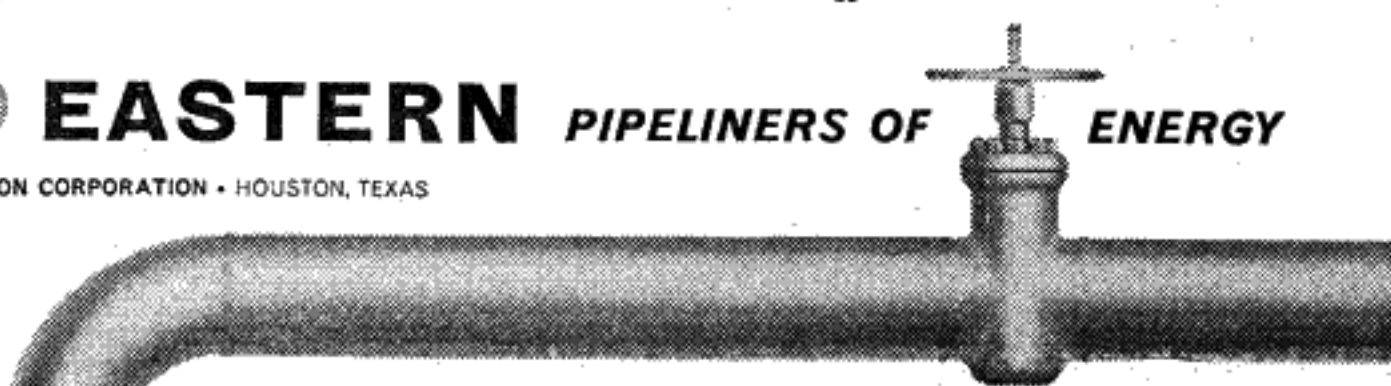

Every 30 seconds in the next 20 years, another family will start using gas. There will be more homes... bigger homes. As our population climbs, need for energy rises even faster. And more people mean ever-higher energy demands by the industries that serve them. By 1980, the nation will require twice the energy it consumes today.

Where will it come from? Much will come from present energy sources, some from new ones. Wherever produced, a large share of energy in its most efficient and

usable forms will be transported via pipelines. Texas Eastern's natural gas pipelines, which stretch from the Mexican border to the Atlantic Seaboard, have capacity to fuel thousands of factories and heat millions of homes... Our Little Big Inch pipeline system, largest of its kind, delivers liquid petroleum products from Gulf Coast refineries to Midwest markets. Looking to the future, Texas Eastern is growing and diversifying today to meet tomorrow's energy needs.

There is always an element of risk when you sign any contract with the salesman of an out-of-town applicator of roofing, siding or any materials for the improvement or maintenance of your home.

Ask yourself this question when you have been contacted by such a salesman:

HAVE I OBTAINED A PRICE ON THIS JOB COVERING THE SAME SPECIFICATIONS FROM ANY LOCAL DEALER?

If you haven't then you are not being fair to yourself or to your home town dealer who is a member of your community and who, like you, supports and makes his living in your community. It will pay to see your local dealer first!

Come to Church for Services

“A FAMILY THAT WORSHIPS TOGETHER—STAYS TOGETHER”

A far cry from the forty-niner with his pick or his pan
This man listens through earphones for the clatter of exploding atoms.

Otherwise, he must follow the tortuous path of the prospector. Uranium, like gold, is where you find it . . . high on a cliff . . . deep in a chasm . . . anywhere.

There are spiritual riches to be found in life—by those with the determination to seek them. But don't make the common mistake of assuming that one Sunday in Church should satisfy the search.

Spiritual riches come gradually with religious growth. As a family makes worship and religious study part of everyday living, the treasures of God begin to accumulate in the character and experience of that family.

You'll probably be disappointed if you merely give religion a try. But your earnestness will be rewarded when you make Christianity the foundation of your life.

THE CHURCH FOR ALL . . .

ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Order Seedlings Before September

Young Trees Will Be Sold On First Come-First Served Basis

Applications for an estimated 70 million tree seedlings from state nurseries to be planted this winter are being accepted until September 1, the Forestry Division of the Alabama Department of Conservation announced.

State nursery - grown seedlings for the 1961-62 shipping season are available to landowners on a first-come basis, according to Conservation Director William C. Younger.

Forestry Division Chief J. M. Stauffer says the shipping season for seedlings will begin about December 1, and will extend through February 15.

Seedlings cost \$4 per thousand, f.o.b. nursery. The Conservation Department says all seedling orders should be accompanied by a check or money order for the full amount or for at least one-half the total cost of the order. "A minimum of 500 trees is required to make an order," Younger said.

Tree seedlings available include loblolly pine, slash pine, Virginia pine, long-leaf pine, short-leaf pine, sand pine, red cedar, yellow poplar, catalpa, and a limited supply of Arizona cypress.

All seedling applications should be sent to the State Forester, Division of Forestry, Department of Conservation, 64 N. Union Street, Montgomery, Alabama.

Ironing Disliked As Job In Home

Selection Equipment Can Make This Task Easier To Perform

Ironing is one of the most disliked jobs in the home, according to several surveys and studies made throughout the United States.

"Many Alabama homemakers indicate that ironing is an unhappy chore. A much smaller number say they enjoy it," says Auburn Extension Service Home Economist Elizabeth Bryan.

Dislike of ironing stems from many sources, she states. Many homemakers feel it is repetitious, time consuming, and tiresome. Some women feel overcome by the accumulation of things to be ironed when clothes are washed several times a week. Others resent the necessity of ironing items that were labeled "wash and wear" and did not prove to be so.

"To make ironing easier and less time consuming, homemakers will have to either change habits or standards, neither will be easy," she comments.

The home economist offers these suggestions to cut down on ironing time.

Take more care in selecting fabrics that require little or no ironing.

Select good equipment and learn to use it efficiently. Some suggestions are a steam iron, a new ironing board pad and cover, adjustable ironing board, and racks or baskets at a convenient height so that the homemaker will not have to walk or stoop.

Remove clothes from the dryer before they become too dry. This will prevent many hard-to-iron wrinkles.

There is really no such thing as "permanent pasture."

Watermelon Crop Below Last Year

You can expect to pay more for your watermelons this year, but the increase will be worth it, reports Melvin Smith, Auburn Extension Service fruit and vegetable marketing specialist.

The higher price follows lower production in the watermelon crop. Alabama producers expect to have 11 per cent fewer melons than in 1960, and 17 per cent less than the average over the past 10 years.

In parts of South Alabama the vines have just started to run, due mainly to cool weather during the spring. The rest of the state has also experienced late crops, but prospects are for good yields on reduced acreage. Melon shipments have already started in the Wiregrass and Mobile areas, and demand is reported good.

Gene Ackerman, manager of the Wiregrass Farmers Produce Market, says that the melon crop in area is light—about 5,000 acres of the Charleston Grey variety. However, the melons are good size, the average being about 20 pounds.

Only 20 years ago, the average consumer in this country ate 1.97 pounds of broiler meat annually. Ten years ago, the figure had multiplied more than four times to 8.56 pounds per capita. Today, we each eat an average of 23.65 pounds of broiler meat.

Old Dog - New Tricks

Q. Is it possible for a person, say 50 years of age, to learn a foreign language?

A. It is said that, by the 50's, the learning of foreign languages is rare. During middle-age and beyond it is difficult for the memory to absorb and retain strange words. In addition, good hearing (which, even before 50, begins to lessen in sharpness) and tonal perception to strange sounds are necessary. The moral—learn your languages early!

Tomato Juice—Stones Q. I have heard that drinking tomato juice causes kidney stones. Is this true?

A. Many kidney stones are composed of oxalates, and tomato juice has a high oxalate content. Although this is no indication that drinking tomato juice will cause kidney stones, it would seem logical to avoid tomato juice if there is any tendency toward stone formation.

Killer Sharks Unpredictable

Q. Are all sharks dangerous?

A. A Cornell University zoologist says that of 300 species of sharks, the great White Shark, commonly referred to as the "man eater," is only one of about 30 species known to be dangerous to man. Sharks are unpredictable and it is dangerous to remain in the water when sharks are near. Areas along the coastline of the U.S. which are "prime shark territory" include the Gulf Coast, the East Coast from Florida to New York, and the coast of California.

CO OPERATION IS THE WORD! Co Operation best describes the attitude taken by all concerned with the recent collapse of the lock at Wheeler Dam: It created a lot of problems—problems that could have seemed insurmountable by a lot of people. After taking stock of the situation, interested parties began laying plans to restore the vital river traffic—pipe lines, trucks, special roadways, loading and unloading areas were a few. My hat is off to the ingenuity and inventiveness of the firms and people who accomplished this feat. Just like the U.S. Mail—the river traffic goes on!

WHY YELLOW? Why are the Yellow Pages of your telephone directory yellow? Why not blue, or pink, or purple? Did someone, back during the telephone's infancy, like canaries? Not at all. (At least that's not the reason Yellow Pages are yellow.) The reason is purely scientific—determined by an eye specialist. Black print on yellow paper is the second most legible color combination! Black print on white paper is first, but that's "taken" by the alphabetical section.

VACATIONING SOON? Don't forget to carry along your toothbrush, film for your camera . . . and your little blue book of telephone numbers for those long distance calls you'll be making to the folks back home!

RIGHT AT HOME on the farm nowadays is—you guessed it—farm interphone! And talk about convenience! A farm interphone system gives you both intercom and regular telephone service from strategic spots around your farm. With farm interphone, Mom can throw away the dinner bell, too . . . just call the family to supper! How ya gonna keep 'em down on the farm? Install an interphone system, of course!

Home Demonstration Club Meets:

The East Lauderdale Home Demonstration Club held its monthly meeting Wednesday, at the home of Mrs. Cecil Richardson.

Mrs. Villard Graham and Mrs. Joe Todd were welcomed as new members.

"Freezer Meals" was the interesting demonstration given by Mrs. Laurence Owens and Mrs. Irving Bedingfield. The dessert made as part of the demonstration was served the guests during the social hour.

Birthday Dinner:

Mrs. Ina Bedingfield, who was to have a birthday on the 5th was royally entertained on Sunday when relatives and friends gathered at her apartment in the Chapell Warren home and helped to make this 70th anniversary quite a celebration.

Guests were Mr. and Mrs. Egbert Bedingfield and family of Mobile, Elise and Allen Goode, Jr., Oliver; Mr. and Mrs. Paul Smith, and family, Mr. and Mrs. Patrick Norto, Mr. and Mrs. J. T. Hudson, Mrs. Lula Hudson, all of Athens; Mrs. Mildred Gist of Oliver; From Rogersville, Mrs. Lusia Warren and David, Mrs. Dillia Davis, and during the day Mrs. Warren's son, Adron Tidwell, of Washington, D.C., arrived for a visit with his mother and was just in time for part of the party.

Bagwells Honored:

Rev. and Mrs. Scott Bagwell and their son, Scottie, were guests of honor at dinner in the church basement on Wednesday evening when the families came together for this friendly fellowship.

The Bagwells have pastored the First Baptist Church for some eighteen months and recently resigned.

A set of aluminum lawn furniture was presented to them from the church.

Rev. Hollis Kitchen of Valley Grove Baptist Church has accepted the Rogersville church effective in August. On July 16 Tommy Camp, Howard College ministerial student will preach at both services. He is from the Bethel Baptist Church.

Guests in the Floyd South home for the past week have been Tim and Teresa Clardy, their grandchildren, from Memphis. Mrs. Curtis Killen also of Memphis was a guest on Monday.

Jimmie Jones Waddell and a friend, Kenneth Cathey, of Memphis spent the week end with the Helon Waddells.

Guests last week in the Preston White home were Mrs. White's brother, Kenneth Hunt, Mrs. Hunt

On Saturday evening July 1, Miss Kaye Phillips, daughter of Mr. and Mrs. Bill Phillips and Jim Lamb, son of Mr. and Mrs. James Lamb were married. The wedding took place at the Springfield Presbyterian church with C. C. Shepherd reading the vows for the double ring ceremony. Nuptial selections were played by Mark Robertson and songs by Raymon Davis.

Miss Evelyn Taylor, daughter of Mr. and Mrs. William Taylor of Florence and Charles Thornton, son of Mr. and Mrs. J. F. Thornton of Lexington, were married on Saturday evening, July 1, at the Nebo Presbyterian church with W. V. Bozeman reading the vows. Joyce Davis played the nuptial music.

Mr. and Mrs. Thornton are making their home in Florence where Mr. Thornton is employed with the Morrison-Elkins Funeral Home.

Horse Show:

Lexington's twelfth Annual Horse Show is to be held Friday evening, July 21 at 7:00 p.m. This event is to be held on the Lexington School Athletic field.

Horses from ten to twelve states are expected to be entered. This year an extra class has been added, the Local Pleasure Class for Lexington community horses. It is expected that this year's show will be the largest and best of the series of Lexington Shows. Make your plans now to attend.

Club:

The Lexington Garden Club met July 6 at the home of Miss Pearl Lanier, with Mrs. Leonard Harris, Mrs. Paulene McMeans, and Miss Lanier and co-hostesses.

Mrs. Harris, new president, presided at the meeting. The club planned and continued work on the new year book for 1960-61.

Other routine business was carried out.

The committee for the August 1st picnic reported, and were authorized to complete plans and notify members and former members of the club when plans are completed. The club hopes that every member will avail themselves the pleasure of this get-together.

Delightful afternoon refreshments were served to the members present.

Farmers spend \$25 to \$26 billion a year for goods and services to produce crops and livestock. They spend another \$15 billion for food, clothing, drugs, furniture, appliances, and the like.
